WASHINGTON, TUESDAY, AUGUST 10, 2021

No. 145

Senate

The Senate met at 9:30 a.m., and was called to order by the President pro tempore (Mr. LEAHY).

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Eternal and ever-blessed God, the Alpha and Omega, thank You for the gift of this day. Give us the wisdom to use it to enrich lives by service to others. Use our lawmakers to continue Your momentum in our world, enabling them to become salt and light to this generation.

Lord, as our Senators strive to be productive members of the family of humanity, empower them to do Your will. Supply their needs out of the bounty of Your celestial riches. If they fall, may they fall forward as they trust You to remain the author and finisher of their faith.

We pray in Your great Name. Amen.

PLEDGE OF ALLEGIANCE

The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

RESERVATION OF LEADER TIME

The PRESIDENT pro tempore. Under the previous order, the leadership time is reserved.

The PRESIDING OFFICER (Ms. ROSEN). The Senator from Vermont.

Mr. LEAHY. Madam President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Ms. CANTWELL. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

CONCLUSION OF MORNING BUSINESS

The PRESIDING OFFICER. Morning business is closed.

LEGISLATIVE SESSION

INVESTING IN A NEW VISION FOR THE ENVIRONMENT AND SURFACE TRANSPORTATION IN AMERICA ACT—Resumed

The PRESIDING OFFICER. Under the previous order, the Senate will resume consideration of H.R. 3684, which the clerk will report.

The senior assistant legislative clerk read as follows:

A bill (H.R. 3684) to authorize funds for Federal-aid highways, highway safety programs, and transit programs, and for other purposes.

H.R. 3684

Ms. CANTWELL. Madam President, many States in the United States need infrastructure investment, but I would put the State of Washington high on the list of States that desperately need infrastructure investment.

We have been blessed with a growing economy and a big trade economy based on the Pacific rim and the actions of the Pacific rim. So we need to keep moving products. We need to keep moving services, and we need infrastructure investment to do so.

I wanted to take this opportunity to thank the work done by the Commerce Committee and those who worked on the Infrastructure Investment Act, specifically: Kara Fischer, Michael Davisson, Joanie Lofgren, Zeb Schorr, Ronce Almond, Alex Simpson, G.G. Slais, Nicole Teutschel, Jennifer Quan, Matthew Bobbink, Jami Burgess, David Martin, Amit Ronen, Stacy Baird, Devon Helfrich, Patrick Eckroth,

Naseem Mehyar, Hannah Albert, Eric Vryheid, Elle Wibisino, John Branscome, Shawn Bone, Brian McDermott, Mary Claire York, Jared Bomberg, Shannon Smith, John Beezer, Noam Kanter, Jordan Blue, Tiffany George, Lucy Koch, Hunter Hudspeth Blackburn, Kelly Ryan, Dave Stewart, Melissa Porter, and David Strickland.

These are some of the individuals who were involved in putting together the commerce piece of this underlying bill. About 20 percent of the underlying bill was the focus of the Commerce Committee and its jurisdiction.

I want to thank Ranking Member WICKER and his staff for the hard work to pull off what was the bipartisan bill that came to the Senate floor as part of this package.

Our legislation, I think, is a historic investment to rebuild our transportation infrastructure, including investments in things like megaprojects, basically helping to eliminate our problems at grade crossings, improve our freight network, improve our environment by removing culverts, and helping Amtrak better serve the United States of America.

All these were important investments, but we should look at the firsts. First, we are authorizing for the first time megaprojects. Megaprojects often take up so much of our budget in our States and federally they never get funded, but that doesn't mean they aren't critical to the United States.

In the Northeast Corridor, we certainly have megaprojects. In the Pacific Northwest, we have megaprojects that would be critical, like the Columbia River Crossing between Vancouver and Portland, or the Highway 2 trestle in Everett. These projects deserve the attention of the Nation and, with this first-time authorization, will get so.

The bill also puts a historic investment in freight and in Amtrak. As I mentioned, the economy of a global nature is demanding that we be able to

Printed on recycled paper.

S6193

move competitively our products. But if we don't continue to invest in freight, we are not going to get that job done. So this provides \$66 billion to improve our passenger rail and freight system, the single largest investment that we have had in our Amtrak system that was funded 50 years ago.

The Commerce Committee's bill lays the foundation for this funding, which I believe will do three things. It will mean more investment to fix the problems in the Northeast Corridor; more specifically, it will give us the ability to have more sequencing of trains throughout the United States of America; and it will provide for new service in city pairs that, I hope, will help economies all across the United States with more investments.

I know, specifically, the Senator from Montana, Senator TESTER, is very adamant about our Amtrak funding and the services that Montana demands. I want to thank him for his help on this.

I want to thank Senator DUCKWORTH for her hard work in making sure that Amtrak complies with the Americans with Disabilities Act. This is so important for us to do, and her language, making sure that we also have someone from the disabilities community on the Amtrak board, is the kind of thing that should be followed in other examples in this legislation.

I also want to say, for the first time, we are addressing specifically at-grade crossings. This is the instance where there is congestion in freight, in my State, multiple times the increase in freight traffic. Again, you know, a lot of Midwest product moving to Asia has increased a demand in safety and transportation. Somebody quoted one of our reports that it took freight 3 days to get through just the city of Chicago because of the amount of congestion.

Our job here is to make sure that our product, made and grown in the United States of America, gets quickly to its destinations or we will be outcompeted by other nations that have an infrastructure system that can beat us to those marketplaces. So this provides, for the first time, a focused program on improving at-grade crossings to continue to make the investments that need to be made to keep our freight moving and our public safe.

It also, for the first time, authorizes transportation improvements to repair culverts. Culverts and other transportation infrastructure have done damage to our environment. They have done damage to fish; they have basically blocked spawning grounds. They have caused other infrastructure challenges to species all along our coastal States. This program will help to improve that situation by repairing some of the fish passage that has been blocked for so many years. This is so important for us in the Pacific Northwest, but it is also important throughout the South and for our many, many coastal communities.

So this transportation legislation that went through the Commerce Committee, as I said, also, you know, makes other investments. This floor bill also makes other investments for bridge repair, for transit systems, for climate resiliency, and specifically for our airports. You probably haven't heard too much about that out here on the floor, but in the Commerce Committee, I can tell you that aviation, transportation, and competitive—I know that the Presiding Officer knows this very well; that in Las Vegas or in Reno that infrastructure like our airports is essential to our economy continuing to grow. SeaTac is probably one of the fastest growing airports in the United States right now, and under this legislation, we will also see an important improvement for our airports so they can continue to grow and so we can continue to make investments.

I also want to, as I mentioned, thank Senator WICKER in the title for vehicle safety. These are important provisions that he and I and others on the committee—Senator BLUMENTHAL for his work on safety legislation that related to both the Northeast Corridor and to individuals in transportation, including, with Senator WICKER, the life-saving technology, like an automatic emergency braking system, preventing child heat stroke deaths, and impaired driving faculties.

