PROCEEDINGS AND DEBATES OF THE 110th CONGRESS, SECOND SESSION

Vol. 154

WASHINGTON, MONDAY, MAY 19, 2008

No. 82

Senate

The Senate met at 2 p.m. and was called to order by the Honorable CLAIRE MCCASKILL, a Senator from the State of Missouri.

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Eternal God, our refuge and hope, thank You for the opportunity to make a substantive difference for good in our world.

Guide our Senators that they may discover new opportunities to fulfill Your purposes. Lord, give them the wisdom to become concerned about the things that touch Your heart, enabling them to become instruments of Your glory. Open their ears to the cries of the lost and the least in our Nation and world, as they seek to remove the shackles of the hurting. Remind them that apart from You, they can accomplish nothing of lasting significance.

And, Lord, please place Your healing Hands upon Senator EDWARD KENNEDY.

We pray in Your strong Name. Amen.

PLEDGE OF ALLEGIANCE

The Honorable CLAIRE MCCASKILL led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The PRESIDING OFFICER. The clerk will please read a communication to the Senate from the President pro tempore (Mr. BYRD).

The assistant legislative clerk read the following letter:

U.S. SENATE,
PRESIDENT PRO TEMPORE,
Washington, DC, May 19, 2008.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby

appoint the Honorable CLAIRE MCCASKILL, a Senator from the State of Missouri, to perform the duties of the Chair.

ROBERT C. BYRD,
President pro tempore.

Mrs. MCCASKILL thereupon assumed the chair as Acting President pro tempore.

RECOGNITION OF THE MAJORITY LEADER

The ACTING PRESIDENT pro tempore. The majority leader is recognized.

WELL WISHES FOR SENATOR KENNEDY

Mr. REID. Madam President, I received a call early Saturday morning that Senator KENNEDY had taken ill. Since that time, we have heard only encouraging words from his doctors and his family. I spoke to Vicki, his wonderful wife, a couple hours ago. He is resting comfortably. He is having some more tests run today. He is doing very well. Vicki tells me Senator KENNEDY is not only up moving around, but over the weekend he was able to watch some movies, but, more importantly, he was able to watch some Red Sox games. I would note in passing, it cannot hurt his recovery that the Red Sox have won three games in a row.

Anyone who knows Senator KENNEDY and his tremendous work ethic realizes no one is more eager to get back to work than Senator KENNEDY.

So to my good friend, the Senator from Massachusetts, I say: Rest and get well. All of your friends and colleagues in the Senate wish you the very best and look forward to your quick return because there is a lot of work we are depending on you to do. We have a number of things, of course, we were working on together last week.

I talked to him Friday at some length. I am going to give a couple

speeches—actually three—on Wednesday because we are having celebrations here in the Capitol on the 100th birthday of Senator, Majority Leader, and President Johnson. It was interesting to hear Senator KENNEDY—who had worked with him in all of his capacities, as Senator, majority leader, Vice President, and President—some of the comments he had about President Johnson.

So we look forward to Ted being back as soon as possible.

SCHEDULE

Mr. REID. Madam President, following leader time, there will be a period of morning business for Senators, and they will be able to speak for up to 10 minutes each. There are no votes today, but this is going to be a very busy week. We have a certain number of things we have to do.

We are going to do as many circuit judges as we can. We will certainly at least do one. We have the budget conference report we have to complete. We hope to go to that on Thursday at about 4 o'clock. And, of course, the big one we have to do is the supplemental appropriations bill regarding the war funding in Iraq. Those things we have to complete before we leave here. The budget and the supplemental we have to finish before we leave.

As I indicated, we are going to have some things here on Wednesday in the Capitol regarding President Johnson. From 11 until 12 noon on Wednesday, there will be a time set aside on the Senate floor for tributes to the former President on the centennial of his birth.

NOMINATIONS

Mr. REID. Madam President, I expect the Senate will consider the nomination of Steven Agee to a Virginia seat on the Fourth Circuit Court of Appeals.

Judge Agee is currently a member of the Virginia Supreme Court. His nomination to the Federal bench is supported by both Senators WEBB and WARNER, and I am confident he will be confirmed overwhelmingly.

Several weeks ago, I pledged my best efforts to have, by the Memorial Day recess, three circuit court nominations completed—by Memorial Day, as I said. I explicitly said at that time that “I cannot guarantee” three confirmations because the outcome would depend on factors that are certainly beyond my control. Still, Senator LEAHY and I have worked hard to move three appellate nominees this month. Judge Agee is one of those three. The next two it appears, in line are Sixth Circuit nominees Raymond Kethledge and Helene White, both of Michigan.

These nominees are the product of an agreement between the White House and Senators LEVIN and STABENOW. It took about 5 or 6 years to work out this agreement, but we now have a chance to fill the vacancies on that circuit.

Senator LEAHY expedited consideration of the Michigan nominees in light of the pledge I made. I did that with the full understanding of Senator LEAHY. Unfortunately, though, Senators on the Republican side on the Judiciary Committee have delayed consideration of Judge White.

I do not know what you would say about what took place at our hearing. Senators have a right to ask questions. They can ask questions. There is certainly leeway. They can basically ask anything they want, and they did. They, following the hearing, asked a total of 73 separate written questions, and some of them were very, very time consuming. As I said, every Senator has a right to ask questions of a nominee, but the number and nature of the questions posed to Judge White suggest there was more to it than just the questions. They went into some things very personal in nature that I am not certain were probative as to this good woman's ability to be a circuit court judge.

In addition, Republicans have insisted that the nomination not move forward until Judge White's ABA review is complete. That is fine with us. They have that right. But in this case, it is ironic they would make that request since she was rated qualified by the ABA 10 years ago when Republicans blocked her nomination from moving forward. Since that time, she has been a sitting Michigan appellate court judge.

It is still possible the Senate will consider these two Michigan nominees before the recess. But if it does not happen, it will be despite my best efforts. I indicated I want to do everything I can to complete this. But we have to have the ABA report, and these questions, as I have indicated, have to be completed.

It is pretty clear these 34 numbered questions I have talked about—a num-

ber of them were compound questions, and that is how we arrived at the number 73—some of these are straightforward questions about judicial philosophy, but there are a number of others that are very time consuming and I am not sure bear on her qualifications. But they have a right to ask those questions.

For example, Senator SESSIONS asked Judge White to compile her caseload statistics as compared with other judges on her court, including the median time intervals between case filing and date of disposition. Think about that. That is a lot of work, a lot of math. Senator SPECTER asked her to supply names and addresses of the groups involved in panel discussions, conferences, and meetings she attended, as well as numerous unpublished opinions.

These are not unreasonable questions, but they are time consuming and they were submitted right before the deadline for submitting written questions to the nominee.

In contrast, Republicans asked Mr. Kethledge—the so-called Republican nominee—the other Michigan nominee, only seven questions, and they were all pretty easy; none of them burdensome questions.

Republicans preferred that Chairman LEAHY, I guess, consider other nominees before the Michigan nominees, but nothing in my pledge regarding judicial nominations deprives Chairman LEAHY of his prerogative to determine the sequence of nominations that would come before his committee.

No one presumed to instruct Senator SPECTER about the sequence of nominations during the years he served as chairman of the Judiciary Committee. And certainly Senator HATCH exercised the chairman's prerogatives freely during the years in which more than 60 of President Clinton's nominees were denied hearings or floor consideration.

Chairman LEAHY and I will continue to process judicial nominations in due course, consistent with the Senate's constitutional role. Consideration of Judge Agee's nomination tomorrow is consistent with that goal.

Madam President, is there going to be a period of morning business now?

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

SUPPLEMENTAL APPROPRIATIONS

Mr. SALAZAR. Madam President, this week is a very important week for the United States of America and for the Senate because we will begin our dialog about where we are in Iraq today and where we are going in Iraq in the future; where we are in Afghanistan today and where we are going in Afghanistan in the future.

As part of this dialog we will engage in here in the Senate over the next few days, we will also engage in a major discussion about how it is that our Nation should treat those veterans from both Iraq and Afghanistan, those veterans who have served our country since our country was attacked on 9/11.

It is important at the outset, as we begin this discussion, to first of all pause to remember that there has been a great deal of sacrifice on the part of Americans in terms of life and blood in both Iraq and Afghanistan. We must remember these warriors, these fighters who have been fighting for the cause of their country. We must do that every day so their contribution is never forgotten.

As of today, in Iraq there have been 4,078 Americans who have given their lives carrying out the orders of their Commander in Chief. In Iraq, as of today, since the beginning of that war, there have been 30,004 members of our armed services who have been wounded in Iraq. Let me repeat that number one more time: 30,004 members of our armed services who have been wounded in Iraq. In Afghanistan, where we have now been for 7 years, fighting a just war, going after the Taliban—an effort that spearheaded and should have succeeded in going after Osama bin Laden—in Afghanistan there have been 4,097 Americans who have been killed and 1,044 who have been wounded. For these brave men and women who have served our country and who have given their lives or who have been wounded in the cause that has been assigned to them, we should dedicate the debate we will have on the floor of the Senate in the days ahead.

Today, as we begin that debate, I want to speak about two things. First, with respect to Iraq, it has been my view for the last several years that we need to have a new direction in Iraq. In December of 2006, when the Iraq Study Group, headed up by Congressman Lee Hamilton and former Secretary of State James Baker, came forward with

the bipartisan Iraq Study Group recommendations, they came forward with a coherent set of recommendations about how we ought to move forward in the transition of the mission in Iraq. That was more than a year and a half ago when those recommendations were coming together.

Since then, some of those recommendations have been implemented, but by and large the bulk of those recommendations—in what the heart of the recommendations was really all about in the Iraq Study Group report—have not been implemented. The heart of those recommendations was, if the United States did some things right, we would be able to transition in the spring of 2008—which is right now, the spring of 2008—from a mission of combat over to a mission of support, of training the Iraqi forces, of providing protection to the American interests in Iraq, making sure we had special forces on the ground to chase al-Qaida and other terrorist elements.

That is the transition of mission which was called for by the Iraq Study Group, now some time ago, where they said this transition should be completed by the spring of 2008.

We are not there yet. One of the things on which we will engage in a debate on the floor this week is where we ought to go. In my view, that transition of mission is something we should require by law. We should require it because it is the only way in which ultimately we are going to be successful in Iraq. It is the only way in which the baton and mantle of responsibility which the United States of America has assumed for security in Iraq can be handed over and given to the Iraqi Government. It is time for the Iraqi Government and the Iraqi people to stand up for their own nation. The time for the United States of America to be doing it on behalf of the Iraqi people has come to an end. It will be coming to an end.

I hope this debate leads us to find that new direction in Iraq in the days and weeks and months ahead. But there is another element to this debate that we will have this week, and that is how we, as a grateful nation, honor the 1.6 million veterans who have served this country since September 11, 2001, when this country was attacked. This week we will have an opportunity to stand for our veterans in a way that walks the walk, not just talks the talk about how great our veterans are—because they are—but allows us an opportunity to send them an unmistakable signal that we, as a grateful nation, are willing and wanting to pay them for that sacrifice they have made for our country.

Abraham Lincoln, in his second Inaugural Address on March 4, 1865, said the following:

With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne

the battle and for his widow and his orphan, to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations.

Today we will begin the discussion about how we move forward with what will be known in time as the 21st century GI bill of rights.

It is, in our parlance, S. 22, which is a formulation of this 21st century GI bill of rights which has been put together by none other than Senator JIM WEBB from Virginia, who himself has been a great contributor to so many causes for American veterans and who, through his own pen and through his own writing and his own work, has taken the lead in making sure we are providing this honor to our veterans who have served since September 11, 2001. For his work, and the work of colleagues who will join him in this effort, we need to pay him tribute for making sure he is making America walk the walk in honoring our veterans.

I also wish to applaud the great leadership of Senator HAGEL, who does so much to bring that voice of independence and authenticity to the floor of the Senate; to Senator JOHN WARNER, who is oftentimes the Moses, with his voice leading us out of the wilderness on tough issues here in the Senate; to Senator LAUTENBERG, who himself was a beneficiary of the GI bill of rights as a World War II veteran and who today speaks so eloquently on behalf of the veterans and the military policy of our country. And also to all of the other Senators, the 58 Senators who have joined us in this legislation, along with Senator AKAKA, who is the chairman of our Veterans Affairs' Committee, who so often is standing to make sure we do not forget what the veterans have done here for us in America, along with Senator INOUE, Senator STEVENS, and others who have been so much a part of this effort.

I am pleased that the bill that was reported out of the Appropriations committee with the 2008 Supplemental Appropriations Act, includes provisions to help a new generation of veterans receive the educational benefits they have earned through their service in wartime. The 1.6 million soldiers and sailors, airmen and marines who have served in Iraq or Afghanistan over the last 7 years, often with multiple deployments which last up to not only a year but 15 months, have given more than their country could have expected of them. It is right and it is proper that their country honor them with the benefits commensurate with their service and with their sacrifice.

The GI bill the Congress passed after World War II proved to be one of the greatest ideas this country has ever had. That GI bill was based on a simple but powerful premise: If you served your country in wartime, your country would pay for your education. If you served your country during wartime, your country would pay for your education—a simple but powerful premise.

For the 7.8 million World War II veterans who took advantage of the GI

bill, this great idea opened the doors of opportunity in civilian life. It eased the difficult transition from wartime service to peacetime employment and equipped the greatest generation—the greatest generation—with the education and skills to lead our country into an era of prosperity and into an era of growth.

Over the last half century, the educational benefits we offer our veterans have evolved from the wartime service benefits of the World War II GI bill to a more limited set of educational benefits known as the Montgomery GI bill. Designed primarily for peacetime, the Montgomery GI bill helps defray the cost of tuition, but it does not cover the full cost of education. Today, almost 7 years into the war in Afghanistan and more than 5 years into the war in Iraq, the educational benefits we offer our veterans should reflect the magnitude of the sacrifices they are making on our behalf.

The 21st century GI bill does this by restoring the principle of the first wartime GI bill. Under S. 22, servicemembers who have answered the call of duty since September 11 will receive an educational benefit that will cover the full cost of a 4-year public education. The benefit will be available to not only the Active-Duty component but also to members of the National Guard and Reserve, proportional to their amount of Active-Duty service since September 11, 2001. It is fitting and it is proper that they be included in this benefit.

Now, in an unfathomable and incomprehensible way, to me, I know there are critics of this bill, including the President of the United States, who said that this bill is too expensive—that this bill is too expensive. To them, I say that providing our servicemembers a comprehensive educational benefit is simply a cost of war.

Since 2003, we have spent over \$525 billion in Iraq alone—that is \$525 billion in Iraq alone. This year, we will spend nearly \$150 billion in Iraq, over \$12 billion a month every month. Compare that to this 21st century GI bill of rights. It will cost between \$2.5 billion and \$4 billion a year—\$2.5 billion to \$4 billion a year. Think of that. The cost of this new GI bill is about the same as a cost of conducting the war in Iraq for 10 days—for 10 days.

As we have a duty to provide our men and women in uniform the equipment they need to do their jobs, so, too, we as a nation and the Senate have a duty to provide them the educational benefits that will assist their transition back to civilian life. This should not even be a close question. This should not even be a debate.

In addition to all the opportunities this bill will create for America's newest veterans, this bill is a smart investment for both our military and our economy. The educational benefits under this legislation would help us rebuild our military.

Over the last several years, the Army has consistently been missing its recruiting goals. As a result, the Army has relaxed its enlistment policies, lowered the standards for signing up new soldiers, and implemented a stop-loss policy to keep soldiers in beyond their contract obligation. This formula is symptomatic of a military in America which today is under severe strain. It is a formula that will, over time—and it already has—erode the quality of our armed services. The benefits under this 21st century GI bill will reverse this trend by attracting a new generation of high-quality recruits who come to the service of their country for the promise of an education in return.

S. 22 is a powerful recruitment tool. It is also a very smart economic investment. Each month it seems we read a new report describing how America is falling behind in education and losing its global competitiveness. With tuition costs rising, more and more young Americans are finding college out of reach. Ask those young Americans in college today or ask their parents today about how far out of reach college has become for them.

Veterans who in another era would have been able to use their Montgomery GI bill to pay for college now find their benefits have not kept pace with tuition growth. After years of service to their country and multiple deployments, college remains out of reach.

By making college accessible again to those who have answered the call since September 11, we will be making one of the smartest investments we can possibly make. By giving veterans a clear path from the military to the classroom, we will be equipping them with the skills and knowledge they need to lead our world. We will be helping them fulfill their destiny as the greatest generation of their time, leaders in their community, leaders in business, and leaders for America and the world in the 21st century.

I am proud of all of my colleagues who are behind this bill. I am proud of the leadership of Senator DANNY AKAKA, the chairman of the Veterans' Affairs Committee. I am proud of Senator WEBB, who has led this. I am proud of Senator HAGEL, whose principled voice serves our soldiers so well; Senator WARNER, whose wisdom and leadership on the Armed Services Committee has been so valuable for so many years; and Senator LAUTENBERG and Senator AKAKA, who both attended college under the GI bill in World War II. I thank each of them for their leadership.

I am proud the 21st century GI bill is included in this fiscal year 2008 supplemental. I am proud we have resisted efforts to weaken the bill. I am proud we have the opportunity to honor the service of our veterans with this GI bill to better reflect their sacrifice.

I yield the floor.

The ACTING PRESIDENT pro tempore. The Senator from Hawaii is recognized.

A NEW GI BILL

Mr. AKAKA. Madam President, I rise to speak in support of a new GI bill for the 21st century.

As chairman of the Senate Veterans' Affairs Committee and as one of the 8 million veterans who took advantage of the opportunity to attend college on the original World War II GI bill, I know first-hand the value of this benefit. It is one of the reasons why I am here today in the U.S. Senate.

Without the generous support I received from the GI bill and the maturity and discipline I gained from my military experience, I am certain that my life would have turned out much differently. Being able to attend the University of Hawaii—with all expenses covered—and receiving an allowance of \$113.50 a month—gave me the start in life that led to me standing here in this body today.

Now we should give that same opportunity to those young people—stepping forward—who put themselves in harm's way for our country. That is why I have given my enthusiastic support to the provisions that will come before the Senate later this week in the supplemental appropriations bill that would establish a new program of educational assistance for veterans and servicemembers.

Those provisions are drawn from S. 22—the proposed Post 9/11 Veterans Educational Assistance Act of 2007, which was introduced by my good friend and colleague from Virginia, Senator WEBB, who serves with me on the committee. This is a bipartisan measure that has already been approved by the House of Representatives.

This legislation will give thousands of young men and women who sacrificed for our country the opportunity to return to civilian life and pursue a full-time college education without worrying about what they will live on. It makes good on our promise of an education in return for volunteering to serve in our military and for honorable service.

To those who have concerns about the impact that this proposal might have on the Armed Forces ability to recruit and retain quality personnel, there are a number of points which must be made.

First, this new GI bill for the 21st century would be a powerful recruitment tool for our military. Our bright, college-bound high school seniors will see this as an attractive way to pay for their advanced education. By completing a 3-year commitment, they will earn a benefit that will allow them to attend school without accumulating thousands of dollars of debt.

As for retention, the armed services cannot retain those who they do not recruit.

In addition, this proposal incorporates a number of tools that the military can use to make longer commitments attractive, including retention kickers and the option of transfer benefits to family members.

I believe that those who would rely on transferability as an incentive to longer service would be disappointed. In 2006, the Army began offering this option to certain soldiers in critical skill areas. Less than 2 percent of the 17,000 soldiers who were given an option to transfer benefits to a spouse accepted it. Now the program has been expanded to permit transferability to children, but much more experience is needed before anyone can positively say that this benefit would have the desired impact on retention.

Finally, I want to say a few words to those who are concerned about the cost of the program. I have long said caring for veterans is a continuing cost of war. This Nation will be paying for the conflicts in Iraq and Afghanistan for many years. The cost of this program is a very small portion of the total funds that have already been spent and will continue to be incurred in the future. As others have pointed out, this program would be an extremely small percentage of what these conflicts are costing us each day.

I have worked very closely with Senator WEBB in developing this legislation. I take this opportunity to thank both Senator WEBB and his staff, especially Phillip Thompson and William Edwards, for their cooperation and collaboration. I also thank Senator JOHNSON and Appropriations Committee staff, Chad Schulken, as well as Senator HAGEL and his staff member, Sarah Pullen for their cooperation and assistance.

I believe that what the Appropriations Committee has reported, and that will be before us later this week, is a workable and effective proposal and I urge my colleagues to support it and the President to sign it into law.

It is time for a new GI bill for the 21st century.

I yield the floor and suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Ms. CANTWELL. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

GAS PRICES

Ms. CANTWELL. Madam President, I rise today to talk about the out-of-control oil prices we are seeing and what we can do about it right now. I see we have reached another record in gas prices with the national average topping \$3.79 a gallon, and today is the 13th day in a row we have seen an increase in gas prices.

It is time Congress be more aggressive at trying to solve this problem. We have taken some action in the last week, both on the Strategic Petroleum Reserve and on the farm bill, trying to put more teeth into the CFTC. But we need to do more.

Democrats certainly want to police the oil and gas markets. We want to make sure we are doing a better job at policing these markets and restoring the authority the CFTC once had, and in making sure the CFTC does its job in preventing fraud, excessive speculation, and market manipulation. But many of my colleagues may not remember exactly how we got to this point after we substantially deregulated the energy futures market. While the oil futures market may seem like an issue that many may not understand in America, I guarantee my colleagues that oil futures affect the price of gasoline today. In fact, oil futures out to 2015 are already over \$100 a barrel and certainly affect the price of gas at the pump. But on a dark December night in 2000—in fact, it was December 15, the last day of the 106th Congress—an amendment was put on the Omnibus appropriations bill that received little attention and basically deregulated the energy futures market. That amendment that deregulated the energy futures market—the Commodity Futures Modernization Act—was added quietly to the 11,000-page must-pass Omnibus appropriations bill, right when Congress was adjourning. This deregulation has had a major impact on what we now lack in the oversight of markets.

In fact, we had one analyst, Gretchen Morgenson, being quoted as saying:

The Commodity Futures Exchange Act was an early Christmas gift to a company that had worked hard to persuade Members of Congress that the electronic energy exchanges and all the trades made on them should be exempt from regulators' prying eyes. The company was Enron.

So while many of my colleagues may not have realized in 2000 exactly what was happening, it was clear Enron knew exactly what it was lobbying for in getting the Commodity Futures Modernization Act attached to the Omnibus appropriations bill. In fact, Enron spent close to \$2 million lobbying to make sure we deregulated the energy market. I can't tell my colleagues—besides what has happened with the electronic trading of electricity—how much this has impacted the rest of our energy markets that some of my colleagues may not understand.

What this CFMA bill did is it substantially deregulated the energy futures market. It did that because it allowed energy futures trading on dark, opaque markets, it substantially relaxed existing regulation of energy trading, and it wholly excluded volatile financial derivatives which are at the center of today's credit crisis—credit default swaps.

At that point in time, there were many who were arguing that the CFTC should have had an aggressive role in regulating credit swaps, and that bill that was passed, again, on December 15, 2000, at 7 p.m. at night, on an 11,000-page omnibus bill, basically prevented any regulation whatsoever of credit de-

fault swaps. I think many understand now exactly how detrimental it has been not to have more insight into credit default swaps and the impact they have had on the credit crisis.

We had good consumer protection tools in place before deregulation. I wish to make sure my colleagues understand that. We had good consumer protection tools in place prior to this deregulation. On all energy futures exchanges, we required records be kept for all trades. Large trades on all exchanges had to be reported to the CFTC, which means that if somebody had a large position in a particular futures or derivative contract, they had to report that to the CFTC. There were speculation and position limits required on all exchanges. The CFTC had to review all trading for fraud and manipulation and for excessive speculation. That was one of their responsibilities. Also, traders had licensing and registration requirements.

So all those things were a part of the regulatory framework the Commodity Futures Trading Commission used to make sure that all energy markets were not being manipulated and to make sure that particularly on large trades, people weren't using large positions in the marketplace to affect prices. In fact, it led the chairman of the CFTC at the time to say:

... Large Trader information system is one of the cornerstones of the CFTC surveillance program and enables detection of concentrated and coordinated positions that might be used ... to attempt manipulation.

So here is the chair of the CFTC basically saying that large trader information is most critical to policing the futures market. Yet that is exactly what we gave up on certain exchanges when we deregulated the futures markets. We ended up deregulating large trades reporting to the CFTC.

So that is what the chairman said about the key tool one uses as a cornerstone. Basically, we threw it out and said you don't have to do this anymore—a big mistake and part of the reason we don't have more insight into why oil company executives are saying oil should be \$50 to \$60 a barrel. Yet we are seeing \$127 a barrel, and no one can justify, based on supply and demand, why we are here. What we need to ask ourselves is why we deregulated these markets and are not putting more teeth into protecting consumers.

So what has happened since deregulation? Well, we created dark markets with no transparency. That means that trading happens without insight, without those rules I mentioned before. There is no U.S. requirement to keep records. There is no large trader reporting. There are no speculation limits. There is a high risk for manipulation and excessive speculation.

I ask my colleagues to consider what would happen if we did something similar to other areas of our financial markets and organizations. Many people think of the stock market today and they say: Well, the stock market must

have some oversight. We hear stories all the time about people who have violated SEC rules.

Well, that is right. The Securities and Exchange Commission oversees the stock market and uses some of those same tools I mentioned to make sure there is oversight. Yes, there is oversight of the stock market.

Many people have heard of NYMEX—the New York Mercantile Exchange—and wonder whether it meets certain rules such as whether you have to register to be a trader there, whether somebody looks at large trading positions, and whether there is excessive speculation. The answer is yes, in this case we do have a Federal agency that oversees those things and we do have oversight. The Chicago Mercantile Exchange is another trading platform that is instrumental particularly in agricultural commodities and agricultural futures. The CFTC oversees the Chicago Mercantile Exchange for those same things: trading positions; large traders maybe doing untoward things; people have to register; speculation limit; all those things.

But now all of a sudden we have a new trading platform called the Inter-Continental Exchange, or ICE, that is largely unregulated. Back in 2000, Enron helped promulgate this idea that they don't have to meet those same requirements. So here we are. The stock market, including NYMEX and Chicago Mercantile Exchange and others, are all subject to CFTC oversight requirements. But then a trading platform where energy futures are traded without proper oversight gains a huge market share because we deregulated that type of over-the-counter exchange in 2000.

I can tell my colleagues we need to go back to policing this area of energy futures markets. We are not going to give the consumer the confidence they need to make sure these markets aren't being manipulated or that the price of oil isn't being driven up by hedge fund investors and others who happen to have no oversight as our other financial trading platforms do.

So to be clear, ICE is a dark market. That means it doesn't have the transparency. There is no direct CFTC review of trading for fraud, manipulation or excessive speculation. They don't do any of that. They also failed to stop Amaranth, which was a big hedge fund trading in natural gas futures.

The PRESIDING OFFICER (Mr. CARDIN). The Senator's time has expired.

Ms. CANTWELL. Mr. President, I ask unanimous consent to use such time as I might consume.

Mr. SESSIONS addressed the Chair.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. SESSIONS. Reserving the right to object, I was thinking I was supposed to speak at 4 o'clock and the Senator was to speak after me. I don't know how long it might be if she continues. I have a conflict coming on my

schedule too. I need about 10 minutes. So my inquiry, before I object, might be how long the Senator might expect to proceed.

Ms. CANTWELL. I expect to go for probably about another 5 minutes.

Mr. SESSIONS. I don't object to that, Mr. President.

The PRESIDING OFFICER. The Senator from Washington is recognized.

Ms. CANTWELL. Thank you, Mr. President.

So to continue on this point, Amaranth actually tried to make some of these energy futures trades on the NYMEX exchange. What happened is NYMEX said: No, you can't hold such large positions on this exchange. NYMEX wouldn't allow Amaranth to do it. Instead, they just went to the ICE exchange—again, without the transparency—and promulgated some of these things which ended up costing consumers billions of dollars.

Another product is traded on the ICE, but on an exchange they own in London, the West Texas Intermediate crude oil contract, which is a benchmark for crude oil prices. It is interesting because West Texas Oil does give us some indication about what oil futures are going to be and what the price of oil is going to be. Since it started trading on ICE in February of 2006, the price of crude oil has doubled. So we can see it has had a big impact.

I wish to make sure people understand because Amaranth is an example. We had Enron, which had many impacts on the electricity markets in the West. It cost billions of dollars in our State and throughout the west coast. Many of my consumers were greatly impacted by that. Amaranth came along in the natural gas markets and there was similar manipulation. So we saw it in electricity, we saw it in natural gas, and now we want to make sure oil markets are being policed. But Amaranth, as I said, was told to reduce its positions because the NYMEX didn't like the fact it had large trading positions. Instead of doing that, they switched over to this dark market that is unregulated and continued to hold these large positions which caused volatility and again, as I said, cost consumers over \$9 billion.

So where are we today? Well, we have in the farm bill taken a good step forward in trying to put some teeth back into the CFTC, but we need to do more. We need to ensure consistent market rules are there for all U.S. oil trading. We need to make sure our U.S. oil-trading platform has the type of transparency and the bright light of day on it. We need to make sure it is subject to U.S. trading exchanges, that those trading exchanges have the oversight of CFTC, and that energy traders can't simply justify any exemption and say the burden of proof is on the CFTC.

So what are we talking about? Some people say because the West Texas oil contract is being traded on ICE's London exchange it is an international exchange. But the crude oil we are talk-

ing about being traded is produced in the United States, it is delivered in the United States, it is consumed in the United States, and it is traded in the United States. The only question we have is if it is regulated in the United States, and the answer is no, it is being regulated by the Financial Services Authority in the U.K. It is a big question mark as to what is causing gas prices to be at \$127 a barrel, when energy analysts and oil company executives will tell you it should be between \$50 and \$60 a barrel.

So if somebody wants to tell you this product is not a U.S. product and should be on this exempt ICE exchange, that is buying something they should not be buying. What is important about this is that since this deregulation, we have seen explosive growth in the oil futures market. In fact, this is 2002, where you can see this on the chart. I hope we can get some numbers for 2000. I guess we will probably see something that is a little more parallel.

Look at this futures market, this explosive growth in derivatives now—this huge growth compared to where the stock market is today. So people are investing all this money in what is a dark market—not all of it, but a big portion in what is the dark market. Here, again, is what oil prices were. We created the Enron loophole and then the ICE started changing the West Texas intermediate oil and the price went up. When the dark market—the lack of transparency of trading oil futures—happened, the price shot up.

We need to get back to the basics. One of the CFTC commissioners said:

I am generally concerned about the lack of transparency and the need for greater oversight and enforcement of the derivatives industry by the [United Kingdom's Financial Services Authority.]

We know that another analyst involved in oil trading said:

Oil's price records are less due to fundamental changes than the increasing proportion of investor demand driving prices higher. I think we'll achieve a price of \$150 in the coming six months.

That was Eugene Weinberg who said that. The people in Washington State cannot afford gas coming from \$150 a barrel, and I am sure other consumers across the country cannot either.

One of the analysts who spent a lot of time reporting on this said:

Where is the CFTC now that we need [speculation] limits? It seems to have deliberately walked away from its mandated oversight responsibilities in the world's most important traded commodity, oil.

I think it is time we get back to the CFTC and their responsibility. I will send a letter this week, along with my colleagues—Senator SNOWE and others—to basically ask the CFTC to reverse its no-action letter that allows trade of crude oil, home heating oil, and gasoline futures contracts on ICE to be exempt from U.S. oversight and ask the CFTC to reinstate the authority it has to look at these dark markets.

One of the law professors who testified before the committee said:

The ICE [oil trading] loophole could be ended immediately by the CFTC without any legislation.

I hope my colleagues will join in signing a letter that says basically these markets cannot continue to remain dark. We need, as in the stock market, recordkeeping. We need to have large trade reporting so we know who is moving large trading volume and impacting the market. We need speculation limits and we need monitoring for trade and manipulation. These are things we can get the CFTC to do tomorrow.

It is time to pop the oil price bubble. It is not based on market fundamentals of supply and demand. We owe it to our consumers to make sure we are policing energy markets. We are going to do all we can to make sure we restore whatever is the proper oversight to these markets to make sure the deregulation that happened in 2000 is put back into place to give consumers more confidence.

I yield the floor.

IMMIGRATION

Mr. SESSIONS. Mr. President, I think most of my colleagues may not yet be aware, and would probably be shocked to learn, that late Thursday afternoon during the Appropriations Committee markup, 110 pages of controversial immigration provisions were added to the war supplemental package in the form of four very significant Senate amendments to the House messages. It has been less than a year since the resounding defeat of the Senate immigration bill on June 28 of last year, where cloture failed by a vote of 46 to 53. The proponents of that legislation hoped to get 60 votes, and we walked down there in front of the American people and only 46 voted for it and 53 voted against it.

Yet the amnesty proponents—those who want to enact legislation that legalizes their status and forgives criminal activity, as opposed to creating a lawful system of immigration—are obviously continuing their determined effort to override the will of the American people and legalize the illegal alien population, without Congress acting to fulfill its responsibility to secure the border and create a lawful system of immigration.

That is what it is all about. This is a determined effort to push through the amnesty and the legalization status for people who have entered this country illegally subsequent to our 1986 bill, in which we said we would never have amnesty again, and they continue to seek ways to do that. So now they are seeking to attach their plan to a bill that provides necessary funds for our soldiers in Iraq. The 110 pages of immigration provisions now hidden in the supplemental war bill are offered in the

form of several amendments. Together, these amendments would legalize approximately 3 million illegal alien workers and their family members. They called it AgJOBS light. It is very bad policy, bad legislation, and should not become law. I don't think most of the Senators know this, and I ask that you pay attention to this. It would increase by up to fivefold the number of low-skilled temporary workers who will come to the United States over the next 3 years—5 times the current legal rate of 66,000 workers under that H-2B program.

Some way, we have been allowing more in under that program. Yes, when the economy was booming, we did get up to about 120-some-odd-thousand. This was on that basis even to be at least 2½ times the highest amount we have ever admitted under H-2B, at a time when people are being laid off. I understand the experts expect maybe today or tomorrow a higher unemployment rate to be demonstrated in our country. So why are we going to increase 2½ times the immigration under that bill?

It would also increase the number of employment-based green cards that will be given out over the next few years by 218,000. It is called green card recapture. I note that a green card, in effect, gives permanent legal status to a person who has a green card, and a guaranteed path to citizenship, as long as they don't have some felony offense. It would reauthorize the Foreign Investor Visa Program. That program probably deserves consideration for renewal and reauthorization. I just thought we certainly have not discussed it in the Judiciary Committee, where I think it is supposed to be coming forward. No hearings have been held on it. It was stuck in while the appropriators were considering funding our military men and women in Iraq and in other places. It was stuck into that without any real debate.

The merits of each of these provisions, I suggest, are worthy of discussion. I have proposed—and I think Senator SAXBY CHAMBLISS has agreed with me—a genuine temporary AgJOBS worker program that I think could be the foundation for improvement in this area. But that has been flatly rejected by those in the West, who seem to be obsessed with a program that guarantees people a permanent residence in America, and maybe even a pathway to citizenship—those who came here illegally. We have not had hearings on this in the Judiciary Committee, the committee of jurisdiction, of which I am a member.

I guess the question is, why would they do this? I think it is like we have had time and again—and I hate to say it. It is an effort to bury major alterations in our policy of immigration in legislation that is rushed through the floor of the Congress, without full consideration by the Senators and a full evaluation by the American people. That has been the problem. They tried

to bring up the bill last summer in 1 week. We were able to demand and have some votes and some amendments and discussion. When the American people found out what was in it, they put an end to it. So many phone calls came in, the entire Senate switchboard shut down. That is when votes started changing from aye to nay.

I think it is distressing, and it is one reason there is a lack of public confidence in the Congress, because we say one thing in public, and we say something else in committee meetings when, apparently, people are not looking so closely.

Last summer, the words were: We got the message, America. We understand now that you do want a legal system of border security first, before we go through an amnesty proposal. That was what we talked about. That was what I think everybody on both sides seemed to agree was the message of that debate. It was the right answer. That is what the American people instinctively favored. The American people were fundamentally correct on that all along. It was Congress that was out of step with morality, law, and propriety. The American people spoke to them last summer, and I thought we had gotten the message. But oh, no, here we come again.