So I again thank all of the members of the Commerce Committee for their hard work in getting this legislation as part of this package.

I think we can see that we have some firsts here: first investing in megaprojects; first in cleaning up our environmental problems with culverts; getting our freight product through our most congested corridors with improved at-grade crossing; and making the major investment so that Amtrak can continue to expand.

So I look forward to working with my colleagues as we move through the legislative process and continue to make improvements in our transportation infrastructure.

I yield the floor.

RECOGNITION OF THE MINORITY LEADER

The PRESIDING OFFICER. The Republican leader is recognized.

BUDGET RECONCILIATION

Mr. MCCONNELL. Madam President, later today, Senate Democrats want to take their next big step toward playing Russian roulette with our country. They want to begin pushing through a reckless taxing-and-spending spree that was authored by our self-described socialist colleague, Chairman SANDERS. Today, the American people will learn exactly where each of their Senators stand.

The American people elected a 50–50 Senate, an incredibly close House of Representatives, and a President who pledged to govern down the middle and unify the country. But as soon as President Biden, Speaker PELOSI, and Leader SCHUMER got the keys, they handed them right over to the far left.

Remember, Democrats inherited three safe and effective vaccines that were already rolling out nationwide and an economy that was primed to come roaring back, but our colleagues pressed ahead with a massive spring-time spending package that even liberal experts said would drive inflation, and, of course, it did.

Overall inflation has risen at the fastest rate in nearly 13 years. Core inflation hit its highest level in almost 30 years. Families are getting hit by higher prices everywhere, from the grocery store to the gas station, to their housing costs. Small businesses have had trouble reopening because would-be workers are getting a government bonus to actually stay home.

So the country is still working through the side effects of the borrowing and spending the Democrats forced through back in the spring, but Democrats don't want to just refill their socialist prescription; they want to double the dose—double the dose. According to what they just released, Democrats want to unite behind Chairman SANDERS' resolution to spend a staggering \$4.2 trillion more. Of course, outside experts estimate the real cost will be even higher still.

If it is even close to fully offset, as they claim it is, this seems almost certain to be the largest peacetime tax hike on record. So let that sink in—the largest peacetime tax hike on record.

Even though their rough sketch of these tax hikes would shatter President Biden's promise not to raise taxes on the middle class, families earning well under the President's stated threshold would get hit and hit hard. This new reckless taxing-and-spending spree will fall like a hammer blow on workers and middle-class families: fewer jobs, lower wages, more inflation pushing costs higher and higher.

What our colleagues are proposing and planning is absolutely jaw-dropping. People want to pretend this is just business as usual, just liberals doing liberal things using Senate procedure. Make no mistake, this reckless taxing-and-spending spree is nothing like we have seen—nothing.

The basic math of their taxing and spending is toxic enough, but the radicalism that we will be debating on the floor goes well beyond dollars and cents. The policies they want to put behind this budget resolution read like somebody walked across the Rotunda to the House and handed the Squad a pen and piece of paper: sweeping—sweeping—amnesty for illegal immigrants in the middle of a border crisis, regulations that are so radical that our colleague Senator MARKEY said:

The green new deal is in the DNA of this . . . budget resolution. All of the things that are in [this], we talked about in the green new deal.

Senator MARKEY.

They want to induce 49 other States to make their electric grids more like California's; make it more expensive to mine critical minerals we need to compete with China; they want to take

working families' child tax credit and turn it into a permanent welfare program—listen to this—with no work requirement; they want to tamper with the prescription drug industry in ways that would leave Americans with fewer new treatments and fewer new cures; they want to put government's thumb on the scale of families' childcare choices and selectively subsidize parents whose households work the way Washington wants; and they want to tax more money out of Americans' pockets while reviving a special tax cut that overwhelmingly benefits wealthy people in blue States.

So let's face it. The brute facts of the Senate's rules mean that, if 50 Democrats plus the Vice President stick together, Republicans will probably not be able to save our colleagues from themselves. If all 50 Democrats want to help Chairman SANDERS hurt middle-class families, even if our colleagues who claim they are moderates want to follow the far left off this cliff, well, that is their prerogative, but we are going to argue it out right here on the floor at some length. Every single Senator will be going on record over and over and over.

Senate Republicans will be bringing forward commonsense amendments that represent what Americans actually want and actually need. Our colleagues can look forward to votes on national security and funding our Armed Forces; votes to remove backdoor tax cuts for wealthy liberals; votes to protect family-owned small businesses and family farms from crushing tax hikes; votes to encourage schools to finally reopen in person; to stop the catch and release of COVID-positive illegal immigrants coming into our country; to protect taxpayers from being forced to fund the horrors of abortion. And that is just a sampling. Because our Democratic colleagues missed some deadlines, it has been an all-out sprint to prepare amendments.

So I want to thank our nonpartisan Senate clerks and Parliamentarians. They have worked multiple weekends, straight through. They were kept up late last night processing hundreds of amendments, and they are going to be up late with all of us yet again.

If President Biden and 50 Senate Democrats want to outsource domestic policy to Chairman SANDERS, if this historically reckless taxing-and-spending spree is how the modern Democratic Party wants to define itself, if they want inflation and tax hikes to be their legacy, then Republicans do not currently have the votes to spare the American families this nightmare, but we will debate and we will vote and we will stand up and we will be counted—and the people of this country will know exactly which Senators fought for them.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. DURBIN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. WARNOCK). Without objection, it is so ordered.

GUN CONTROL

Mr. DURBIN. Mr. President, this past Saturday, at 9 p.m., Chicago Police Officer Ella French was shot and killed during a traffic stop on the Chicago South Side.

Her death is devastating. Officer French was 29 years old. She had served as a member of the Chicago Police Department since 2018.

Her brother described her as the epitome of a good Samaritan. A fellow officer said of her: "She truly showed the community that she loved them and would do anything for them."

Officer French's partner was also shot and critically wounded. We pray for his recovery.

Two men have been charged by the Cook County State Attorney's Office in the shooting of these officers. A third man has been charged by the U.S. Attorney's Office for the Northern District of Illinois for conspiracy to violate Federal firearms laws.

I hope that justice is delivered swiftly and fairly for the perpetrators of this horrible crime.

And let me be clear. As devastating as her death is, scores of individuals are shot every week in Chicago, and many lose their lives. For each of their families, the loss is just as intense as the loss of Officer French.

And as heartbreaking as Officer French's death is, it is also infuriating. We learned yesterday from the Chicago U.S. Attorney's Office that the gun used to murder Officer French was straw-purchased from a gun dealer in Indiana.

What is a straw purchase? It happens when a person who can pass a background check buys a gun and gives it to a person who can't.

Straw purchases have long been the way that guns have been funneled into the hands of those with felony convictions in Chicago, then to the streets, then to deadly incidents.

According to the charges filed yesterday by the U.S. attorney, an Indiana man bought the handgun from a man in Hammond, IN, and gave to it a person with a felony conviction, who allegedly used it this last weekend to kill Officer French.

For years, I have been fighting to toughen our laws against straw purchases. Right now, straw-purchasing is treated—listen to this—as a Federal paperwork violation for lying on a Federal gun purchase form. Charges are rarely brought, and when they are, the sentences are often just a matter of months. That needs to change.

I have joined with Senator LEAHY of Vermont and Senator COLLINS of Maine to introduce the Stop Illegal Trafficking in Firearms Act, a bipartisan bill that would make it an explicit Federal crime, carrying felony pen-

alties when a person straw-purchases a firearm.

We need to take this type of gun trafficking seriously. It is time for us to stop treating straw purchases like a paperwork misdemeanor.

As we have learned in the death of Officer French, it is a deadly act and should be punished accordingly.

Officer French's death is also a call to action for the strike force recently set up by the Department of Justice to crack down on regional firearms trafficking in Chicago.

I met with Attorney General Garland in Chicago when he launched the strike force 2 weeks ago, and I have written to him now urging that the strike force immediately prioritize the investigation and prosecution of straw purchases like the one that took the life of Officer French.

The strike force was established to keep a sustained focus on firearms trafficking in Chicago. That focus should include stopping straw purchases and holding the perpetrators accountable.

I look forward to working with the Justice Department and with my colleagues to find ways to crack down on the deadly gun violence that straw purchasers help to fuel.

OPIOID EPIDEMIC

Mr. President, 2020 set a record for drug overdose deaths in America. More than 93,000 lives were lost in the year 2020. In Illinois, 3,500 of our neighbors died of overdose, a 27-percent spike from the year before.

How did we get to this point? Who is responsible for this?

There is one clear culprit: the pharmaceutical industry. For years, opioid manufacturers deliberately lied about the risks of their drugs—deliberately. These companies have claimed their pain killers should be prescribed for common aches and pains. They even downplayed their addictive nature even though their research showed that it was a very real danger.

These companies then shipped mountains of these pills to every corner of America. They aggressively promoted them to doctors, with the backing of dark money organizations.

This epidemic wasn't created by some infectious virus; it was created by corporate greed—corporate greed. In the words of Richard Sackler of Purdue Pharma, his company chose to flood our streets with "a blizzard of prescriptions that will bury the competition." It ended up burying the users.

As a result, 500,000 Americans families have had to bury loved ones who died of opioid overdoses and addictions since the start of the opioid epidemic—500,000 Americans, a figure in the same range as the 610,000 Americans we have lost to COVID-19. The numbers are numbing.

From 2006 to 2014, drug companies like Purdue Pharma inundated the country with 100 billion pain pills—100 billion. Let that soak in. That is roughly 300 opioid pills for every living American over that time.

They flooded communities like the rural county of Hardin in downstate Illinois. They received enough opioids in Hardin County for each resident to have a nearly 3-month supply.

Some counties in West Virginia and Kentucky had twice that level of oversupply.

One pharma rep even bragged: "I don't know how they can even house this many bottles."

Another wrote:

Keep 'em comin'! Flyin' out of here. It's like people are addicted to these things. Oh, wait, people are . . .

That level of greed and disregard for human suffering is an outrage, and the companies responsible must be held accountable.

You may be asking: Why haven't we done that already?

It is a good question—because not only was the Federal Drug Enforcement Administration aware of this obscene volume of overproduction; they authorized it. They gave permission.

The Drug Enforcement Administration of the U.S. Federal Government is responsible for determining the amount of opioid pills allowed to be put on the market each year. They are effectively the gatekeeper for these drug manufacturers and for years—years—they allowed opioid production quotas to keep increasing.

Between 1993 and 2015, production of oxycodone increased 39-fold; hydrocodone, 12-fold; fentanyl, 25-fold.

In 2016, America's pharmaceutical industry produced 14 billion opioid doses in 2016 alone, enough for every adult American to have a 3-week supply of opioids.

Think about that. Authorized by the Federal Government, requested by the pharmaceutical industry, we put a quota that Pharma asked for to produce 14 billion opioid pills in a year, enough for every American to have a 3-week supply.

Any wonder that we had an opioid epidemic?

I pressed the Drug Enforcement Administration on this issue years ago, when I learned of this. I asked them: How can you approve these ever-increasing quotas. Pharma is insatiable. They will ask for as many pills as they can possibly push into the American people's families, especially when DEA had data that showed this overproduction was fueling a deadly national drug crisis.

A couple years ago I worked with my Republican colleague, Senator JOHN KENNEDY of Louisiana, to start stemming the tide of addictive drugs. We passed a bipartisan bill that gave the DEA the authority they said they needed to set commonsense production levels.

We changed the law so the DEA must—must—consider abuse, overdose deaths, and the public health impact when determining opioid quotas.

Our approach worked, partially. Over the past 5 years, the DEA has lowered opioid quotas by an average of 60 percent.

The DEA, this Federal Agency, will soon be proposing its 2022 quotas, and I am sending a letter urging them to use their new authority and common sense to rein in the greed of Big Pharma.

In the face of all this suffering, new legal challenges have been brought to hold Big Pharma accountable for death and despair of the opioid epidemic. Thousands of lawsuits from States, counties, cities, and victims have been consolidated in one Federal court in Cleveland, OH.

This movement reminded me of another breakthrough moment in public health, when our Nation came together to hold Big Tobacco accountable for its misleading marketing over the decades. We started holding these companies accountable in 1998, with the Master Tobacco Settlement Agreement. That settlement was estimated to provide States with \$246 billion over 25 years. But despite the pressing need, only a tiny fraction—a meager 8 percent of that amount—was actually dedicated to tobacco prevention and cessation activities.

Instead, tens of billions from that settlement have gone toward filling gaps in State budgets and funding pet projects like roads and bridges and stadiums, even a tobacco museum.

As new opioid settlements are reached, we must learn from the missed opportunity with tobacco lawsuits. We must ensure that the funds from forthcoming opioid settlements are used to fortify health systems so they can respond to the current opioid crisis and prevent our next drug epidemic.

All of us know what is going on out there. Even people who acknowledge their opioid addiction and are desperate for treatment and need help immediately wait for weeks and months to enter a drug rehab facility. That is just unacceptable. We need community- and residential-based treatment. We need to expand naloxone access. We need to address the childhood trauma often at the root of addiction and other public health strategies.

One of the things which I believe is essential, as our kids get back to school after the pandemic experience, is that we need more counselors on the scene at the schools dealing with these kids and this transition back into somewhat normal life. These are critical moments in a child's formation, and I hope that we can have resources available to help them.

The best way to hold Big Pharma accountable is by compelling these companies to pay the price for fueling this crisis, and their restitution should be devoted to helping America heal.

Last month, a bipartisan group of State attorneys general announced the framework of a litigation settlement involving Johnson & Johnson and the Nation's three largest drug distributors. The companies would pay a total of \$26 billion over 18 years to resolve the suits, in addition to changing their business practices.