You don't see any amendments slipped into these appropriations bills that would actually help us improve the legal system in America, that would actually help this country establish a system of immigration that is generous and fair and serves the national interests. Those are not introduced. It is always a way to do a backdoor amnesty.

Let me say this. We provide each year over a million green cards to people who want to become American citizens. A green card gives them a guaranteed permanent residence in America. It puts them on a path to citizenship if they avoid any serious difficulties in the next several years and answer a few English and history questions. This is a generous nation. We have temporary worker programs that work pretty well. But why is it we seem to be incapable of going on and closing the loop and creating a lawful system that actually works? It is frustrating to me. This is not acceptable. This is not an acceptable way to do business. We do not need to have the war supplemental tied up in this kind of controversial debate. I hope my colleagues will see what they can do to make sure our troops are funded in a way that does not create an AgJOBS lite legislation that is fundamentally unacceptable.

What does this AgJOBS do? It is 101 pages. It passed by a 17-to-12 vote. It would grant 3 million illegal aliens—1.35 million workers, plus approximately 1.62 million family members—a 5-year amnesty, or if you would rather call it so, a 5-year legalization to live and work in the United States. For almost all legal purposes, the amend-

ment requires that these legalized illegal aliens be treated as lawful permanent residents. They get basically the same status as green card holders do, except they do not have guaranteed permanency.

Illegal aliens who qualify for the 5-year amnesty are those—get this; this is all it takes to qualify, that you perform agricultural employment for 863 hours or 150 days, 3 months' worth of work, have earned \$7,000 from agricultural employment over the course of a 4-year period, anytime from January 1, 2004, to December 31, 2007. That is just last year. This is just last December 31.

It is particularly galling to me—just think about this—this Nation says it is serious about controlling illegal entry into America. Every Senator I know has repeatedly said: I am for a legal system; I am not for illegal entry into America. I don't approve of that. But we would propose legislation—get this—that if you came in last July, and you were able to break through the border barriers that have been put up, the fences, or avoided the National Guard and got into our country illegally, you will be given a 5-year legal status in America. See what this is as a matter of consistency and morality? It is an undermining respect of law at its most basic level. It indicates we have not gotten the message from the American people.

There is no requirement in this amendment that the illegal alien prove they paid their taxes on the wages they obtained when they were here. Examples of who would qualify for this legalization includes any illegal alien who arrived as of the end of 2007 and earned \$7,000 in agriculture that year. Mr. President, \$7,000; what is that, 3 or 4 months?

Also covered are illegal aliens who arrived as recently as July of 2007 and worked 150 days in agriculture before 2008. It covers illegal aliens who arrived years ago and earned a mere \$1,750 for a 4-year period in agricultural employment. They will qualify. It covers aliens who arrived illegally years ago and worked a mere 37.5 days in agriculture a year for 4 years. It will not matter that for the other 327 days a year, they were not working at all or they were competing illegally and improperly with American workers for other jobs that might be available in the economy.

I have seen these bills time and time again. We point out these loopholes in the legislation. But I just want to tell you, Mr. President, I am pretty well convinced now, having seen it time and time again, that this is no drafting error. This was a deliberate attempt to provide a huge number of persons the opportunity to obtain legal status, even though they had a most peripheral connection to agricultural labor.

It also allows spouses and children to receive 5-year visas, allowing them to live and work—and work—in the United States. Illegal aliens whose spouses and children are not already illegally present in the United States

would be encouraged under this amendment to come to the United States. They would be encouraged to bring them to the United States because the application period does not start for 7 months after enactment.

Spouses and children who are in the United States by the time the illegal alien applies for and receives this amnesty will also qualify. Do you see? So a person makes the application, and he has a powerful incentive to bring in his family.

Astonishingly, if the spouse or child is caught crossing the border illegally—we have to think about this in terms of our commitment to the rule of law. I ask my colleagues to think about it. If a spouse or a child is caught crossing the border trying to come into America illegally in violation of our laws, the bill actually prohibits them from being deported, as long as they make a claim they are eligible for this amnesty also.

Spouses will be given permission to work in the United States in any job, not just AgJOBS, even if they were not previously working. The amendment's flaws are not cured by the fact that the visa sunsets in 5 years. They say: Don't worry, it is only a 5-year amnesty, a 5-year legalization. I can ask seriously, I say to my colleagues and friends in the Senate, what will Congress do 5 years from now when a person has now brought their family here for 5 years, they have had 5 years in the school and it will become far more painful to confront their circumstance than if we had not created this legal status to begin with?

A real temporary worker program, which I think we can establish and is important for America, would allow workers to come for less than a year, but without their families, and to work for a period of time but will return home. That is a temporary worker program, and we could make that feasible. But, no, that is not what this is. It is 5 years with your family, digging and putting down roots, and it is not going to be anything Congress wants to wrestle with to ask them then to leave America. They will have quite a number of arguments why they should stay.

The chairman of the Appropriations Committee, Senator ROBERT BYRD, was correct when he stated in the committee markup: "This amounts to amnesty."

Although the amendment stopped short of giving all illegal aliens who get the 5-year amnesty visa an automatic pathway to citizenship, it specifically—get this. This really must be a great lobbying group. We need to find out who lobbies for these people. It stopped short of getting most of the illegal aliens who get the amnesty visa an automatic pathway to citizenship, but it specifically creates a pathway to citizenship for sheepherders, goat herders, and dairy workers.

Why were they picked out, please tell me? Does this make sense? They would get a 3-year visa which converts to a

green card, which is a permanent resident status, and with the right within a few years to apply for citizenship.

It is most distressing, and most distressing to me at the most fundamental level. We have to think about this. This is just another attempt to take action that will eviscerate the rule of law, will eviscerate the respect we have gradually been gaining. And we could have done it a lot more, but we have made some progress in convincing the world that our border is not open, that it is a lawful system, and if they want to come to America, they must come lawfully.

I think this is bad national policy because it undermines respect for law. It says to the rest of the world: Yes, we say we have the National Guard there, we say we are building fences, we say we put more Border Patrol agents down on the border, but we really don't care. If you can just get in and work here a few days, then you are guaranteed to stay with your family, if you can get them in. Even after you apply for this 5-year amnesty, you can bring your family, and then maybe we will talk about what will happen to you 5 years from now.

I note also that one of the key points that ought not to be dismissed by the American people is that there is not one provision—not one provision—in this AgJOBS lite to further enforcement—not one—but everything there is about ignoring and erasing the consequences that naturally flow from violating the laws of America. That is most distressing.

I will take a minute to encourage my colleagues to be aware of the H-2B returning worker provisions that have been made a part of the war supplemental, also that have no business being part of that bill. It allows any person who has worked in the United States as an H-2B worker—that is a low-skilled, nonagricultural foreign worker—in the past 3 years to return for another year without counting against the 66,000 annual numerical cap.

The exemption would last through 2011, which is important, and the result could easily be a very large increase in the number of low-skilled workers who enter the United States over the next 3 years, and these are not agricultural workers. They will be competing for jobs with American workers.

Under the current law, a total of 198,000 workers will enter the United States on H-2B visas over the next 3 years, 66,000 per year. If this amendment becomes law, the number of low-skilled foreign workers invited into the United States will soar. Up to 300,000 H-2B workers will enter the United States in fiscal year 2009 alone, up to 366,000 will enter in 2010, and up to 432,000 will enter in fiscal year 2011, for a total of up to 1 million workers entering over the next 3 years. That is more than a fivefold increase over the number expected under current law. These workers will be competing with

American workers in construction, food production, manufacturing industries, and any other industries of that nature in a time when we have a softening economy and job market.

Some say we have expanded those numbers to 66,000 and we have gotten up to 120,000 some-odd workers, so this is not such a huge increase. It is about 2½ times in a time when the unemployment rate is going up in America.

How did this get in? Did we have any hearings on it? Was the American community asked whether they think it is healthy? Did we have any experts talk about what an impact it might have on wages? No, it was just slipped in.

Hopefully, somehow we can move the war supplemental in a way that does not create a debate over immigration in the Senate. I don't think it is the right thing to do. This legislation should not be attached to it. I oppose the AgJOBS lite as vigorously as possible, and I believe the H-2B returning worker number is far larger than it needs to be. I have discussed trying to work out something of a reasonable nature previously, but I was surprised to see this broad piece of legislation be attached to the war supplemental.

I yield the floor.

The PRESIDING OFFICER. The Senator from Pennsylvania is recognized.

JUDGES

Mr. SPECTER. Mr. President, I have sought recognition to respond to a statement made earlier today by the Senator from Nevada, Mr. REID, on the judge issue. I heard about 25 or 30 minutes ago that Senator REID had spoken. I pulled together some materials and asked my staff to notify Senator REID's staff that I would be coming to the floor to speak on this issue, which is my practice when I am going to mention another Senator by name. Senator REID, in his speech, mentioned me by name, stating that I had delayed the nomination of Judge Helene White, who is a nominee to the Sixth Circuit. My preference would have been to have had notice. I have been in the Senate complex since late morning, and I invited Senator REID to come. And, perhaps he can come to the floor now. I would prefer to have this discussion face to face, but we can do it by long distance, through the record, or really short distance—Senator REID's office is right across the hall from the Chamber.

What is involved here is a very important issue, and that is the constitutional responsibility of the Senate to advise and consent on the nomination of Federal judges. Regrettably, it has been a very sore spot in Senate proceedings for the last 20 years. In the last 2 years of the Reagan administration, when Republicans controlled the White House and Democrats the Senate, nominations were delayed; the same during the last 2 years of the administration of President George H.W. Bush—again, Republicans controlled

the White House and the Democrats the Senate. Then, during the last 6 years of President Clinton, the situation was worse—exacerbated. Each step along the way, the situation has gotten worse.

I voted for President Clinton's qualified nominees and said on this floor that the Republican caucus was wrong to delay them, in a variety of ways. But, just as my caucus was wrong then, my caucus is right now. What the Democrats are doing to President Bush's nominees is wrong.

In 2005, this Chamber, this historic Chamber, almost came apart with a challenge on the traditional right of filibuster with the so-called constitutional or nuclear option. And, now we have a situation where there is, again, a great imbalance. I will not go through the statistics again as to how many more nominees President Clinton got in his 8 years contrasted with President Bush in his 8 years. Those numbers have been on the record too often. I hasten to add on the subject that you can take the statistics in many directions, but let me focus on the specific matter we have at hand.

What we have at hand is the nomination of Michigan State Court judge Helene White for the Court of Appeals for the Sixth Circuit. I do not think anybody in the Senate needs to be reminded, but some people watching on C-SPAN2—if there are any—would be well advised to understand the importance of a circuit court nomination.

The Supreme Court of the United States reviews decisions from the circuits, but very few cases are reviewed by the Supreme Court because it is very busy. And so, that panel review by three judges on the circuit court is usually the last word on a matter, unless there is a court en banc. I will not go into details, but that is when all the judges of the circuit sit in unusual circumstances. The other unusual circumstance is when the Supreme Court grants certiorari or takes the case, which again is unusual. So, opinions of far-ranging importance are decided by the courts of appeals. Very frequently, these decisions are 2-to-1 decisions, so one circuit judge has a lot of power to make important law affecting a lot of people. The interests of individuals, companies, corporations, the Government, even international affairs are decided by these judges, and these are lifetime appointments.

There has been considerable concern and debate in this body about the time the Senate has to consider these matters. Ordinarily, many weeks pass after the President submits a nomination before a nominee is voted on here. For example, Peter Keisler had a hearing, and his nomination has been pending for over 690 days. Judge Robert Conrad has waited more than 300 days for a hearing. Steve Matthews—also for the Fourth Circuit, from South Carolina—has waited over 250 days for a hearing.

Contrast that with what has happened with Judge White. Judge White

was nominated to the Sixth Circuit on April 15, 2008, and had a hearing on May 7, 22 days later. Her hearing record was held open until May 14 to receive questions. Her responses to the questions are due by May 23, which is the last day of the session. If she were to be confirmed soon, she would probably break all speed records. It would probably be the equivalent of an Olympic record. I can't be sure of that because I have not checked all the records. I have only had a few minutes to prepare to come over here to make this presentation, but, what we do know is what the attitude of the Democrats was when the shoe was on the other foot.

Back in 2001, when Senator LEAHY became chairman of the Judiciary Committee, he said:

There will be an American Bar Association background check before there is a vote.

Let the record show that there has been no American Bar Association evaluation on Judge White up to the present time, and the projection is that it will not be obtained before the Senate adjourns this week.

I ask unanimous consent to have a letter dated May 6, 2008, to Chairman LEAHY and myself printed in the RECORD following the conclusion of my statement.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibit 1.)

Mr. SPECTER. In 2006, when a hearing was scheduled for Peter Keisler, 33 days after the nomination, all of the Democrats on the Judiciary Committee, signed a letter to me in my capacity as chairman asking me to "postpone" the hearing, citing the concern that:

... the ABA has not even completed its evaluation of this nominee.

The lack of an ABA rating did not seem to bother the Democrats this time. They ran roughshod right over that practice and held the hearing 22 days after the nomination was submitted before it was possible for the ABA to complete its rating. We did not have the benefit of the ABA evaluation, which is important before the hearing.

There have been exceptions on district court nominees. I suppose you could go through the record and find exceptions. You can do that on about everything. But, with a circuit court nominee who is controversial, where there are questions about her qualifications, it is obviously a very bad practice.

When the objections were raised to the timing on the Keisler nomination, Senator LEAHY made the point to me as chairman—through the letter from all of the Democrats—that we should not be scheduling hearings for nominees before the committee has received their ABA ratings. I would note that the ABA rating for Keisler was received prior to his hearing. So what is good for the goose is, apparently, not good for the gander—bad practice for

Keisler equals good practice for Judge White.

Here is what Senator SCHUMER had to say about scheduling Keisler's hearing within 33 days:

So, let me reiterate some of the concerns we expressed about proceeding so hastily on this nomination. First, we have barely had time to consider the nominee's record. Mr. Keisler was named to a seat 33 days ago, so we are having this hearing with astonishing and inexplicable speed. The average time from nomination to hearing for the last 7 nominees to that court is several times that long.

A practice decried in very strong terms by Senator SCHUMER seems to be okay for Judge White.

Without going into very great detail, let the record show that Judge White has a very extensive record on the state court—many cases to consider and analyze—contrasted with the record of Mr. Keisler, who had never been on the court. But, the mathematics of the situation is conclusive.

Now Judge White's nomination comes to the floor in the context of an agreement having been reached by the leaders of the Republican and Democratic Parties, breaking a stalemate which existed for a long time.

Mr. President, I ask unanimous consent for an additional 10 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPECTER. The agreement, as accurately stated by Senator REID earlier today, was in this form:

I cannot guarantee three confirmations because that outcome would depend on factors beyond my control. Still, Senator LEAHY and I have worked hard to move three appellate nominees this month. Judge Agee is one of the three. The next two nominees in line are Sixth Circuit nominees, Raymond Kethledge and Helene White of Michigan.

Well, if Judge White and Raymond Kethledge and even Judge Agee were the only circuit court nominees available, that comment would have some relevance, but there are others who have been waiting a long time. Peter Keisler, as I noted before, had a hearing but has been waiting on the committee docket for over 690 days. He could be confirmed easily in the time allotted. When the arrangement was made on April 15, Judge Robert Conrad, who had been waiting for a hearing for over 300 days, could have been processed and confirmed. Steve Matthews, who had been waiting for over 250 days, could have been processed and confirmed.

So, Senator REID had plenty of alternatives to deal with. He did not have to move to Judge White and force this phenomenal effort on a rush to judgment. Senator REID sought to rebut that fact in his statement saying:

No one presumed to instruct Senator Specter about the sequence of nominations during the years he served as Chairman of the Judiciary Committee.

Well, let me point out that no one had to instruct Senator SPECTER on comity, on courtesy, on consultation with the Democrats. As Chairman, not

only did I never try to ram anything down the Democrats' throat, I went out of my way to see to it that they were consulted, that their views were taken into account, and that they were followed in many important considerations.

The White House wanted to have the Roberts confirmation process start on August 28. I consulted with Senator LEAHY, then ranking member. He thought that was a bad time, and we discussed it. I came to the conclusion—and candidly, would have had it in any event—but consulted with him before going back to the White House and saying: It cannot be done. It is going to be after Labor Day. If you bring back Senators during a recess, before children go back to school after Labor Day, it is a bad practice.

The hearing was scheduled in a way which comported with what Senator LEAHY had to say. Nobody consulted me about the scheduling of Judge White or the other two judges. Next, the White House wanted Justice Alito confirmed before Christmas. He had a big record; he had been on the bench for 15 years. I think Judge White has been on the bench at least comparable time, maybe even longer. It was unrealistic to go through his record in that time frame.

I said to the White House and to the President personally: It can't be done realistically.

I said: Mr. President, you have the great advantage of never having been a Senator.

And, as a result, those hearings were held in January. Again, before the decision was made, I consulted with Senator LEAHY extensively. He thought it was a bad idea to confirm before Christmas, and I listened. Here again, absent Senator LEAHY's view, which I was pretty sure about before I consulted him, I would have had the same conclusion, but he was consulted, and consulted in advance.

So, when Senator REID says: No one presumed to instruct Senator SPECTER about the sequence of nominations when he was chairman, he is right, but then no one had to.

Then we come to the part where Senator REID mentions me, which, as I said, was without advanced notice.

He said:

Unfortunately Republican Senators on the Judiciary Committee have delayed consideration of Judge White. They badgered her at her confirmation hearing and then followed up by asking a total of 73 separate written questions, including some that will be particularly time consuming.

Well, I am not going to take the time to go through the many hearings that I have sat through on that committee for the last 28 years, but the questioning of Judge White was firm, polite, professional, and much less intense than many hearings—the Alito hearings, for example, or from some of the Democratic Senators who questioned Roberts. She was not badgered. Let anybody take a fair reading or re-

view of the video, and that can be easily confirmed.

Then Senator REID goes on to say:

Every Senator has this right to ask questions of a nominee, but the number and nature of the questions posed to Judge White suggest that the Republicans intended to delay the nomination.

There is not a scintilla of fact to back that up. The need to have time to consider this nomination in this time sequence is obviously apparent on its face.

Senator REID goes on:

In addition, Republicans have insisted that the nomination not move forward until Judge White's ABA review is complete.

Well, having an ABA rating is very fundamental and very basic procedure for every judge.

Senator REID goes on to say again:

That is their right. But in this case, it is ironic they would make that request since she was rated qualified by the ABA 10 years ago when Republicans blocked her nomination from moving forward.

Well, that argument is not so specious that it answers itself. A 10-year-old evaluation obviously has to be updated.

Now, when Senator REID objects to the questions we asked her, I take issue. We asked her the questions because her answers to the questionnaire were incomplete. She was given a questionnaire shortly after nomination on April 15. It was received by the committee on April 25. One of the questions in the questionnaire was to give "copies" of speeches given.

And it further said:

If you do not have a copy of the speech or a transcript of the tape recording, please give the name and address of the group before whom the speech was given, the date of the speech and the subject matter.

Her response was:

Over the years, I have participated as a member of various panel discussions at bench, bar or State or local bar association conferences and meetings. None of these have been recorded or transcribed to my knowledge. I have not retained any notes or outlines.

But, she has not answered the question as to whom she spoke to or before. That was the question asked, and it is a relevant question and is the standard question for everyone.

Next, she was asked to provide unpublished opinions when she was reversed. Now, that is a very important question. When a judge is reversed, that is a particular area worthy of inquiry. And, again, she did not answer the question by providing the opinions. She certainly is in the best position to have those opinions and speeches.

Now, how can we confirm a judge where we do not have an opportunity to review all the information requested by the Senate questionnaire? And a good bit of this is not Judge White's fault. A good bit of this is the fault of the scheduling, which was determined by the Democrats.

So here we have a situation where there was a commitment, albeit with limitations, to confirm three circuit

judges before Memorial Day, and today Senator REID comes to the floor, with adjournment later this week for the Memorial Day recess, and he is in effect saying: The commitment will not be completed due to circumstances beyond my control, beyond the Democrats' control. It is all the fault of the Republicans.

Well, I ask fair-minded Americans, and Americans are fair-minded, whether this is appropriate. I have sought to avoid any characterizations or any of the vituperative language which has characterized this body in modern times, as we have had so much bickering which the American public is so sick and tired of. I have tried to avoid that with a strict factual analysis as to how the schedule proposed by Senator REID is an unconscionable rush to judgment, is in violation of the standing practices and procedures of the Committee and the Senate, does not give an opportunity for a proper evaluation as to what her record is, and why she should not be nominated for a lifetime position on this state of the record.

There has been a lot of talk about what the consequences will be of the tactics of the Democrats overall. That is going to be a question for the Republican caucus.

At this point, I make only one commitment, and that is, to present it to the Republican caucus tomorrow. I thank my distinguished colleague from Florida for waiting. I would say patiently waiting, but only he can characterize his waiting.

EXHIBIT 1

AMERICAN BAR ASSOCIATION,
Idaho Falls, ID, May 6, 2008.

Hon. PATRICK J. LEAHY,
Chairman, Committee on the Judiciary, U.S.
Senate, Washington, DC.

Hon. ARLEN SPECTER,
Ranking Minority Member, Committee on the
Judiciary, U.S. Senate, Washington, DC.

DEAR CHAIRMAN LEAHY AND SENATOR SPECTER: On behalf of the American Bar Association Standing Committee on the Federal Judiciary, I write to express our concern that you have decided to proceed with the confirmation hearings of Helene N. White to be U.S. Circuit Judge for the Sixth Circuit and Stephen Joseph Murphy III to be U.S. District Judge for the Eastern District of Michigan, currently scheduled for May 7, before completion of the Standing Committee's evaluation of these nominees. Our evaluations provide a unique window into the nominee's professional strengths and weaknesses, and offer members of the Judiciary Committee and the Senate a unique perspective on the nominees that otherwise would not be available. You and your colleagues have noted at numerous confirmation hearings that the Standing Committee's evaluation is important to what you do.

As you know, barring unusual circumstances, the expectation is that the Standing Committee will complete its evaluation and submit its rating within 35 days of receiving a nominee's personal data questionnaire from the Department of Justice and a waiver from the nominee that allows a review of important records. A supplemental evaluation of a nominee whose nomination has been withdrawn or returned and then subsequently resubmitted by the President may require less time to complete.

The Standing Committee's investigations of these two nominees are under way. Under our normal timetable, it would be reasonable for you to expect to receive our evaluations by the close of this month. It is unfortunate that, during the confirmation hearing, your committee members will not have the benefit of the Standing Committee's comprehensive review.

Despite these developments, I assure you that the Standing Committee will continue its work evaluating both nominees and will make every effort to expedite the process without compromising the thoroughness or quality of its evaluation. This is consistent with our previous practice when, on rare occasions, we have been confronted with a similar situation. Our evaluation of each nominee will be submitted to your committee and to the Administration as soon as reasonably possible. We sincerely hope that the Judiciary Committee will defer further consideration of, and that the Senate will take no action on, these two nominees until our evaluations are submitted and can help inform your critical deliberations.

It is our belief that by evaluating the integrity, professional competence and judicial temperament of each nominee, the ABA helps to ensure confirmation of the best qualified individuals for lifetime appointments to the federal bench. The ABA Standing Committee on the Federal Judiciary looks forward to continuing to work with you in pursuit of that goal.

Sincerely,

C. TIMOTHY HOPKINS

Chair.

The PRESIDING OFFICER (Ms. CANTWELL). The Senator from Florida.

HEALTH CARE

Mr. NELSON of Florida. Madam President, and, of course, to my distinguished colleague from Pennsylvania, this Senator certainly did not mind waiting because it was a matter of great concern. And it was obvious to this Senator in the elevator that the Senator from Pennsylvania had a matter of great weightiness that was something that he wanted to share with the Senate.

I shall always defer to the eminent scholar of the Senate, and I am glad that the Senator has spoken, and spoken his mind. This Senator would like to speak his mind on a subject that is heavy on the hearts of the American people; that is, what is the future of their health care.

It is clear people are concerned because health care has become something that dominates someone's thinking, if they do not have the assurance of having that health care. The number of insured has reached 47 million people. It looks like that number is going to increase, particularly as we are going into an economic downturn that plagues us and seems it will continue to do so. In the meantime, the American people also know health care costs are increasing at a rate much higher than their average paycheck. So that worries the American people.

It is a fact that Americans spend more money on health care than any other country in the world. Sometimes we don't have as good results. For example, one recent study says life ex-

pectancy among certain groups of women in the United States is actually going down due to the prevalence of growing chronic disease.

In Florida, the problems are no less severe: 19 percent of all children in Florida are uninsured, one of the highest rates in the country; 25 percent of all nonelderly Floridians are uninsured, a quarter of the nonelderly Floridians, those not covered on Medicare. Of course, the people are getting concerned because we in Washington are unable, between the executive and the legislative branches, to strike a solution.

The long and short of it is, there are some solutions that are starting to percolate to the top. There is one that has 7 Democrats and 7 Republicans, 14 of us, bipartisan cosponsors. What it does is, it insures everybody universal coverage, the 47 million people who now do not have health insurance who, by the way, get health care because they get it at the most expensive place when they get sick, which is the emergency room, and they get it at the most expensive time, because they haven't had preventive care, when the sniffles turn into pneumonia so the treatment is all the more expensive, so the most expensive place at the most expensive time. Guess who all is paying for it. The rest of us are paying for it because they do not pay and do not have the health insurance that goes into the overall absorption of those costs.

The rest of us, who are fortunate to have health insurance, pay in the rates we pay for the care we get. That is one important principle of what this group of 14 bipartisan Senators, led by Senator WYDEN and Senator BENNETT, have come out with.

The next important principle of this proposal for completely revamping and reforming the health insurance delivery system is that you let the principle of insurance work for you. That is, to get the largest possible group—in other words, millions of people—over which to spread the health risk. So if you spread that health risk over millions of people who are representative of the whole population, young and old, sick and well, you are going to bring down the per-unit cost for the premium per policyholder. That is in significant contrast to the fact of a small group, where the actuarial soundness in order to set the premiums for a small group—let's say 5 or 10 people, just a few lives over which to spread that health risk—is extremely high.

That is one of the reasons why in taking that principle of insurance, you have to decouple from saying that insurance should be organized on the basis of an employer. If an employer is large, with 100,000, a couple hundred thousand lives, then, in fact, you have a large population over which to spread the health risk. However, if the employer is a mom-and-pop grocery store, with only a handful of lives, you see the prohibitive cost of that insurance and, therefore, what is happening is,

employers are at the point that they are not able to afford it anymore. More and more people of those 47 million in this country who are not insured, in fact, are adding to those rolls.

So what this bipartisan bill, called the Healthy Americans Act, is attempting to do is to say: We are going to bring in all those people out there who are uninsured so we spread the base, and we are going to organize the private marketplace upon which private insurance companies will compete for that business. We are going to organize it ideally around millions of people. The way the bill is structured, it organizes it around the State. But if that State is a small one, there is nothing that would prohibit that State from joining with several other small States to create a sizable population that the health insurance companies would, in fact, compete for.

Then, the next principle in this insurance is that the consumer will have choice. The basic underpinning of the minimal value of a health insurance policy is the same kind we have. We, as Federal employees, have a minimal health benefit package from the Federal Government. We spread our insurance cost over 9 million Federal employees and Federal retirees. Therefore, we can get the economies of scale and let the Federal size work for us. So, too, the reorganization in this bill, the Healthy Americans Act, to allow the greater numbers to bring down that per-unit cost or the cost, in other words, of what the individual policyholder makes.

It is a very complicated system, how you transition out from an employer. There is a certain amount that the employer has to pay into the system, according to the size and the payroll. Individuals would have the responsibility of paying for their health insurance. They would pay for that by deductions from the Federal income tax, just like withholding tax is deducted now. By decoupling from their employer's insurance, if they chose to do that—and if they wanted to stay with the employer, they could, but by decoupling, they would not get less money because there would be the so-called cashing out of the employee, so the employee would get the same financial benefit from the employer they got before, when the employer was paying for their health insurance premiums. It is all very complicated.

The Congressional Budget Office has done a cost analysis and says under this law the Federal Government will break even financially in the year 2014, when it is implemented, if it were to first be implemented starting this year. So it basically requires the responsibility on the individual, the employers, and the Government to come together to make this funding for health care work. You get the efficiencies of competition in the private marketplace. You get the economy of scale. That economy of scale is not only brought in by expanding the pools

over which that insurance is applied but expanding those pools even more by bringing in the 47 million uninsured.

The bill emphasizes prevention to improve the health of Americans. It certainly improves their access to care, once they get sick, and also access to care by giving them preventive incentives to go in and do the kind of things with medical advice before they would ever get sick in the first place.

There are things in the bill that, as we continue to discuss it, certainly I wish to see. I wish to make absolutely sure that those currently covered under the Children's Health Insurance Program, which would be folded into this, as well as Medicaid, which would be folded into the program, I wish to make sure they receive affordable insurance of quality comparable to or better than what they currently receive. There are other concerns that will come up from time to time.

There is no one who has filed this legislation who thinks it is going to be enacted or seriously taken up this year, but there has to be a starting point. A great responsibility will rest on the shoulders of the next President because the American people are not only crying out for health care reform, they are demanding it. Because the cost of that health care is extending beyond their reach, it is incumbent upon us to be visionary and creative. It is certainly incumbent upon the next President to be visionary and creative and cooperative, cooperative with the Congress so we can forge a solution to help America solve her health insurance problem.

I yield the floor and suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. WHITEHOUSE. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMERICAN ASSOCIATION OF INTELLECTUAL & DEVELOPMENTAL DISABILITIES

Mr. DURBIN. Madam President, I am pleased today to join the Illinois chapter of the American Association of Intellectual & Developmental Disabilities in recognizing recipients of the 2008 Direct Service Professional Award. The recipients are being honored for their outstanding efforts to enrich the lives of people with developmental disabilities in Illinois.

These awardees have displayed humanity and professionalism in their work. They are an inspiration to the people they work with every day, and they are an inspiration to me as well. They have set a fine example of community service for all Americans to follow.

These honorees spend more than half of their time at work in direct, per-

sonal involvement with their clients. They are not primarily managers or supervisors. They are direct service workers providing care for people with special needs. They do their work every day with little public recognition, providing assistance that is unknown and unnoticed except to the people they spend their days with.

It is my honor and privilege to recognize the Illinois recipients of AAIDD's 2008 Direct Service Professional Award: Robin Armond, Terry Ber, Vanessa Bradley, Debora Buchanan, Betty Carr, Eleanor Dewhart, Dawn Elliot, Barrett Girard, Jeri Von Holten, Cindy Jennings, Leonard Maniece, Adam Mize, Pat Murphy, Janet Newlin, Melissa Parnell, Hilary Pacha, Rhonda Risley, Sharon Watson, Denise Williams, Kimberly Woosley, and Delia Zavala.

I know my fellow Senators will join me in congratulating the winners of the 2008 Direct Service Professional Award. I commend their dedication and join the AAIDD in thanking them for their service.

SUPPLEMENTAL APPROPRIATIONS

Mr. BYRD. Madam President, I ask unanimous consent to have printed in the RECORD an explanatory statement approved by the Committee on Appropriations accompanying three amendments to the House amendments to the Senate amendment to H.R. 2642, concerning emergency supplemental appropriations for fiscal years 2008–2009, which the Committee on Appropriations authorized the chairman to offer on behalf of the committee.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

EXPLANATORY STATEMENT SUBMITTED BY SENATOR ROBERT C. BYRD, CHAIRMAN OF THE SENATE COMMITTEE ON APPROPRIATIONS, REGARDING THE 2008 SUPPLEMENTAL APPROPRIATIONS AMENDMENTS TO AMENDMENTS OF THE HOUSE OF REPRESENTATIVES TO THE SENATE AMENDMENT TO H.R. 2642

Following is an explanation of the committee authorized amendments of the Senate to the amendments of the House to the amendment of the Senate to H.R. 2642, the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2008, including disclosure of congressionally directed spending items as defined in rule XLIV of the Standing Rules of the Senate.

Section 10008 of the Senate amendment specifies that this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this Supplemental Appropriations Act as if it were a report by the Committee on Appropriations to accompany a bill reported to the Senate from that Committee.

BACKGROUND

PURPOSE OF THE BILL

The Committee recommendations address the President's requests contained in the 2008 Budget Appendix, transmitted on February 5, 2007 (H. Doc. 110–3), budget estimate No. 5, transmitted on July 31, 2007 (H. Doc.

110–54), and budget estimate No. 6, transmitted on October 23, 2007 (H. Doc. 110–68). The recommendations also address the following estimates submitted this year: the 2009 Budget Appendix, transmitted on February 4, 2008 (H. Doc. 110–84), and budget estimate No. 6, transmitted on May 2, 2008 (H. Doc. 110–108).

The Committee recommends three amendments to be offered in response to the amendments of the House to the amendment of the Senate to the bill H.R. 2642, making appropriations for military construction, the Department of Veterans Affairs, and related agencies for the fiscal year ending September 30, 2008, and for other purposes. H.R. 2642 is the bill chosen by the House to address the President's supplemental requests for 2008 and to address "bridge" funding for 2009 overseas deployments and other contingencies, including military operations in Afghanistan and Iraq.

CHAPTER 3

DEPARTMENT OF DEFENSE
MILITARY CONSTRUCTION
OVERVIEW

The administration's request for fiscal year 2008 emergency supplemental funding for military construction associated with the wars in Iraq and Afghanistan encompasses a wide range of initiatives both in the Central Command [CENTCOM] Area of Responsibility and within the United States. Several of these requests, including additional funding for child development center construction at U.S. military installations and funding for the construction of Counter-Improvised Explosive Devices [CIED] training ranges at U.S. bases, were not included in the President's October 2007 supplemental budget amendment, but were subsequently proposed by the administration. Although not part of the official budget request, and therefore not reflected as such in the tables accompanying this report, the Committee finds merit in many of the proposals and has recommended funding for them.

Iraq and Afghanistan.—The administration's request for military construction funding in Iraq, Afghanistan, and other locations in the Central Command Area of Responsibility totals \$1,590,950,000, of which \$976,150,000—61 percent—is for construction in Iraq alone.

Given the pressing need for infrastructure investment within the United States, the Committee has closely examined the entire CENTCOM construction request, with particular attention to Iraq. The Committee is mindful of the ongoing operational requirements and continued security concerns facing U.S. military personnel in Iraq, and has recommended funding for projects that reflect these priorities. With the exception of funding for certain items, such as landfills and incinerators, intended to expedite the closure of U.S. bases in Iraq, the Committee has continued to limit military construction funding to those bases in Iraq that are intended to be enduring locations.

The Committee remains strongly opposed to the permanent basing of U.S. military forces in Iraq, and has again included bill language prohibiting the obligation of funds appropriated for military construction in Iraq until the Secretary of Defense certifies to the Committee that none of the funds are to be used to establish permanent military bases in Iraq. The Committee is also concerned with the impact that a future Status of Forces Agreement with Iraq could have on the current strategic plans and associated construction program to consolidate U.S. forces in Iraq into eight enduring locations. In an effort to provide a blueprint on which to establish a basing agreement, the Sec-

retary of Defense is directed to provide to the Committee, no later than 30 days after enactment of this act, an updated Master Plan for U.S. basing in Iraq, including an inventory of installations that have been closed; those that are scheduled to close and the timeline for their closure; and a finite list of enduring locations describing the mission, military construction requirements, and projected U.S. military population of these locations.

Child Development Center Initiative.—Recognizing the importance of quality child care resources for military families, the Committee has been very supportive of accelerating the construction of child development centers on military installations. In the Fiscal Year 2008 Military Construction, Veterans Affairs and Related Agencies Appropriations Act, Congress added more than \$100,000,000 over the President's budget request to fund 13 additional child development centers at U.S. military bases. The Committee, therefore, supports the Department's proposal to use emergency supplemental funding to advance the construction of 20 child development centers currently programmed for construction in fiscal years 2010 and 2011. The Committee further recommends that the 11 child development centers included in the President's fiscal year 2009 budget request also be advanced into the supplemental funding bill to ensure that the most urgently needed centers are among the first to be funded.