The work isn't over yet, and I applaud the State attorneys general for their extensive work involving these opioid defendants.

Legal proceedings continue for several other key industry stakeholders that have yet to be held accountable—that includes the Sackler family of Purdue and OxyContin infamy.

The Sacklers are trying to engineer a legal scheme to escape liability through the bankruptcy court. That is the family that started Purdue Pharma, which was responsible for this opioid crisis. They think they found a venue now—a bankruptcy court—that is going to get them off the hook or at least make sure they can protect the money that they have made off of this criminal enterprise.

The Sacklers are trying to engineer a legal scheme to escape liability for their conduct through the bankruptcy court, avoiding future lawsuits, while paying \$4.5 billion, while protecting their vast fortunes estimated at over \$11 billion.

That is why Senator WARREN and I recently teamed up to introduce the Nondebtor Release Prohibition Act, which would prevent the nonconsensual release of liability through bankruptcy proceedings.

Translation: The Sacklers should not get a discounted ticket to ride into the sunset protecting their billions of dollars. They need to be held personally liable, and the amount charged against them should be taken into account.

We must demand that the worst corporate actors are held accountable for their role in this crisis. Far too many families have suffered as a result of corporate greed and malfeasance.

RECOGNIZING BARB'S BAKERY

Mr. President, sometimes you have the best of luck in life, and it is not planned. Neighbors of ours in Springfield, IL, Tom and Bridget Lamont, have invited us to join them at their little house on Lake Michigan in Leelanau Peninsula in the State of Michigan. In that time, we have had great experiences together, and we have come to know a terrific little shop called Barb's Bakery in Northport, MI. After years and years of wonderful service and great pride, they are giving up the business soon.

I have put in the RECORD a tribute to Barb's Bakery of Northport, MI. I am joined by DEBBIE STABENOW and GARY PETERS, both Senators from Michigan.

Mr. President, donuts have been enjoying a renaissance in recent years. Today, you can find "gourmet" donuts with flavors like kumquat, beet, guava, bacon maple, malted, salted cookie dough, and blueberry bourbon basil. But for my money, nothing beats the famed cake donuts and cinnamon twists baked fresh every morning at Barb's Bakery in the small town of Northport, MI. There is nothing exotic about Barb's donuts. They are simple, old-fashioned perfection.

My wife Loretta and I discovered Barb's Bakery years ago during a vacation in Northport with our friends,

Tom and Bridget Lamont, and we have gone back nearly every year since. Over the years, we have become friends with the owner, Barb Holcomb, and her husband Jerry Holcomb—great people.

When Loretta and I first discovered her bakery, Barb's donuts may have been the primary reason that travelers would make a detour through Northport, a picturesque little village at the tip of Michigan's scenic Leelanau Peninsula. That has all changed now. In recent years, new restaurants and shops have sprung up around town. But Barb's Bakery remains the anchor, both a destination—and a local institution. Each morning, it brings local cherry farmers, young families, and tourists together over coffee and donuts.

I try to stop by Barb's a little after 6 a.m., shortly after Barb or Jerry opens the doors. I will get a cup of coffee and a cinnamon twist, and Jerry and I will sit with the locals sharing local news and figuring out how to solve the problems of the world. Barb starts her workday at 1 a.m. each morning. That is when she goes to work to mix the batter for the next day's baking. By 6:30, the benches outside are usually filled with local farmers and retirees. At around 8 am, the late sleepers and tourists show up. But by 10:30 or 11, the last donut has usually been sold—so insider tip: Get there early.

You can smell the aroma of Barb's Bakery about 2 blocks away. Barb tells me the butter-yellow, clapboard bakery building was first constructed around 1850. Over the years, it has housed a dentist's office, a shoe repair shop, and now, Barb's bakery.

Barb first start working there when she was 13. She bakes her signature cinnamon twists on massive trays that hold about 6 dozen twists each. On an average day, she sells six trays full. Donuts are another big seller—classic cake donuts, plain or chocolate-iced—plus the special, seasonal flavors: cherry during cherry season and pumpkin in the fall. And Barb bakes the best cherry pies you have ever tasted.

Barb learned how to make her famous cinnamon twists from the women who owned the bakery when Barb was a teenager. Now, Barb is getting ready to pass that precious knowledge on. After 40 years of baking for others, Barb Holcomb recently sold her bakery to a young couple from the area, who plan to keep baking some of Barb's signature treats.

And Barb and Jerry are looking forward to taking a little time off and maybe sleeping late every once in a while. Barb plans to put quite a few miles on the royal blue 1970s Cadillac she just bought. She will continue to give generously, and quietly, to the people and the village of Northport, as she always has. And Barb and Jerry are hoping to do some traveling.

Years ago, shortly after she graduated from high school, Barb and a girlfriend took a magical trip through Greece and Afghanistan. And Barb fell

in love with Turkey. She returned again and again, often bringing friends with her. She bought a house in Istanbul, which she kept for many years. And she learned to speak Turkish fluently.

As Barb and Jerry get ready to start a new chapter of their lives together, Loretta and I want to thank them for all of the delicious donuts and for their friendship. And Michigan Senators, DEBBIE STABENOW and GARY PETERS, want to join me in saluting Barb and Jerry.

Let me close by saying to Barb: "Iyi sanslar." Best of luck, my friends.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. THUNE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

BUDGET RESOLUTION

Mr. THUNE. Mr. President, in the time that I have been in the Congress, which includes 6 years in the House of Representatives and now in my 17th year in the Senate, I have been a part of or witness to or voted on numerous spending proposals and appropriation bills, tax bills, deficit reduction bills, and debt-limit increase bills through the years, and I don't think I have ever seen in all my time in the Congress a spending bill where Democrats didn't want to spend more and Republicans wanted to spend less.

Maybe that is consistent with our overall governing philosophies. Republicans historically believe in limited but effective government, in personal freedom coupled with individual responsibility, in economic freedom, and in peace through strength. Those are sort of guiding principles.

So when you get into a debate about spending and budgets and appropriation and taxes and all those sorts of things, in all the time I have been here—and I say this with respect to the bill that we are going to be voting on here in a few moments—Republicans try to spend more efficiently, more effectively—less, because they know that every dollar that gets spent here is coming from an American taxpayer.

So when the bipartisan legislation that the Senate will vote on here momentarily was being considered, it started out at about \$2.5 trillion. That is what President Biden wanted to spend on infrastructure. Democrats in the Congress—in the Senate; for sure in the House of Representatives but in the Senate here as well—wanted to spend way more than what Republicans wanted to spend. Republicans, on the other hand, wanted to come up with a bill that met the needs that the country has, that was robust in addressing infrastructure concerns out there but spent significantly less than what Democrats proposed.

I say that simply because it has been my experience—I have observed this, as I said, over the better part of 25 years now here in the Congress—that every debate, every fight about spending, taxes, and debt, Democrats want to spend more and Republicans want to spend less, again with the recognition that every one of those dollars that gets spent here in Washington, DC, is coming from an American taxpayer somewhere across this country.