Army Barracks Improvements.—The Committee is deeply concerned about the deplorable conditions that have been uncovered in some permanent party Army barracks, including those which house soldiers returning from the wars in Iraq and Afghanistan. The Army created a Permanent Party Barracks Modernization Program in 1994 to eliminate inadequate barracks. However, this program is not projected to be completed until 2013. Given this timeline, it is unacceptable that the Army has allowed existing permanent party barracks to fall into such abject disrepair. This is not the way the Committee expects the Army to treat its soldiers returning from combat. While many of the repairs and upgrades to existing barracks can be accomplished with Sustainment, Restoration, and Modernization [SRM] funds, the Committee believes that additional Military Construction funds should be allocated to address urgent major renovations and barracks upgrades. The Committee therefore recommends an appropriation of \$200,000,000 for the Army to undertake major improvements to existing barracks and accelerate the construction of new barracks. The funding is provided subject to the development of an expenditure plan to be submitted to the Committees on Appropriations of both Houses of Congress.

MILITARY CONSTRUCTION, ARMY

2008 appropriation to date	\$3,927,893,000
2008 supplemental estimate	1,440,750,000
Committee recommendation	1,170,200,000

The Committee recommends \$1,170,200,000 for Military Construction, Army, instead of \$1,440,750,000 as requested. In addition to funding projects directly in support of the wars in Iraq and Afghanistan, the recommendation includes \$137,200,000, to remain available until September 30, 2012, for the construction of 15 child development centers at U.S. Army installations as proposed by the administration. Funds for Military Construction, Army, are provided as follows:

[In thousands of dollars]

Installation	Project title	Budget request	Committee recommendation	Requested by
Alaska: Fort Wainwright	Child Development Center		17,000	Administration
California: Fort Irwin	Child Development Center		11,800	Administration

Colorado: Fort Carson	Child Development Center		8,400	Administration
Georgia: Fort Gordon	Child Development Center		7,800	Administration

Various Locations, Iraq.—The Army requested a total of \$183,000,000 for construction of five powerplants in Iraq which the congressional defense authorizing committees declined to authorize in Public Law 110-181, the National Defense Authorization Act for Fiscal Year 2008. The Committee endorses the position of the authorizers, that the construction of powerplants at these locations is premature and of primarily long-term benefit, and does not recommend funding for them. The Committee also recommends no funding for several additional Army requests for Iraq, including a warehouse and helicopter parking apron at Camp Speicher, totaling \$66,000,000, and \$72,000,000 for several projects, including a gym, dining hall, base

exchange, and housing units, intended to upgrade Camp Delta in southeastern Iraq to an enduring Contingency Operating Base [COB]. The Committee questions the justification for increasing the number of enduring U.S. military bases in Iraq from eight to nine at a time when the goal of U.S. military and administration officials is to reduce the level of U.S. troops in Iraq as security conditions permit. The Committee also notes that the original description of the request, included in the February 4, 2007, budget submission, was for Facilities Replacements at various existing COBs, and it was not until May 5, 2008, that the Central Command provided Congress with the revised justification data for projects requested to establish a new

COB. Based on the process, assumptions, and justification data on which these requests are based, the Committee believes they are premature and do not meet the standard of urgent requirements.

Camp Lemonier, Djibouti.—In accordance with the action of the congressional defense authorizing committees, and in keeping with concerns the Committee has expressed in the past regarding uncertainty over the future role of Camp Lemonier in the Africa Command [AFRICOM], the Committee does not recommend funding two projects at Camp Lemonier requested by the Navy, including a permanent construction dining facility and headquarters building, totaling \$50,549,000. However, the Committee recognizes that

basic utility and operational ground infrastructure is required to execute the current expeditionary mission at Camp Lemonier, and therefore recommends funding three projects that were authorized but not funded in the regular fiscal year 2008 military construction appropriations act. These projects include two taxiways and a fuel farm totaling \$22,290,000.

Al Udeid. These were among the projects that the congressional defense authorizing committees did not authorize in the 2008 National Defense Authorization Act.

The funds include \$415,910,000 to expedite construction of the Walter Reed National Military Medical Center at Bethesda Naval Hospital, Maryland. The Committee recommends an additional \$786,976,000 for the Base Closure Account 2005. This amount, along with the \$7,235,591,000 appropriated in Public Law 110-161, fully funds the construction requirements included in the administration's base closure request for fiscal year 2008.

CONSTRUCTION, MAJOR PROJECTS

2008 appropriation to date \$1,069,100,000
 2008 supplemental estimate
 Committee recommendation 437,100,000

The Committee recommendation includes \$437,100,000 for Construction, Major Projects, for the Department of Veterans Affairs [VA].

Polytrauma Center Initiative.—The nature of combat in Iraq and Afghanistan has resulted in new patterns of polytraumatic injuries and disabilities requiring specialized intensive rehabilitation and high coordination of care. The VA health care system, through its polytrauma network, continues to provide significant expertise in the treatment and rehabilitation of both active duty and separated Operation Enduring Freedom and Operation Iraqi Freedom veterans suffering from polytraumatic injuries. Operating under a national memorandum of agreement with the Department of Defense [DOD], VA polytrauma rehabilitation centers have provided treatment and rehabilitation care to severely injured combat personnel requiring polytrauma inpatient rehabilitation.

The Department of Veterans Affairs currently operates four Level 1 polytrauma rehabilitation centers within existing VA hospital facilities. In fiscal year 2007, Congress provided emergency funding for the VA to establish a fifth Level 1 polytrauma rehabilitation center. The care that the VA is providing military personnel wounded in combat is exceptional. However, space in the existing facilities is generally inadequate, with cramped quarters and treatment facilities scattered throughout hospital campuses. These inefficiencies are particularly difficult for patients with mobility issues, compromised immune systems, and those suffering from psychological wounds. In an effort to accelerate the VA's planned expansion and consolidation of polytrauma rehabilitation centers on existing hospital campuses as outlined in the department's February 2008 Five Year Capital Plan, the Committee recommends providing \$437,100,000 to fully fund the design and construction of these crucial projects.

CHAPTER 4

SUBCHAPTER A—SUPPLEMENTAL APPROPRIATIONS FOR FISCAL YEAR 2008

INTRODUCTION

The budget request totals \$6,547,408,000 in emergency supplemental funds for fiscal year 2008, and the State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) provided \$1,473,800,000 for immediate requirements. The Committee recommendation for Department of State and Foreign Operations totals \$5,254,608,000, which is \$181,000,000 above the pending budget request.

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS

DIPLOMATIC AND CONSULAR PROGRAMS

2008 appropriation to date \$5,322,719,000
 2008 supplemental estimate 1,708,008,000
 Committee recommendation 1,413,700,000

The budget request included \$2,283,008,000 for Diplomatic and Consular Programs, of which \$575,000,000 was appropriated in the State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) for operations and security at the United States Embassy in Iraq.

The Committee recommends an additional \$1,413,700,000 for Diplomatic and Consular Programs, which is \$294,308,000 below the pending request. Within the amount provided, \$212,400,000 is for worldwide security protection. Funds for diplomatic and consular programs are to be allocated as follows:

DIPLOMATIC AND CONSULAR PROGRAMS

(In thousands of dollars)

Public Diplomacy		5,000	+ 5,000
Total, Diplomatic and Consular Programs	1,708,008	1,413,700	– 294,308

Afghanistan.—The Committee recommends \$195,200,000, which is \$32,800,000 above the request, for necessary expenses for diplomatic and security operations in Afghanistan. Of this amount, \$162,400,000 is for enhanced security operations, including additional high threat protection teams, increased overhead cover and physical security measures, re-

placement of armored vehicles, and local guard service. In addition, \$14,000,000 is for the establishment of a Department of State-managed air transport capability in Afghanistan for Department of State and United States Agency for International Development [USAID] personnel, primarily for medical evacuation and other security-related

operations. Finally, \$18,800,000 is for support of operations and personnel for Provincial Reconstruction Teams [PRTs] in Afghanistan.

Iraq.—The Committee recommends \$1,095,000,000 for the diplomatic and security operations of the United States Embassy in Iraq, which is \$450,608,000 below the pending request. The cost of operations of the United

States Embassy in Iraq totals \$2,086,000,000 for fiscal year 2008 including \$1,095,000,000 provided in this act, \$575,000,000 provided as bridge funding in Public Law 110-161 and \$416,000,000 in funds carried over from prior year appropriations. Of this amount, nearly \$900,000,000 is for supporting security requirements for diplomatic and development personnel in Iraq.

The Committee provides funding for Embassy operations, security, logistics support, information technology and operations of PRTs. Congress has provided an additional \$196,543,000 since fiscal year 2006 for additional facilities requirements identified by the Department of State, as follows: extend the perimeter wall; construct a dining facility; construct additional housing; construct a tactical operations center for Diplomatic Security; construct a static guard camp; and construct overhead cover. The actual cost of building the New Embassy Compound [NEC] has reached a total of \$788,543,000 to date.

The number of permanent and temporary personnel assigned to Iraq, with the exception of USAID, should be decreased to accommodate all personnel within the NEC and any improvements which can be made with previously appropriated funds. USAID will play a critical role in assisting the Government of Iraq in effectively allocating its budgetary resources.

The additional \$43,804,000 requested for follow-on projects for the NEC in Baghdad is not included. At least \$77,027,000 in prior year funding programmed for follow-on projects is available for obligation and these funds should be used to provide secure housing for a smaller number of personnel.

None of the funds provided under this heading in this act shall be made available for follow-on projects, other than the proposed funding for overhead cover. The Department should include a detailed plan for the use of funds for follow-on projects as part of the spending plan required by this act.

Due to an extended accreditation and verification process and the addition of follow-on projects, occupancy of the NEC offices and housing has been delayed. This rigorous process to address and validate whether the NEC was constructed to code and contract specifications was supported. Now that the process is complete, occupancy of the offices and housing should proceed without delay in order to provide the maximum protection to United States personnel.

The benefits of co-location of the Departments of State and Defense in the NEC is recognized. However, the proposed New Office Building and the Interim Office Building reconfigurations are projected to delay occupancy of NEC offices by up to 1 year. Given the difficult security environment in Baghdad, this lengthy delay is not acceptable. The Departments of State and Defense are expected to consult with the Committees on Appropriations on options for moving forward with limited co-location plans in the most accelerated, secure, and cost effective manner. Any future construction in Iraq shall be subject to the Capital Security Cost Sharing Program, in the same manner as all other embassy construction projects worldwide.

There is a concern that private security contractors have been utilized without the necessary authority, oversight, or accountability. The Department of State is directed to provide a report to the Committees on Appropriations not later than 45 days after enactment of this act on the implementation status of each of the recommendations of the October 2007 report of the Secretary of State's Panel on Personal Protective Services. The Department of State is encouraged to aggressively review security procedures and seek the necessary authority to ensure

that increased security is achieved with effective oversight and accountability.

Pakistan.—The Committee recommends \$7,500,000 for operations, security, and personnel engaged in diplomatic and economic development activities in the Federally Administered Tribal Areas along the Pakistan and Afghanistan border.

Sudan.—The Committee provides resources to support the diplomatic mission in Sudan including the United States Special Envoy for Sudan.

Tibet.—The Committee recommends up to \$5,000,000 for the establishment of a U.S. Consulate in Lhasa, Tibet, and directs that the Department of State shall not consent to the opening of a consular post in the United States by the People's Republic of China until such time as such United States Consulate is established.

The Committee directs that not later than 90 days after enactment of this act, the Secretary of State shall submit a report to the Committees on Appropriations detailing efforts taken by the Department of State to establish a U.S. Consulate in Lhasa, Tibet and a description of actions by the Government of the Peoples Republic of China to undermine support for Tibet in the United States, including in the media, academia, and political arenas.

Local Guard Forces—Worldwide Security Protection.—The Committee recommends \$50,000,000 above the request for worldwide security protection. The amount provided is available to restore 100 positions in the global diplomatic security guard force that were redirected to Iraq to address urgent security requirements for United States personnel elsewhere in the world.

Civilian Workforce Initiative.—The Committee recommends \$60,000,000 to increase the civilian diplomatic capacity of the Department of State to meet the increasing and complex demands of diplomacy in the 21st century. Within the total, \$30,000,000 is for the initial development and deployment of a civilian capacity to respond to post-conflict stabilization and reconstruction challenges and \$30,000,000 is to strengthen capabilities of the United States diplomatic corps and promote broader engagement with the rest of the world, including expanding training and enhanced interagency collaboration.

The Committee provides funds to replace Foreign Service positions worldwide which were previously moved to Iraq and to increase the number of positions participating in critical needs foreign language training. The Department of State has transferred approximately 300 Foreign Service positions from embassies around the world to Iraq and to associated language training, leaving key posts understaffed. These funds are to be used to support United States foreign policy in priority, understaffed regions, particularly South and East Asia, the Western Hemisphere, and Africa.

Funds made available for the civilian stabilization initiative are for the Active and Standby Response Corps portion of the initiative and to enhance operations of the Office of the Coordinator for Reconstruction and Stabilization. In addition to the funds provided to the Department of State, \$25,000,000 is appropriated in this act under the heading, "Operating Expenses of the United States Agency for International Development" to implement the USAID portion of the civilian stabilization initiative. The funding request for the Civilian Response Corps will be considered as part of the fiscal year 2009 appropriations process and none of the funds provided in this act are to be used to implement the Civilian Response Corps portion of the initiative.

Western Hemisphere Travel Initiative.—The Committee recommends not less than

\$1,000,000 to expand public outreach efforts related to implementation of the Western Hemisphere Travel Initiative [WHTI]. With WHTI implementation occurring as early as June 2009, there is concern with the lack of a comprehensive, coordinated plan between the Department of State, the Department of Homeland Security, and the United States Postal Service to broadly disseminate information to the traveling public concerning the final WHTI implementation requirements at the Nation's land and seaports. The Department of State is encouraged to provide significantly increased outreach to border communities, including through radio, print media, and additional passport fairs.

Buying Power Maintenance Account.—The Committee provides authority to transfer funds available in this act, and in a prior act, to the Buying Power Maintenance Account in accordance with section 24 of the State Department Basic Authorities Act, to manage exchange rate losses in fiscal year 2008.

Public Diplomacy.—The Committee recommends \$5,000,000 for the Office of Public Diplomacy and Public Affairs to expand new media for targeted Arabic language television programs for the purpose of fostering cultural, educational, and professional dialogues through indigenous Arabic language satellite media.

OFFICE OF INSPECTOR GENERAL (INCLUDING TRANSFER OF FUNDS)

2008 supplemental estimate
 Committee recommendation 240,000,000

The budget request included \$80,000,000 for International Disaster Assistance. The State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) provided \$110,000,000 for emergency humanitarian requirements.

The Committee recommends \$240,000,000 for International Disaster Assistance, which is \$240,000,000 above the pending request. These funds should be used to respond to urgent humanitarian requirements worldwide, including in Burma, Bangladesh, China and countries severely affected by the international food crisis.

The Committee directs USAID to urgently and substantially increase food assistance for Haiti to address critical food shortages and malnutrition. Preventing hunger and combating poverty in Haiti should be a USAID priority.

The Committee also includes funds under the heading "Development Assistance" in subchapter B to help address the international food crisis. Programs should address both rural and urban food requirements.

OPERATING EXPENSES OF THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT

2008 appropriation to date \$650,656,000
 2008 supplemental estimate 41,000,000
 Committee recommendation 149,500,000

The budget request included \$61,800,000 for Operating Expenses of the United States Agency for International Development, of which \$20,800,000 was provided in the State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) for operations in Iraq.

The Committee recommends an additional \$149,500,000 for Operating Expenses of the United States Agency for International Development.

Of the funds provided under this heading, the Committee recommends \$41,000,000 to continue support for security needs in Iraq and Afghanistan, which is the same as the request. In addition, \$29,000,000 is included to increase support for staffing, security, and operating needs in Afghanistan and Sudan, and \$19,500,000 in Pakistan.

The Committee also recommends \$25,000,000 to support the development and deployment of a civilian capacity to respond to post-conflict stabilization and reconstruction needs. Funds made available for the civilian stabilization initiative are for the Active and Standby Response Corps portion of the initiative and none of the funds provided in this act may be used to develop the Civilian Response Corps. Additional funding for this initiative is provided in the "Diplomatic and Consular Programs" account for the Department of State portion of the initiative.

In addition, the Committee recommends \$35,000,000 to enable USAID to hire above attrition in fiscal year 2008. The administration's request for fiscal year 2009 includes \$92,000,000 for hiring 300 USAID foreign service officers as part of a 3-year initiative. Funding provided in this act is intended to support the hiring of at least 100 additional Foreign Service officers in fiscal year 2008 in order to begin rebuilding the capacity of the Agency to carry out its mission. USAID is directed to consult with the Committees on Appropriations on the use of these funds and to recruit mid-career personnel. As USAID seeks to strengthen its workforce, USAID is encouraged to consult with the Department

of Defense on ways to benefit from the experience of retiring officers, including establishment of a transition program.

2008 appropriation to date \$2,974,959,000
 2008 supplemental estimate 2,009,000,000
 Committee recommendation 1,962,500,000

The budget request included \$2,217,000,000 for Economic Support Fund [ESF], of which \$208,000,000 was provided in the State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) for emergency requirements in the West Bank and in North Korea, as requested.

The Committee recommends an additional \$1,962,500,000 for ESF, which is \$46,500,000 less than the request. Of the funds requested under ESF, \$75,000,000 is provided under the heading Democracy Fund for political development programs for Iraq. Funds are to be allocated as follows:

Iraq.—The Committee recommends \$398,000,000 for Iraq, which is \$399,000,000 below the request. The sums provided should enable the Department of State and USAID to continue programs in Iraq through the end of fiscal year 2008 and into the first two quarters of fiscal year 2009.

After providing more than \$45,000,000,000 to help rebuild Iraq, the United States should seek to reduce bilateral assistance levels, and correspondingly to reduce the number of Department of State personnel involved in the reconstruction effort who are located in Iraq.

Funds provided for Iraq are to be allocated as follows:

—*Community Stabilization Program [CSP].*—The Committee recommends \$100,000,000 for the CSP, which is \$55,000,000 below the request. Recent findings of a March 18, 2008 USAID Inspector General audit (E-267-08-001-P) of possible fraud and misuse of some CSP funds are of concern. Therefore the Committee withholds funding until the Secretary of State certifies and reports that USAID is implementing recommendations contained in the audit to ensure proper use of funds.

—*Enterprise Fund.*—The Committee recommends no funding for an enterprise fund for Iraq.

—*Infrastructure Security Protection for Oil, Water, and Electricity.*—The Committee does not include funding for these func-

tions which should be supported by the Government of Iraq.

—*Marla Ruzicka Iraqi War Victims Fund.*—The Committee recommends \$5,000,000 for the Marla Ruzicka Iraqi War Victims Fund for continued assistance for Iraqi civilians who suffer losses as a result of the military operations.

—*National Capacity Development [NCD].*—The Committee provides \$70,000,000 for NCD, which is \$178,000,000 below the request. The Government of Iraq should assume increasing responsibility for the cost of these activities.

—*Operations and Maintenance of Key United States Government-funded Infrastructure.*—The Committee recommends \$10,000,000 for Operations and Maintenance of key United States Government-funded infrastructure, which is \$124,000,000 below the request. These functions should be funded by the Government of Iraq and this

act includes funding to allow the United States to provide technical assistance and training. In addition, the Committee recommendation conditions the funds on the signing and implementation of an asset transfer agreement between the United States and Iraq.

Afghanistan.—The Committee recommends an additional \$899,000,000 for Afghanistan, which is \$65,000,000 above the request.

USAID is directed to review its reconstruction efforts in Afghanistan; focus its assistance, including capacity building, through local Afghan entities; give greater attention to accountability and monitoring to minimize corruption; and emphasize programs which directly improve the economic, social, and political status of Afghan women and girls. Funds provided for Afghanistan are to be allocated as follows:

AFGHANISTAN PROGRAMS
(In thousands of dollars)

Activity	Pending fiscal year 2008 request	Committee recommendation	Change from request
Roads	329,000	200,000	- 129,000

NATO/ISAF Post-Operations Humanitarian Relief Fund	2,000	+ 2,000
Total	834,000	899,000	+ 65,000

—*Civilian Assistance.*—The Committee recommends \$10,000,000 for USAID's Afghan Civilian Assistance Program to continue assistance for civilians who have suffered losses as a result of the military operations, and \$2,000,000 for the NATO/ISAF Post-Operations Humanitarian Relief Fund.

—*Power.*—The Committee recommends \$150,000,000 for power, which is \$25,000,000 below the request. The request includes funding for gas and diesel power projects and there is a concern that diesel generators are costly to maintain and will exacerbate Kabul's already heavily polluted air. The completion of the north-south transmission line to enable Afghanistan to purchase electricity from its northern neighbors for distribution to other areas of the country is supported. Funding for the Northern Electrical Power System or the Shebergan Gas-Fired Plant is not included. The World Bank should play a larger role in financing such infrastructure projects. It is noted that Afghanistan has considerable potential for small hydro and solar power development to service Afghanistan's many remote communities that have no other access to electricity. The Committee directs that

not less than \$15,000,000 of the funds be used for renewable energy projects in rural areas.

—*Roads.*—The Committee recommends \$200,000,000 for roads, which is \$129,000,000 below the request.

Bangladesh.—The Committee recommends \$25,000,000 for assistance for Bangladesh for cyclone recovery and reconstruction assistance.

Central America.—The Committee recommends \$40,000,000 for Central America in fiscal year 2008, in addition to funds otherwise made available for assistance for countries in Central America for a program to be called the "Economic and Social Development Fund for Central America", to be administered by USAID in consultation with the Department of State. The purpose of the program is to promote economic and social development and good governance in low-income areas, including rural communities, that are vulnerable to drug trafficking and related violence and organized crime. These funds should support programs that emphasize community initiatives and public-private partnerships. United States funds should be matched with contributions from other public and private sources to the maximum extent practicable. USAID is directed

to consult with the Committees on Appropriations prior to the obligation of these funds.

Democratic Republic of the Congo.—The Committee recommends \$15,000,000 for assistance for eastern Democratic Republic of the Congo for urgent conflict mitigation and recovery programs and for programs relating to sexual violence against women and girls. Of this amount, \$1,000,000 is to establish and support a training center for health workers who provide care and treatment for victims of sexual violence, and \$2,000,000 is for training military and civilian investigators, prosecutors, and judges to bring the perpetrators of such crimes to justice.

Jordan.—The Committee recommends \$150,000,000 for economic assistance to Jordan, which is \$150,000,000 above the request. The Government of Jordan remains a key ally and has played a leading role in supporting peace initiatives in the Middle East. Programming of these funds should be done in consultation with the Government of Jordan and refugee relief organizations and should be used to meet the needs of Iraqi refugees. The Committee directs the Secretary of State, after consultation with the Government of Jordan, the United Nations, and

international organizations and non-governmental organizations with a presence in Iraq, to submit a report to the Committees on Appropriations not later than 45 days after enactment detailing (1) short and medium term options the United States and other countries and organizations could pursue to assist Iraqis in Jordan maintain their educational and vocational skills and earn income; and (2) longer-term options that the United States and the Government of Jordan can take to address the economic, social, and health needs of refugees from Iraq, including the feasibility of extending temporary residence status for Iraqis registered with the United Nations High Commissioner for Refugees.

Kenya.—The Committee recommends \$12,000,000 for assistance for Kenya for political, ethnic and tribal reconciliation activities.

Nepal.—The Committee recommends \$7,000,000 for assistance for Nepal to strengthen democracy and support the peace process, including the demobilization and reintegration of ex-combatants, and for economic development programs in rural communities affected by conflict.

North Korea.—The Committee recommends up to \$53,000,000 for energy-related assistance for North Korea in support of the goals of the Six-Party talks, which is the same as the request. This is in addition to the \$53,000,000 appropriated in division J of Public Law 110-161.

Pakistan.—The Committee recommends \$60,000,000 for assistance for Pakistan, which is the same as the request.

The Philippines.—The Committee recommends \$15,000,000 for assistance for the Philippines for programs to further peace and reconciliation in the southern Philippines, and recognizes the shared interest between the United States and the Philippines in ending terrorism in this region.

Sri Lanka.—The Committee recommends \$6,000,000 for assistance for Sri Lanka to be provided through USAID to support economic development programs in the eastern region of Sri Lanka to solidify recent gains against the Liberation Tigers of Tamil Eelam. These funds should be used to assist Tamil and Muslim minorities in Sri Lanka.

Sudan.—The Committee recommends \$45,000,000 for assistance for Sudan to support election-related activities.

Thailand.—The Committee recommends \$2,500,000 for assistance for Thailand to address economic and social development needs in southern Thailand. The Department of State is directed to consult with the Committees on Appropriations prior to the obligation of these funds.

Uganda.—The Committee recommends \$22,000,000 for assistance for northern Uganda. These funds should be used to support economic development, governance, assistance for war victims, and reintegration of ex-combatants.

Vietnam.—The Committee recommends \$2,000,000 for assistance for Vietnam to continue environmental remediation and health activities at former United States military sites in Vietnam that are contaminated by dangerously high levels of dioxin. The Department of State is directed to consult with the Committees on Appropriations on the uses of these funds.

West Bank.—The Committee recommends not more than \$200,000,000 for economic assistance for the West Bank, which is the same as the request. The Department of State is directed to provide a report to the Committees on Appropriations not later than 90 days after the enactment of this act on how United States economic assistance for the West Bank supports the larger Palestinian Reform and Development Plan as well

as a description of other donor support of this plan. The report should describe how assistance from the United States and other donors will improve conditions in the West Bank, including through job creation and housing programs.

Zimbabwe.—The Committee recommends \$5,000,000 for assistance for Zimbabwe to support political reconciliation activities.

DEPARTMENT OF STATE DEMOCRACY FUND

2008 appropriation to date	\$162,672,000
2008 supplemental estimate
Committee recommendation 76,000,000

The Committee recommends an additional \$76,000,000 for Democracy Fund programs, requested under the heading "Economic Support Fund", to be made available as follows:

Chad.—The Committee recommends \$1,000,000 for democracy activities in Chad.

Iraq.—The Committee recommends \$75,000,000 for democracy activities in Iraq. These funds are intended to be made available through nongovernmental organizations, including the National Endowment for Democracy and the United States Institute for Peace.

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

2008 appropriation to date	\$553,926,000
2008 supplemental estimate	734,000,000
Committee recommendation 470,000,000

The Committee recommends an additional \$470,000,000 for International Narcotics Control and Law Enforcement activities in Afghanistan, Iraq, Mexico, Central America, Haiti, the Dominican Republic, and the West Bank, which is \$264,000,000 below the request.

Iraq.—The Committee recommends \$85,000,000 for Iraq for justice and rule of law programs, which is \$74,000,000 below the request. Funding for prison construction is not included.

Central America.—The Committee recommends \$50,000,000 for assistance for Belize, Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, and Panama, and an additional \$10,000,000 for Haiti and the Dominican Republic under the Merida Initiative. Impunity within the military and police forces of several of these countries is of concern, and their justice systems are corrupt and ineffective. The Secretary of State is directed to submit a report, prior to the obligation of funds, on mechanisms to ensure adequate monitoring of these funds.

The Committee directs the Secretary of State to submit a report not more than 90 days after enactment of this act detailing efforts by the Guatemalan Government to propose and promote legislation to raise the necessary revenues in Guatemala to fund comprehensive judicial and law enforcement reform.

The omission of Haiti and the Dominican Republic from the request for the Merida Initiative makes it more likely that these vulnerable countries would become increasingly favored transit routes for drug traffickers. The Committee recommends \$5,000,000 for Haiti and \$5,000,000 for the Dominican Republic to support counternarcotics, border security, anti-corruption and rule of law programs.

Mexico.—The Committee recognizes there is a shared responsibility between the United States and Mexico to combat drug trafficking and related violence and organized crime. The Committee provides \$350,000,000 to support programs to enable the Government of Mexico to respond to these threats in accordance with the rule of law, a portion of which is funded with unobligated balances

from the Iraq Relief and Reconstruction Fund.

The Committee also recognizes that corruption and impunity within Mexico's military and police forces are pervasive. Additionally, Mexican law enforcement and intelligence agencies have frequently persecuted legitimate groups for engaging in peaceful dissent. Recommendations of the National Human Rights Commission are often ignored and investigations of violations of human rights by Mexican military and police forces rarely result in convictions. The recommendation requires the Secretary of State to report to the Committees on Appropriations prior to the obligation of funds that mechanisms are in place to ensure proper vetting of recipients of United States assistance. Additionally, the Committee provides that a comprehensive database for vetting military and police forces shall be established by the United States Embassy in Mexico City and continually updated.

There is concern with the failure to investigate and prosecute the police officers responsible for human rights violations, including rape and sexual violence against women, at San Salvador Atenco on May 3-4, 2006, and in Oaxaca between June and December 2006. These and other such violations by members of the Mexican military and police forces have been documented and require thorough, credible and transparent investigation and prosecution by the Mexican Attorney General. The State and Federal investigations into the October 27, 2007, killing in Oaxaca of American citizen Bradley Will have been flawed and the Secretary of State is directed, not later than 45 days after enactment of this act and 120 days thereafter, to submit a report to the Committees on Appropriations detailing progress in conducting a thorough, credible, and transparent investigation to identify the perpetrators of this crime and bring them to justice.

One of the benefits of the Merida initiative is that the wireless radio equipment and identification systems being provided will enable the Government of Mexico to more closely collaborate with United States agencies like the Drug Enforcement Administration, Customs and Border Protection, and Immigration and Customs Enforcement. To maximize the potential for collaboration, the Committee recommends that any equipment and technology purchases should be interoperable based on open standards with the equipment and technology being used by their United States Government counterparts.

West Bank.—The Committee provides \$25,000,000 for ongoing training of vetted units of the Palestinian National Security Forces, which is the same as the request.

MIGRATION AND REFUGEE ASSISTANCE

2008 appropriation to date	\$1,023,178,000
2008 supplemental estimate	30,000,000
Committee recommendation 330,500,000

The budget request included \$230,000,000 for Migration and Refugee Assistance, of which \$200,000,000 was provided in the State, Foreign Operations Appropriations Act, 2008 (Public Law 110-161) for emergency refugee requirements in Iraq and the West Bank.

The Committee recommends an additional \$330,500,000 for Migration and Refugee Assistance, which is \$300,500,000 above the pending request. Funds should be made available to meet unmet global refugee needs, including to assist Iraqi refugees in Jordan, Syria, Lebanon, Turkey, Egypt, and the surrounding region, as well as internally displaced persons in Iraq. Funds may also be used, if necessary, for the admissions costs of Iraqis granted special immigrant status under the Special Immigrant Visa program

authorized by the National Defense Authorization Act of 2008. In addition, funds may be used to offset administrative costs associated with the expanded requirements of the Iraqi refugee program, in consultation with the Committees on Appropriations.

The humanitarian crisis involving Iraqi refugees and internally displaced persons is of concern and the Government of Iraq has dedicated insufficient resources to assist this most vulnerable segment of the Iraqi population. The Department of State is directed to urge the Government of Iraq to provide a substantial increase in funding for humanitarian assistance to the Iraqi refugee population residing in the region and within the country. In addition, the Secretary of State should ensure that the Senior Coordinator for Iraqi Refugee Issues gives particular attention to the needs of vulnerable minority groups.

The welfare and security of the 7,900 Lao Hmong in the Thai military camp in Petchaboon, northern Thailand is of concern and the Government of Thailand is urged to support a transparent screening process to identify those who have a legitimate fear of return to Laos. Any attempt to force the return of Hmong refugees to Laos is strongly opposed.

UNITED STATES EMERGENCY REFUGEE AND MIGRATION ASSISTANCE FUND

2008 appropriation to date	\$44,635,000
2008 supplemental estimate
Committee recommendation	36,608,000

The Committee recommends an additional \$36,608,000 for the United States Emergency Refugee and Migration Assistance Fund to prevent depletion of this emergency fund.

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

2008 appropriation to date	\$483,055,000
2008 supplemental estimate	5,000,000
Committee recommendation	10,000,000

The Committee recommends an additional \$10,000,000 for Nonproliferation, Anti-Terrorism, Demining and Related Programs, which is \$5,000,000 above the request.

Of these funds, \$5,000,000 is for presidential protective service support in Afghanistan, which is the same as the request, and \$5,000,000 is for a United States contribution to the Comprehensive Test Ban Treaty International Monitoring System.

MILITARY ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

PEACEKEEPING OPERATIONS

2008 appropriation to date	\$261,381,000
2008 supplemental estimate
Committee recommendation	10,000,000

The Committee recommends an additional \$10,000,000 for Peacekeeping Operations in the Democratic Republic of the Congo [DRC]. These funds are made available to support infantry battalions of the DRC armed forces, to protect vulnerable civilians in the eastern region of the country, and should be made available in accordance with thorough vetting procedures. The Department of State should ensure that trained units are being provided professional leadership, appropriate training in human rights, and adequate pay.

SUBCHAPTER B—BRIDGE FUND

APPROPRIATIONS FOR FISCAL YEAR 2009

The budget request totals \$3,605,000,000 in emergency supplemental funds for fiscal year 2009. The Committee recommendation is \$3,600,000,000 for the Department of State, Foreign Operations, and related programs for fiscal year 2009 emergency supplemental requirements, which is \$181,000,000 below the request.

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS

To meet increased security and personnel requirements, the Committee provides \$87,400,000 for Afghanistan, \$7,000,000 for Pakistan, \$3,000,000 for Somalia, and \$15,000,000 for Sudan. In addition, the Committee provides \$40,000,000 to continue support of new positions to develop language and other critical skills of the diplomatic corps and for civilian post-conflict stabilization initiatives.

OFFICE OF INSPECTOR GENERAL (INCLUDING TRANSFER OF FUNDS)

Special Inspector General for Afghanistan Reconstruction [SIGAR].—The Committee recommends \$5,000,000 for the SIGAR, for which no funds were requested, and which is authorized by section 1229 of Public Law 110-181. Such funds shall be used for oversight of United States reconstruction programs in Afghanistan. None of the funds shall be used to duplicate investigations that have been conducted or to support offices or systems of inspectors general at the Department of State or USAID. The SIGAR should co-locate staff and “back office” support systems with other inspectors general to the extent feasible.

The Department of State estimates the impact of currency fluctuations to be at least \$260,000,000 on United States diplomatic operations worldwide.

In addition, the provision recommends authority to transfer unobligated and expired balances after fiscal year 2008 into the Buying Power Maintenance Account to address future exchange rate losses. The Secretary of State shall submit a report to the Committees on Appropriations not later than October 15, 2008 on the amount transferred pursuant to this authority in this or any fiscal year, the total amount of exchange rate losses in fiscal year 2008, and the accumulated impact of losses from prior years.

TITLE II

DOMESTIC MATTERS

CHAPTER 1

DEPARTMENT OF HEALTH AND HUMAN
SERVICES

FOOD AND DRUG ADMINISTRATION

SALARIES AND EXPENSES

The Committee recommends \$265,000,000 for Food and Drug Administration, Salaries and Expenses to remain available until September 30, 2009. The Committee directs FDA to provide quarterly reports through December 31, 2009, on the status of the funding, including, but not limited to, expenditures and hiring by program, and significant accomplishments, including operations in foreign countries, enhanced inspection activities, scientific advances, and information technology improvements.

Of the amount recommended, \$125,000,000 shall be used for activities related to food protection. The funding shall be used to open additional FDA offices overseas and improve FDA's capacity to identify risk factors and more rapidly mitigate any food safety problems. This includes more rapid detection of contamination and more rapid trace back abilities to determine the source of any outbreak of food borne illness. Further, this funding will be used to hire additional foreign and domestic inspectors to increase the number of import food exams, the number of foreign food facility inspections and the number of domestic food safety inspections; and to create a new communication system to more rapidly inform the public of any outbreak of food borne illness.

Of the amount recommended, \$100,000,000 shall be used for activities related to drug, device, and biologics safety. The funding shall be used to increase foreign and domestic facility inspections, improve laboratory infrastructure and rapid analysis tools, implement the safety requirements outlined in

the Food and Drug Administration Amendments Act, and upgrade the agency's information technology to enable data sharing and enhanced analysis of adverse events.

Of the amount recommended, \$40,000,000 will be used to enhance science programs across the agency, with specific focus on areas of emerging science where the FDA currently lacks the expertise necessary to regulate complex products under development. This will include funding for research, science training and professional development for current FDA staff, and efforts to recruit additional scientific staff to the agency.

BUILDINGS AND FACILITIES

The Committee recommends \$10,000,000 for FDA to bring agency laboratories outside of the Washington region in line with public health safety standards.

CHAPTER 2 DEPARTMENT OF COMMERCE BUREAU OF THE CENSUS

PERIODIC CENSUSES AND PROGRAMS

2008 appropriation to date	\$1,027,406,000
2008 supplemental estimate	
Committee recommendation	210,000,000

The bill includes \$210,000,000 for increased costs associated with the poor management of the 2010 decennial census. Within the funds provided, not less than \$50,300,000 shall be used to restore funding associated with the approved March 26, 2008 reprogramming within the Bureau of Census. Funds transferred pursuant to the reprogramming to address immediate shortfalls within the Field Data Collection Automation contract from the American Community Survey, Census Coverage Measurement activities, and other census activities may result in increased risk and other unintended consequences to other parts of the census. The \$50,300,000 shall be available solely to complete previously planned activities and address vacancies in the aforementioned areas in order to reduce risk and ensure a successful 2010 decennial census.

The Census Bureau shall submit to the Committees on Appropriations of the Senate and the House of Representatives, within 30 days of enactment of this act, a detailed plan showing a timeline of milestones and expenditures for the 2010 decennial census, and shall include a quantitative assessment of the associated risk to the program as it is currently constituted. In addition, the inspector general shall submit quarterly reports to the Committees on Appropriations, until the conclusion of the 2010 decennial census, detailing the progress of the revised plan for the execution of the 2010 decennial census and any unanticipated slippages from the revised 2010 milestones, as well as reassessing the associated risk to the program. The Census Bureau is directed to provide the inspector general with any required information so that the quarterly reports can begin 60 days after submission of the plan.

Because rising costs associated with the 2010 decennial census and the Department's and the Bureau's lack of contract oversight are cause for particular concern, the recommendation includes not less than \$3,000,000 for the Department's Office of the Inspector General for census contract oversight activities and not less than \$1,000,000 solely for a reimbursable agreement with the Defense Contract Management Agency to review and improve Census contract management.

DEPARTMENT OF JUSTICE UNITED STATES MARSHALS SERVICE SALARIES AND EXPENSES

2008 appropriation to date	\$866,523,000
----------------------------	---------------

2008 supplemental estimate	
Committee recommendation	50,000,000

In order to implement and enforce the Adam Walsh Child Protection and Safety Act (Public Law 109-248), the United States Marshals Service requires funding to hire and equip at least 200 Deputy Marshals and at least 25 associated administrative personnel each year for the next 5 years. This funding is critical and necessary to establish the National Sex Offender Targeting Center, improve the information technology backbone, and reinforce the agency's infrastructure so that Deputy Marshals have timely, accurate investigative information to track down and arrest those who prey on our Nation's children. The Committee is deeply concerned that no additional resources have been requested or provided by the Department of Justice to undertake this mission as required under the Adam Walsh Child Protection and Safety Act.

FEDERAL PRISON SYSTEM

SALARIES AND EXPENSES

2008 appropriation to date	\$5,050,440,000
2008 supplemental estimate	
Committee recommendation	178,000,000

The Committee recommends \$178,000,000 for additional costs of the Bureau of Prisons [BOP] related to the custody and care of inmates and the maintenance and operation of correctional and penal institutions. The BOP has been chronically underfunded in recent budget requests, due to consistently underestimated growth in inmate populations and inadequate funding requests for medical expenses. As a result, BOP facilities face rising staff-to-inmate ratios, placing corrections officers and inmates at unacceptable risk of violence. The bill includes funding for FCI Pollock activation costs and for inmate drug abuse treatment required by law. The administration is urged to re-estimate BOP fixed costs and prisoner population for fiscal year 2009 and to provide the House and Senate Committees on Appropriations with those estimates no later than May 31, 2008. Further, the BOP is directed to notify the Committees of current staff-to-inmate ratios at all Federal prisons on a monthly basis.

OFFICE OF JUSTICE PROGRAMS STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

2008 appropriation to date	\$170,433,000
2008 supplemental estimate	
Committee recommendation	590,000,000

The Committee recommends \$490,000,000 for Edward Byrne Memorial Justice Assistance Grants. Byrne grant funding is the single most important Federal resource for cops-on-the-beat in our States and local communities. This funding goes by formula to State and local police forces to help them prevent, fight, and prosecute crime.

The Committee notes that the President's annual budget requests have repeatedly proposed to cut drastically and eliminate Byrne grant funding. Each time, the Committee has rejected the President's proposals. In fiscal year 2008, the Senate-passed Commerce, Justice, Science [CJS] bill provided \$660,000,000 for Byrne grants. But because of the President's veto threats, Byrne funding was reduced to just \$170,000,000 in the final 2008 omnibus bill, \$350,000,000 below the 2007 level, and \$490,000,000 below the level included in the Senate-passed CJS bill for 2008. The Committee has heard from State and local police around the country that the consequences of these funding cuts will be fewer cops on our streets fighting gangs, drugs, and child predators and fewer prosecutions of

criminals. This is unacceptable given that communities around the country—from suburbs and small towns to large cities—have faced rising crime rates. The Committee therefore recommends \$490,000,000 in Byrne grant funding, and directs the Department of Justice to obligate these funds by formula no later than 30 days after enactment of this act.

In addition, the Committee recommends \$100,000,000 for competitive grants for programs that provide assistance and equipment to local law enforcement along the Southern border or in High-Intensity Drug Trafficking Areas to combat criminal narcotic activity stemming from the Southern border, of which \$10,000,000 shall be for the Bureau of Alcohol, Tobacco, Firearms and Explosives Project Gunrunner.

SCIENCE

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION RETURN TO FLIGHT

2008 appropriation to date	
2008 supplemental estimate	
Committee recommendation	\$200,000,000

The Committee recommends \$200,000,000 to address costs associated with the return to flight of the space shuttle. As a result of the loss of the space shuttle *Columbia*, NASA has experienced significant costs associated with the repair of the remaining shuttle fleet. This has caused serious budget and programmatic disruption to NASA's core programs. The Committee has provided transfer authority to the Administrator to fund programs that were cut as a result of shifting budget priorities related to the return to flight. The Administrator shall submit a spending plan to the Committee for this funding within 30 days of enactment of this act.

NATIONAL SCIENCE FOUNDATION RESEARCH AND RELATED ACTIVITIES

2008 appropriation to date	\$4,821,474,000
2008 supplemental estimate	
Committee recommendation	150,000,000

The Committee recommends \$150,000,000 for research and related activities at the National Science Foundation [NSF]. The Committee strongly supports the need to increase funding for all research disciplines at NSF and believes that it will maintain the flow of new ideas that fuel the economy, provide security, and enhance the quality of life. Within the recommendation the Committee provides \$10,000,000 for the National Academic Research Fleet which is experiencing reduced research capacity due to rising fuel costs.

EDUCATION AND HUMAN RESOURCES

2008 appropriation to date	\$725,600,000
2008 supplemental estimate	
Committee recommendation	50,000,000

The Committee recommends \$50,000,000 for science, technology, engineering, and mathematics [STEM] scholarship programs at the National Science Foundation [NSF]. STEM education is critical to our future economic prosperity. The National Academy of Sciences' report "Rising Above the Gathering Storm" recommended increasing the number of students earning degrees in the physical sciences in order to energize America for a brighter economic future. The recommendation includes an additional: \$20,000,000 for the Robert Noyce Scholarship program to expand the program as authorized by the America COMPETES Act (Public Law 110-69); and \$24,000,000 for Graduate Research Fellowships; \$5,000,000 for Graduate

Teaching Fellowships; and \$1,000,000 for Federal Scholarship for Service.

GENERAL PROVISION—THIS CHAPTER

SEC. 2201. The Committee includes bill language providing the National Telecommunications and Information Administration with added flexibility to conduct consumer education programs related to the digital television transition.

CHAPTER 3

DEPARTMENT OF ENERGY

NON-DEFENSE ENVIRONMENTAL CLEANUP

2008 appropriations to date	\$182,263,000
2008 supplemental estimate
Committee recommendation 5,000,000

The Committee recommends \$5,000,000 for Non-Defense Environmental Cleanup. The Committee has been informed that legal obligations contained in compliance agreements and consent orders will not be met simply because of a lack of funding in fiscal year 2008. Additionally, the Committee has learned that the cleanup workforce will be reduced due to funding shortfalls. This increase provides a stimulus to support the workforce around the complex as well as meets milestones in existing compliance agreements.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

2008 appropriations to date	\$622,162,000
2008 supplemental estimate
Committee recommendation 52,000,000

The Committee recommends an additional \$52,000,000 for Uranium Enrichment Decontamination and Decommissioning Fund. The committee has been informed that legal obligations contained in compliance agreements and consent orders will not be met simply because of a lack of funding in fiscal year 2008. Additionally, the Committee has learned that the cleanup workforce will be reduced due to funding shortfalls. This increase provides a stimulus to support the workforce around the complex as well as meets milestones in existing compliance agreements.

SCIENCE

2008 appropriations to date	\$4,017,711,000
2008 supplemental estimate
Committee recommendation 100,000,000

The Committee recommends an additional \$100,000,000 for Science. The Committee is aware that the final fiscal year 2008 appropriation was essentially flat with fiscal year 2007 in many areas of the Science budget. The result of flat funding shows up in reduced hours of operation of equipment and facilities, reduced service to users, staff layoffs, reductions to education and training programs, and other negative impacts. This increase to fiscal year 2008 funding will restore the jobs of 10 to 30 people who were terminated and prevent the reduction of 200 additional employees.

Specifically, \$55,000,000 is for Fusion Energy Sciences and \$45,000,000 is for High Energy Physics.

ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

DEFENSE ENVIRONMENTAL CLEANUP

2008 appropriations to date	\$5,349,378,000
2008 supplemental estimate
Committee recommendation 243,000,000

The Committee recommends an additional \$243,000,000 for Defense Environmental Cleanup. The Committee has been informed that legal obligations contained in compliance

agreements and consent orders will not be met simply because of a lack of funding in fiscal year 2008. Additionally, the Committee has learned that the cleanup workforce will be reduced due to funding shortfalls. This increase provides a stimulus to support the workforce around the complex as well as meets milestones in existing compliance agreements.

GENERAL PROVISIONS—THIS CHAPTER

SEC. 2301. Language is included that extends the Department of Energy's cooperative agreement with the FutureGen Alliance to March 30, 2009.

SEC. 2302. Language is included to require continued down-blending Russian highly enriched uranium stockpiles.

CHAPTER 4

GENERAL PROVISIONS—THIS CHAPTER

SEC. 2401. The Committee recommends \$600,000 for the Small Business Administration to fund grants to veterans business resource centers.

SEC. 2402. The Committee recommends a provision to permit payment of premium rate increases in the costs of Federal Employees' Group Life Insurance for eligible bankruptcy judges and territorial district court judges.

SEC. 2403. The Committee recommends a provision to permit the U.S. Tax Court to pay premium rate increases in the costs of Federal Employees' Group Life Insurance for eligible judges.

CHAPTER 5

GENERAL PROVISION—THIS CHAPTER

2008 supplemental estimate
Committee recommendation 110,000,000

The Committee recommendation includes \$110,000,000 for State unemployment insurance and employment service operations. These funds reimburse States for the costs of administering the unemployment insurance program. These funds are available for obligation through December 31, 2008.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

CENTERS FOR DISEASE CONTROL AND PREVENTION

DISEASE CONTROL, RESEARCH, AND TRAINING

2008 appropriation to date	\$6,049,973,000
2008 supplemental estimate
Committee recommendation 26,000,000

The Committee recommendation includes \$26,000,000 for the prevention of and response to medical errors. Funds should be used for research, education and outreach activities. Of the funds provided, no less than \$5,000,000 is designated for responding to outbreaks of communicable diseases related to the re-use of syringes in outpatient clinics, which may be used to reimburse local testing facilities and local health departments who are responsible for disease investigation and response. The Committee is particularly supportive of the Centers for Disease Control and Prevention's unique ability to provide genetic sequencing of such an outbreak, al-

lowing for better epidemiologic investigations into the sources of exposure.

NATIONAL INSTITUTES OF HEALTH

OFFICE OF THE DIRECTOR

2008 appropriation to date	\$1,109,099,000
2008 supplemental estimate
Committee recommendation 400,000,000

The Committee recommends \$400,000,000 for the National Institutes of Health. This appropriation is directed to the Office of the Director and will be transferred to the NIH Institutes and Centers on a pro-rata basis.

CHAPTER 7

RELATED AGENCY

AMERICAN BATTLE MONUMENTS COMMISSION

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

2008 appropriation to date	\$11,000,000
2008 supplemental estimate
Committee recommendation 10,000,000

The Committee recommendation includes \$10,000,000 for the American Battle Monuments Commission [ABMC] Foreign Currency Fluctuations Account. The Commission operates and maintains 24 permanent American burial grounds on foreign soil, where 131,000 U.S. war dead are interred. Since the summer of 2006, the U.S. dollar has fallen steadily against the European euro, causing a shortfall within the Commission's Foreign Currency Fluctuations Account, which affects the funding of salaries and expenses. The Committee recommends replenishing this account to ensure that the Commission can meet payroll obligations and fund cemetery maintenance.

CHAPTER 8

GENERAL PROVISIONS—THIS CHAPTER

SEC. 2801. Allows aircraft operating turnaround service in Hawaii under an existing statutory exemption to continue to operate the same service under the exemption after being purchased or leased by another air carrier after April 1, 2008. The section also extends an existing statutory exemption to allow such purchased or leased aircraft to be transported between Hawaii and the 48 contiguous States.

SEC. 2802. Extends for 1 year the current terms and conditions of the aviation insurance program, commonly known as "war risk insurance," and the limitation on air carrier liability for third party claims arising out of acts of terrorism.

OPERATIONS, RESEARCH, AND FACILITIES

2007 appropriation to date	\$2,859,277,000
2007 supplemental estimate	
Committee recommendation	75,000,000

The Committee recommends \$75,000,000 to help alleviate the economic impacts associated with commercial fishery failures, fishery resource disasters, and State and Federal regulations. The Committee is aware of multiple requests for fishery assistance. Specifically, the Committee is aware of costs associated with reductions in fishing capacity in the Northeast, costs associated with gear modifications to protect endangered species, as well as declared and pending disasters for west coast salmon, Chesapeake Bay blue crab, and gulf coast oysters. The Committee directs the Secretary of Commerce to provide the Committee with a spend plan for the allocation of these funds no later than 45 days after enactment.

OFFICE OF JUSTICE PROGRAMS

STATE AND LOCAL LAW ENFORCEMENT
ASSISTANCE

2008 appropriation to date	\$187,513,000
2008 supplemental estimate	
Committee recommendation	75,000,000

The Committee recommends \$75,000,000 for Edward Byrne Discretionary Grants to assist State and local law enforcement in Louisiana, Mississippi, and Alabama to continue to rebuild capacity and fight rising crime in the aftermath of Hurricane Katrina. Increased crime in the gulf region threatens the region's long-term recovery and immediate assistance is crucial. Funding is pro-

vided to combat juvenile crime and delinquency, assist in basic operational costs, and restore criminal and civil justice record-keeping systems. Of the funds provided, \$50,000,000 is for Louisiana, \$12,500,000 is for Alabama, and \$12,500,000 is for Mississippi.

GENERAL PROVISION—THIS CHAPTER

SEC. 3201. The Committee includes bill language requiring certain designations in the Gulf of Mexico to comply with the National Marine Sanctuaries Act.

CHAPTER 3

DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

CONSTRUCTION

2008 appropriations to date	\$2,294,029,000
2008 supplemental estimate	
(2009 budget request)	(4,362,000,000)
Committee recommendation	5,033,345,000

The Committee has not recommended the Lake Pontchartrain and Vicinity, West Bank and Vicinity and Southeast Louisiana projects be combined into a single project to be cost shared 65 percent Federal and 35 percent non-Federal as proposed by the administration with a resulting Federal cost of \$2,835,000,000 and a non-Federal cost of \$1,527,000,000. The Committee believes that the three authorized projects can be constructed as a coherent hurricane protection system without modifying the individual project authorizations or cost shares resulting in a Federal share of \$3,047,000,000 and a non-Federal share of \$1,315,000,000 that will be initially federally funded. This \$4,362,000,000 shall not be available until October 1, 2008. The Committee has recommended \$1,657,000,000 for the Lake Pontchartrain and Vicinity project; \$1,415,000,000 for the West Bank and Vicinity Project; and \$1,290,000,000 for the Southeast Louisiana projects. These three projects are to be initially federally funded with non-Federal shares estimated to be \$497,000,000; \$495,000,000; and \$323,000,000 respectively. The non-Federal shares are to be repaid in accordance with section 103(k) of the Water Resources Development Act of 1986 (Public Law 99-662) over a period of 30 years. While the Committee has recommended specific statutory dollar amounts for the three projects, statutory language has been included that would allow the administration to request a reprogramming of funds, if required. However, the Committee believes that the Corps should use this reprogramming ability sparingly.

The Committee has recommended \$604,745,000 hurricane and storm damage reduction, flood damage reduction and ecosystem restoration along the gulf coast of Mississippi. This \$604,745,000 shall not be available until October 1, 2008. The Committee recommendation includes \$173,615,000 for the Turkey Creek, Bayou Cumbest, Dantzler, Admiral Island, Franklin Creek, and Deer Island Environmental Restoration projects; \$4,550,000 for the Moss Point Municipal Relocation project; \$5,000,000 for the Waveland Floodproofing project; \$150,000 for the Mississippi Sound Sub Aquatic Vegetation Project; \$15,430,000 for the Coast-Wide Dune Restoration Project; \$397,000,000 for the Homeowners Assistance and Relocation Project; and \$9,000,000 for the Forrest Heights Hurricane and Storm Damage Reduction project. These projects are generally described in the Mobile District Engineer's Mississippi Coastal Improvements Program Comprehensive Plan Report. The non-Federal share of \$211,661,000 is to be repaid in accordance with section 103(k) of the Water Resources Development Act of 1986 (Public Law

99-662) over a period of 30 years. While the Committee has recommended specific statutory dollar amounts for the listed projects, statutory language has been included that would allow the administration to request a reprogramming of funds, if required. However, the Committee believes that the Corps should use this reprogramming ability sparingly.

Due to recent natural disasters, the Corps of Engineers has identified a number of projects that are currently under construction that have been damaged by storm and flood events. The Committee has recommended \$66,600,000 for the Corps to repair and rehabilitate these construction projects that were affected by natural disasters.

MISSISSIPPI RIVER AND TRIBUTARIES

2008 appropriations to date	\$387,402,000
2008 supplemental estimate	
Committee recommendation	17,700,000

Due to recent natural disasters, the Corps of Engineers has identified a number of Federally maintained construction and maintenance projects that have been damaged or otherwise impacted by storm and flood events. The Committee has recommended \$17,700,000 for the Corps to repair and rehabilitate these projects that were affected by natural disasters.

OPERATION AND MAINTENANCE

2008 appropriations to date	\$2,243,637,000
2008 supplemental estimate	
Committee recommendation	338,800,000

Due to recent natural disasters, the Corps of Engineers has identified a number of navigation and flood damage reduction projects that have been impacted by storm and flood events. The Committee has recommended \$338,800,000 for the Corps to restore navigation channels and harbors to pre-storm conditions; to repair eligible flood damage reduction and other projects in States affected by natural disasters; and to continue to inventory and assess levees and floodwalls nationwide.

FLOOD CONTROL AND COASTAL EMERGENCIES

2008 appropriations to date	
2008 supplemental estimate	
(2009 budget request)	(\$2,926,000,000)
Committee recommendation	3,368,400,000

The Committee has recommended the full administration request of \$2,926,000,000 for the work related to Hurricanes Katrina and Rita. However, for consistency, the funding has been recommended in the same elements as requested by the administration and appropriated in Public Law 109-234 rather than as a lump sum as proposed by the administration for this request. This \$2,926,000,000 shall not be available until October 1, 2008. The Committee has recommended \$704,000,000 to modify the 17th Street, Orleans Avenue, and London Avenue drainage canals and install pumps and closure structures at or near the lakefront; \$90,000,000 for storm-proofing interior pump stations to ensure the operability of the stations during hurricanes, storms, and high water events; \$459,000,000 for armoring critical elements of the New Orleans hurricane and storm damage reduction system; \$53,000,000 to improve protection at the Inner Harbor Navigation Canal; \$456,000,000 to replace or modify certain non-Federal levees in Plaquemines Parish to incorporate the levees into the existing New Orleans to Venice hurricane protection project; \$412,000,000 for reinforcing or replacing flood walls, as necessary, in the existing Lake Pontchartrain and Vicinity project and the existing West Bank and Vicinity project to improve the performance of the systems;

\$393,000,000 for repair and restoration of authorized protections and floodwalls; and \$359,000,000 to complete the authorized protection for the Lake Pontchartrain and Vicinity Project and for the West Bank and Vicinity Project. While the Committee has recommended specific statutory dollar amounts for the three projects, statutory language has been included that would allow the administration to request a reprogramming of funds, if required. However, the Committee believes that the Corps should use this reprogramming ability sparingly.

The Committee remains concerned that plans under development for permanent pumping of storm water in the New Orleans metropolitan area do not fully account for the operational challenges that arise during major storm events and are not, therefore, fully protective of public safety.

After reviewing the report furnished in response to section 4303 of Public Law 110-28, the Committee has concluded that Option 1, as presented therein, presents unacceptable risks given that it relies on old equipment and technology that is less reliable, it requires synchronized operation of multiple pump stations by both local and Federal agencies during high flood flow or storm events creating operational complexity and requires operation and maintenance of more systems that would be true in Option 2.

In the report the Corps states that "Option 2 is generally more technically advantageous and may be more effective operationally over Option 1 because it would have greater reliability and further reduces the risk of flooding." The Corps further states that "Discharge of storm water directly to the Mississippi River (Option 2a) would reduce the size of the new pump station required at the lake and would reduce the magnitude of the canal modifications required to accommodate gravity flow in the 17th Street system."

Given these conclusions and the severe consequences of a failure relating to loss of life and property, the Corps is directed to continue the NEPA alternative evaluation of all options with particular attention to Options 1 and 2 and 2a and within 90 days of enactment of this act provide the House and Senate Appropriation Committees cost estimates to implement Options 1, 2 and 2a of the above cited report.

The Committee recommendation includes \$348,000,000 for barrier island restoration and ecosystem restoration along the Mississippi gulf coast. This \$348,000,000 shall not be available until October 1, 2008. This restoration will help to restore the historic levels of storm damage reduction to the Mississippi gulf coast that these islands once provided. These funds are provided at full Federal expense as these islands are a part of the Gulf Islands National Seashore and are publicly owned and managed by the Department of the Interior.

Due to recent natural disasters, the Corps of Engineers has identified a number of projects that have been damaged by storm and flood events. The Committee has recommended \$94,400,000 for the Corps to prepare for flood, hurricane and other natural disasters and support emergency operations, repairs, and other activities in response to flood and hurricane emergencies, as authorized by law; to repair and rehabilitate eligible projects that were affected by natural disasters; and to fund claims processing and

discovery costs associated with Hurricane Katrina lawsuits.

GENERAL EXPENSES

2008 appropriations to date	\$175,046,000
2008 supplemental estimate	
Committee recommendation	1,500,000

Funds totaling \$1,500,000 are recommended for additional oversight and management costs associated with Hurricanes Katrina and Rita.

CHAPTER 4

GENERAL PROVISION—THIS CHAPTER

SEC. 3401. The Committee includes a provision to extend eligibility under the Small Business Administration's 8(a) program for 2 additional years beyond the current participation limit of 9 years for small businesses located in Katrina-impacted areas in Alabama, Mississippi, and Louisiana. The Committee is concerned that access to Federal recovery contracts for small businesses in the gulf region is inadequate. The Committee also urges SBA District Offices and regional SBA Procurement Center Representatives to heighten their focus on improving small business utilization efforts in the gulf region, including attention to small businesses associated with the Michoud Assembly Facility in New Orleans, Louisiana.

The Committee has also provided \$75,000,000 for urgently needed fire rehabilitation and restoration projects on national forest lands and directs the Forest Service to allocate these funds to areas that face the greatest stabilization and watershed protection needs based on values at risk. The Committee notes that it has provided language to transfer these funds into other agency accounts as necessary.

2008 supplemental estimate
Committee recommendation 451,126,383

The Committee recommends an additional \$451,126,383 to carry out emergency relief [ER] projects for which a formal request has been submitted to the Federal Highway Administration [FHWA] for disasters occurring in fiscal year 2005 to the present. The amount provided will be sufficient to cover an estimated backlog of 41 separate applications from 21 States for roads and bridges that were damaged or destroyed in declared disaster areas.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

PERMANENT SUPPORTIVE HOUSING

2008 appropriation to date
2008 supplemental estimate
Committee recommendation \$73,000,000

The Committee recommends \$76,000,000 to fund permanent supportive housing in Louisiana. The State of Louisiana developed plans to create 3,000 units of permanent supportive housing for elderly, disabled and other homeless individuals most at risk. The recommended funding will provide the necessary rent subsidies to make these units affordable and get tenants into safe and stable housing. Of the funding recommended, at least \$20,000,000 will support project-based vouchers, and at least \$50,000,000 will support units under the Shelter Plus Care program. The Committee has also included not more than \$3,000,000 to cover reasonable administrative expenses of the State of Louisiana related to administering this funding.

Committee recommendation 50,000,000

The Committee recommends an additional \$50,000,000 in Community Development Block Grant [CDBG] funds for the State of Alabama for disaster relief efforts to cover uncompensated housing damage that has resulted from Hurricane Katrina. Consistent with the requirements of prior CDBG appropriations to the hurricane-impacted region, the Committee requires the State to submit a plan to the Secretary of Housing and Urban Development outlining the proposed use of such funds. The Committee provides that the State may use up to 5 percent of the total funds made available under this section for administrative costs. Consistent with previous appropriations to the gulf States for hurricane recovery activities, the Secretary may waive or require additional requirements to facilitate the use of such funds.

(RESCISSION)

The Committee recommends a rescission of \$200,000,000 from unobligated supplemental funds previously made available in Public Law 110-116 through the CDBG program for the "Road Home" recovery program in Louisiana. These funds were made available solely to cover uncompensated but eligible claims under that program. Updated data indicate that \$200,000,000 will be available for rescission once all eligible claims are paid.

SHORT TITLE

SEC. 10009. The Committee recommends a short title for this act.

NOTIFICATION OF EMERGENCY LEGISLATION

The congressional budget resolution (S. Con. Res. 21) agreed to by Congress for fiscal year 2007 includes provisions relating to the notification of emergency spending. These provisions require a statement of how the emergency provisions contained in the bill meet the criteria for emergency spending as identified in the budget resolution.

The Committee recommends emergency funding for fiscal year 2008 for overseas deployments and other activities, for hurricane recovery in the gulf coast region, and other natural disasters, and for other needs. The funding is related to unanticipated needs and is for situations that are sudden, urgent, and unforeseen, specifically the global war on terror and the hurricanes of 2005 and other natural disasters. The recommendation also funds the costs of ongoing military deployments and other requirements through the beginning months of the next fiscal year. These needs meet the criteria for emergencies.

AMENDMENT #2

TITLE XI

DEFENSE MATTERS

CHAPTER 1

SUPPLEMENTAL APPROPRIATIONS FOR FISCAL YEAR 2008

DEPARTMENT OF DEFENSE—MILITARY OVERVIEW

RECOMMENDATION

In title XI, chapter 1, total new appropriations of \$99,505,877,000 are recommended. A detailed review of the recommendations for programs funded in this chapter is provided in the following pages.

The recommended supplemental appropriations for the Department of Defense are intended for ongoing military and intelligence operations in support of Operation Iraqi Freedom [OIF], Operation Enduring Freedom [OEF], and the larger global war on terror [GWOT]. The recommendations in this chapter are based on the initial budget request, an update to that request, formal hearings, and numerous briefings and are intended to address emergency, high-priority needs of the United States military and intelligence community. In some cases, funding has been reduced or eliminated for certain activities that are either not emergency in nature; that cannot be obligated and/or executed in a timely fashion; or which involve new policy and program decisions that should be addressed in the regular authorization and appropriations bills for fiscal year 2009.

The following table summarizes by appropriation account or general provision, the recommendation:

CLASSIFIED ANNEX

The recommendations for intelligence activities are published in a separate and detailed classified annex. The intelligence community, Department of Defense and other organizations are expected to fully comply with the recommendations and direction in the classified annex accompanying this act.

REPORTING REQUIREMENTS

The Secretary of Defense is directed to provide a report to the congressional defense

committees within 30 days of enactment of this act on the allocation of the funds within the accounts listed in this chapter. The Secretary shall submit updated reports 30 days after the end of each fiscal quarter until funds listed in this chapter are no longer available for obligation. The Secretary is directed that these reports shall include: a detailed accounting of obligations and expenditures of appropriations provided in this chapter by program and subactivity group for the continuation of military operations in Iraq and Afghanistan and a listing of equipment procured using funds provided in this chapter. It is expected that, in order to meet unanticipated requirements, the Department of Defense may need to transfer funds within these appropriation accounts for purposes other than those specified in this statement. The Department of Defense is directed to follow normal prior approval reprogramming procedures should it be necessary to transfer funding between different appropriations accounts in this chapter.

Additionally, the Department of Defense is directed to submit monthly supplemental execution reports to the congressional defense committees that include the following information by appropriation: funding appropriated, funding allocated, monthly obligations, monthly disbursements, cumulative fiscal year obligations, and cumulative fiscal year disbursements.

CIVIL SUPPORT RESPONSIBILITIES REPORT

The Secretary of Defense, in consultation with the Secretary of Homeland Security, shall provide a report on the progress of the Department of Defense efforts to plan for and provide support to civil authorities during incidents of national significance as required by sections 1814 and 1815 of Public Law 110–181. The report shall be provided to the Committees on Appropriations and other congressional defense committees no later than 60 days after enactment of this act. Specifically the report shall provide a projected timeframe for completing the determination of requirements requested in sections 1814 and 1815, milestones for implementation of planning and readiness improvements, and any available information on the Department of Defense's current state of readiness and gaps in readiness for each of the National Planning Scenarios. In addition, the Secretary of Defense shall include

in the report an explanation on how the Department's civil support and homeland defense responsibilities are incorporated into the validation and prioritization of the services' equipment requirements.

CONTRACTING

There is concern over the numerous instances of waste, fraud, and abuse that have occurred in Department of Defense contracting activities in support of contingency operations. The Department and the military services did not properly address the necessary personnel, training, and technology requirements over the years, but are now taking steps to improve their capabilities. This recommendation includes additional funds to further many of the initiatives and increased personnel requirements identified by the Department of Defense and outside reviews such as the Gansler report. The recommendation also calls for enhanced reporting requirements to ensure improved oversight over the Iraq and Afghanistan Security Forces Funds, and the Commander's Emergency Response Program. Finally, it provides funding for the Department of Defense Inspector General to improve its antiquated tracking system for the Criminal Investigation Service.

OPERATION ENDURING FREEDOM

The recommendation provides additional resources to aid U.S. military operations in Afghanistan and to strengthen the Afghanistan Security Forces. Afghanistan Security Forces are critical to the stability of Afghanistan and essential to our fight against al Qaeda and other terrorist organizations. To increase our efforts to train and equip these forces, the recommendation funds additional trainers for the Afghan National Army and the Afghan National Police. It also doubles the Commander's Emergency Response Program [CERP] in Afghanistan from fiscal year 2007 levels to address critical small scale humanitarian efforts. Included in this amount are the necessary resources to support the CERP program for the additional marines in Afghanistan. These and other efforts related to Afghanistan are discussed elsewhere in this report and in the classified annex.

CASE MANAGEMENT AND DISABILITY EVALUATION FOR WOUNDED WARRIORS

The recommendation includes \$94,900,000 in the Operation and Maintenance, Defense-

Wide; Procurement, Defense-Wide; Research, Development, Test and Evaluation, Defense-Wide; and the Defense Health Program appropriation accounts to address gaps identified by the President's Commission on Care for America's Returning Wounded Warriors. The funding will enable improvements in case management, data sharing, and the disability evaluation system [DES]. Additionally, the funding will support the ongoing DES Pilot program, information technology development, support for case management, and improvement of Department of Defense and Department of Veterans Affairs data sharing gateways, and distribution of wounded warrior care and benefits informational handbooks.

DEFENSE HEALTH PROGRAM OVERVIEW

The recommendation includes a total appropriation of \$1,488,864,000 for the Defense Health Program. This funding will provide medical and dental services to active forces and mobilized Reserve Components, as they support Operation Iraqi Freedom and Operation Enduring Freedom, and their family members. The funding also provides for costs associated with the treatment of combat-related injuries.

The recommendation also provides \$293,023,000 for facilities sustainment, restoration and maintenance; \$1,000,000 for the Center of Excellence for Eye Injuries; \$70,000,000 for the Center for Neuroscience and Regenerative Medicine and \$47,100,000 in various budget activities for disability evaluation system and case management.

FUNDING FOR RESEARCH, DEVELOPMENT, TEST AND EVALUATION

Research, Development, Test and Evaluation has historically not been funded in large amounts in emergency supplemental appropriations. Generally, funding has been provided for items that have been funded in prior supplemental appropriations, or that can be developed and fielded in a timely manner to impact the global war on terror.

COMMANDER'S EMERGENCY RESPONSE PROGRAM

The recommendation includes \$1,226,841,000 for the Commander's Emergency Response Program [CERP]. Included in this amount is \$479,900,000 for CERP in Afghanistan and \$2,000,000 to support our ongoing efforts in the global war on terror in the Philippines. Small scale, humanitarian projects led by the Joint Interagency Task Force—Philippines should have a tremendous impact on combating the spread of terrorist cells in the Philippines. However, the provision of these funds does not represent an invitation to expand CERP beyond its current mission and application.

CERP projects are also currently benefiting the 2.7 million internally displaced Iraqis. The Iraqi Government should devote more of its own resources to returning them to their homes, or resettling them permanently in functioning communities. However, recognizing that CERP is an effective tool for meeting urgent humanitarian needs, the Secretary of Defense is urged to encourage commanders to give priority to humanitarian and reconstruction projects that respond to the needs of internally displaced Iraqis who have settled in their area of responsibility.

CERP has proven beneficial to both U.S. commanders and the Iraqi people, but there is concern over the Department's growing requests for these funds. Since its inception in 2004, this program has grown exponentially, from \$180,000,000 in fiscal year 2004 to \$956,400,000 in fiscal year 2007. The total fiscal year 2008 level of \$1,726,841,000 as recommended, represents an 80 percent increase for the program. Congress provided \$500,000,000 in the fiscal year 2008 supplemental bridge appropriation but the Department is obligating funds for this program at a rate that would exceed the authorized level of \$977,441,000 before the end of the fiscal year.

While there is a need to maintain commanders' flexibility and control in administering CERP funds, there is concern that, in the absence of any minimum standards for project monitoring or specific performance indicators, commanders exercise varying levels of oversight and typically compile only anecdotal evidence on the impact of projects. Furthermore, CERP funds are administered

at the battalion level, often by troops whose Military Operational Specialty has little or no connection to program or acquisition management. The limited information provided to Congress about CERP projects makes it difficult to conduct thorough oversight over how this program is administered, what its actual impact is on the Iraqi people, and how it fits into our overall strategy for Iraq.

To provide Congress sufficient visibility over the use of funding provided for CERP, the Department is directed to: (1) establish minimum guidelines for commanders to follow in monitoring project status and performance indicators to assess the impact of CERP projects, (2) provide more complete information in its quarterly reports to Congress, including: listings of projects by province; project status, such as completed and being used, completed but not sustained, destroyed, vandalized, or not found; the source of each individual initiative, whether it was generated by a local national or the command; the name of the authority or organization who serves as the primary local partner for each project; and the number of local citizens who will benefit from the project, including the number who will be employed in implementing it, and if it directly benefits internally displaced Iraqis. In addition, the report should include information on the nature of the Government of Iraq's commitment to sustain projects requiring government support, and on the impact of CERP projects, individually and collectively, in assisting the United States to carry out its strategy in Iraq.

So Congress may better understand how troops are trained to administer CERP funds, the Secretary of Defense is directed to submit to the congressional defense committees, within 45 days of enactment of this act, a detailed report on the training provided to troops authorized to manage or disperse CERP funds. The report should include the duration of the training, its primary objectives, and a syllabus of the training course.