So, as we think about what we are going to do next, I have to just say it is staggering to me, what we are talking about—the dimensions; the scale; \$3.5 trillion in spending on top of \$2 trillion spent earlier this year, much of which had nothing to do with the coronavirus.

Much of the justification for a lot of the spending at one time, at least, was that we had to deal with the pandemic, the coronavirus, but that is not the case now. We still have ongoing issues there. We need to make sure that we are investing in vaccines and all the things that make sure that people in this country are able to combat and that we are able to get this pandemic behind us. But what we are talking about with this \$3.5 trillion that the Democrats are intending and that we are going to vote on later today—\$3.5 trillion—their own estimate, not ours. A lot of private estimates out there suggest that when this is fully implemented over the full window, you are talking about \$5.5 trillion. You add to that the \$2 trillion that has already been spent earlier this year—all put on the debt, by the way, all borrowed from our children and grandchildren—and you are talking about a stunning, staggering, insane amount of money.

I have heard the analogy used here on the floor and other places by Democrats saying: Well, this is like the New Deal. This is the modern New Deal for America.

Well, the New Deal occurred in the middle of a Great Depression, where unemployment rates were running as high as 25 percent. The New Deal happened at a time when—my dad grew up in the Depression. I have heard him tell the stories through the years. People were struggling. They were struggling enormously. The government stepped in with some programs to help address that to get people back to work.

But what we are talking about here is double—double—the size of the New Deal as a percentage of our economy—double—at a time when we have, and the President was crowing about this the other day, 5 percent, 5.4 percent unemployment in this country and 900,000 new jobs created in the last reporting.

So if you think about where the economy is, we are coming out of the pandemic. People are investing again. People are getting out. They are spending money. We are seeing growth get back in the economy. We are seeing jobs created. It is literally, to me, the definition of "insanity" to pour 3.5 trillion, by their estimate—by a lot of

other estimates, 5 trillion—more dollars into the economy to literally give people free everything.

This isn't about addressing the pandemic or helping get people back to work. We have programs that do that. We have unemployment insurance that has been in place now for a long time. Many of us think the plus-up that the Federal Government provided was for too long because it was keeping people from going back to work. But the fact of the matter is, we are talking about a massive expansion of the Federal Government literally to give people pretty much free everything.

Not only does that contradict, I think, what this country was all about, which in its inception was about freedom and liberty, personal freedom, economic freedom, individual responsibility, providing people incentives to achieve and to do well, making sure that we have programs in place, safety nets for those who need that help, but the idea that at a time when the economy is growing and expanding and unemployment is at a fairly low rate historically, we are creating jobs that the Federal Government would think that it needs, in all its wisdom here in Washington, DC, to infuse \$5 trillion.

We already have inflation. It is at the highest rate in 13 years. Do you think pouring a lot of—flooding the economy with a whole bunch more money isn't going to exacerbate the inflation problem we already have? Not to mention, they are talking about paying for it—I don't think it will all be paid for. I think a lot of it will go onto the debt.

By the way, under this budget that is being proposed today, that the Democrats are, on a one-sided partisan procedure, going to vote on, is the biggest thing that we have seen certainly in my lifetime and will dwarf, as I said, anything we have seen in history. The debt at the end of all that—at the end of all that, 2031, the 10-year budget window—will be \$45 trillion, 134 percent of our gross domestic product.

There was a day when we were worried about borrowing up to 100 percent of GDP. Well, we have blown past that. We have dwarfed that. This is now completely out of control, completely out of hand. We are talking about a massive amount of new spending to expand government and, to the degree that it is paid for, paid for with taxes that are going to hit individuals, that are going to hit businesses, that are going to hit small businesses, and that are going to hit farmers and ranchers.

When you go down the list of taxes, the tax increases in this proposal, again, I mean, I don't know where you stop. The idea—the suggestion by the administration that you are not going to hit people who make less than \$400,000 a year is just absolutely, again, I think, insane. I don't know how you can raise \$3.5 trillion in taxes and not have an economic impact felt by people who are on the lower end of the income scale.

I mean, think about it. When taxes go up on businesses, what happens?

Well, people work for businesses. Democrats think it is easy. We will just raise taxes on businesses. Businesses are not paying enough. Well, where do people in this country work? They work for businesses. That is where they get their paychecks. That is where they get their benefits. Wages go down when taxes on businesses go up, to a historical fact.

If you think about what also happens when taxes are put on businesses, businesses obviously can do a couple of things. They may reduce wages or not hire people or reduce the size of their workforce. But they also pass that on with the cost of higher prices to people out there in the economy who are paying the price for it. That is what we are talking about here. It is just absolutely, absolutely stunning, really, in my time in the Congress to observe something that is being compared to, historically, the New Deal in a circumstance where the economy is growing and expanding, people should be going back to work; and in a time when we have already a \$30 trillion debt, as I said, headed in 2031 to \$45 trillion in debt, and something that literally dwarfs, as a percentage of the economy, what was done at the time of the New Deal, parallel the analogy that is being used here by my colleagues on the other side. There is just absolutely no rationale for doing this.

But that is what it calls for, \$3½ trillion. According to the budget committee analysts, it includes \$4.2 trillion in spending—on discretionary spending—and increased interests on the debt are included.

That bill, which was entirely unpaid for—and I am talking about the \$1.9 trillion bill that was passed in March, that was ostensibly COVID relief, but, in reality, was more like a list of pay-offs to Democrat constituents.

There were billions and billions of dollars for schools, while keeping teachers unions happy by omitting any requirement for actually getting kids back in the classroom, even though schools have barely touched the billions of COVID aid they have already been given.

And, by the way, handoffs to States with a distribution formula heavily weighted in favor of blue States, included bailouts for union pensions, loans for labor unions, and I could go on.

And when we talk about the money that is going to be, you know, in the budget the Democrats are going to force us to vote on later today, the additional spending that is going to be in there, that is on top of—on top of—the trillions that we put out the door last year, much of which went to State governments and many of which don't know how to spend the money they already have. We are talking trillions, much of which went to, as I said, blue States.

But while that bill wastes a lot of taxpayer dollars, the problem with that bill pales in comparison to what is

before us today. Today, Democrats are taking the first step toward a massive and permanent expansion of government that would be paid for on the backs of ordinary Americans. And my colleagues, as I said, on the other side of the aisle, will tell you they are just levying tax hikes on wealthy Americans, but that is not the whole story.

Those corporate tax hikes that Democrats are proposing, that tax just isn't going to be paid for by CEOs and the board members of corporations. A huge part of that is going to fall on American workers in the form of things like lower salaries and fewer opportunities.

The Tax Foundation notes that the share of the corporate tax burden that falls on labor is, "routinely found to be between 50 percent and 100 percent, with 70 percent or higher the most likely outcome."

By substantially hiking taxes on corporations, Democrats will be substantially increasing the burden borne by workers, not to mention reducing our competitiveness in the global economy by once again giving the United States one of the highest corporate tax rates in the developed world.