For greater clarity on how commanders incorporate the use of CERP funds into their operational planning, the Secretary of Defense is directed to provide a report to the congressional defense committees, no later than September 4, 2008, on operational plan-

ning for the use of CERP. The report should include plans from each of the current Multi-national Division [MND] commands in Iraq and each of the current Task Force commands in Afghanistan, to include information on the criteria used for prioritizing individual CERP projects and how the use of CERP funds is intended to advance the tactical and strategic objectives.

CONTRACT SERVICES

The continued lack of transparency and accountability with regard to contracts and contractors serving in both theaters of operation (Iraq and Afghanistan) is concerning. The Department of Defense has indicated a need for approximately \$40,000,000,000 of operation and maintenance funding for contracted services in this supplemental appropriation. This includes \$6,000,000,000 for the Army-managed Logistics Civil Augmentation Program [LOGCAP], which provides for a spectrum of services to include power generation, management of facilities, dining operations, latrines, water systems, fire protection and laundry services. Approximately \$5,400,000,000 was expended by the Army on LOGCAP contracts in 2007.

Within 90 days of enactment of this act, the Secretary of Defense is directed to submit a comprehensive report to the House and the Senate Committees on Appropriations that provides the following information for each existing operations and maintenance contract in excess of \$1,000,000: contractor name; amount; purpose; start and end date; type of contract; and amount of awards per fiscal year, if applicable.

This report should also identify the Department of Defense organization responsible for oversight of the contracts and should reflect the type of services provided, such as vehicle maintenance, food service, security, information technology support, reconstruction, analysis, and other relevant information.

This report should also include a discussion of the roles and responsibilities of the following organizations and how they work collaboratively to ensure appropriate contract oversight in theaters of operation for Iraq and Afghanistan: LOGCAP; AFCAP; Defense Reconstruction Support Office; Joint Contracting Command Iraq/Afghanistan; Deputy Assistant Secretary—Army (Policy

and Procurement)—Iraq and Afghanistan; and Project and Contracting Office, Washington.

Further, the report should include the number of Department of Defense military and Federal civilian personnel assigned to each of these offices, the number of contractors assigned to each office and the roles the contractors perform.

As part of this report, should the Department of Defense determine that it has insufficient in-house capability to effectively monitor these contracts, it should then develop a robust staffing proposal and submit it to the House and the Senate Committees on Appropriations for consideration in the fiscal year 2009 Defense Appropriations Act. The report shall be submitted in unclassified form, but may contain a classified annex.

SUBSISTENCE CONTRACTS

The Army requested \$987,000,000 to fund purchases of subsistence items in support of Department of Defense civilian employees and contractors deployed to the Iraq and Afghanistan areas of operations. This also includes subsistence that is provided to these individuals within the Department of Defense dining facilities.

The Army estimates that 5,000 Department of Defense civilians and 73,000 contractor personnel constitute the population of "Department of Defense authorized personnel". This is an average cost for subsistence of nearly \$13,000 per individual per year.

There are significant unanswered questions regarding the management of this overall process, as well as the absence of appropriate internal control procedures. For example, how the Department manages access to the dining facilities; the number of civilian employees and contractors who dine in Department of Defense dining facilities; why the cost per person is so high; and the number of contractors and subcontractors who provide subsistence to the Department of Defense in this theater of operations.

Based on these unresolved issues, the recommendation includes a 10 percent reduction to the nearly \$1,000,000,000 request for this program to encourage better management and accountability of subsistence funds. Currently the Department's Cost of War Report does not account for obligation of funds for subsistence. The Secretary of Defense is directed to, within 90 days of enactment of this act, submit a comprehensive report to the Committees on Appropriations of the House and the Senate which: (1) Identifies the number of contractors dining in the Department of Defense facilities in and around the Iraq and Afghanistan theaters of operations and a description of the method for charging the subsistence cost back to the contractor; (2) Lists the total cost and the cost elements in the prior and current years for subsistence for Department of Defense civilians and contractors deployed to the Iraq and Afghanistan areas of operations and dining in DOD facilities; (3) Cites the Department's policy on the movement of freight in general and subsistence items specifically in and around the Iraq and Afghanistan theaters of operation; the method for ensuring the best value subsistence contracts are awarded; and describes the method for ensuring the most fuel efficient and effective mode of transportation is used; (4) Identifies the number of contractors and subcontractors supplying subsistence items to contractors and civilians deployed to the Iraq and Afghanistan areas of operations (by location); the number and types of subsistence contracts from local vendors in Iraq and Afghanistan, and the method and factors used to determine local vs. non local purchase of these items in and around the Iraq and Afghanistan theaters of operation; and (5) Provides the Department's

policy on access to dining facilities in the theaters of operations and associated internal control procedures.

DEPARTMENT OF DEFENSE PUBLIC-PRIVATE COMPETITIONS

The Office of Management and Budget's [OMB] influence over the Department of Defense's public-private competitions is concerning. Section 325 of the 2008 National Defense Authorization Act (Public Law 110-181) prohibits OMB from directing or requiring any initiation, continuation, or completion of a public-private competition or the Department taking action based on such an OMB direction or requirement. Questions have been raised as to whether this provision is being implemented. If OMB continues to influence public-private competitions and contracting out of Federal employees at the Department of Defense stronger provisions may be warranted.

SUPPORT TO GLOBAL REPOSITIONING OF GROUND FORCES

The impact to the Army and Marine Corps of rebasing activities, particularly as large numbers of service members return from overseas bases to the continental United States [CONUS], must be addressed. The recommendation provides \$408,000,000 to the Army's Facilities Sustainment, Restoration, and Modernization program and \$92,000,000 to the Marine Corps' Facilities Sustainment, Restoration, and Modernization program to offset the growing infrastructure costs associated with the global repositioning of forces. These funds will be used to repair barracks, improve child care facilities, and enhance community services at Army and Marine Corps bases throughout the United States.

OPERATING TEMPO

The supplemental funding requested in the operation and maintenance accounts is largely a function of anticipating operating tempo for continuation of military operations in Afghanistan and Iraq through September 2008. The actual operating tempo in fiscal years 2007 and 2008 has differed from the estimated levels. Therefore, the recommendation provides operation and maintenance funding to account for the actual operating tempo.

THE JOINT STAFF

The recommendation includes no funding for the Combating Terrorism Readiness Fund because the requirement was funded through the Department of Defense Appropriations Act, 2008 (Public Law 110-116).

SPECIAL OPERATIONS COMMAND INTELLIGENCE, SURVEILLANCE, AND RECONNAISSANCE [ISR] ACCELERATION

The recommendation includes an additional \$76,450,000 in Operation and Maintenance, Defense-Wide to accelerate the fielding of ISR capabilities to Special Operations Command for use in missions pertaining to high value targets. The Secretary of Defense is urged to include sustainment costs for these items in future budget requests.

DEFENSE LOGISTICS AGENCY: LITHIUM BATTERIES SUPPLIES

Primary lithium batteries have been and remain a critical consumable warfighting asset for our military. A reliable and sustainable U.S. manufacturing source for these supplies is critical to maintaining the full warfighting capability of our military forces. The Defense Logistics Agency is encouraged to take the necessary actions to ensure that at least one supplier of LiSO₂ batteries and one supplier of LiMnO₂ batteries continue manufacturing in the United States with a reasonable sustaining rate of production.

DEFENSE THREAT REDUCTION AGENCY

The recommendation includes no funding for NIMBLE ELDER because the require-

ment was funded through the Department of Defense Appropriations Act, 2008 (Public Law 110-116).

FAMILY ADVOCACY PROGRAM

The recommendation includes \$50,000,000 for family advocacy programs to provide counseling and family assistance including child psychologists, Parents as Teachers and other intervention efforts. This funding will enhance the activities of the Family Advocacy Program [FAP] and provide for children and families managing the difficult challenges of military service. There is concern about the growing need for family members to have access to professional counseling to help alleviate the mental stresses associated with deployments. These activities provide programs, products and services to help mitigate the disruption and stress in the military family when a service member is deployed, killed or seriously wounded.

DEFENSE HUMAN RESOURCES ACTIVITY

The recommendation includes no funding for Homeland Security Presidential Directive 12 because the requirement was funded through the Department of Defense Appropriations Act, 2008 (Public Law 110-116).

DEFENSE SECURITY COOPERATION AGENCY

The recommendation includes \$800,000,000 for coalition support funds and \$200,000,000 for lift and sustainment in Iraq and Afghanistan. It also includes an additional \$150,000,000 for the Global Train and Equip Program. The Department of State is tasked to train and equip allied nations for counterterrorism operations, yet the Department of Defense continues to request funds to augment these efforts due to the global war on terror. Training allied nations is primarily the responsibility of the Department of State. As such, the administration is urged to request the appropriate level of funding for the Global Train and Equip Program entirely within the Department of State in the next fiscal year.

OFFICE OF THE SECRETARY OF DEFENSE

There is deep concern over the waste, fraud, and abuse that has occurred in the Department's contracting activities that support contingency operations overseas. The Office of the Under Secretary of Defense for Acquisition, Technology and Logistics [USD(AT&L)] is tasked with contractor oversight in forward areas of operations. In an effort to further many of the initiatives developed by USD(AT&L), the recommendation includes additional resources to fully fund these requirements, including: \$8,000,000 for the Synchronized Predeployment and Operational Tracker [SPOT], \$2,500,000 for the Joint Contingency Contract Support Office [JCCSO], \$2,000,000 for Military Non Contracting Officer Training, and \$400,000 for the Materiel Readiness Board [MRB]. The recommendation also includes \$3,000,000 for the Wartime Contracting Commission, established by the National Defense Authorization Act for fiscal year 2008 (Public Law 110-181), and \$1,200,000 for the WMD Commission.

IRAQ FREEDOM FUND

The recommendation includes \$50,000,000 for the Iraq Freedom Fund only for the Task Force to Improve Business and Stability Operations—Iraq to execute the Factory Restart Program.

AFGHANISTAN AND IRAQ SECURITY FORCES

Reprogramming.—The Department of Defense has been provided significant flexibility in executing this program in the past but new reprogramming procedures are required at this juncture. With respect to the Iraq Security Forces Fund and the Afghanistan Security Forces Fund, the Department is directed to submit prior approval reprogramming requests to the congressional

defense committees for proposed transfers of funds in excess of \$20,000,000, to the Infrastructure subactivity groups or other construction related projects.

Infrastructure.—The Department of Defense is directed to provide the congressional defense committees with a detailed report by August 1, 2008 on current and future infrastructure requirements for the Iraq and Afghanistan Security Forces. The report shall detail all infrastructure projects that have been previously funded, projects that are planned, and projects that require future funding from either the United States or the Governments of Iraq and Afghanistan. The projects shall be broken out by Ministry of Defense and Ministry of Interior requirements, year or projected year of funding, source of funding, and current status of project.

Logistics.—The Iraq Security forces will not be able to operate independent of coalition support unless they have an organic logistics capability of their own. The Department of Defense is directed to provide the congressional defense committees with a report no later than 30 days after enactment of this act, on the plan for an independent logistics capability within the Iraq Security Forces. The plan should address required support facilities at the national, regional, and base levels, motor transport capabilities, life support self sufficiency, logistics training, mechanics training, ammunition re-supply (decentralization, distribution, and security), fuel (decentralization, distribution, and security), medical supply and services, and depot warehousing, maintenance, and capacity. The report should also include a resource plan to reach these goals.

Trainers.—There is deep concern that the Department of Defense has only been able to

resource 44 percent of the required trainers for the Afghan National Army and only 39 percent for the Afghan National Police. While progress is being made on training and equipping these forces, the shortfall of capable trainers severely hampers our ability to further this momentum. There are enormous demands for this low density skill to support this mission, and the recommendation provides the Department \$50,000,000 for additional contract personnel to address this shortfall, including: \$25,000,000 for the training of the Afghanistan National Army for mentors at the corps and brigade levels for intelligence, communications, operations, and force protection, for contract mobile training teams, and for contract Counter Insurgency Academy instructors; and \$25,000,000 for the training of the Afghanistan National Police to include contract logistics system mentors, and contractors for the Afghanistan National Police National Training Center.

PISTOLS FOR AFGHAN ARMY AND AFGHAN NATIONAL POLICE

Poor quality pistols were provided to the Afghan National Police and the Afghan National Army in 2005 and 2006. While they have no record of manufacturing defects in service, the 5,000 pistols purchased for the Afghan National Army, and the 51,175 purchased for the Afghan National Police, under the U.S. Foreign Military Sales program, through the U.S. Army Security Assistance Command, lack important features desired in a quality service pistol. A key missing feature is a positive external safety mechanism, although the pistol does have a trigger safety. It appears that there were two prominent motivations for selection of the current 9mm pistol. The first was cost, and for the Afghan National police, the second key con-

sideration was the fact that the pistol already was in service with the Afghan National Army. Based on concerns expressed by U.S. trainers, ongoing procurements of pistols under 2007 and 2008 contracts are delivering a pistol manufactured with the desired features that were lacking in the pistols procured in 2005 and 2006. Future purchases will be made by competitive bid and the requirements will specify features consistent with the U.S. M9 service pistol. The government agencies of the United States and Afghanistan are commended for having made these appropriate adjustments in the acquisition of pistols for the Afghan National Army and Afghan National Police. They are cautioned that haste and incomplete definition of requirements, and inadequate testing, can lead to acquisition of military equipment that once in use by the military may prove to be inadequate in performance, reliability and safety. Finally, the Department of Defense and the Department of State are urged to work cooperatively to ensure that programs for the provision of equipment to the Afghan National Army and Afghan National Police employ rigorous requirements definition and disciplined contracting procedures, and that the Secretary of Defense initiate a review of the utility of pistols provided to the Afghan National Army and Afghan National Police under U.S. Foreign Military Sales transactions and assist where necessary in the replacement and demilitarization of inferior pistols.

ARMY AVIATION

Urgent needs have been identified in certain Army aviation programs. Accordingly, the recommendation provides additional funding as follows: \$30,000,000 for UH-60A to UH-60L modifications, to remanufacture 30 aircraft; \$14,650,000 for UH-60 aircraft safety enhancements; \$38,000,000 for Kiowa Warrior Safety Enhancement program; and \$196,100,000 for Army fixed and rotary wing aircraft survivability enhancements in infrared countermeasures.

There is strong support for the Army plan to replace the aging Kiowa Warrior fleet with Armed Reconnaissance Helicopters [ARH] as soon as possible. However, the funding provided in the Department of Defense Appropriations Act, 2008 fully funded the ARH production capacity for fiscal year 2008. Accordingly, the recommendation includes no additional funding for the Armed Reconnaissance Helicopter program.

M4 CARBINE

Numerous concerns have been raised about continued procurement of the M4 carbine. These concerns range from performance issues (such as jamming in dusty environments) to the current sole source contract. The Army recently conducted tests on the M4 and similar weapons in the same class to assess its performance. The Army is also evaluating the capability of the M4 and other weapons to determine if a new performance requirement is needed. To allay the concerns regarding performance and competition in contracting, the Secretary of the Army is directed to provide a report to the congressional defense committees no later than June 15, 2008, on the findings of the recent comparative capability assessment and with a determination as to whether a change in the acquisition strategy is needed.

FAMILY OF MEDIUM TACTICAL VEHICLES

The recommendation includes \$793,600,000 for the Family of Medium Tactical Vehicles program. This funding level includes \$94,000,000 to reimburse the program for funds that were used under rapid acquisition authority to procure Sky Warrior intelligence, surveillance and reconnaissance assets.

SINGLE CHANNEL GROUND AND AIRBORNE RADIO SYSTEM [SINGGARS]

The recommendation includes \$500,347,000 for the procurement of SINGGARS radios, which will fully fund Army SINGGARS radio requirements for fiscal year 2008. However, the Army has yet to fully address certain issues including concerns of the Army Science Board regarding SINGGARS compatibility with the Joint Tactical Radio System

[JTRS], encryption modernization, and compatibility with local first responder radios. The Army is urged to move forward with a plan that addresses these and other urgent tactical radio issues.

The Army has recently updated the acquisition strategy for the SINGGARS family of radios and has released a market survey seeking sources of supply that are compliant with the operational requirements. The Army is encouraged to implement "best value" selection criteria in any upcoming competition where the operational requirements are stated as the minimum needed and advanced capabilities and features would be evaluated according to the value they bring above that minimum functionality level. Not more than 60 days after enactment of this act, the Secretary of the Army shall provide a report and briefing to the Committees on Appropriations of the House of Representatives and the Senate addressing the acquisition objective; encryption modernization and capability enhancement; alignment with the JTRS program; and a procurement plan that includes a strategy for full, fair and open competition.

MARITIME PATROL AIRCRAFT

The Navy has recently grounded 39 P-3 Orion Maritime Patrol Aircraft due to wing cracking discovered during inspections. These aircraft have logged significant hours flying in support of the Global War on Terror. To keep these aircraft flying until the replacement Multi-Mission Aircraft (P-8A Poseidon) is fielded, \$313,900,000 is provided for the procurement and installation of wing repair kits.

MARINE CORPS AIRCRAFT DEFENSIVE WEAPONS

Marine Corps aircraft deployed in theater should have a capable self defense system. Some of the deployed Marine Corps aircraft have less than capable or outdated defensive systems. To improve the capability of deployed Marine Corps aircraft, \$15,000,000 is provided for the procurement of defensive weapons for V-22 aircraft and \$3,500,000 is provided for the procurement of defensive weapons for CH-46 aircraft.

GROW THE FORCE—MARINE CORPS

The recommendation provides funds identified by the Marine Corps associated with growing the size of its force, to include \$26,400,000 for lightweight 155mm howitzers, \$12,000,000 for weapons, \$43,000,000 for trailers and \$144,000,000 for armored vehicle sets.

MARINE CORPS GROUND-BASED OPERATIONAL SURVEILLANCE SYSTEM [G-BOSS]

The fiscal year 2008 supplemental request included \$640,000,000 for G-BOSS, a capability that will provide updated base security for

the Marine Corps. Public Law 110-161 provided \$340,000,000 of that total program requirement. Briefings with the Marine Corps and the Joint Improvised Explosive Device Defeat Organization [JIEDDO] indicate that JIEDDO will fund the remaining G-BOSS requirement of \$300,000,000.

C-17 GLOBEMASTER

In light of increases to both the Army and Marine Corps end-strength and the emerging lift needs of the Future Combat System, the Department of Defense has not adequately assessed strategic lift requirements. The need for an accurate assessment is critical because the C-17 aircraft production line is facing shut-down in the very near-term. As a prudent course of action to avoid plant shut-down before the requirement is fully assessed, the recommendation provides \$3,604,500,000 to procure 15 C-17 aircraft.

C/KC/MC-130J PROCUREMENT

An appropriation of \$2,469,700,000 is recommended for the procurement of 34 C/KC/MC-130J aircraft. Given the age and usage of the C-130, KC-130 and MC-130 fleets, it is justifiable to acquire replacement aircraft faster and in higher quantities in order to drive down unit acquisition costs and operating costs. Therefore, the recommendation fully funds 18 C-130J aircraft, seven MC-130J aircraft and nine KC-130J aircraft. These funds are provided with the expectation that the Department of Defense will proceed expeditiously with negotiations to enter into a follow-on joint multi-year procurement contract in order to lock in lower acquisition prices. It is anticipated that the savings achieved with a multi-year procurement contract will be applied to the associated economic order quantity requirement.

LARGE AIRCRAFT INFRARED COUNTERMEASURES [LAIRCM]

The fiscal year 2007 supplemental provided \$112,400,000 to install LAIRCM on C-37 aircraft at an estimated cost of \$11,200,000 per aircraft. Due to discounts offered by the vendor and installer for subsequent aircraft, each additional aircraft modification was approximately 50 percent of the original estimate, resulting in a savings of \$55,000,000. The Secretary of the Air Force is directed to use the savings to fund the LAIRCM modification for C-20B and C-20H aircraft. These aircraft are not currently tasked for missions into areas where man-portable, shoulder-fired, infrared seeking anti-aircraft missile countermeasures are required. Passengers are transferred to combat aircraft such as the C-130 and C-17 that are equipped with countermeasure equipment. These modifications will allow the C-20B/H aircraft to be tasked for missions directly into areas

where countermeasures are required and, thus, negate the need for combat aircraft to be diverted for these missions.

HANDGUN REPLACEMENT

The recommendation includes no funding for the Air Force to replace its handgun. \$5,000,000 was provided in fiscal year 2007 to perform a study on replacing the handgun that was not executed because there was no validated requirement for a new handgun. This remains an unsubstantiated need for fiscal year 2008 supplemental funds and the Air Force is urged to request funds in the baseline account if it intends to pursue this program in the future.

NATIONAL GUARD AND RESERVE EQUIPMENT

The recommendation for the National Guard and Reserve Equipment Account is

\$825,000,000. Of this amount, \$675,000,000 is for the Army National Guard and \$150,000,000 is for the U.S. Army Reserve to meet urgent equipment needs that may arise this fiscal year. This funding will allow the Army Guard and Army Reserve to procure high priority items such as: AH-64 helicopter modifications from A model to D model for the Army Guard; HH-60 Blackhawk medical evacuation helicopters for the Army Reserve; UH-60 helicopter model A to L conversions; HMMWV utility vehicles; Heavy Expanded Mobile Tactical Trucks; Liquid Logistics Storage and Distribution Systems; sniper detection devices; MILSATCOM, NAVSTAR GPS, and other communications equipment; Night Vision equipment; psychological operations equipment; Water Purifi-

cation Systems; Air Traffic Control Simulator Systems; Light Medium and Medium Tactical Vehicles; trucks, tractors, and line haul equipment; Armored Security Vehicles; Joint Service Transportable Decontamination Systems -Small Scale [JSTDs-SS]; Logistics Automation Systems [SAMS-E, CAISI, and VSAT]; and tactical bridging and power generating equipment.

An appropriation of \$185,499,000 is recommended for the JOINT STARS aircraft program. \$58,600,000 is for the Primary Mis-

sion Equipment and Diminishing Manufacturing Source [PME/DMS] development program, \$1,409,000 is for the Surface Warfare Joint Capability Technology Demonstration,

\$36,000,000 is for increased bandwidth and beyond line of site capability for the aircraft, \$4,100,000 is for Single Channel Ground to Air

Radio System [SINGARS] voice initial capability insertion, and \$85,390,000 is for the Radar Technology Insertion Program for Joint STARS.

C-17 HEADS-UP DISPLAY

Beginning in fiscal year 2012 the current C-17 Heads-Up Display [HUD] will no longer be supportable due to problems associated with parts obsolescence. Given this timeline, the Air Force may use C-17 research, development, test and evaluation funds already appropriated in fiscal year 2008 to start a replacement program for the HUD.

FACILITIES SUSTAINMENT, RESTORATION AND MODERNIZATION

The recommendation includes an additional \$293,023,000 for sustainment, restoration and modernization of military medical projects for the Army, Navy and Air Force. The average "recapitalization rate" (aggregate investment in infrastructure) for civilian hospitals is 21 years and the current Department of Defense medical facility recapitalization rate exceeds 75 years. This funding is only a temporary band-aid for certain facilities and the Department is urged to request the necessary military construction funds.

JOINT MEDICAL COMMUNICATIONS INFRASTRUCTURE

The recommendation includes \$5,000,000 in the Information Management budget activity group within operation and maintenance and \$25,000,000 in procurement for the advancement of real time interoperability of medical images and data. This project enables real-time interoperability for the Theater Medical Information Program [TMIP] and other Department of Defense, Department of Veterans Affairs, and civilian medical systems to provide life saving capabilities to our service men and women. TMIP applications are currently deployed all the way down to our field medics to record patient encounter data, usually at the point of injury. Department of Defense medical application data is not currently in a common data format; Veterans Affairs data is entered as text, preventing the data from being computable. Integration and processing of data is not done in real-time; utilizing data in this manner can require days, even weeks. This project enables real time interoperability for life saving data to Emergency Operations Centers for the Army, Air Force and Navy Combatant Commands, eliminating life threatening situations where medical assets are potentially not available to those that need them. Without those medical assets being available, the lives, health and safety of our forces are at stake.

UNFUNDED FISCAL YEAR 2008 PROCUREMENT REQUIREMENTS

The recommendation includes an additional \$62,000,000 for unfunded procurement requirements for the Army and Navy. The Air Force does not have any unfunded procurement requirements for fiscal year 2008. Providing the most advanced medical equipment is essential for the care of our service members and their families and the Services have a limited ability to procure critical medical technology because of the exponential cost growth for medical equipment and the restrictions on the service medical accounts. Additional procurement resources have been provided to the Services for the past 2 years and the Department must make a concerted effort to reflect these requirements in future budget submissions for the Defense Health Program.

BATTLE CASUALTY AND PSYCHOLOGICAL HEALTH RESEARCH

The recommendation includes an additional \$273,800,000 to address prevention, diagnosis, treatment, and mitigation of deployment-related injuries and psychological health concerns. These funds are targeted to accelerate ongoing programs and are for peer reviewed research into emergent approaches and technologies. These funds are directed toward the following research areas: final development of medical devices for use in theater (including portable suction machines and EKGs for theater hospitals); blood safety and blood products; burns (including tissue viability and fluid resuscitation); orthopedic and other trauma treatment and rehabilitation (including face, visual/ocular and nerve damage, dental, and auditory systems); suicide prevention and counseling (including reducing nurse stress and fatigue at military treatment facilities); traumatic brain injury and psychological health (including Post Traumatic Stress Disorder); injury prevention; wound infection and healing; treatment for severe cutaneous leishmaniasis; and wound infection vaccines. These funds shall be executed through the Army's Medical Research and Materiel Command. The Army is directed to work in conjunction with the Navy and the Air Force to augment all Department of Defense research efforts in these areas. The Department is directed to provide a report with a detailed plan for the use of these funds and timeline for execution by August 1, 2008.

CENTER FOR NEUROSCIENCE AND REGENERATIVE MEDICINE

The recommendation includes an additional \$70,000,000 to increase investigators and research capabilities in Traumatic Brain Injury and regenerative medicine across the Armed Forces. The focus of this initiative is an intramural start-up for the study of blast injury to the brain and post traumatic stress by studying actual combat casualties cared for at Walter Reed Army Medical Center and the National Naval Medical Center and using sophisticated neuroimaging technology at the National Institute of Health's Clinical Center.

POST TRAUMATIC STRESS DISORDER AND TRAUMATIC BRAIN INJURY

In addition to amounts otherwise available to the Defense Health Program, \$75,000,000 is available to continue work for traumatic brain injury and psychological health.

DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES, DEFENSE

An appropriation of \$65,317,000 is recommended for Drug Interdiction and Counter-Drug Activities, Defense for operations in Afghanistan, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Thailand and Turkmenistan.

OFFICE OF THE INSPECTOR GENERAL

An appropriation of \$6,394,000 is recommended for the Office of the Inspector General. This is an increase of \$2,000,000 in research, development, test and evaluation funding for the development of an Investigative Data System for the Defense Criminal Investigative Service.

GENERAL PROVISIONS—THIS CHAPTER

The recommended bill includes the following general provisions for this chapter:

Section 11101 establishes the period of availability for obligation for appropriations provided in this chapter.

Section 11102 provides that funds made available in this chapter are in addition to amounts provided elsewhere for the Department of Defense for fiscal year 2008.

Section 11103 provides for special transfer authority of up to \$2,500,000,000 of funds in

CHAPTER 3

GENERAL PROVISIONS—THIS TITLE
DEPARTMENT OF DEFENSE—MILITARY
RECOMMENDATION

In title XI, chapter 3, the following is recommended.

RECONSTRUCTION

The United States and the Government of Iraq are increasing their reliance on U.S. funds for reconstruction efforts in Iraq, and the Department of Defense is financing a large number of long-term and costly projects. Many of these efforts are urgently needed, but the Government of Iraq should bear the majority of these costs. Therefore, the Secretary of Defense is directed to immediately begin to develop the processes and procedures necessary to institute an equal cost sharing between the United States and Iraq for all reconstruction projects funded in this title greater than \$750,000. Implementation of this new cost sharing arrangement shall begin no later than October 1, 2008. This is the necessary first step in decreasing the Government of Iraq's heavy reliance on U.S. funding for reconstruction efforts.

GENERAL PROVISIONS—THIS CHAPTER

The recommended bill includes the following general provisions for this chapter:

Section 11301 provides that the amounts recommended under this title are designated as an emergency requirement and necessary to meet emergency needs pursuant to subsections (a) and (b) of section 204 of S. Con. Res. 21 (110th Congress), the concurrent resolution on the budget for fiscal year 2008.

Section 11302 provides for the obligation and expenditure of funds related to activities pursuant to section 504(a)(1) of the National Security Act of 1947.

Section 11303 prohibits the use of funds to contravene laws or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment.

Section 11304 requires a report on the United States global strategy to combat and defeat al Qaeda and its affiliates.

Section 11305 provides that none of the funds appropriated in this chapter may be obligated and expended to finance programs or activities denied by Congress in fiscal year 2007 or 2008 appropriations for the Department of Defense or to initiate a new start without prior approval.

Section 11306 provides for an increase in the amount authorized for the United States contribution to NATO to \$435,259,000.

Section 11307 prohibits award fees to any defense contractor in contravention to provisions of section 814 of the National Defense Authorization Act, 2007.

Section 11308 provides that: (a) of the funds made available for "Defense Health Program" in Public Law 110-28, \$75,000,000 are rescinded and, (b) of the funds made available for "Joint Improvised Explosive Device Defeat Fund" in division L of the Consolidated Appropriations Act, 2008 (Public Law 110-161), \$71,531,000 are rescinded.

Section 11309 provides that of the funding provided in the Readiness, Veterans' Care, Katrina Recovery and Iraq Accountability Appropriations Act, 2007 that remains available for obligation under the Iraq Freedom Fund 2007/2008, \$150,000,000 is only for the Joint Rapid Acquisition Cell program and \$10,000,000 is only for the transportation of fallen service members.

Section 11310 restricts funds available to the Department of Defense on joint basing initiatives until each affected Secretary of a military department or the head of each affected Federal agency certifies to the congressional defense committees that joint basing at the affected military installation will result in significant costs savings and will not negatively impact the morale of members of the Armed Forces.

Section 11311 allows Combatant Commanders to use funds available in this title in operation and maintenance to purchase an investment item of not more than \$500,000 to meet operational requirements.

Section 11312 includes a provision addressing a returning worker exemption.

[SEC. 218. ADMISSION OF TEMPORARY H-2A WORKERS.

[(a) CONDITIONS FOR APPROVAL OF H-2A PETITIONS.—

[(1) A petition to import an alien as an H-2A worker (as defined in subsection (i)(2)) may not be approved by the Attorney General unless the petitioner has applied to the Secretary of Labor for a certification that—

[(A) there are not sufficient workers who are able, willing, and qualified, and who will be available at the time and place needed, to perform the labor or services involved in the petition, and

[(B) the employment of the alien in such labor or services will not adversely affect the wages and working conditions of workers in the United States similarly employed.

[(2) The Secretary of Labor may require by regulation, as a condition of issuing the certification, the payment of a fee to recover the reasonable costs of processing applications for certification.

[(b) CONDITIONS FOR DENIAL OF LABOR CERTIFICATION.—The Secretary of Labor may not issue a certification under subsection (a) with respect to an employer if the conditions described in that subsection are not met or if any of the following conditions are met:

[(1) There is a strike or lockout in the course of a labor dispute which, under the regulations, precludes such certification.

[(2)(A) The employer during the previous two-year period employed H-2A workers and the Secretary of Labor has determined, after notice and opportunity for a hearing, that the employer at any time during that period substantially violated a material term or condition of the labor certification with respect to the employment of domestic or non-immigrant workers.

[(B) No employer may be denied certification under subparagraph (A) for more than three years for any violation described in such subparagraph.

[(3) The employer has not provided the Secretary with satisfactory assurances that if the employment for which the certification is sought is not covered by State workers' compensation law, the employer will provide, at no cost to the worker, insurance covering injury and disease arising out of and in the course of the worker's employment which will provide benefits at least equal to those provided under the State workers' compensation law for comparable employment.

[(4) The Secretary determines that the employer has not made positive recruitment efforts within a multi-state region of traditional or expected labor supply where the Secretary finds that there are a significant number of qualified United States workers who, if recruited, would be willing to make themselves available for work at the time and place needed. Positive recruitment under this paragraph is in addition to, and shall be conducted within the same time period as, the circulation through the interstate employment service system of the employer's job offer. The obligation to engage in positive recruitment under this paragraph shall terminate on the date the H-2A workers depart for the employer's place of employment.

[(c) SPECIAL RULES FOR CONSIDERATION OF APPLICATIONS.—The following rules shall apply in the case of the filing and consideration of an application for a labor certification under this section:

[(1) DEADLINE FOR FILING APPLICATIONS.—The Secretary of Labor may not require that the application be filed more than 45 days before the first date the employer requires the labor or services of the H-2A worker.

[(2) NOTICE WITHIN SEVEN DAYS OF DEFICIENCIES.—

[(A) The employer shall be notified in writing within seven days of the date of filing if the application does not meet the standards (other than that described in subsection (a)(1)(A)) for approval.

[(B) If the application does not meet such standards, the notice shall include the reasons therefor and the Secretary shall provide an opportunity for the prompt resubmission of a modified application.

[(3) ISSUANCE OF CERTIFICATION.—

[(A) The Secretary of Labor shall make, not later than 30 days before the date such labor or services are first required to be performed, the certification described in subsection (a)(1) if—

[(i) the employer has complied with the criteria for certification (including criteria for the recruitment of eligible individuals as prescribed by the Secretary), and

[(ii) the employer does not actually have, or has not been provided with referrals of, qualified eligible individuals who have indicated their availability to perform such labor or services on the terms and conditions of a job offer which meets the requirements of the Secretary. In considering the question of whether a specific qualification is appropriate in a job offer, the Secretary shall apply the normal and accepted qualifications

required by non-H-2A-employers in the same or comparable occupations and crops.

[(B)(i) For a period of 3 years subsequent to the effective date of this section, labor certifications shall remain effective only if, from the time the foreign worker departs for the employer's place of employment, the employer will provide employment to any qualified United States worker who applies to the employer until 50 percent of the period of the work contract, under which the foreign worker who is in the job was hired, has elapsed. In addition, the employer will offer to provide benefits, wages and working conditions required pursuant to this section and regulations.

[(ii) The requirement of clause (i) shall not apply to any employer who—

[(I) did not, during any calendar quarter during the preceding calendar year, use more than 500 man-days of agricultural labor, as defined in section 3(u) of the Fair Labor Standards Act of 1938 (29 U.S.C. 203 (u)).

[(II) is not a member of an association which has petitioned for certification under this section for its members, and

[(III) has not otherwise associated with other employers who are petitioning for temporary foreign workers under this section.

[(iii) Six months before the end of the 3-year period described in clause (i), the Secretary of Labor shall consider the findings of the report mandated by section 403(a)(4)(D) of the Immigration Reform and Control Act of 1986 as well as other relevant materials, including evidence of benefits to United States workers and costs to employers, addressing the advisability of continuing a policy which requires an employer, as a condition for certification under this section, to continue to accept qualified, eligible United States workers for employment after the date the H-2A workers depart for work with the employer. The Secretary's review of such findings and materials shall lead to the issuance of findings in furtherance of the Congressional policy that aliens not be admitted under this section unless there are not sufficient workers in the United States who are able, willing, and qualified to perform the labor or service needed and that the employment of the aliens in such labor or services will not adversely affect the wages and working conditions of workers in the United States similarly employed. In the absence of the enactment of Federal legislation prior to three months before the end of the 3-year period described in clause (i) which addresses the subject matter of this subparagraph, the Secretary shall immediately publish the findings required by this clause, and shall promulgate, on an interim or final basis, regulations based on his findings which shall be effective no later than three years from the effective date of this section.

[(iv) In complying with clause (i) of this subparagraph, an association shall be allowed to refer or transfer workers among its members: *Provided*, That for purposes of this section an association acting as an agent for its members shall not be considered a joint employer merely because of such referral or transfer.

[(v) United States workers referred or transferred pursuant to clause (iv) of this subparagraph shall not be treated disparately.

[(vi) An employer shall not be liable for payments under section 655.202(b)(6) of title 20, Code of Federal Regulations (or any successor regulation) with respect to an H-2A worker who is displaced due to compliance with the requirement of this subparagraph, if the Secretary of Labor certifies that the H-2A worker was displaced because of the employer's compliance with clause (i) of this subparagraph.

[(vii)(I) No person or entity shall willfully and knowingly withhold domestic workers prior to the arrival of H-2A workers in order to force the hiring of domestic workers under clause (i).

[(II) Upon the receipt of a complaint by an employer that a violation of subclause (I) has occurred the Secretary shall immediately investigate. He shall within 36 hours of the receipt of the complaint issue findings concerning the alleged violation. Where the Secretary finds that a violation has occurred, he shall immediately suspend the application of clause (i) of this subparagraph with respect to that certification for that date of need.

[(4) HOUSING.—Employers shall furnish housing in accordance with regulations. The employer shall be permitted at the employer's option to provide housing meeting applicable Federal standards for temporary labor camps or to secure housing which meets the local standards for rental and/or public accommodations or other substantially similar class of habitation: *Provided*, That in the absence of applicable local standards, State standards for rental and/or public accommodations or other substantially similar class of habitation shall be met: *Provided further*, That in the absence of applicable local or State standards, Federal temporary labor camp standards shall apply: *Provided further*, That the Secretary of Labor shall issue regulations which address the specific requirements of housing for employees principally engaged in the range production of livestock: *Provided further*, That when it is the prevailing practice in the area and occupation of intended employment to provide family housing, family housing shall be provided to workers with families who request it: And *Provided further*, That nothing in this paragraph shall require an employer to provide or secure housing for workers who are not entitled to it under the temporary labor certification regulations in effect on June 1, 1986. The determination as to whether the housing furnished by an employer for an H-2A worker meets the requirements imposed by this paragraph must be made prior to the date specified in paragraph (3)(A) by which the Secretary of Labor is required to make a certification described in subsection (a)(1) with respect to a petition for the importation of such worker.

[(d) ROLES OF AGRICULTURAL ASSOCIATIONS.—

[(1) PERMITTING FILING BY AGRICULTURAL ASSOCIATIONS.—A petition to import an alien as a temporary agricultural worker, and an application for a labor certification with respect to such a worker, may be filed by an association of agricultural producers which use agricultural services.

[(2) TREATMENT OF ASSOCIATIONS ACTING AS EMPLOYERS.—If an association is a joint or sole employer of temporary agricultural workers, the certifications granted under this section to the association may be used for the certified job opportunities of any of its producer members and such workers may be transferred among its producer members to perform agricultural services of a temporary or seasonal nature for which the certifications were granted.

[(3) TREATMENT OF VIOLATIONS.—

[(A) MEMBER'S VIOLATION DOES NOT NECESSARILY DISQUALIFY ASSOCIATION OR OTHER MEMBERS.—If an individual producer member of a joint employer association is determined to have committed an act that under subsection (b)(2) results in the denial of certification with respect to the member, the denial shall apply only to that member of the association unless the Secretary determines that the association or other member participated in, had knowledge of, or reason to know of, the violation.

[(B) ASSOCIATION'S VIOLATION DOES NOT NECESSARILY DISQUALIFY MEMBERS.—

[(i) If an association representing agricultural producers as a joint employer is determined to have committed an act that under subsection (b)(2) results in the denial of certification with respect to the association, the denial shall apply only to the association and does not apply to any individual producer member of the association unless the Secretary determines that the member participated in, had knowledge of, or reason to know of, the violation.

[(ii) If an association of agricultural producers certified as a sole employer is determined to have committed an act that under subsection (b)(2) results in the denial of certification with respect to the association, no individual producer member of such association may be the beneficiary of the services of temporary alien agricultural workers admitted under this section in the commodity and occupation in which such aliens were employed by the association which was denied certification during the period such denial is in force, unless such producer member employs such aliens in the commodity and occupation in question directly or through an association which is a joint employer of such workers with the producer member.

[(e) EXPEDITED ADMINISTRATIVE APPEALS OF CERTAIN DETERMINATIONS.—

[(1) Regulations shall provide for an expedited procedure for the review of a denial of certification under subsection (a)(1) or a revocation of such a certification or, at the applicant's request, for a de novo administrative hearing respecting the denial or revocation.

[(2) The Secretary of Labor shall expeditiously, but in no case later than 72 hours after the time a new determination is requested, make a new determination on the request for certification in the case of an H-2A worker if able, willing, and qualified eligible individuals are not actually available at the time such labor or services are required and a certification was denied in whole or in part because of the availability of qualified workers. If the employer asserts that any eligible individual who has been referred is not able, willing, or qualified, the burden of proof is on the employer to establish that the individual referred is not able, willing, or qualified because of employment-related reasons.

[(f) VIOLATORS DISQUALIFIED FOR 5 YEARS.—An alien may not be admitted to the United States as a temporary agricultural worker if the alien was admitted to the United States as such a worker within the previous five-year period and the alien during that period violated a term or condition of such previous admission.

[(g) AUTHORIZATIONS OF APPROPRIATIONS.—

[(1) There are authorized to be appropriated for each fiscal year, beginning with fiscal year 1987, \$10,000,000 for the purposes—

[(A) of recruiting domestic workers for temporary labor and services which might otherwise be performed by nonimmigrants described in section 101(a)(15)(H)(ii)(a), and

[(B) of monitoring terms and conditions under which such nonimmigrants (and domestic workers employed by the same employers) are employed in the United States.

[(2) The Secretary of Labor is authorized to take such actions, including imposing appropriate penalties and seeking appropriate injunctive relief and specific performance of contractual obligations, as may be necessary to assure employer compliance with terms and conditions of employment under this section.

[(3) There are authorized to be appropriated for each fiscal year, beginning with fiscal year 1987, such sums as may be necessary for the purpose of enabling the Sec-

retary of Labor to make determinations and certifications under this section and under section 212(a)(5)(A)(i).

[(4) There are authorized to be appropriated for each fiscal year, beginning with fiscal year 1987, such sums as may be necessary for the purposes of enabling the Secretary of Agriculture to carry out the Secretary's duties and responsibilities under this section.

[(h) MISCELLANEOUS PROVISIONS.—

[(2) The provisions of subsections (a) and (c) of section 214 and the provisions of this section preempt any State or local law regulating admissibility of nonimmigrant workers.

[(i) DEFINITIONS.—For purposes of this section:

[(1) The term "eligible individual" means, with respect to employment, an individual who is not an unauthorized alien (as defined in section 274A(h)(3) with respect to that employment.

(D) TEMPORARY OR SEASONAL JOB OPPORTUNITIES.—The job opportunity is temporary or seasonal.

(E) OFFERS TO UNITED STATES WORKERS.—The employer has offered or will offer the job to any eligible United States worker who applies and is equally or better qualified for the job for which the nonimmigrant is, or the nonimmigrants are, sought and who will be available at the time and place of need.

(F) **PROVISION OF INSURANCE.**—If the job opportunity is not covered by the State workers' compensation law, the employer will provide, at no cost to the worker, insurance covering injury and disease arising out of, and in the course of, the worker's employment which will provide benefits at least equal to those provided under the State's workers' compensation law for comparable employment.

(2) **JOB OPPORTUNITIES NOT COVERED BY COLLECTIVE BARGAINING AGREEMENTS.**—With respect to a job opportunity that is not covered under a collective bargaining agreement:

(A) **STRIKE OR LOCKOUT.**—The specific job opportunity for which the employer has applied for an H-2A worker is not vacant because the former occupant is on strike or being locked out in the course of a labor dispute.

(D) **NONDISPLACEMENT OF UNITED STATES WORKERS.**—The employer did not displace and will not displace a United States worker employed by the employer during the period of employment and for a period of 30 days preceding the period of employment in the occupation at the place of employment for which the employer has applied for an H-2A worker.

(E) **REQUIREMENTS FOR PLACEMENT OF THE NONIMMIGRANT WITH OTHER EMPLOYERS.**—The employer will not place the nonimmigrant with another employer unless—

(i) the nonimmigrant performs duties in whole or in part at 1 or more worksites owned, operated, or controlled by such other employer;

(ii) there are indicia of an employment relationship between the nonimmigrant and such other employer; and

(iii) the employer has inquired of the other employer as to whether, and has no actual knowledge or notice that, during the period of employment and for a period of 30 days preceding the period of employment, the other employer has displaced or intends to displace a United States worker employed by the other employer in the occupation at the place of employment for which the employer seeks approval to employ H-2A workers.

(I) **CONTACTING FORMER WORKERS.**—The employer shall make reasonable efforts through the sending of a letter by United States Postal Service mail, or otherwise, to contact any United States worker the employer employed during the previous season in the occupation at the place of intended employment for which the employer is applying for workers and has made the availability of the employer's job opportunities in the

occupation at the place of intended employment known to such previous workers, unless the worker was terminated from employment by the employer for a lawful job-related reason or abandoned the job before the worker completed the period of employment of the job opportunity for which the worker was hired.

(II) **FILING A JOB OFFER WITH THE LOCAL OFFICE OF THE STATE EMPLOYMENT SECURITY AGENCY.**—Not later than 28 days before the date on which the employer desires to employ an H-2A worker in a temporary or seasonal agricultural job opportunity, the employer shall submit a copy of the job offer described in subsection (a)(2) to the local office of the State employment security agency which serves the area of intended employment and authorize the posting of the job opportunity on "America's Job Bank" or other electronic job registry, except that nothing in this subclause shall require the employer to file an interstate job order under section 653 of title 20, Code of Federal Regulations.

(III) **ADVERTISING OF JOB OPPORTUNITIES.**—Not later than 14 days before the date on which the employer desires to employ an H-2A worker in a temporary or seasonal agricultural job opportunity, the employer shall advertise the availability of the job opportunities for which the employer is seeking workers in a publication in the local labor market that is likely to be patronized by potential farm workers.

(IV) **EMERGENCY PROCEDURES.**—The Secretary of Labor shall, by regulation, provide a procedure for acceptance and approval of applications in which the employer has not complied with the provisions of this subparagraph because the employer's need for H-2A workers could not reasonably have been foreseen.

(ii) **JOB OFFERS.**—The employer has offered or will offer the job to any eligible United States worker who applies and is equally or better qualified for the job for which the nonimmigrant is, or nonimmigrants are, sought and who will be available at the time and place of need.

(iii) **PERIOD OF EMPLOYMENT.**—The employer will provide employment to any qualified United States worker who applies to the employer during the period beginning on the date on which the H-2A worker departs for the employer's place of employment and ending on the date on which 50 percent of the period of employment for which the H-2A worker who is in the job was hired has elapsed, subject to the following requirements:

(I) **PROHIBITION.**—No person or entity shall willfully and knowingly withhold United States workers before the arrival of H-2A workers in order to force the hiring of United States workers under this clause.

(II) **COMPLAINTS.**—Upon receipt of a complaint by an employer that a violation of subclause (I) has occurred, the Secretary of Labor shall immediately investigate. The Secretary of Labor shall, within 36 hours of the receipt of the complaint, issue findings concerning the alleged violation. If the Secretary of Labor finds that a violation has occurred, the Secretary of Labor shall immediately suspend the application of this clause with respect to that certification for that date of need.

(III) **PLACEMENT OF UNITED STATES WORKERS.**—Before referring a United States worker to an employer during the period described in the matter preceding subclause (I), the Secretary of Labor shall make all reasonable efforts to place the United States worker in an open job acceptable to the worker, if there are other job offers pending with the job service that offer similar job opportunities in the area of intended employment.

(iv) **STATUTORY CONSTRUCTION.**—Nothing in this subparagraph shall be construed to prohibit an employer from using such legitimate selection criteria relevant to the type of job that are normal or customary to the type of job involved so long as such criteria are not applied in a discriminatory manner.

(c) **APPLICATIONS BY ASSOCIATIONS ON BEHALF OF EMPLOYER MEMBERS.**—

(1) **IN GENERAL.**—An agricultural association may file an application under subsection (a) on behalf of 1 or more of its employer members that the association certifies in its application has or have agreed in writing to comply with the requirements of this section and sections 218A, 218B, and 218C.

(2) **TREATMENT OF ASSOCIATIONS ACTING AS EMPLOYERS.**—If an association filing an application under paragraph (1) is a joint or sole employer of the temporary or seasonal agricultural workers requested on the application, the certifications granted under subsection (e)(2)(B) to the association may be used for the certified job opportunities of any of its producer members named on the application, and such workers may be transferred among such producer members to perform the agricultural services of a temporary or seasonal nature for which the certifications were granted.

(d) **WITHDRAWAL OF APPLICATIONS.**—

(1) **IN GENERAL.**—An employer may withdraw an application filed pursuant to subsection (a), except that if the employer is an agricultural association, the association may withdraw an application filed pursuant to subsection (a) with respect to 1 or more of its members. To withdraw an application, the employer or association shall notify the Secretary of Labor in writing, and the Secretary of Labor shall acknowledge in writing the receipt of such withdrawal notice. An employer who withdraws an application under subsection (a), or on whose behalf an application is withdrawn, is relieved of the obligations undertaken in the application.

(2) **LIMITATION.**—An application may not be withdrawn while any alien provided status under section 101(a)(15)(H)(ii)(a) pursuant to such application is employed by the employer.

(3) **OBLIGATIONS UNDER OTHER STATUTES.**—Any obligation incurred by an employer under any other law or regulation as a result of the recruitment of United States workers or H-2A workers under an offer of terms and conditions of employment required as a result of making an application under subsection (a) is unaffected by withdrawal of such application.

(e) **REVIEW AND APPROVAL OF APPLICATIONS.**—

(1) **RESPONSIBILITY OF EMPLOYERS.**—The employer shall make available for public examination, within 1 working day after the date on which an application under subsection (a) is filed, at the employer's principal place of business or worksite, a copy of each such application (and such accompanying documents as are necessary).

(2) **RESPONSIBILITY OF THE SECRETARY OF LABOR.**—

(A) **COMPILATION OF LIST.**—The Secretary of Labor shall compile, on a current basis, a list (by employer and by occupational classification) of the applications filed under subsection (a). Such list shall include the wage rate, number of workers sought, period of intended employment, and date of need. The Secretary of Labor shall make such list available for examination in the District of Columbia.

(B) **REVIEW OF APPLICATIONS.**—The Secretary of Labor shall review such an application only for completeness and obvious inaccuracies. Unless the Secretary of Labor finds that the application is incomplete or obviously inaccurate, the Secretary of Labor shall certify that the intending employer has filed with the Secretary of Labor an application as described in subsection (a). Such certification shall be provided within 7 days of the filing of the application.

SEC. 218A. H-2A WORKER EMPLOYMENT REQUIREMENTS.

(a) **PREFERENTIAL TREATMENT OF ALIENS PROHIBITED.**—Employers seeking to hire United States workers shall offer the United States workers no less than the same benefits, wages, and working conditions that the employer is offering, intends to offer, or will provide to H-2A workers. Conversely, no job offer may impose on

United States workers any restrictions or obligations which will not be imposed on the employer's H-2A workers.

(b) **MINIMUM BENEFITS, WAGES, AND WORKING CONDITIONS.**—Except in cases where higher benefits, wages, or working conditions are required by the provisions of subsection (a), in order to protect similarly employed United States workers from adverse effects with respect to benefits, wages, and working conditions, every job offer which shall accompany an application under section 218(b)(2) shall include each of the following benefit, wage, and working condition provisions:

(1) **REQUIREMENT TO PROVIDE HOUSING OR A HOUSING ALLOWANCE.**—

(A) **IN GENERAL.**—An employer applying under section 218(a) for H-2A workers shall offer to provide housing at no cost to all workers in job opportunities for which the employer has applied under that section and to all other workers in the same occupation at the place of employment, whose place of residence is beyond normal commuting distance.

(B) **TYPE OF HOUSING.**—In complying with subparagraph (A), an employer may, at the employer's election, provide housing that meets applicable Federal standards for temporary labor camps or secure housing that meets applicable local standards for rental or public accommodation housing or other substantially similar class of habitation, or in the absence of applicable local standards, State standards for rental or public accommodation housing or other substantially similar class of habitation. In the absence of applicable local or State standards, Federal temporary labor camp standards shall apply.

(C) **FAMILY HOUSING.**—If it is the prevailing practice in the occupation and area of intended employment to provide family housing, family housing shall be provided to workers with families who request it.

(D) **WORKERS ENGAGED IN THE RANGE PRODUCTION OF LIVESTOCK.**—The Secretary of Labor shall issue regulations that address the specific requirements for the provision of housing to workers engaged in the range production of livestock.

(E) **LIMITATION.**—Nothing in this paragraph shall be construed to require an employer to provide or secure housing for persons who were not entitled to such housing under the temporary labor certification regulations in effect on June 1, 1986.

(F) **CHARGES FOR HOUSING.**—

(i) **CHARGES FOR PUBLIC HOUSING.**—If public housing provided for migrant agricultural workers under the auspices of a local, county, or State government is secured by an employer, and use of the public housing unit normally requires charges from migrant workers, such charges shall be paid by the employer directly to the appropriate individual or entity affiliated with the housing's management.

(ii) **DEPOSIT CHARGES.**—Charges in the form of deposits for bedding or other similar incidentals related to housing shall not be levied upon workers by employers who provide housing for their workers. An employer may require a worker found to have been responsible for damage to such housing which is not the result of normal wear and tear related to habitation to reimburse the employer for the reasonable cost of repair of such damage.

(G) **HOUSING ALLOWANCE AS ALTERNATIVE.**—

(i) **IN GENERAL.**—If the requirement set out in clause (ii) is satisfied, the employer may provide a reasonable housing allowance instead of offering housing under subparagraph (A). Upon the request of a worker seeking assistance in locating housing, the employer shall make a good faith effort to assist the worker in identifying and locating housing in the area of intended employment. An employer who offers a housing allowance to a worker, or assists a worker in locating housing which the worker occupies, pursuant to this clause shall not be deemed a housing provider under section 203 of the Migrant

and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1823) solely by virtue of providing such housing allowance. No housing allowance may be used for housing which is owned or controlled by the employer.

(ii) **CERTIFICATION.**—The requirement of this clause is satisfied if the Governor of the State certifies to the Secretary of Labor that there is adequate housing available in the area of intended employment for migrant farm workers and H-2A workers who are seeking temporary housing while employed in agricultural work. Such certification shall expire after 3 years unless renewed by the Governor of the State.

(iii) **AMOUNT OF ALLOWANCE.**—

(I) **NONMETROPOLITAN COUNTIES.**—If the place of employment of the workers provided an allowance under this subparagraph is a nonmetropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market rental for existing housing for nonmetropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

(II) **METROPOLITAN COUNTIES.**—If the place of employment of the workers provided an allowance under this paragraph is in a metropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market rental for existing housing for metropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

(2) **REIMBURSEMENT OF TRANSPORTATION.**—

(A) **TO PLACE OF EMPLOYMENT.**—A worker who completes 50 percent of the period of employment of the job opportunity for which the worker was hired shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place from which the worker came to work for the employer (or place of last employment, if the worker traveled from such place) to the place of employment.

(B) **FROM PLACE OF EMPLOYMENT.**—A worker who completes the period of employment for the job opportunity involved shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place of employment to the place from which the worker, disregarding intervening employment, came to work for the employer, or to the place of next employment, if the worker has contracted with a subsequent employer who has not agreed to provide or pay for the worker's transportation and subsistence to such subsequent employer's place of employment.

(C) **LIMITATION.**—

(i) **AMOUNT OF REIMBURSEMENT.**—Except as provided in clause (ii), the amount of reimbursement provided under subparagraph (A) or (B) to a worker or alien shall not exceed the lesser of—

(I) the actual cost to the worker or alien of the transportation and subsistence involved; or

(II) the most economical and reasonable common carrier transportation charges and subsistence costs for the distance involved.

(ii) **DISTANCE TRAVELED.**—No reimbursement under subparagraph (A) or (B) shall be required if the distance traveled is 100 miles or less, or the worker is not residing in employer-provided housing or housing secured through an allowance as provided in paragraph (1)(G).

(D) **EARLY TERMINATION.**—If the worker is laid off or employment is terminated for contract impossibility (as described in paragraph (4)(D)) before the anticipated ending date of employment, the employer shall provide the transportation and subsistence required by subparagraph (B) and, notwithstanding whether the worker has completed 50 percent of the period of

employment, shall provide the transportation reimbursement required by subparagraph (A).

(E) **TRANSPORTATION BETWEEN LIVING QUARTERS AND WORKSITE.**—The employer shall provide transportation between the worker's living quarters and the employer's worksite without cost to the worker, and such transportation will be in accordance with applicable laws and regulations.

(3) **REQUIRED WAGES.**—

(A) **IN GENERAL.**—An employer applying for workers under section 218(a) shall offer to pay, and shall pay, all workers in the occupation for which the employer has applied for workers, not less (and is not required to pay more) than the greater of the prevailing wage in the occupation in the area of intended employment or the adverse effect wage rate. No worker shall be paid less than the greater of the hourly wage prescribed under section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) or the applicable State minimum wage.

(B) **LIMITATION.**—Effective on the date of the enactment of the Emergency Agriculture Relief Act of 2008 and continuing for 3 years thereafter, no adverse effect wage rate for a State may be more than the adverse effect wage rate for that State in effect on January 1, 2008, as established by section 655.107 of title 20, Code of Federal Regulations.

(C) **REQUIRED WAGES AFTER 3-YEAR FREEZE.**—If Congress does not set a new wage standard applicable to this section before March 1, 2012, the adverse effect wage rate for each State beginning on March 1, 2012 shall be the wage rate that would have resulted under the methodology in effect on January 1, 2008.

(D) **DEDUCTIONS.**—The employer shall make only those deductions from the worker's wages that are authorized by law or are reasonable and customary in the occupation and area of employment. The job offer shall specify all deductions not required by law which the employer will make from the worker's wages.

(E) **FREQUENCY OF PAY.**—The employer shall pay the worker not less frequently than twice monthly, or in accordance with the prevailing practice in the area of employment, whichever is more frequent.

(F) **HOURS AND EARNINGS STATEMENTS.**—The employer shall furnish to the worker, on or before each payday, in 1 or more written statements—

- (i) the worker's total earnings for the pay period;
- (ii) the worker's hourly rate of pay, piece rate of pay, or both;
- (iii) the hours of employment which have been offered to the worker (broken out by hours offered in accordance with and over and above the $\frac{3}{4}$ guarantee described in paragraph (4));
- (iv) the hours actually worked by the worker;
- (v) an itemization of the deductions made from the worker's wages; and
- (vi) if piece rates of pay are used, the units produced daily.

(G) **REPORT ON WAGE PROTECTIONS.**—Not later than December 31, 2010, the Comptroller General of the United States shall prepare and transmit to the Secretary of Labor, the Committee on the Judiciary of the Senate, and Committee on the Judiciary of the House of Representatives, a report that addresses—

(i) whether the employment of H-2A or unauthorized aliens in the United States agricultural workforce has depressed United States farm worker wages below the levels that would otherwise have prevailed if alien farm workers had not been employed in the United States;

(ii) whether an adverse effect wage rate is necessary to prevent wages of United States farm workers in occupations in which H-2A workers are employed from falling below the wage levels that would have prevailed in the absence of the employment of H-2A workers in those occupations;

(iii) whether alternative wage standards, such as a prevailing wage standard, would be sufficient to prevent wages in occupations in which

H-2A workers are employed from falling below the wage level that would have prevailed in the absence of H-2A employment;

(iv) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage; and

(v) recommendations for future wage protection under this section.

(H) COMMISSION ON WAGE STANDARDS.—

(i) ESTABLISHMENT.—There is established the Commission on Agricultural Wage Standards under the H-2A program (in this subparagraph referred to as the “Commission”).

(ii) COMPOSITION.—The Commission shall consist of 10 members as follows:

(I) Four representatives of agricultural employers and 1 representative of the Department of Agriculture, each appointed by the Secretary of Agriculture.

(II) Four representatives of agricultural workers and 1 representative of the Department of Labor, each appointed by the Secretary of Labor.

(iii) FUNCTIONS.—The Commission shall conduct a study that shall address—

(I) whether the employment of H-2A or unauthorized aliens in the United States agricultural workforce has depressed United States farm worker wages below the levels that would otherwise have prevailed if alien farm workers had not been employed in the United States;

(II) whether an adverse effect wage rate is necessary to prevent wages of United States farm workers in occupations in which H-2A workers are employed from falling below the wage levels that would have prevailed in the absence of the employment of H-2A workers in those occupations;

(III) whether alternative wage standards, such as a prevailing wage standard, would be sufficient to prevent wages in occupations in which H-2A workers are employed from falling below the wage level that would have prevailed in the absence of H-2A employment;

(IV) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage rate; and

(V) recommendations for future wage protection under this section.

(iv) FINAL REPORT.—Not later than December 31, 2010, the Commission shall submit a report to the Congress setting forth the findings of the study conducted under clause (iii).

(v) TERMINATION DATE.—The Commission shall terminate upon submitting its final report.

(4) GUARANTEE OF EMPLOYMENT.—

(A) OFFER TO WORKER.—The employer shall guarantee to offer the worker employment for the hourly equivalent of at least $\frac{3}{4}$ of the work days of the total period of employment, beginning with the first work day after the arrival of the worker at the place of employment and ending on the expiration date specified in the job offer. For purposes of this subparagraph, the hourly equivalent means the number of hours in the work days as stated in the job offer and shall exclude the worker's Sabbath and Federal holidays. If the employer affords the United States or H-2A worker less employment than that required under this paragraph, the employer shall pay such worker the amount which the worker would have earned had the worker, in fact, worked for the guaranteed number of hours.

(B) FAILURE TO WORK.—Any hours which the worker fails to work, up to a maximum of the number of hours specified in the job offer for a work day, when the worker has been offered an opportunity to do so, and all hours of work actually performed (including voluntary work in excess of the number of hours specified in the job offer in a work day, on the worker's Sabbath, or on Federal holidays) may be counted by the employer in calculating whether the period of guaranteed employment has been met.

(C) ABANDONMENT OF EMPLOYMENT, TERMINATION FOR CAUSE.—If the worker voluntarily

abandons employment before the end of the contract period, or is terminated for cause, the worker is not entitled to the “ $\frac{3}{4}$ guarantee” described in subparagraph (A).

(D) CONTRACT IMPOSSIBILITY.—If, before the expiration of the period of employment specified in the job offer, the services of the worker are no longer required for reasons beyond the control of the employer due to any form of natural disaster, including a flood, hurricane, freeze, earthquake, fire, drought, plant or animal disease or pest infestation, or regulatory drought, before the guarantee in subparagraph (A) is fulfilled, the employer may terminate the worker's employment. In the event of such termination, the employer shall fulfill the employment guarantee in subparagraph (A) for the work days that have elapsed from the first work day after the arrival of the worker to the termination of employment. In such cases, the employer will make efforts to transfer the United States worker to other comparable employment acceptable to the worker. If such transfer is not effected, the employer shall provide the return transportation required in paragraph (2)(D).

(5) MOTOR VEHICLE SAFETY.—

(A) MODE OF TRANSPORTATION SUBJECT TO COVERAGE.—

(i) IN GENERAL.—Except as provided in clauses (iii) and (iv), this subsection applies to any H-2A employer that uses or causes to be used any vehicle to transport an H-2A worker within the United States.

(ii) DEFINED TERM.—In this paragraph, the term “uses or causes to be used” —

(I) applies only to transportation provided by an H-2A employer to an H-2A worker, or by a farm labor contractor to an H-2A worker at the request or direction of an H-2A employer; and

(iii) CLARIFICATION.—Providing a job offer to an H-2A worker that causes the worker to travel to or from the place of employment, or the payment or reimbursement of the transportation costs of an H-2A worker by an H-2A employer, shall not constitute an arrangement of, or participation in, such transportation.

(iv) AGRICULTURAL MACHINERY AND EQUIPMENT EXCLUDED.—This subsection does not apply to the transportation of an H-2A worker on a tractor, combine, harvester, picker, or other similar machinery or equipment while such worker is actually engaged in the planting, cultivating, or harvesting of agricultural commodities or the care of livestock or poultry or engaged in transportation incidental thereto.

(I) No insurance policy or liability bond shall be required of the employer, if such workers are transported only under circumstances for which there is coverage under such State law.

(II) An insurance policy or liability bond shall be required of the employer for circumstances under which coverage for the transportation of such workers is not provided under such State law.

(c) COMPLIANCE WITH LABOR LAWS.—An employer shall assure that, except as otherwise provided in this section, the employer will comply with all applicable Federal, State, and local labor laws, including laws affecting migrant and seasonal agricultural workers, with respect to all United States workers and alien workers employed by the employer, except that a violation of this assurance shall not constitute a violation of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1801 et seq.).

(d) COPY OF JOB OFFER.—The employer shall provide to the worker, not later than the day the work commences, a copy of the employer's application and job offer described in section 218(a), or, if the employer will require the worker to enter into a separate employment contract covering the employment in question, such separate employment contract.

(B) whose employment is terminated after a United States worker is employed pursuant to

section 218(b)(2)(H)(iii), if the United States worker voluntarily departs before the end of the period of intended employment or if the employment termination is for a lawful job-related reason.

(iii) the individual whose eligibility is being verified is authorized to be admitted into, and employed in, the United States as an H-2A worker.

(B) The document shall be in a form that is resistant to counterfeiting and to tampering.

(C) **The document shall—**

(1) **EXTENSION OF STAY.**—If an employer seeks approval to employ an H-2A alien who is lawfully present in the United States, the petition filed by the employer or an association pursuant to subsection (a), shall request an extension of the alien's stay and a change in the alien's employment.

(2) **LIMITATION ON FILING A PETITION FOR EXTENSION OF STAY.**—A petition may not be filed for an extension of an alien's stay—

(D) **APPROVAL OF PETITION.**—Upon approval of a petition for an extension of stay or change in the alien's authorized employment, the Secretary shall provide a new or updated employment eligibility document to the alien indicating the new validity date, after which the alien is not required to retain a copy of the petition.

(4) **LIMITATION ON EMPLOYMENT AUTHORIZATION OF ALIENS WITHOUT VALID IDENTIFICATION AND EMPLOYMENT ELIGIBILITY DOCUMENT.**—An expired identification and employment eligibility document, together with a copy of a petition for extension of stay or change in the alien's authorized employment that complies with the requirements of paragraph (1), shall constitute a valid work authorization document for a period of not more than 60 days beginning on the date on which such petition is filed, after which time only a currently valid identification and employment eligibility document shall be acceptable.

(5) **LIMITATION ON AN INDIVIDUAL'S STAY IN STATUS.**—

(A) **MAXIMUM PERIOD.**—The maximum continuous period of authorized status as an H-2A worker (including any extensions) is 3 years.

(B) **REQUIREMENT TO REMAIN OUTSIDE THE UNITED STATES.**—

(i) **IN GENERAL.**—Subject to clause (ii), in the case of an alien outside the United States whose period of authorized status as an H-2A worker (including any extensions) has expired, the alien may not again apply for admission to the United States as an H-2A worker unless the alien has remained outside the United States for a continuous period equal to at least $\frac{1}{2}$ the duration of the alien's previous period of authorized status as an H-2A worker (including any extensions).

(ii) **EXCEPTION.**—Clause (i) shall not apply in the case of an alien if the alien's period of authorized status as an H-2A worker (including any extensions) was for a period of not more than 10 months and such alien has been outside the United States for at least 2 months during the 12 months preceding the date the alien again is applying for admission to the United States as an H-2A worker.

(i) **SPECIAL RULES FOR ALIENS EMPLOYED AS SHEEPHERDERS, GOAT HERDERS, DAIRY WORKERS, OR HORSE WORKERS.**—Notwithstanding any provision of the Emergency Agriculture Relief Act of 2008, an alien admitted under section 101(a)(15)(H)(ii)(a) for employment as a sheepherder, goat herder, dairy worker, or horse worker—

(5) **EXTENSION OF STAY.**—The Secretary shall extend the stay of an eligible alien having a pending or approved classification petition described in paragraph (2) in 1-year increments until a final determination is made on the alien's eligibility for adjustment of status to that of an alien lawfully admitted for permanent residence.

(a) **ENFORCEMENT AUTHORITY.**—

(1) **INVESTIGATION OF COMPLAINTS.**—

(A) **AGGRIEVED PERSON OR THIRD-PARTY COMPLAINTS.**—The Secretary of Labor shall establish a process for the receipt, investigation, and disposition of complaints respecting a petitioner's failure to meet a condition specified in section 218(b), or an employer's misrepresentation of material facts in an application under section 218(a). Complaints may be filed by any aggrieved person or organization (including bargaining representatives). No investigation or hearing shall be conducted on a complaint concerning such a failure or misrepresentation unless the complaint was filed not later than 12 months after the date of the failure, or misrepresentation, respectively. The Secretary of Labor shall conduct an investigation under this subparagraph if there is reasonable cause to believe that such a failure or misrepresentation has occurred.

(B) **DETERMINATION ON COMPLAINT.**—Under such process, the Secretary of Labor shall provide, within 30 days after the date such a complaint is filed, for a determination as to whether or not a reasonable basis exists to make a finding described in subparagraph (C), (D), (E), or (G). If the Secretary of Labor determines that such a reasonable basis exists, the Secretary of Labor shall provide for notice of such determination to the interested parties and an opportunity for a hearing on the complaint, in accordance with section 556 of title 5, United States Code, within 60 days after the date of the determination. If such a hearing is requested, the Secretary of Labor shall make a finding concerning the matter not later than 60 days after the date of the hearing. In the case of similar complaints respecting the same applicant, the Secretary of Labor may consolidate the hearings under this subparagraph on such complaints.

(C) **FAILURES TO MEET CONDITIONS.**—If the Secretary of Labor finds, after notice and opportunity for a hearing, a failure to meet a condition of paragraph (1)(A), (1)(B), (1)(D), (1)(F), (2)(A), (2)(B), or (2)(G) of section 218(b), a substantial failure to meet a condition of paragraph (1)(C), (1)(E), (2)(C), (2)(D), (2)(E), or (2)(H) of section 218(b), or a material misrepresentation of fact in an application under section 218(a)—

(i) the Secretary of Labor shall notify the Secretary of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed \$1,000 per violation) as the Secretary of Labor determines to be appropriate; and

(ii) the Secretary may disqualify the employer from the employment of aliens described in section 101(a)(15)(H)(ii)(a) for a period of 1 year.

(D) **WILLFUL FAILURES AND WILLFUL MISREPRESENTATIONS.**—If the Secretary of Labor finds, after notice and opportunity for hearing, a willful failure to meet a condition of section 218(b), a willful misrepresentation of a material fact in an application under section 218(a), or a violation of subsection (d)(1)—

(i) the Secretary of Labor shall notify the Secretary of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed \$5,000 per violation) as the Secretary of Labor determines to be appropriate;

(ii) the Secretary of Labor may seek appropriate legal or equitable relief to effectuate the purposes of subsection (d)(1); and

(iii) the Secretary may disqualify the employer from the employment of H-2A workers for a period of 2 years.

(i) the Secretary of Labor shall notify the Secretary of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed \$15,000 per violation) as the Secretary of Labor determines to be appropriate; and

(ii) the Secretary may disqualify the employer from the employment of H-2A workers for a period of 3 years.

(F) **LIMITATIONS ON CIVIL MONEY PENALTIES.**—The Secretary of Labor shall not impose total civil money penalties with respect to an application under section 218(a) in excess of \$90,000.

(G) **FAILURES TO PAY WAGES OR REQUIRED BENEFITS.**—If the Secretary of Labor finds, after notice and opportunity for a hearing, that the employer has failed to pay the wages, or provide the housing allowance, transportation, subsistence reimbursement, or guarantee of employment, required under section 218A(b), the Secretary of Labor shall assess payment of back wages, or other required benefits, due any United States worker or H-2A worker employed by the employer in the specific employment in question. The back wages or other required benefits under section 218A(b) shall be equal to the difference between the amount that should have been paid and the amount that actually was paid to such worker.

(2) **STATUTORY CONSTRUCTION.**—Nothing in this section shall be construed as limiting the authority of the Secretary of Labor to conduct any compliance investigation under any other labor law, including any law affecting migrant and seasonal agricultural workers, or, in the absence of a complaint under this section, under section 218 or 218A.

(b) **RIGHTS ENFORCEABLE BY PRIVATE RIGHT OF ACTION.**—H-2A workers may enforce the following rights through the private right of action provided in subsection (c), and no other right of action shall exist under Federal or State law to enforce such rights:

(1) The providing of housing or a housing allowance as required under section 218A(b)(1).