With our economy still emerging from the challenges of coronavirus, it is very difficult to understand why Democrats would decide that we should make American businesses less competitive on the global stage.

And that is the impact of just one of the Democrats' tax hikes. I haven't talked about the probable effects of their tax hike on small businesses—that is right, small businesses—or the negative economic effects of their huge tax increase on investment.

And then—then—there is the Democrats' new death tax. That is right, new death tax to add to our already existing death tax, which will reduce inheritances for middle-class Americans around the country, not to mention threatening the very existence of family farms and ranches and small businesses.

From the way that Democrats have been governing, you would think that voters have given them a resounding mandate to permanently expand government and implement the socialist fantasies of the far left.

In fact—we all know this—Democrats hold a narrow majority in the House of Representatives, where they lost seats; and the Senate is equally split between Democrats and Republicans.

And Democrats' far-left Presidential candidates couldn't make it out of the Democrat primary. That is right, President Biden was able to win the Democrat primary and the general election because he presented himself accurately or inaccurately as a moderate.

But despite their lack of a mandate, Democrat leaders are apparently more and more willing to let the far left of the Democrat party run the show, which is why we are standing here today contemplating a \$4.2 trillion

spending spree to permanently expand the size of government.

We don't yet know all the details of Democrats' budget-busting spending legislation, but what we do know is not encouraging. In addition to taxes that will burden hard-working Americans and hurt our economy, Democrats are contemplating a new welfare benefit with no associated work requirement. Lots and lots of free stuff, like 2 free years of community college; elements of Democrats' most extreme specialist fantasy, the Green New Deal; amnesty for individuals here in our country illegally; funding for tens of thousands—yes, tens of thousands—of new IRS agents; a tax cut for blue State millionaires and billionaires; and more.

And, by the way, on that point, it is really ironic to me to hear Democrats come down here and talk about Republicans wanting to cut taxes for rich people when this proposal, in this legislation, 50 percent—50 percent of the tax cut, by doing away with the cap on deductibility of State and local taxes; 50 percent of that benefit goes to people making more than \$1 million a year. So much for worrying about people on the low income of the income scale.

Democrats want to spend taxpayer dollars to hire hundreds of thousands of young people for a Civilian Climate Corps to fight climate change—Civilian Climate Corps. There is no word yet on whether this is actually an effective way to address our Nation's climate challenges, but that isn't going to stop Democrats from spending billions of dollars to find out.

I haven't even mentioned how all this new government spending is likely to increase inflation. Americans are already facing significant inflation, thanks in part to Democrats' earlier flooding of the economy with government spending. Now Democrats want to come close to doubling that spending. I don't even want to think about what inflation will look like if they succeed in their spending plans.

Thanks to Democrats' decision to utilize special Senate budget rules for their tax-and-spending spree, they have the ability today to force through this massive spending package on a totally partisan basis.

But my Republican colleagues and I will do everything we can to protect Americans from the consequences of Democrats' reckless, reckless legislation. And I hope some of my colleagues on the other side of the aisle—all it takes is one—will intervene before their party's taxing-and-spending spree turns an economic recovery into an economic disaster.

I yield the floor.

The PRESIDING OFFICER. The Senator from Ohio.

Mr. PORTMAN. Mr. President, let me start by commending my colleague from South Dakota, Senator THUNE, for his explanation of what is before us next after the vote that we are about to take, and that will be getting into the budget resolution leading to a rec-

onciliation package. And he is absolutely right, these taxes and this high-level spending is not something that our country can sustain, and I appreciate his outlining the very specific impacts it would have on the people we represent.

But this morning, I am also here to talk about how the Senate will do something very good today prior to getting into the budget resolution. The Senate is about to make history.

And we have heard over the years—in fact, over the decades—about the need for us to fix our infrastructure. Every President in modern times has talked about it—President Bush, President Obama, President Trump, President Biden. We have talked about it a lot here. There is a joke around town that infrastructure week has come and gone so many times that people are a little cynical when we talk about it.

Well, today is infrastructure day. We are actually going to see what we have been talking about, which is the Senate, on a bipartisan basis, saying: You know what, it is time to fix our roads and bridges. We can do so in a responsible way, not by raising taxes on the American people, but by making important investments in long-term capital assets that will last for years.

So it is an investment in fixing up our roads, our bridges, our water systems, our railroads, our ports, our electrical grids, our broadband network, and expanding that, and more.

We have had a number of procedural votes to get us to this point; and based on those procedural votes, I think it is clear that we will have the votes today, on a bipartisan basis, to do this important work. The Senate will have done its job, and we will have achieved a real lasting bipartisan victory for the people we represent.

The bill, called the Infrastructure Investment and Jobs Act, will improve the lives of all Americans by making this long-overdue investment of \$548 billion over the next 5 years in new spending to repair, upgrade, and replace the crumbling infrastructure all of our constituents rely on every day.

That doesn't mean the money is going to be spent, by the way, over the next 5 years. It is authorized for that period, but we spend over the next 5, 10, 15, maybe 20 years on projects all over the country.

We know we need this investment. The American Society of Civil Engineers gives our American infrastructure a grade of C-minus. They also project that our economy stands to lose more than \$10 trillion in economic growth in GDP by 2039, should we fail to invest in repairs.

There is an international organization that looks at all the countries in the world, who says who has got the best infrastructure in the world and, by the way, we are number 13 or 14 on that list now. So many countries are ahead of us.

China spends about four times more than we do on infrastructure as a per-

cent of their GDP. Why? Because they know that will make their economy more efficient and they want to beat us in the economic fight that we have globally.

We want to win. That is one reason this is so important.

The American people, by the way, understand the need for this investment. In two of the more recent polls from CNBC and CBS News, 87 percent of the American people back bipartisan efforts to fix our roads, our bridges, and our water systems.

We know that this targeted, long-term investment in core infrastructure is good for the economy. Building out hard assets make us more competitive in the global economy and will create hundreds of thousands of good jobs for builders, plumbers, electrical engineers, coders, and so many other fields.

Economists, including Douglas Holtz-Eakin of the American Action Forum and Michael Strain of the conservative American Enterprise Institute, have pointed out that this type of spending on long-term spending on hard assets does not further inflation but, in fact, is counterinflationary.

To me, not only does this investment make sense, but, importantly, what we are doing here today also demonstrates to the American people that we can get our act together on a bipartisan basis and get something done. We can do big things on a bipartisan basis if we put our minds to it.

Again, after years, even decades of talking about the need to do this, we are finally getting it done.

Is it exactly the bill I would have drafted?

No. It is not exactly the bill any Senator in this Chamber would have drafted because it represents a true bipartisan effort. Each side made concessions to find that common ground.

I want to take this opportunity to briefly thank my colleagues who have gotten us to this point. We spent a lot of long nights and long days working to write this legislation, and there has been a group of members who have been particularly committed to it.