(2) The reimbursement of transportation as required under section 218A(b)(2).

(3) The payment of wages required under section 218A(b)(3) when due.

(4) The benefits and material terms and conditions of employment expressly provided in the job offer described in section 218(a)(2), not including the assurance to comply with other Federal, State, and local labor laws described in section 218A(c), compliance with which shall be governed by the provisions of such laws.

(5) The guarantee of employment required under section 218A(b)(4).

(6) The motor vehicle safety requirements under section 218A(b)(5).

(7) The prohibition of discrimination under subsection (d)(2).

(c) **PRIVATE RIGHT OF ACTION.**—

(1) **MEDIATION.**—Upon the filing of a complaint by an H-2A worker aggrieved by a violation of rights enforceable under subsection (b), and within 60 days of the filing of proof of service of the complaint, a party to the action may file a request with the Federal Mediation and Conciliation Service to assist the parties in

reaching a satisfactory resolution of all issues involving all parties to the dispute. Upon a filing of such request and giving of notice to the parties, the parties shall attempt mediation within the period specified in subparagraph (B).

(A) **MEDIATION SERVICES.**—The Federal Mediation and Conciliation Service shall be available to assist in resolving disputes arising under subsection (b) between H-2A workers and agricultural employers without charge to the parties.

(B) **90-DAY LIMIT.**—The Federal Mediation and Conciliation Service may conduct mediation or other nonbinding dispute resolution activities for a period not to exceed 90 days beginning on the date on which the Federal Mediation and Conciliation Service receives the request for assistance unless the parties agree to an extension of this period of time.

(C) **AUTHORIZATION.**—

(i) **IN GENERAL.**—Subject to clause (ii), there are authorized to be appropriated to the Federal Mediation and Conciliation Service \$500,000 for each fiscal year to carry out this section.

(ii) **MEDIATION.**—Notwithstanding any other provision of law, the Director of the Federal Mediation and Conciliation Service is authorized to conduct the mediation or other dispute resolution activities from any other appropriated funds available to the Director and to reimburse such appropriated funds when the funds are appropriated pursuant to this authorization, such reimbursement to be credited to appropriations currently available at the time of receipt.

(2) **MAINTENANCE OF CIVIL ACTION IN DISTRICT COURT BY AGGRIEVED PERSON.**—An H-2A worker aggrieved by a violation of rights enforceable under subsection (b) by an agricultural employer or other person may file suit in any district court of the United States having jurisdiction over the parties, without regard to the amount in controversy, without regard to the citizenship of the parties, and without regard to the exhaustion of any alternative administrative remedies under this Act, not later than 3 years after the date the violation occurs.

(3) **ELECTION.**—An H-2A worker who has filed an administrative complaint with the Secretary of Labor may not maintain a civil action under paragraph (2) unless a complaint based on the same violation filed with the Secretary of Labor under subsection (a)(1) is withdrawn before the filing of such action, in which case the rights and remedies available under this subsection shall be exclusive.

(4) **PREEMPTION OF STATE CONTRACT RIGHTS.**—Nothing in this Act shall be construed to diminish the rights and remedies of an H-2A worker under any other Federal or State law or regulation or under any collective bargaining agreement, except that no court or administrative action shall be available under any State contract law to enforce the rights created by this Act.

(5) **WAIVER OF RIGHTS PROHIBITED.**—Agreements by employees purporting to waive or modify their rights under this Act shall be void as contrary to public policy, except that a waiver or modification of the rights or obligations in favor of the Secretary of Labor shall be valid for purposes of the enforcement of this Act. The preceding sentence may not be construed to prohibit agreements to settle private disputes or litigation.

(6) **AWARD OF DAMAGES OR OTHER EQUITABLE RELIEF.**—

(A) If the court finds that the respondent has intentionally violated any of the rights enforceable under subsection (b), it shall award actual damages, if any, or equitable relief.

(B) Any civil action brought under this section shall be subject to appeal as provided in chapter 83 of title 28, United States Code.

(7) **WORKERS' COMPENSATION BENEFITS; EXCLUSIVE REMEDY.**—

(A) Notwithstanding any other provision of this section, where a State's workers' compensation law is applicable and coverage is provided for an H-2A worker, the workers' compensation benefits shall be the exclusive remedy for the

loss of such worker under this section in the case of bodily injury or death in accordance with such State's workers' compensation law.

(B) The exclusive remedy prescribed in subparagraph (A) precludes the recovery under paragraph (6) of actual damages for loss from an injury or death but does not preclude other equitable relief, except that such relief shall not include back or front pay or in any manner, directly or indirectly, expand or otherwise alter or affect—

(i) a recovery under a State workers' compensation law; or

(ii) rights conferred under a State workers' compensation law.

(8) TOLLING OF STATUTE OF LIMITATIONS.—If it is determined under a State workers' compensation law that the workers' compensation law is not applicable to a claim for bodily injury or death of an H-2A worker, the statute of limitations for bringing an action for actual damages for such injury or death under subsection (c) shall be tolled for the period during which the claim for such injury or death under such State workers' compensation law was pending. The statute of limitations for an action for actual damages or other equitable relief arising out of the same transaction or occurrence as the injury or death of the H-2A worker shall be tolled for the period during which the claim for such injury or death was pending under the State workers' compensation law.

(9) PRECLUSIVE EFFECT.—Any settlement by an H-2A worker and an H-2A employer or any person reached through the mediation process required under subsection (c)(1) shall preclude any right of action arising out of the same facts between the parties in any Federal or State court or administrative proceeding, unless specifically provided otherwise in the settlement agreement.

(10) SETTLEMENTS.—Any settlement by the Secretary of Labor with an H-2A employer on behalf of an H-2A worker of a complaint filed with the Secretary of Labor under this section or any finding by the Secretary of Labor under subsection (a)(1)(B) shall preclude any right of action arising out of the same facts between the parties under any Federal or State court or administrative proceeding, unless specifically provided otherwise in the settlement agreement.

(d) DISCRIMINATION PROHIBITED.—

(1) IN GENERAL.—It is a violation of this subsection for any person who has filed an application under section 218(a), to intimidate, threaten, restrain, coerce, blacklist, discharge, or in any other manner discriminate against an employee (which term, for purposes of this subsection, includes a former employee and an applicant for employment) because the employee has disclosed information to the employer, or to any other person, that the employee reasonably believes evidences a violation of section 218 or 218A or any rule or regulation pertaining to section 218 or 218A, or because the employee cooperates or seeks to cooperate in an investigation or other proceeding concerning the employer's compliance with the requirements of section 218 or 218A or any rule or regulation pertaining to either of such sections.

(2) DISCRIMINATION AGAINST H-2A WORKERS.—It is a violation of this subsection for any person who has filed an application under section 218(a), to intimidate, threaten, restrain, coerce, blacklist, discharge, or in any manner discriminate against an H-2A employee because such worker has, with just cause, filed a complaint with the Secretary of Labor regarding a denial of the rights enumerated and enforceable under subsection (b) or instituted, or caused to be instituted, a private right of action under subsection (c) regarding the denial of the rights enumerated under subsection (b), or has testified or is about to testify in any court proceeding brought under subsection (c).

(e) AUTHORIZATION TO SEEK OTHER APPROPRIATE EMPLOYMENT.—The Secretary of Labor and the Secretary shall establish a process

under which an H-2A worker who files a complaint regarding a violation of subsection (d) and is otherwise eligible to remain and work in the United States may be allowed to seek other appropriate employment in the United States for a period not to exceed the maximum period of stay authorized for such nonimmigrant classification.

(f) ROLE OF ASSOCIATIONS.—

(1) VIOLATION BY A MEMBER OF AN ASSOCIATION.—An employer on whose behalf an application is filed by an association acting as its agent is fully responsible for such application, and for complying with the terms and conditions of sections 218 and 218A, as though the employer had filed the application itself. If such an employer is determined, under this section, to have committed a violation, the penalty for such violation shall apply only to that member of the association unless the Secretary of Labor determines that the association or other member participated in, had knowledge, or reason to know, of the violation, in which case the penalty shall be invoked against the association or other association member as well.

(2) VIOLATIONS BY AN ASSOCIATION ACTING AS AN EMPLOYER.—If an association filing an application as a sole or joint employer is determined to have committed a violation under this section, the penalty for such violation shall apply only to the association unless the Secretary of Labor determines that an association member or members participated in or had knowledge, or reason to know of the violation, in which case the penalty shall be invoked against the association member or members as well.

(A) requires each applicant for, or recipient of, medical assistance under the State plan under this title on the basis of being aged, blind, or disabled to provide authorization by such applicant or recipient (and any other person whose resources are required by law to be disclosed to determine the eligibility of the applicant or recipient for such assistance) for the State to obtain (subject to the cost reimbursement requirements of section 1115(a) of the Right to Financial Privacy Act of 1978 but at no cost to the applicant or recipient) from any financial institution (within the meaning of section 1101(1) of such Act) any financial record (within the meaning of section 1101(2) of such Act) held by the institution with respect to the applicant or recipient (and such other person, as applicable), whenever the State determines the record is needed in connection with a determination with respect to such eligibility for (or the amount or extent of) such medical assistance; and

(B) uses the authorization provided under subparagraph (A) to verify the financial resources of such applicant or recipient (and such other person, as applicable), in order to determine or redetermine the eligibility of such applicant or recipient for medical assistance under the State plan.

(2) **PROGRAM DESCRIBED.**—A program described in this paragraph is a program for verifying individual assets in a manner consistent with the approach used by the Commissioner of Social Security under section 1631(e)(1)(B)(ii).

(c) **DURATION OF AUTHORIZATION.**—Notwithstanding section 1104(a)(1) of the Right to Financial Privacy Act of 1978, an authorization provided to a State under subsection (b)(1)(A) shall remain effective until the earliest of—

(1) the rendering of a final adverse decision on the applicant's application for medical assistance under the State's plan under this title;

(2) the cessation of the recipient's eligibility for such medical assistance; or

(3) the express revocation by the applicant or recipient (or such other person described in subsection (b)(1)(A), as applicable) of the authorization, in a written notification to the State.

(d) **TREATMENT OF RIGHT TO FINANCIAL PRIVACY ACT REQUIREMENTS.**—

(1) An authorization obtained by the State under subsection (b)(1) shall be considered to meet the requirements of the Right to Financial Privacy Act of 1978 for purposes of section 1103(a) of such Act, and need not be furnished to the financial institution, notwithstanding section 1104(a) of such Act.

(2) The certification requirements of section 1103(b) of the Right to Financial Privacy Act of 1978 shall not apply to requests by the State pursuant to an authorization provided under subsection (b)(1).

(3) A request by the State pursuant to an authorization provided under subsection (b)(1) is

deemed to meet the requirements of section 1104(a)(3) of the Right to Financial Privacy Act of 1978 and of section 1102 of such Act, relating to a reasonable description of financial records.

(e) **REQUIRED DISCLOSURE.**—The State shall inform any person who provides authorization pursuant to subsection (b)(1)(A) of the duration and scope of the authorization.

(f) **REFUSAL OR REVOCATION OF AUTHORIZATION.**—If an applicant for, or recipient of, medical assistance under the State plan under this title (or such other person described in subsection (b)(1)(A), as applicable) refuses to provide, or revokes, any authorization made by the applicant or recipient (or such other person, as applicable) under subsection (b)(1)(A) for the State to obtain from any financial institution any financial record, the State may, on that basis, determine that the applicant or recipient is ineligible for medical assistance.

(g) **USE OF CONTRACTOR.**—For purposes of implementing an asset verification program under this section, a State may select and enter into a contract with a public or private entity meeting such criteria and qualifications as the State determines appropriate, consistent with requirements in regulations relating to general contracting provisions and with section 1903(i)(2). In carrying out activities under such contract, such an entity shall be subject to the same requirements and limitations on use and disclosure of information as would apply if the State were to carry out such activities directly.

(h) **TECHNICAL ASSISTANCE.**—The Secretary shall provide States with technical assistance to aid in implementation of an asset verification program under this section.

(i) **REPORTS.**—A State implementing an asset verification program under this section shall furnish to the Secretary such reports concerning the program, at such times, in such format, and containing such information as the Secretary determines appropriate.

(j) **TREATMENT OF PROGRAM EXPENSES.**—Notwithstanding any other provision of law, reasonable expenses of States in carrying out the program under this section shall be treated, for purposes of section 1903(a), in the same manner as State expenditures specified in paragraph (7) of such section.

(b) **STATEMENT OF POLICY.**—It is the policy of the United States to support the continued downblending of highly enriched uranium of weapons origin in the Russian Federation in order to protect the essential security interests of the United States with respect to the non-proliferation of nuclear weapons.

(c) **PROMOTION OF DOWNBLENDING OF RUSSIAN HIGHLY ENRICHED URANIUM.**—

(1) **INCENTIVES FOR THE COMPLETION OF THE RUSSIAN HEU AGREEMENT.**—Prior to the completion of the Russian HEU Agreement, the importation into the United States of low-enriched uranium, including low-enriched uranium obtained under contracts for separative work units, that is produced in the Russian Federation and is not imported pursuant to the Russian HEU Agreement may not exceed the following amounts:

(A) In each of the calendar years 2008 and 2009, not more than 22,500 kilograms.

(B) In each of the calendar years 2010 and 2011, not more than 45,000 kilograms.

(C) In calendar year 2012 and each calendar year thereafter through the calendar year of the completion of the Russian HEU Agreement, not more than 67,500 kilograms.

(2) **INCENTIVES TO CONTINUE DOWNBLENDING RUSSIAN HIGHLY ENRICHED URANIUM AFTER THE COMPLETION OF THE RUSSIAN HEU AGREEMENT.**—

(A) **IN GENERAL.**—In each calendar year beginning after the calendar year of the completion of the Russian HEU Agreement and before the termination date described in paragraph (8), the importation into the United States of low-enriched uranium, including low-enriched uranium obtained under contracts for separative work units, that is produced in the Russian Federation, whether or not such low-enriched uranium is derived from highly enriched uranium of weapons origin, may not exceed 400,000 kilograms.

(B) **ADDITIONAL IMPORTS.**—

(i) **IN GENERAL.**—In addition to the amount authorized to be imported under subparagraph (A) and except as provided in clause (ii), 20 kilograms of low-enriched uranium, whether or not

such low-enriched uranium is derived from highly enriched uranium of weapons origin, may be imported for every 3 kilograms of Russian highly enriched uranium of weapons origin that was downblended in the preceding calendar year, subject to the verification of the Secretary of Energy under paragraph (10).

(ii) **MAXIMUM ANNUAL IMPORTS.**—Not more than 200,000 kilograms of low-enriched uranium may be imported in a calendar year under clause (i).

(3) **EXCEPTION WITH RESPECT TO INITIAL CORES.**—The import limitations described in paragraphs (1) and (2) shall not apply to low-enriched uranium produced in the Russian Federation that is imported into the United States for use in the initial core of a new nuclear reactor.

(4) **ANNUAL ADJUSTMENT.**—

(A) **IN GENERAL.**—Beginning in the second calendar year after the calendar year of the completion of the Russian HEU Agreement, the Secretary of Energy shall increase or decrease the amount of low-enriched uranium that may be imported in a calendar year under paragraph (2) (including the amount of low-enriched uranium that may be imported for each kilogram of highly enriched uranium downblended under paragraph (2)(B)(i)) by a percentage equal to the percentage increase or decrease, as the case may be, in the average amount of uranium loaded into nuclear power reactors in the United States in the most recent 3-calendar-year period for which data are available, as reported by the Energy Information Administration of the Department of Energy, compared to the average amount of uranium loaded into such reactors during the 3-calendar-year period beginning on January 1, 2011, as reported by the Energy Information Administration.

(B) **PUBLICATION OF ADJUSTMENTS.**—As soon as practicable, but not later than July 31 of each calendar year, the Secretary of Energy shall publish in the Federal Register the amount of low-enriched uranium that may be imported in the current calendar year after the adjustment under subparagraph (A).

(5) **AUTHORITY FOR ADDITIONAL ADJUSTMENT.**—In addition to the annual adjustment under paragraph (4), the Secretary of Commerce may adjust the import limitations under paragraph (2)(A) for a calendar year if the Secretary—

(A) in consultation with the Secretary of Energy, determines that the available supply of low-enriched uranium from the Russian Federation and the available stockpiles of uranium of the Department of Energy are insufficient to meet demand in the United States in the following calendar year; and

(B) notifies Congress of the adjustment not less than 45 days before making the adjustment.

(6) **EQUIVALENT QUANTITIES OF LOW-ENRICHED URANIUM IMPORTS.**—

(A) **IN GENERAL.**—The import limitations described in paragraphs (1) and (2) are expressed in terms of uranium containing 4.4 percent uranium-235 and a tails assay of 0.3 percent.

(B) **ADJUSTMENT FOR OTHER URANIUM.**—Imports of low-enriched uranium under paragraphs (1) and (2) shall count against the import limitations described in such paragraphs in amounts calculated as the quantity of low-enriched uranium containing 4.4 percent uranium-235 necessary to equal the total amount of uranium-235 contained in such imports.

(7) **DOWNBLENDING OF OTHER HIGHLY ENRICHED URANIUM.**—

(A) **IN GENERAL.**—The downblending of highly enriched uranium not of weapons origin may be counted for purposes of paragraph (2)(B) or (8)(B), subject to verification under paragraph (10), if the Secretary of Energy determines that the highly enriched uranium to be downblended poses a risk to the national security of the United States.

(B) **EQUIVALENT QUANTITIES OF HIGHLY ENRICHED URANIUM.**—For purposes of determining

the additional low-enriched uranium imports allowed under paragraph (2)(B) and for purposes of paragraph (8)(B), highly enriched uranium not of weapons origin downblended pursuant to subparagraph (A) shall count as downblended highly enriched uranium of weapons origin in amounts calculated as the quantity of highly enriched uranium containing 90 percent uranium-235 necessary to equal the total amount of uranium-235 contained in the highly enriched uranium not of weapons origin downblended pursuant to subparagraph (A).

(8) **TERMINATION OF IMPORT RESTRICTIONS AFTER DOWNBLENDING OF AN ADDITIONAL 300 METRIC TONS OF HIGHLY ENRICHED URANIUM.**—The provisions of this subsection shall terminate on the later of—

(A) December 31, 2020; or

(B) the date on which the Secretary of Energy certifies to Congress that, after the completion of the Russian HEU Agreement, not less than an additional 300 metric tons of Russian highly enriched uranium of weapons origin have been downblended.

(9) **SPECIAL RULE IF IMPORTATION UNDER RUSSIAN HEU AGREEMENT TERMINATES EARLY.**—Notwithstanding any other provision of law, no low-enriched uranium produced in the Russian Federation that is not derived from highly enriched uranium of weapons origin, including low-enriched uranium obtained under contracts for separate work units, may be imported into the United States if, before the completion of the Russian HEU Agreement, the Secretary of Energy determines that the Russian Federation has taken deliberate action to disrupt or halt the importation into the United States of low-enriched uranium under the Russian HEU Agreement.

(10) **TECHNICAL VERIFICATIONS BY SECRETARY OF ENERGY.**—

(A) **IN GENERAL.**—The Secretary of Energy shall verify the origin, quantity, and uranium-235 content of the highly enriched uranium downblended for purposes of paragraphs (2)(B), (7), and (8)(B).

(B) **METHODS OF VERIFICATION.**—In conducting the verification required under subparagraph (A), the Secretary of Energy shall employ the transparency measures provided for in the Russian HEU Agreement for monitoring the downblending of Russian highly enriched uranium of weapons origin and such other methods as the Secretary determines appropriate.

(11) **ENFORCEMENT OF IMPORT LIMITATIONS.**—The Secretary of Commerce shall be responsible for enforcing the import limitations imposed under this subsection and shall enforce such import limitations in a manner that imposes a minimal burden on the commercial nuclear industry.

(12) **EFFECT ON OTHER AGREEMENTS.**—

(A) **RUSSIAN HEU AGREEMENT.**—Nothing in this section shall be construed to modify the terms of the Russian HEU Agreement, including the provisions of the Agreement relating to the amount of low-enriched uranium that may be imported into the United States.

(B) **OTHER AGREEMENTS.**—If a provision of any agreement between the United States and the Russian Federation, other than the Russian HEU Agreement, relating to the importation of low-enriched uranium into the United States conflicts with a provision of this section, the provision of this section shall supersede the provision of the agreement to the extent of the conflict.

(d) **DOWNBLENDING OF HIGHLY ENRICHED URANIUM IN THE UNITED STATES.**—The Secretary of Energy may sell uranium in the jurisdiction of the Secretary, including downblended highly enriched uranium, at fair market value to a licensed operator of a nuclear reactor in the United States—

(1) in the event of a disruption in the nuclear fuel supply in the United States; or

(2) after a determination of the Secretary under subsection (c)(9) that the Russian Federa-

tion has taken deliberate action to disrupt or halt the importation into the United States of low-enriched uranium under the Russian HEU Agreement.

BROADCAST MEDIA OWNERSHIP

Mr. KYL. Madam President, the current newspaper-broadcast cross-ownership rule prohibits the coownership of a newspaper and a broadcast station in the same market. This rule is the only local ownership rule that has not been modified by the Federal Communications Commission, FCC, since the ownership rules went into place over 30 years ago. Despite massive innovation in the media marketplace, the advocates of S.J. Res. 28, the Dorgan resolution, want to preserve an archaic rule that is no longer relevant or useful in today's media world.

On December 18, 2007, the FCC issued an order to provide a modest relaxation of the newspaper-broadcast cross-ownership prohibition in the top 20 markets. To ensure that one company doesn't control the local media, the prohibition is only relaxed if there are eight independent television stations in the market. The rule change only applies to the acquisition of a television station not ranking in the top four in any market, which essentially excludes network affiliated stations. The FCC's order further mandates that all proposed newspaper-broadcast combinations be reviewed by the Commission on a case-by-case basis with the opportunity for public comment. Simply put, the new FCC rule provides a modest relief in a limited number of markets and ensures that any changes are carefully scrutinized.

After 18 months of review and more than 150,000 filed comments, 10 empirical studies, and 6 field hearings, the FCC fully vetted its decision to relax the newspaper-broadcast cross-ownership rule. It determined that the

"harm" envisioned by cross-ownership is directly contradicted by simple facts. Currently, there are a number of newspaper-broadcast station ownership combinations that are exempt from the ban through grandfathers and waivers. These combinations have served the needs of the local communities well.

The FCC also found that the ban on newspaper-broadcast combinations was established at a time when communications in any town consisted of a newspaper and, at best, a handful of local television and radio stations. The rule is antiquated in today's media world where there are multiple sources of news and viewpoints, such as the Internet, satellite radio, blogs, cable, and other forms of communication.

Finally, upholding the ban would also largely ignore the dire financial condition of the newspaper industry. Due to the multiple news and information outlets available to consumers, local newspapers are finding it harder to make a profit. What is at stake here is the long-term health of newspapers and their ability to provide the kind of journalism that has served our democratic society well for more than 200 years. Permitting cross-ownership with broadcast stations allows greater financial efficiency in the market, allowing some newspapers to survive.

For all of these reasons, I will not support the Dorgan resolution. The FCC's narrow rule will not lead to mass consolidation, and I would encourage my colleagues to consider the ramifications of reversing the FCC's order.

NATIONAL POLICE WEEK

Mrs. DOLE. Madam President, I rise to honor those officers from my home

State of North Carolina who have lost their lives in the line of duty.

In 1962, President John F. Kennedy signed a proclamation designating May 15 as Peace Officers Memorial Day and the week in which that date falls as National Police Week. During this week, tens of thousands of law enforcement officers come to Washington for events that honor their fallen comrades.

Police officers are our country's first line of defense. They dedicate their lives to making our Nation safer. While our servicemembers are fighting enemies abroad, our law enforcement officers are protecting our cities and towns here at home.

Sometimes this duty calls for the ultimate sacrifice, and, over the past year, North Carolina lost nine heroic officers: Charles Johnson Adcock Callemyn of Durham; Jason Christian Campbell of Greenville; Sean Robert Clark of Charlotte; James Heath Hardin of Hope Mills; Howard Joseph Plouff II of Winston-Salem; Jeffry Ryan Shelton of Charlotte; Alan Christopher Silver of Rocky Mount; Shawn Joshua Dean Williams of Old Fort; and Bobby Lee Cox of Burke County.

North Carolina, and indeed the whole country, is forever indebted to these and all of the Nation's police officers who have lost their lives in the line of duty. May God bless the families of these brave men and women and comfort them with the fact that their loved one's service has made America a better, safer place.

ARMED FORCES DAY

Mr. MARTINEZ. Madam President, over the course of this Nation's history, generations of Americans have made tremendous sacrifices to protect the freedoms we hold dear. Every May, we honor these courageous Americans on Armed Forces Day.

Just a few years after the close of World War II, President Harry S. Truman led the effort for this holiday. It was at the end of August, 1949, that Secretary of Defense Louis Johnson announced the creation of Armed Forces Day to replace separate days of celebration for the Army, Navy, Marine Corps, and Air Force.

This is a day for all of us as Americans to come together to recognize our brave military men and women for their service, sacrifice, and dedication to our Nation. On this Armed Forces Day, we are reminded of the important contributions our service men and women are currently making overseas to help others come to know the freedom we enjoy.

Let us not only remember all of the service men and women who have served our country so bravely, let us appreciate those serving at home and their families who sacrifice so much. On this day we thank members of our military for their selfless dedication to working everyday to protect our liberty and freedom.

As the home to more than 20 military installations and nearly 2 million veterans, this past Saturday was a proud day for many Floridians. I salute all those who have given up so much for our Nation, and express my tremendous gratitude for their service.

HONORING OUR ARMED FORCES

SERGEANT ISAAC PALOMAREZ

Mr. SALAZAR. Madam President, I rise today to honor the life of Army Sergeant Isaac Palomarez of Loveland, CO. Sergeant Palomarez was killed last Friday in Kapisa Province, Afghanistan. He and his unit were working to root out Taliban cells and insurgent networks when his patrol ran across a roadside bomb and was then attacked with grenades and small arms. Isaac Palomarez was 26 years old.

Those who knew Sergeant Palomarez describe him as a gifted student, a spirited competitor and successful athlete, and a soldier committed to honoring his country and fulfilling his duty.

He was an honor student at Loveland High School who excelled in math, was an avid reader of military history, and filled his free time with sports. He helped Loveland High School's football team win a State championship in 2000, using his talent, work ethic, and heart to outcompete opponents who outweighed him by 50 or a hundred pounds.

After graduating from high school in 2001, Isaac took classes at Colorado State University, but was uncertain about which path to choose. In 2004, sensing a responsibility to serve his

country and his community, he enlisted in the Army, following in the footsteps of his father. He was assigned to A Company, 1st Battalion, 506th Infantry Regiment, 101st Airborne Division, out of Fort Campbell, KY.

Sergeant Palomarez's first deployment was to Iraq, in 2005. After a year, he returned safely, in answer to the prayers of his family and friends.

Earlier this year he deployed again, this time to Afghanistan. Kapisa Province, in northwest Afghanistan, remains an outpost for Taliban and insurgent forces, and is a strategic link between the border regions and Afghanistan's capital, Kabul. Sergeant Palomarez was working with his unit and coalition forces to deny extremists a foothold in this critical area. It was a dangerous mission in an unforgiving place.

Sergeant Palomarez served in the finest tradition of America's soldiers. He was professional, compassionate, and committed to his country, community, and family. Shortly before he was killed, he borrowed a cell phone from another soldier, called his mother, and wished her a happy Mother's Day in advance. It was the last time he spoke with his family—news of Isaac's death reached his family before Mother's Day arrived.

The sense of duty and purpose that inspired Sergeant Palomarez's service is fundamental to our Nation's liberty and our democracy. The strength of our union stems from the willingness of American citizens to work and fight for the rights and freedoms of others, no matter the danger or the cost.

This was the message that William Allen White, the famous newspaper editor, delivered to Northwestern University graduates in 1936 as the specter of fascism loomed over Europe and Asia. "Liberty, if it shall cement man into political unity," said White, "must be something more than a man's conception of his rights, much more than his desire to fight for his own rights. True liberty is founded upon a lively sense of the rights of others and a fighting conviction that the rights of others must be maintained. Only when a people have this love of liberty, this militant belief in the sacredness of another man's self-respect, do races and nations possess the catalyzer in their political and social organism which produces the chemical miracle of crystallized national unity and strength. We Americans have had it for three hundred years on this continent. It was in the blood of our fathers. It was the basis of our faith in humanity when we wrote our constitution."

In Isaac Palomarez's honorable service we find the same love of liberty that has bound our union, generation after generation. In his courage and commitment to helping others, we are inspired to a greater faith in humanity. And in his sacrifice, we are humbled and indebted.

To Sergeant Palomarez's parents, Elma and Candido, to his three older

brothers, and to all his friends and family, I know no words that can assuage the pain you feel. I hope that in time your grief will give way to the pride you must feel for your son, to the joy that he stirred among those who knew him, and to the knowledge that his country will always honor his legacy. He will never be forgotten.

ADDITIONAL STATEMENTS

RECOGNIZING CHARLES RUCH

• Mr. JOHNSON. Madam President, I wish to recognize the contributions of Dr. Charles Ruch to my home State of South Dakota.

I have known Dr. Ruch since he became president of the South Dakota School of Mines and Technology in 2003. During his tenure, technology, innovation, and collaboration were continually the focus, and the School of Mines and the students there are the beneficiaries of Dr. Ruch's commitment to this vision. Dr. Ruch was instrumental in bringing the School of Mines and the community together to increase opportunities for research, scholarship, and economic development in Rapid City and across the State of South Dakota.

Dr. Ruch's emphasis on collaboration led to the Black Hills Development Center being located on the campus and the campus coming together to achieve the goals that were established in the Strategic Agenda of the School of Mines. I was consistently impressed by his love of the school, as well as his desire to improve programs and research opportunities for students and professors. Dr. Ruch is leaving the School of Mines just as funding commitments have been made to support the new Chemical and Biological Engineering building. The new building was one of the School of Mines' goals when Dr. Ruch arrived in 2003, and it is only fitting that the project is being realized as Dr. Ruch retires. As South Dakota established the Sanford Laboratory and we work with the National Science Foundation to establish a Deep Underground Science Laboratory, Dr. Ruch leaves the South Dakota School of Mines well-equipped to partner in these research projects.

Dr. Ruch has been an exceptional partner in improving collegiate opportunities in my home State and constantly sought new innovative programs, research grants, and post-graduate opportunities for students at the School of Mines. I would like to thank Dr. Ruch for his excellent service to students, the school, and the State of South Dakota. We all congratulate him on a very successful 5 years. His vision and enthusiasm for the South Dakota School of Mines and Technology will be sorely missed. •

TRIBUTE TO KENNETH L. TYSON

• Mr. LAUTENBERG. Madam President, I wish to pay tribute to Kenneth

L. Tyson for his dedication to the health care profession. Ken is a true leader, and his commitment to Newark Beth Israel Medical Center is more than worthy of recognition.

Ken began his career at Newark Beth Israel Medical Center in March 1965 as a medical technologist in the laboratory. He worked his way up the ranks and in 1990 was promoted to his current position, senior vice president of operations. Under his direction, Newark Beth Israel Medical Center has enjoyed a consistently prestigious record of contributions to the medical field. It is one of the largest hospitals in New Jersey and provides unique and highly specialized services including heart transplants, kidney transplants, lung transplants, neonatal and pediatric critical care. For over 43 years, Ken has enjoyed a distinguished reputation among his peers within the New Jersey hospital industry, the Saint Barnabas Health Care System and the Newark Beth Israel Medical Center family.

Ken Tyson is a 1965 graduate of Rutgers, the State University of New Jersey, with a bachelor of science in medical technology. He then earned a master's degree in business administration from the Rutgers Graduate School of Business in 1977. Ken also served his alma mater as an adjunct instructor in the medical technology program for 9 years and later taught clinical laboratory sciences at the University of Medicine and Dentistry of New Jersey for over 19 years. He is currently affiliated with the American College of Health Care Executives and the American Society of Clinical Pathology.

Ken has dedicated his long and illustrious career to improving health care services for the residents of New Jersey and beyond. On behalf of my home State, I am honored to express my gratitude and congratulations to Kenneth L. Tyson and extend my best wishes for a long and happy retirement with his wife Ophelia and his two children and four grandchildren.●

BLACKSTONE VALLEY TOURISM COUNCIL

● Mr. REED. Madam President, last week was National Tourism Week, established by Congress in 1983 and celebrated annually since May 1984. To mark this 25th celebration, I would like to recognize the accomplishments of the Blackstone Valley, which recently won international recognition for its sustainable tourism program.

Last month, the World Travel and Tourism Council recognized only one destination in America, the Blackstone Valley of Rhode Island and Massachusetts, with the Destination Award for 2008. This honor was bestowed upon the Blackstone Valley Tourism Council to recognize the organization's trailblazing destination stewardship approach to tourism development, including its work to preserve the area's natural, cultural, and historical heritage.

At the heart of the valley is the Blackstone River, which runs from

Worcester, MA, to Providence, RI. The river's waters once powered the Slater Mill in Pawtucket, which was America's first successful textile mill and the birthplace of the Industrial Revolution in this country. While this transition from farm to factory brought many years of prosperity, by the 1970s, the valley's economy had declined as industry moved on from the area, leaving behind a tarnished facade and environmental damage.

Today, thanks to the coordinated efforts of the Blackstone Corridor Commission, the National Park Service, the Blackstone Valley Tourism Council, businesses, environmental organizations, 24 municipalities, and the States of Rhode Island and Massachusetts, the valley has made a remarkable resurgence as a living landscape of natural and historic treasures.

The Blackstone Valley Tourism Council has shown that eco-friendly tourism can revitalize a weakened economy, restore natural surroundings, and revive residents' pride in their communities. Through innovative programs like the Sustainable Tourism Development and Planning Laboratory, the tourism council has created a model for destinations around the country to follow. It is a notable achievement for any river to be at the center of a revolution; but it is a rare feat for the Blackstone River to have spawned two.

I congratulate the people of the Blackstone Valley and the Tourism Council for spearheading an economic redevelopment strategy that has made great strides in improving the quality of life in the area.●

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 13047 OF MAY 20, 1997, WITH RESPECT TO BURMA, AS RECEIVED DURING ADJOURNMENT OF THE SENATE ON MAY 16, 2008—PM 49

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. I have sent the enclosed notice to the *Federal Register* for publication, stating that the Burma emergency is to continue beyond May 20, 2008.

The crisis between the United States and Burma arising from the actions

and policies of the Government of Burma, including its engaging in large-scale repression of the democratic opposition in Burma, that led to the declaration of a national emergency on May 20, 1997, and its expansion on October 18, 2007, and April 30, 2008, has not been resolved. These actions and policies are hostile to U.S. interests and pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency with respect to Burma and maintain in force the sanctions against Burma to respond to this threat. This action does not inhibit any efforts on the part of the United States to provide humanitarian assistance to the people of Burma in the aftermath of Cyclone Nargis.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CORNYN:

S. 3033. A bill to protect investors by fostering transparency and accountability of attorneys in private securities litigation; to the Committee on Banking, Housing, and Urban Affairs.

Mr. CORNYN. Mr. President, today I am proud to introduce the Securities Litigation Attorney Accountability and Transparency Act. The Bill promotes transparency and court oversight in the selection and compensation of class counsel in securities class action litigation. As a result, this legislation helps to ensure that the lawyer for shareholder plaintiffs in securities class action lawsuits truly and faithfully represents the interests of the entire class, and not just their own interests and those of the large investors who are the lead plaintiffs. It has been said that the lead attorney in a class action suit serves a quasi-governmental role in that he seeks to enforce the law on behalf of a broad group of ordinary citizens and the investor community at large. Bringing transparency and accountability to securities class action litigation is important to protect the rights and interests of every American who owns stock.

When a class action lawsuit is brought against a company for defrauding shareholders, one of the first steps is the selection of the lead plaintiff. The lead plaintiff is the shareholder who will actually sit in the courtroom and represent the interests of all of the shareholders in the litigation. The lead plaintiff selects the lawyer who will represent the class in the lawsuit, subject only to approval by the court.