One is SHELLEY MOORE CAPITO, who is on the floor right now. The work she did with President Biden early on laid the foundation for this. She is also the ranking member of the EPW Committee that produced some of the legislation that we incorporated on the surface transportation front.

But there are so many others. And I would like to start with my counterpart, the lead negotiator on the other side of the aisle, Senator KYRSTEN SINEMA of Arizona. The two of us began meeting more than 4 months ago to have discussions that would then lay the foundation for our path forward. And it was in the context of President Biden having proposed a huge package, \$2.65 trillion—so-called infrastructure package—and we believed we could pull out real infrastructure from there, take the high taxes out, and get something done for the American people. I

commend her for her leadership, for her courage, and for her ability to keep us on track during some tough times during this process.

From there, it truly became a group effort, particularly among five Republicans and five Democrats, who spent a lot of long days and nights negotiating the framework of this legislation. Some of us had worked together before at the end of the year in putting together the so-called 908 framework for the COVID-19 bill that passed late last year, that was also bipartisan.

To my friends and colleagues, Senator SUSAN COLLINS, MITT ROMNEY, LISA MURKOWSKI, BILL CASSIDY, JOE MANCHIN, JEANNE SHAHEEN, MARK WARNER, and JOHN TESTER, thank you for your efforts these past few months.

I also want to give special thanks to our colleague, KEVIN CRAMER, who joined our group late but was instrumental in finalizing this agreement.

I want to thank the White House and especially Steve Ricchetti and Brian Deese and Louisa Terrell for their support of this effort and their commitment to trying to work in a bipartisan way to get it done.

I also want to thank Senator TOM CARPER, who just joined us in the room. Along with Senator CAPITO, he was the EPW chair. He was the ranking member that laid much of the foundation for this legislation, particularly with regards to our roads and our bridges.

I want to thank my other colleagues in the so-called G-22, who helped in the 22 different working groups that were formed to help put this legislation together: RICHARD BURR, LINDSEY GRAHAM, MIKE ROUNDS, THOM TILLIS, TODD YOUNG, JERRY MORAN, CHRIS COONS, MAGGIE HASSAN, JOHN HICKENLOOPER, MARK KELLY, ANGUS KING, JACKY ROSEN—11 Democrats and 11 Republicans.

And then to my colleagues who voted with us repeatedly to advance this bill toward final passage and helped us to get to this point by giving us good input that was incorporated in the legislation—MIKE CRAPO, ROY BLUNT, CHUCK GRASSLEY, JOHN HOEVEN, JIM RISCH, DEB FISCHER, ROGER WICKER, JOHN CORNYN, DAN SULLIVAN—thank you for your input, your encouragement, and your support.

I want to give a particular thank you to my friend and colleague our Republican leader, Senator MITCH MCCONNELL. I want to thank him for his encouragement and his support throughout this process, for sticking his neck out. I know he is probably the only person who is as happy as I am in this Chamber to see us move forward with this legislation that will help us find a long-term solution to a major bridge, the Brent Spence Bridge that links our home State of Ohio and Kentucky.

I want to thank the committee staffs, who did so much to lay the groundwork for this legislation. About 73 percent of the pages in this final 2,700-page legislation are legislation

that either passed the Senate or cleared committees in the Senate in this Congress, and that is a tribute to the quiet bipartisanship that goes on at the committee level every day that allows us to get these things done with the requisite knowledge and expertise.

I also want to thank all of the non-partisan staff here in the U.S. Senate for their work as well. I know that over the past few weeks, especially, the legislative counsel has worked closely with my staff and the staffs of other offices to help formalize this proposal into final text before us today. They worked weekends. They worked late nights.

The same with the Joint Committee on Taxation and the Congressional Budget Office, they have worked around the clock to get us to this point.

And the staff here on the floor, they have been here just as early as we have and stayed just as late as any of us, in fact, later, to ensure that this could be possible. I thank them.

I also want to thank the more than 100 industry associations, unions, and trade groups that came forward to endorse this Infrastructure Investment and Jobs Act. That includes business groups, like the chamber of commerce, the Business Roundtable, and the National Association of Manufacturers. It also includes labor groups, like the AFL-CIO Building Trades Council, the International Brotherhood of Teamsters, the Laborers International Union of North America.

It also includes supporters from all levels of government, including the National League of Cities; the U.S. Conference of Mayors, who endorsed it; the National Governors Association.

It includes more than 30 agricultural groups, including the American Farm Bureau.

These organizations, and so many others like them, have been critical to encouraging Members of the Senate to do the right thing.

And, finally, I want to, again, thank my staff and the staffs of all the Members who worked for months to get this bill to the finish line. We would not be here without them. There is no question about that.

On a personal staff level, I want to thank Kevin Smith, Sarah Peery, Avery Pierson, Anne Gordon, Mike Sinacore, Lydia Denis, Adeline Ewing, Connor Rabb, Connor Hinson, Kalyn Swihart, Matt Lloyd, and our entire comms team: Angie Youngen and Nate Dehmlow, Stephanie Mertz, and Chris Mitchell.

On my Homeland and Security Governmental Affairs staff, I want to thank Pam Thiessen, Amanda Neely, Sam Mulopulos, Cara Mumford, Trey Hicks, Liam McKenna, Jeff Post, and Emily Benavides.

Again, we wouldn't be standing here and about to have this vote without them working their hearts out, staying late, getting in early, and ensuring that every single part of this bill has

been looked over carefully to make sure we got it right.

Everyone involved in this effort can be proud of what this body is achieving today. The Senate is doing its job. It is doing its job by helping the American people we represent through a historic investment in our Nation's infrastructure that will serve the American people for decades to come.

I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mrs. CAPITO. Mr. President, I ask unanimous consent that I be allowed to speak for up to 10 minutes, followed by Senators CARPER and SCHUMER for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mrs. CAPITO. Mr. President, well, it is great to be on the floor today. I think we have much to celebrate. We have a lot of tired people, I think, who have devoted a lot of time and energy to this effort. And so, after a long week of amendments, it is time to get this done.

Isn't it, Senator CARPER, my chairman on EPW?

We have talked all week about how the Infrastructure Investment and Jobs Act delivers for the American people, and I am proud that the foundation of this bill—the foundations of this bill—is, as the Senator from Ohio just mentioned, based off of the two very bipartisan, unanimously bipartisan, EPW infrastructure bills that we passed in the spring.

This historic investment reflects our commitment to keeping America safe, improving our global competitiveness, and growing our economy. So I am going to go through a few of the highlights because I think they are important for the American people to know exactly what this bill does.

It provides \$303.5 billion over 5 years for Federal highway programs—a 35-percent increase from the last bill.

There is a new \$2 billion rural surface transportation grant that will dedicate resources to the Appalachian Development Highway System that runs through many of our States and other critical projects across rural America.

Combined, the overall package includes \$40 billion in dedicated resources for bridges—the single largest investment in bridge infrastructure construction of the Interstate System.

I am from a small State. I got a lot of bridges. I got a lot of bridges, and, unfortunately, a lot of them are not in the best condition. This would be a monumental improvement in what I see every day in my State.