Under the Private Securities Litigation Reform Act of 1995, the lead plaintiff is supposed to be the shareholder "that the court determines to be most capable of adequately representing the interests of class members." 15 U.S.C. 78u-4(a)(3)(B)(i). The PSLRA creates a presumption that, in general, the lead plaintiff should be the plaintiff with the "largest financial interest in the relief sought by the class." 15 U.S.C. 78u-4(a)(3)(B)(iii)(bb). The theory behind this rule is that the party with the most at stake will most vigorously defend the interests of the entire class. In general, this theory has proven true, and the PSLRA is a substantial improvement over the law before the PSLRA, in which the lead plaintiff was generally whoever first filed the lawsuit.

However, as recent events have shown, the PSLRA has itself proven subject to abuse. The Bill that I introduce today has been made necessary by recent scandals in which lawyers entered secret arrangements with lead plaintiffs to keep an unfair amount of

the lawsuit's proceeds between them, while shutting out ordinary investors. Essentially, the lead plaintiff agreed to an unreasonably high attorneys' fee, with the understanding that the law firm would funnel a portion of that fee back to the lead plaintiff. Thus, the lawyers were overcompensated and the lead plaintiffs received a disproportionate share of the proceeds of the lawsuit. Ordinary investors, who the class action system is designed to protect, bore the costs of these illegal arrangements.

Today, William Lerach, once a name partner at the law firm of Milberg, Weiss, Bershad, Hynes & Lerach LLP, reports to the United States Penitentiary in Lompoc, California, after pleading guilty to entering into this type of illegal kickback arrangement with lead plaintiffs. Next month, his former law partner Melvyn Weiss will be sentenced for the same crime. But there is reason to believe that this criminal activity is not limited to a few bad actors. Indeed, Mr. Lerach, unrepentant about having defrauded thousands of investors out of millions of dollars, has tried to defend himself on the basis that "everybody does it." "Believe me," Mr. Lerach told the Wall Street Journal, "it was industry practice."

There have been many calls for reform to address this potentially widespread criminal practice. Last month, The Washington Post editorialized in response to the Milberg Weiss scandal that "What is needed now is a sober discussion about how best to achieve a fairer, more balanced legal system through comprehensive tort reform.... Smart and ethical businesspeople and lawyers—and, yes, there are many who fit the bill—would be wise to start working together to craft such a fix." This bill opens that discussion.

The bill that I introduce today seeks to prevent securities litigation abuse by making two major reforms that directly address the two core problems that have led to this scandal—the potential for backdoor arrangements between lead plaintiffs and class counsel, and the resulting risk that lead plaintiffs will enter fee agreements that pay the lawyers more than the market rate.

The bill would require sworn certifications from lead plaintiffs and their attorneys disclosing: (a) any payments or promises of payment made by the attorney to the plaintiff in connection with the action; (b) any other legal representations of the plaintiff by the attorney; (c) any campaign contributions the attorney has made to any elected official with authority to retain counsel for the plaintiff; and (d) any other conflicts of interest. This disclosure would put an end to secret agreements where plaintiffs' lawyers pay kickbacks to the lead plaintiffs who retain them. These secret arrangements divorced the interests of both the lawyers and the lead plaintiffs from the interests of the class as a whole. Full dis-

closure will prevent this situation from recurring.

The bill would also require courts to employ a competitive bidding process as one of the criteria in the approval of the lead class counsel. In current practice, courts usually defer to the lead plaintiff's choice of class counsel after reviewing the prospective lead counsel's prior work on the case, experience, knowledge, and resources. The bill would require that courts also consider the prospective lead counsel's fees, and have courts solicit competitive bids so that those fees are based on market rates. The class members deserve to be represented at a reasonable market rate. Money that goes to the lawyers is money that never makes it to the ordinary shareholders who are the victims of securities fraud. Currently, courts review attorneys' fees for reasonableness before the fees are paid at the conclusion of the case. This provision would allow courts to negotiate a reasonable fee at the threshold of the litigation.

Finally, the bill would commission a study of the last 5 years of fee awards in securities class actions to determine the average hourly rate for lead counsel. Courts may be able to use this information to better rein-in excessive attorneys' fees.

It is important that corporations be held accountable through securities fraud litigation when they cheat ordinary shareholders out of their hard-earned money. But it is equally important that attorneys be held accountable when they do the same thing. The recent securities litigation kickback scandals ought to spur Congress to action, especially because, at least according to Mr. Lerach, defrauding shareholders has become "industry practice" for securities plaintiffs' lawyers. Fortunately, Mr. Lerach and Mr. Weiss have been brought to justice, but their shareholder victims will never see all of the money out of which they were cheated by these attorneys' crimes. The Securities Litigation Attorney Accountability and Transparency Act will help prevent these crimes against ordinary Americans from being repeated in the future. I urge my Senate colleagues to quickly convene hearings on this very serious problem and move this new legislation forward.

“(c) PROMOTION OF DOWNBLENDING OF RUSSIAN HIGHLY ENRICHED URANIUM.—

“(1) INCENTIVES FOR THE COMPLETION OF THE RUSSIAN HEU AGREEMENT.—Prior to the completion of the Russian HEU Agreement, the importation into the United States of low-enriched uranium, including low-enriched uranium obtained under contracts for separate work units, that is produced in the Russian Federation and is not imported pursuant to the Russian HEU Agreement may not exceed the following amounts:

“(A) In each of the calendar years 2008 and 2009, not more than 22,500 kilograms.

“(B) In each of the calendar years 2010 and 2011, not more than 45,000 kilograms.

“(C) In calendar year 2012 and each calendar year thereafter through the calendar year of the completion of the Russian HEU Agreement, not more than 67,500 kilograms.

“(2) INCENTIVES TO CONTINUE DOWNBLENDING RUSSIAN HIGHLY ENRICHED URANIUM AFTER THE COMPLETION OF THE RUSSIAN HEU AGREEMENT.—

“(A) IN GENERAL.—In each calendar year beginning after the calendar year of the completion of the Russian HEU Agreement and before the termination date described in paragraph (8), the importation into the United States of low-enriched uranium, including low-enriched uranium obtained under contracts for separate work units, that is produced in the Russian Federation, whether or not such low-enriched uranium is derived from highly enriched uranium of weapons origin, may not exceed 400,000 kilograms.

“(B) ADDITIONAL IMPORTS.—

“(i) IN GENERAL.—In addition to the amount authorized to be imported under subparagraph (A) and except as provided in clause (ii), 20 kilograms of low-enriched uranium, whether or not such low-enriched uranium is derived from highly enriched uranium of weapons origin, may be imported for every 3 kilograms of Russian highly enriched uranium of weapons origin that was downblended in the preceding calendar year, subject to the verification of the Secretary of Energy under paragraph (10).

“(ii) MAXIMUM ANNUAL IMPORTS.—Not more than 200,000 kilograms of low-enriched uranium may be imported in a calendar year under clause (i).

“(3) EXCEPTION WITH RESPECT TO INITIAL CORES.—The import limitations described in paragraphs (1) and (2) shall not apply to low-enriched uranium produced in the Russian Federation that is imported into the United States for use in the initial core of a new nuclear reactor.

“(4) ANNUAL ADJUSTMENT.—

“(A) IN GENERAL.—Beginning in the second calendar year after the calendar year of the completion of the Russian HEU Agreement, the Secretary of Energy shall increase or decrease the amount of low-enriched uranium that may be imported in a calendar year under paragraph (2) (including the amount of low-enriched uranium that may be imported

for each kilogram of highly enriched uranium downblended under paragraph (2)(B)(i)) by a percentage equal to the percentage increase or decrease, as the case may be, in the average amount of uranium loaded into nuclear power reactors in the United States in the most recent 3-calendar-year period for which data are available, as reported by the Energy Information Administration of the Department of Energy, compared to the average amount of uranium loaded into such reactors during the 3-calendar-year period beginning on January 1, 2011, as reported by the Energy Information Administration.

“(B) PUBLICATION OF ADJUSTMENTS.—As soon as practicable, but not later than July 31 of each calendar year, the Secretary of Energy shall publish in the Federal Register the amount of low-enriched uranium that may be imported in the current calendar year after the adjustment under subparagraph (A).

“(5) AUTHORITY FOR ADDITIONAL ADJUSTMENT.—In addition to the annual adjustment under paragraph (4), the Secretary of Commerce may adjust the import limitations under paragraph (2)(A) for a calendar year if the Secretary—

“(A) in consultation with the Secretary of Energy, determines that the available supply of low-enriched uranium from the Russian Federation and the available stockpiles of uranium of the Department of Energy are insufficient to meet demand in the United States in the following calendar year; and

“(B) notifies Congress of the adjustment not less than 45 days before making the adjustment.

“(6) EQUIVALENT QUANTITIES OF LOW-ENRICHED URANIUM IMPORTS.—

“(A) IN GENERAL.—The import limitations described in paragraphs (1) and (2) are expressed in terms of uranium containing 4.4 percent uranium-235 and a tails assay of 0.3 percent.

“(B) ADJUSTMENT FOR OTHER URANIUM.—Imports of low-enriched uranium under paragraphs (1) and (2) shall count against the import limitations described in such paragraphs in amounts calculated as the quantity of low-enriched uranium containing 4.4 percent uranium-235 necessary to equal the total amount of uranium-235 contained in such imports.

“(7) DOWNBLENDING OF OTHER HIGHLY ENRICHED URANIUM.—

“(A) IN GENERAL.—The downblending of highly enriched uranium not of weapons origin may be counted for purposes of paragraph (2)(B) or (8)(B), subject to verification under paragraph (10), if the Secretary of Energy determines that the highly enriched uranium to be downblended poses a risk to the national security of the United States.

“(B) EQUIVALENT QUANTITIES OF HIGHLY ENRICHED URANIUM.—For purposes of determining the additional low-enriched uranium imports allowed under paragraph (2)(B) and for purposes of paragraph (8)(B), highly enriched uranium not of weapons origin downblended pursuant to subparagraph (A) shall count as downblended highly enriched uranium of weapons origin in amounts calculated as the quantity of highly enriched uranium containing 90 percent uranium-235 necessary to equal the total amount of uranium-235 contained in the highly enriched uranium not of weapons origin downblended pursuant to subparagraph (A).

“(8) TERMINATION OF IMPORT RESTRICTIONS AFTER DOWNBLENDING OF AN ADDITIONAL 300 METRIC TONS OF HIGHLY ENRICHED URANIUM.—The provisions of this subsection shall terminate on the later of—

“(A) December 31, 2020; or

not less than an additional 300 metric tons of Russian highly enriched uranium of weapons origin have been downblended.

“(9) SPECIAL RULE IF IMPORTATION UNDER RUSSIAN HEU AGREEMENT TERMINATES EARLY.—Notwithstanding any other provision of law, no low-enriched uranium produced in the Russian Federation that is not derived from highly enriched uranium of weapons origin, including low-enriched uranium obtained under contracts for separative work units, may be imported into the United States if, before the completion of the Russian HEU Agreement, the Secretary of Energy determines that the Russian Federation has taken deliberate action to disrupt or halt the importation into the United States of low-enriched uranium under the Russian HEU Agreement.

“(10) TECHNICAL VERIFICATIONS BY SECRETARY OF ENERGY.—

“(A) IN GENERAL.—The Secretary of Energy shall verify the origin, quantity, and uranium-235 content of the highly enriched uranium downblended for purposes of paragraphs (2)(B), (7), and (8)(B).

“(B) METHODS OF VERIFICATION.—In conducting the verification required under subparagraph (A), the Secretary of Energy shall employ the transparency measures provided for in the Russian HEU Agreement for monitoring the downblending of Russian highly enriched uranium of weapons origin and such other methods as the Secretary determines appropriate.

“(11) ENFORCEMENT OF IMPORT LIMITATIONS.—The Secretary of Commerce shall be responsible for enforcing the import limitations imposed under this subsection and shall enforce such import limitations in a manner that imposes a minimal burden on the commercial nuclear industry.

“(12) EFFECT ON OTHER AGREEMENTS.—

“(A) RUSSIAN HEU AGREEMENT.—Nothing in this section shall be construed to modify the terms of the Russian HEU Agreement, including the provisions of the Agreement relating to the amount of low-enriched uranium that may be imported into the United States.

“(B) OTHER AGREEMENTS.—If a provision of any agreement between the United States and the Russian Federation, other than the Russian HEU Agreement, relating to the importation of low-enriched uranium into the United States conflicts with a provision of this section, the provision of this section shall supersede the provision of the agreement to the extent of the conflict.

“(d) DOWNBLENDING OF HIGHLY ENRICHED URANIUM IN THE UNITED STATES.—The Secretary of Energy may sell uranium in the jurisdiction of the Secretary, including downblended highly enriched uranium, at fair market value to a licensed operator of a nuclear reactor in the United States—

“(1) in the event of a disruption in the nuclear fuel supply in the United States; or

“(2) after a determination of the Secretary under subsection (c)(9) that the Russian Federation has taken deliberate action to disrupt or halt the importation into the United States of low-enriched uranium under the Russian HEU Agreement.”.

TITLE IV—VETERANS EDUCATIONAL ASSISTANCE

SEC. 4001. SHORT TITLE.

This title may be cited as the "Post-9/11 Veterans Educational Assistance Act of 2008".

SEC. 4002. FINDINGS.

Congress makes the following findings:

(1) On September 11, 2001, terrorists attacked the United States, and the brave members of the Armed Forces of the United States were called to the defense of the Nation.

(2) Service on active duty in the Armed Forces has been especially arduous for the members of the Armed Forces since September 11, 2001.

(3) The United States has a proud history of offering educational assistance to millions of veterans, as demonstrated by the many "G.I. Bills" enacted since World War II. Educational assistance for veterans helps reduce the costs of war, assist veterans in readjusting to civilian life after wartime service, and boost the United States economy, and has a positive effect on recruitment for the Armed Forces.

(4) The current educational assistance program for veterans is outmoded and designed for peacetime service in the Armed Forces.

(5) The people of the United States greatly value military service and recognize the difficult challenges involved in readjusting to civilian life after wartime service in the Armed Forces.

(6) It is in the national interest for the United States to provide veterans who serve on active duty in the Armed Forces after September 11, 2001, with enhanced educational assistance benefits that are worthy of such service and are commensurate with the educational assistance benefits provided by a grateful Nation to veterans of World War II.

“(III) **ADVERTISING OF JOB OPPORTUNITIES.**—Not later than 14 days before the date on which the employer desires to employ an H-2A worker in a temporary or seasonal agricultural job opportunity, the employer shall advertise the availability of the job opportunities for which the employer is seeking workers in a publication in the local labor market that is likely to be patronized by potential farm workers.

“(IV) **EMERGENCY PROCEDURES.**—The Secretary of Labor shall, by regulation, provide a procedure for acceptance and approval of applications in which the employer has not complied with the provisions of this subparagraph because the employer’s need for H-2A workers could not reasonably have been foreseen.

“(ii) **JOB OFFERS.**—The employer has offered or will offer the job to any eligible United States worker who applies and is equally or better qualified for the job for which the nonimmigrant is, or nonimmigrants are, sought and who will be available at the time and place of need.

“(iii) **PERIOD OF EMPLOYMENT.**—The employer will provide employment to any qualified United States worker who applies to the employer during the period beginning on the date on which the H-2A worker departs for the employer’s place of employment and ending on the date on which 50 percent of the period of employment for which the H-2A worker who is in the job was hired has elapsed, subject to the following requirements:

“(I) PROHIBITION.—No person or entity shall willfully and knowingly withhold United States workers before the arrival of H-2A workers in order to force the hiring of United States workers under this clause.

“(II) COMPLAINTS.—Upon receipt of a complaint by an employer that a violation of subclause (I) has occurred, the Secretary of Labor shall immediately investigate. The Secretary of Labor shall, within 36 hours of the receipt of the complaint, issue findings concerning the alleged violation. If the Secretary of Labor finds that a violation has occurred, the Secretary of Labor shall immediately suspend the application of this clause with respect to that certification for that date of need.

“(III) PLACEMENT OF UNITED STATES WORKERS.—Before referring a United States worker to an employer during the period described in the matter preceding subclause (I), the Secretary of Labor shall make all reasonable efforts to place the United States worker in an open job acceptable to the worker, if there are other job offers pending with the job service that offer similar job opportunities in the area of intended employment.

“(iv) STATUTORY CONSTRUCTION.—Nothing in this subparagraph shall be construed to prohibit an employer from using such legitimate selection criteria relevant to the type of job that are normal or customary to the type of job involved so long as such criteria are not applied in a discriminatory manner.

“(C) APPLICATIONS BY ASSOCIATIONS ON BEHALF OF EMPLOYER MEMBERS.—

“(1) IN GENERAL.—An agricultural association may file an application under subsection (a) on behalf of 1 or more of its employer members that the association certifies in its application has or have agreed in writing to comply with the requirements of this section and sections 218A, 218B, and 218C.

“(2) TREATMENT OF ASSOCIATIONS ACTING AS EMPLOYERS.—If an association filing an application under paragraph (1) is a joint or sole employer of the temporary or seasonal agricultural workers requested on the application, the certifications granted under subsection (e)(2)(B) to the association may be used for the certified job opportunities of any of its producer members named on the application, and such workers may be transferred among such producer members to perform the agricultural services of a temporary or seasonal nature for which the certifications were granted.

“(d) WITHDRAWAL OF APPLICATIONS.—

“(1) IN GENERAL.—An employer may withdraw an application filed pursuant to subsection (a), except that if the employer is an agricultural association, the association may withdraw an application filed pursuant to subsection (a) with respect to 1 or more of its members. To withdraw an application, the employer or association shall notify the Secretary of Labor in writing, and the Secretary of Labor shall acknowledge in writing the receipt of such withdrawal notice. An employer who withdraws an application under subsection (a), or on whose behalf an application is withdrawn, is relieved of the obligations undertaken in the application.

“(2) LIMITATION.—An application may not be withdrawn while an alien provided status under section 101(a)(15)(H)(ii)(a) pursuant to such application is employed by the employer.

“(3) OBLIGATIONS UNDER OTHER STATUTES.—Any obligation incurred by an employer under any other law or regulation as a result of the recruitment of United States workers or H-2A workers under an offer of terms and conditions of employment required as a result of making an application under sub-

section (a) is unaffected by withdrawal of such application.

“(e) REVIEW AND APPROVAL OF APPLICATIONS.—

“(1) RESPONSIBILITY OF EMPLOYERS.—The employer shall make available for public examination, within 1 working day after the date on which an application under subsection (a) is filed, at the employer's principal place of business or worksite, a copy of each such application (and such accompanying documents as are necessary).

“(A) COMPILATION OF LIST.—The Secretary of Labor shall compile, on a current basis, a list (by employer and by occupational classification) of the applications filed under subsection (a). Such list shall include the wage rate, number of workers sought, period of intended employment, and date of need. The Secretary of Labor shall make such list available for examination in the District of Columbia.

“(B) REVIEW OF APPLICATIONS.—The Secretary of Labor shall review such an application only for completeness and obvious inaccuracies. Unless the Secretary of Labor finds that the application is incomplete or obviously inaccurate, the Secretary of Labor shall certify that the intending employer has filed with the Secretary of Labor an application as described in subsection (a). Such certification shall be provided within 7 days of the filing of the application.”

“SEC. 218A. H-2A WORKER EMPLOYMENT REQUIREMENTS.

“(a) PREFERENTIAL TREATMENT OF ALIENS PROHIBITED.—Employers seeking to hire United States workers shall offer the United States workers no less than the same benefits, wages, and working conditions that the employer is offering, intends to offer, or will provide to H-2A workers. Conversely, no job offer may impose on United States workers any restrictions or obligations which will not be imposed on the employer's H-2A workers.

“(b) MINIMUM BENEFITS, WAGES, AND WORKING CONDITIONS.—Except in cases where higher benefits, wages, or working conditions are required by the provisions of subsection (a), in order to protect similarly employed United States workers from adverse effects with respect to benefits, wages, and working conditions, every job offer which shall accompany an application under section 218(b)(2) shall include each of the following benefit, wage, and working condition provisions:

“(1) REQUIREMENT TO PROVIDE HOUSING OR A HOUSING ALLOWANCE.—

“(A) IN GENERAL.—An employer applying under section 218(a) for H-2A workers shall offer to provide housing at no cost to all workers in job opportunities for which the employer has applied under that section and to all other workers in the same occupation at the place of employment, whose place of residence is beyond normal commuting distance.

“(B) TYPE OF HOUSING.—In complying with subparagraph (A), an employer may, at the employer's election, provide housing that meets applicable Federal standards for temporary labor camps or secure housing that meets applicable local standards for rental or public accommodation housing or other substantially similar class of habitation, or in the absence of applicable local standards, State standards for rental or public accommodation housing or other substantially similar class of habitation. In the absence of applicable local or State standards, Federal temporary labor camp standards shall apply.

“(C) FAMILY HOUSING.—If it is the prevailing practice in the occupation and area of intended employment to provide family

housing, family housing shall be provided to workers with families who request it.

“(D) WORKERS ENGAGED IN THE RANGE PRODUCTION OF LIVESTOCK.—The Secretary of Labor shall issue regulations that address the specific requirements for the provision of housing to workers engaged in the range production of livestock.

“(E) LIMITATION.—Nothing in this paragraph shall be construed to require an employer to provide or secure housing for persons who were not entitled to such housing under the temporary labor certification regulations in effect on June 1, 1986.

“(F) CHARGES FOR HOUSING.—

“(i) CHARGES FOR PUBLIC HOUSING.—If public housing provided for migrant agricultural workers under the auspices of a local, county, or State government is secured by an employer, and use of the public housing unit normally requires charges from migrant workers, such charges shall be paid by the employer directly to the appropriate individual or entity affiliated with the housing's management.

“(ii) DEPOSIT CHARGES.—Charges in the form of deposits for bedding or other similar incidentals related to housing shall not be levied upon workers by employers who provide housing for their workers. An employer may require a worker found to have been responsible for damage to such housing which is not the result of normal wear and tear related to habitation to reimburse the employer for the reasonable cost of repair of such damage.

“(G) HOUSING ALLOWANCE AS ALTERNATIVE.—

“(i) IN GENERAL.—If the requirement set out in clause (ii) is satisfied, the employer may provide a reasonable housing allowance instead of offering housing under subparagraph (A). Upon the request of a worker seeking assistance in locating housing, the employer shall make a good faith effort to assist the worker in identifying and locating housing in the area of intended employment. An employer who offers a housing allowance to a worker, or assists a worker in locating housing which the worker occupies, pursuant to this clause shall not be deemed a housing provider under section 203 of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1823) solely by virtue of providing such housing allowance. No housing allowance may be used for housing which is owned or controlled by the employer.

“(ii) CERTIFICATION.—The requirement of this clause is satisfied if the Governor of the State certifies to the Secretary of Labor that there is adequate housing available in the area of intended employment for migrant farm workers and H-2A workers who are seeking temporary housing while employed in agricultural work. Such certification shall expire after 3 years unless renewed by the Governor of the State.

“(iii) AMOUNT OF ALLOWANCE.—

“(I) NONMETROPOLITAN COUNTIES.—If the place of employment of the workers provided an allowance under this subparagraph is a nonmetropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market rental for existing housing for nonmetropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

“(II) METROPOLITAN COUNTIES.—If the place of employment of the workers provided an allowance under this paragraph is in a metropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market

rental for existing housing for metropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

“(2) REIMBURSEMENT OF TRANSPORTATION.—

“(A) TO PLACE OF EMPLOYMENT.—A worker who completes 50 percent of the period of employment of the job opportunity for which the worker was hired shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place from which the worker came to work for the employer (or place of last employment, if the worker traveled from such place) to the place of employment.

“(B) FROM PLACE OF EMPLOYMENT.—A worker who completes the period of employment for the job opportunity involved shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place of employment to the place from which the worker, disregarding intervening employment, came to work for the employer, or to the place of next employment, if the worker has contracted with a subsequent employer who has not agreed to provide or pay for the worker's transportation and subsistence to such subsequent employer's place of employment.

“(C) LIMITATION.—

“(i) AMOUNT OF REIMBURSEMENT.—Except as provided in clause (ii), the amount of reimbursement provided under subparagraph (A) or (B) to a worker or alien shall not exceed the lesser of—

“(I) the actual cost to the worker or alien of the transportation and subsistence involved; or

“(II) the most economical and reasonable common carrier transportation charges and subsistence costs for the distance involved.

“(ii) DISTANCE TRAVELED.—No reimbursement under subparagraph (A) or (B) shall be required if the distance traveled is 100 miles or less, or the worker is not residing in employer-provided housing or housing secured through an allowance as provided in paragraph (1)(G).

“(D) EARLY TERMINATION.—If the worker is laid off or employment is terminated for contract impossibility (as described in paragraph (4)(D)) before the anticipated ending date of employment, the employer shall provide the transportation and subsistence required by subparagraph (B) and, notwithstanding whether the worker has completed 50 percent of the period of employment, shall provide the transportation reimbursement required by subparagraph (A).

“(E) TRANSPORTATION BETWEEN LIVING QUARTERS AND WORKSITE.—The employer shall provide transportation between the worker's living quarters and the employer's worksite without cost to the worker, and such transportation will be in accordance with applicable laws and regulations.

“(3) REQUIRED WAGES.—

“(A) IN GENERAL.—An employer applying for workers under section 218(a) shall offer to pay, and shall pay, all workers in the occupation for which the employer has applied for workers, not less (and is not required to pay more) than the greater of the prevailing wage in the occupation in the area of intended employment or the adverse effect wage rate. No worker shall be paid less than the greater of the hourly wage prescribed under section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) or the applicable State minimum wage.

“(B) LIMITATION.—Effective on the date of the enactment of the Emergency Agriculture Relief Act of 2008 and continuing for 3 years thereafter, no adverse effect wage rate for a State may be more than the adverse effect

wage rate for that State in effect on January 1, 2008, as established by section 655.107 of title 20, Code of Federal Regulations.

“(C) REQUIRED WAGES AFTER 3-YEAR FREEZE.—If Congress does not set a new wage standard applicable to this section before March 1, 2012, the adverse effect wage rate for each State beginning on March 1, 2012 shall be the wage rate that would have resulted under the methodology in effect on January 1, 2008.

“(D) DEDUCTIONS.—The employer shall make only those deductions from the worker's wages that are authorized by law or are reasonable and customary in the occupation and area of employment. The job offer shall specify all deductions not required by law which the employer will make from the worker's wages.

“(E) FREQUENCY OF PAY.—The employer shall pay the worker not less frequently than twice monthly, or in accordance with the prevailing practice in the area of employment, whichever is more frequent.

“(F) HOURS AND EARNINGS STATEMENTS.—The employer shall furnish to the worker, on or before each payday, in 1 or more written statements—

“(i) the worker's total earnings for the pay period;

“(ii) the worker's hourly rate of pay, piece rate of pay, or both;

“(iii) the hours of employment which have been offered to the worker (broken out by hours offered in accordance with and over and above the $\frac{3}{4}$ guarantee described in paragraph (4);

“(i) whether the employment of H-2A or unauthorized aliens in the United States agricultural workforce has depressed United States farm worker wages below the levels that would otherwise have prevailed if alien farm workers had not been employed in the United States;

“(ii) whether an adverse effect wage rate is necessary to prevent wages of United States farm workers in occupations in which H-2A workers are employed from falling below the wage levels that would have prevailed in the absence of the employment of H-2A workers in those occupations;

“(iii) whether alternative wage standards, such as a prevailing wage standard, would be sufficient to prevent wages in occupations in which H-2A workers are employed from falling below the wage level that would have prevailed in the absence of H-2A employment;

“(iv) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage; and

“(v) recommendations for future wage protection under this section.

“(H) COMMISSION ON WAGE STANDARDS.—

“(i) ESTABLISHMENT.—There is established the Commission on Agricultural Wage Standards under the H-2A program (in this subparagraph referred to as the ‘Commission’).

“(ii) COMPOSITION.—The Commission shall consist of 10 members as follows:

“(I) Four representatives of agricultural employers and 1 representative of the De-

partment of Agriculture, each appointed by the Secretary of Agriculture.

“(II) Four representatives of agricultural workers and 1 representative of the Department of Labor, each appointed by the Secretary of Labor.

“(iii) FUNCTIONS.—The Commission shall conduct a study that shall address—

“(I) whether the employment of H-2A or unauthorized aliens in the United States agricultural workforce has depressed United States farm worker wages below the levels that would otherwise have prevailed if alien farm workers had not been employed in the United States;

“(II) whether an adverse effect wage rate is necessary to prevent wages of United States farm workers in occupations in which H-2A workers are employed from falling below the wage levels that would have prevailed in the absence of the employment of H-2A workers in those occupations;

“(III) whether alternative wage standards, such as a prevailing wage standard, would be sufficient to prevent wages in occupations in which H-2A workers are employed from falling below the wage level that would have prevailed in the absence of H-2A employment;

“(IV) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage rate; and

“(V) recommendations for future wage protection under this section.

“(iv) FINAL REPORT.—Not later than December 31, 2010, the Commission shall submit a report to the Congress setting forth the findings of the study conducted under clause (iii).

For purposes of this subparagraph, the hourly equivalent means the number of hours in the work days as stated in the job offer and shall exclude the worker's Sabbath and Federal holidays. If the employer affords the United States or H-2A worker less employment than that required under this paragraph, the employer shall pay such worker the amount which the worker would have earned had the worker, in fact, worked for the guaranteed number of hours.

“(B) FAILURE TO WORK.—Any hours which the worker fails to work, up to a maximum of the number of hours specified in the job offer for a work day, when the worker has been offered an opportunity to do so, and all hours of work actually performed (including voluntary work in excess of the number of hours specified in the job offer in a work day, on the worker's Sabbath, or on Federal holidays) may be counted by the employer in calculating whether the period of guaranteed employment has been met.

“(C) ABANDONMENT OF EMPLOYMENT, TERMINATION FOR CAUSE.—If the worker voluntarily abandons employment before the end of the contract period, or is terminated for cause, the worker is not entitled to the ‘ $\frac{3}{4}$ guarantee’ described in subparagraph (A).

plant or animal disease or pest infestation, or regulatory drought, before the guarantee in subparagraph (A) is fulfilled, the employer may terminate the worker's employment. In the event of such termination, the employer shall fulfill the employment guarantee in subparagraph (A) for the work days that have elapsed from the first work day after the arrival of the worker to the termination of employment. In such cases, the employer will make efforts to transfer the United States worker to other comparable employment acceptable to the worker. If such transfer is not effected, the employer shall provide the return transportation required in paragraph (2)(D).

“(5) MOTOR VEHICLE SAFETY.—

“(A) MODE OF TRANSPORTATION SUBJECT TO COVERAGE.—

“(i) IN GENERAL.—Except as provided in clauses (iii) and (iv), this subsection applies to any H-2A employer that uses or causes to be used any vehicle to transport an H-2A worker within the United States.

“(ii) DEFINED TERM.—In this paragraph, the term ‘uses or causes to be used’—

“(I) applies only to transportation provided by an H-2A employer to an H-2A worker, or by a farm labor contractor to an H-2A worker at the request or direction of an H-2A employer; and

“(II) does not apply to—

“(bb) car pooling arrangements made by H-2A workers themselves, using 1 of the workers' own vehicles, unless specifically requested by the employer directly or through a farm labor contractor.

“(iii) CLARIFICATION.—Providing a job offer to an H-2A worker that causes the worker to travel to or from the place of employment, or the payment or reimbursement of the transportation costs of an H-2A worker by an H-2A employer, shall not constitute an arrangement of, or participation in, such transportation.

“(iv) AGRICULTURAL MACHINERY AND EQUIPMENT EXCLUDED.—This subsection does not apply to the transportation of an H-2A worker on a tractor, combine, harvester, picker, or other similar machinery or equipment while such worker is actually engaged in the planting, cultivating, or harvesting of agricultural commodities or the care of livestock or poultry or engaged in transportation incidental thereto.

“(c) COMPLIANCE WITH LABOR LAWS.—An employer shall assure that, except as otherwise provided in this section, the employer will comply with all applicable Federal, State, and local labor laws, including laws affecting migrant and seasonal agricultural workers, with respect to all United States workers and alien workers employed by the employer, except that a violation of this assurance shall not constitute a violation of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1801 et seq.).

“(d) COPY OF JOB OFFER.—The employer shall provide to the worker, not later than the day the work commences, a copy of the employer's application and job offer described in section 218(a), or, if the employer will require the worker to enter into a separate employment contract covering the employment in question, such separate employment contract.

this Act, not later than 3 years after the date the violation occurs.

“(3) ELECTION.—An H-2A worker who has filed an administrative complaint with the Secretary of Labor may not maintain a civil action under paragraph (2) unless a complaint based on the same violation filed with the Secretary of Labor under subsection (a)(1) is withdrawn before the filing of such action, in which case the rights and remedies available under this subsection shall be exclusive.

“(4) PREEMPTION OF STATE CONTRACT RIGHTS.—Nothing in this Act shall be construed to diminish the rights and remedies of an H-2A worker under any other Federal or State law or regulation or under any collective bargaining agreement, except that no court or administrative action shall be available under any State contract law to enforce the rights created by this Act.

“(5) WAIVER OF RIGHTS PROHIBITED.—Agreements by employees purporting to waive or modify their rights under this Act shall be void as contrary to public policy, except that a waiver or modification of the rights or obligations in favor of the Secretary of Labor shall be valid for purposes of the enforcement of this Act. “(B) The exclusive remedy prescribed in subparagraph (A) precludes the recovery under paragraph (6) of actual damages for loss from an injury or death but does not preclude other equitable relief, except that such relief shall not include back or front pay or in any manner, directly or indirectly, expand or otherwise alter or affect—

SEC. 10007. NURSE TRAINING AND RETENTION DEMONSTRATION GRANTS. (a) FINDINGS.—Congress makes the following findings:

(1) America's healthcare system depends on an adequate supply of trained nurses to deliver quality patient care.

(2) Over the next 15 years, this shortage is expected to grow significantly. The Health Resources and Services Administration has projected that by 2020, there will be a shortage of nurses in every State and that overall only 64 percent of the demand for nurses will be satisfied, with a shortage of 1,016,900 nurses nationally.

(3) To avert such a shortage, today's network of healthcare workers should have access to education and support from their employers to participate in educational and training opportunities.

(4) With the appropriate education and support, incumbent healthcare workers and incumbent bedside nurses are untapped sources which can meet these needs and address the

nursing shortage and provide quality care as the American population ages.

(b) **PURPOSES OF GRANT PROGRAM.**—It is the purpose of this section to authorize grants to—

(1) address the projected shortage of nurses by funding comprehensive programs to create a career ladder to nursing (including Certified Nurse Assistants, Licensed Practical Nurses, Licensed Vocational Nurses, and Registered Nurses) for incumbent ancillary healthcare workers;

(2) increase the capacity for educating nurses by increasing both nurse faculty and clinical opportunities through collaborative programs between staff nurse organizations, healthcare providers, and accredited schools of nursing; and

(3) provide training programs through education and training organizations jointly administered by healthcare providers and healthcare labor organizations or other organizations representing staff nurses and frontline healthcare workers, working in collaboration with accredited schools of nursing and academic institutions.

(c) **GRANTS.**—Not later than 6 months after the date of enactment of this Act, the Secretary of Labor (referred to in this section as the “Secretary”) shall establish a partnership grant program to award grants to eligible entities to carry out comprehensive programs to provide education to nurses and create a pipeline to nursing for incumbent ancillary healthcare workers who wish to advance their careers, and to otherwise carry out the purposes of this section.

(d) **ELIGIBLE ENTITIES.**—To be eligible to receive a grant under this section an entity shall—

(1) be—

(A) a healthcare entity that is jointly administered by a healthcare employer and a labor union representing the healthcare employees of the employer and that carries out activities using labor management training funds as provided for under section 302 of the Labor-Management Relations Act, 1947 (18 U.S.C. 186(c)(6));

(B) an entity that operates a training program that is jointly administered by—

(i) one or more healthcare providers or facilities, or a trade association of healthcare providers; and

(ii) one or more organizations which represent the interests of direct care healthcare workers or staff nurses and in which the direct care healthcare workers or staff nurses have direct input as to the leadership of the organization; or

(C) a State training partnership program that consists of non-profit organizations that include equal participation from industry, including public or private employers, and labor organizations including joint labor-management training programs, and which may include representatives from local governments, worker investment agency one-stop career centers, community based organizations, community colleges, and accredited schools of nursing; and