The bill authorizes \$35 billion for water projects across the country, with a focus on upgrading aging infrastructure. This is a bill that we passed out of our EPW Committee.

It invests in innovative technologies and provides assistance to rural and low-income communities to help them keep their water safe and clean.

This package represents the largest investment in clean drinking water in

our Nation's history. That is something that I think we all can be proud of.

There is funding for broadband—essential to this 21st-century economy—education, tourism, healthcare, and all of the things we have realized that broadband brings us and how important it is for each family and each business to have it; ports, airports, locks and dams. Funding for the Corps of Engineers will improve our water resources infrastructure, facilitating the movement of goods and mitigating flood risks.

Reauthorization of the AML Program will provide billions of dollars to clean up abandoned mine sites. It is important in our State. Pennsylvania has got a lot of them too.

We are fighting against climate change, and we are cleaning up our environment.

This legislation doesn't just invest in our infrastructure, but it will allow projects to move more quickly. Far too often, infrastructure projects are delayed because of the expensive and arduous environmental review and permitting process.

An environmental impact statement under the NEPA Act for highway projects takes an average of 7 years. Think about how long that is and how much more money that costs.

The highway bill unanimously approved by our EPW Committee includes numerous project delivery provisions to provide a more efficient, predictable process.

Notably, it codifies "One Federal Decision." One Federal Decision for highway projects would establish a 2-year goal for completing environmental reviews. This isn't skirting the environmental process. This isn't running roughshod over it. This is putting a time clock on it. Let's move it.

It requires predictable schedules coordinated by Agencies and requires a single environmental document with concurrent reviews, providing accountability and transparency.

The EPW bill that we passed makes other commonsense reforms, like allowing States to be reimbursed for early utility relocation necessary for a project while the process is ongoing.

Additional provisions in the broader legislation will extend the FAST-41 permitting reforms, with which Senator PORTMAN is very, very instrumental, to help us build other types of infrastructure more efficiently.

The reforms and investments this bill makes aren't just for now but for the next generation.

We have had a very lengthy and robust debate on the Senate floor. I would like to thank Senators PORTMAN and SINEMA; Senator COLLINS, who is on the floor; Senator PORTMAN, Senator SINEMA, all of the group of 20. If I start naming them, I am going to leave somebody out. But, particularly, Senators PORTMAN and SINEMA picked up the ball where I left it. You know, I would like to think I got it to the 5-

yard line. Maybe not so quite, but I got the ball rolling, and I got it moving in the right direction, and then they did the tough sledding ahead, and I thank them for that.

I would also like to thank my counterpart, Chairman CARPER. He has been great in managing this bill on the floor but also to keep the guardrails on that we established to make sure that the group—the bipartisan group—was following along with what the committee had unanimously passed and how we felt would be the most effective way to invest in our infrastructures for the future.

I would like to thank my entire EPW Committee team, starting with my staff director, Adam, who has been with me for many, many years. What you don't know, and what I know, is that Adam was back in the back with Mary Frances, and they were the traffic cops through the whole amendment process, working with the committees, the different five committees; Republican, Democrat; leadership, leadership; all of the different individual Members.

So I am going to give Adam 1 day off, and then I think he will be right back at it. But he is really irreplaceable to our committee but also to this whole process.

And also in the Chamber with us today, Lauren Baker and Murphie Barrett have many, many hours of just incredible depth of knowledge in this area. We couldn't have done it without you.

I am going to name the rest of my staff who is not here with us: Libby Callaway, Georgianna Clemmons, who I announced has still not had her baby—I announced it last I time mentioned her; she is still waiting—Marli Collier, Travis Cone, Sarah Delavan, Will Dixon, Elizabeth Horner, Max Hyman, Tyler Jenkins, Jess Kramer, Jake Kennedy, Matt Lupes, Kayla McMurry, Taylor Meredith, Jacob Mitchell, Kelley Moore, Katherine Smith, Travis Voyles, and Andy Zock for their tireless efforts that have helped advance our committee's infrastructure legislation.

On my personal team, I would like to thank my chief of staff, Joe Brubaker and J.T. Jezierski for their leadership.

I really want to thank Senator CARPER's EPW staff, especially Mary Frances Repko, who is on the floor with the Senator today, but also Rebecca Higgins, John Kane, Greg Dotson, Laura Gilliam, Heather Dan, Mackie McIntosh, Annie D'Amato, Kenneth Martin, and Tyler Hoffman-Reardon for their dedication to this process as well.

I will say, under Mary Frances's leadership and Adam's leadership on my committee, I think they have demonstrated to many committees, and certainly to us as the chairman and ranking member, that you can have conversations, communications, and you can work things out. You can work things out if you just stick with it.

So thank you, both, very, very much.

It is time to bring this bill home and do the work that the American people expect us to do, which is to find bipartisan, consensus-driven solutions to our Nation's pressing challenges. And this is a pressing challenge.

Again, I urge a vote of yes on this historic bipartisan bill that will improve our core infrastructure.

If we pass this important legislation, I hope that the House will move swiftly—and as a former Member of the House, as we all are, the House can move swiftly when they need to—and get this bill to the President's desk quickly.

I yield the floor.

The PRESIDING OFFICER. The Senator from Delaware.

Mr. CARPER. Mr. President, Senator CAPITO has been very, very gracious in her thanks and praise, and it is now her turn to be on the receiving end.

We have all heard of the Gang of 20 or the Gang of 22—the Group of 20 or 22—but before there was a gang or a group of 22, there was a gang of 1—the Senator from West Virginia, my native State.

She joined in with the President and the President's team to really get the ball rolling and sort of took the hand off from what we had done working with the administration, meeting with the administration, meeting with the President.

But with the President, after our meeting, they decided to engage. They decided to engage with the Senator.

And, eventually, to use a football analogy here, she might not have gotten the ball into the end zone, but I say to the Senator, you certainly got it into the red zone, and we are grateful for all of your work, and, really, your good humor and good treatment when things were tough.

Sitting right here on my left is Mary Frances Repko, the staff director of our EPW Committee on the Democratic side. And she is joined today, I think, on the floor by John Kane, by Mackie McIntosh, and by Tyler Hoffman. And we have Adam over here sitting next to the ranking member—Adam.

I have gone before through the names of your staff, but I will just say you all are back here, and we are grateful for the great support and work that you have done, each one of you.

I would be remiss if I didn't thank—you don't get to be floor managers without somebody in the leadership saying: Well, we would like you to be floor managers. So to Senator SCHUMER and Senator MCCONNELL, thank you for putting your confidence and trust in Senator CAPITO and me.

To the floor staff, the folks who work for the leaders, thank you very much for keeping us on the straight and level and heading in the right direction.

ROB PORTMAN is still here on the floor. I don't see KYRSTEN SINEMA. ROB is here. ROB, Senator PORTMAN, succeeds George Voinovich. He was a dear

friend as Governor. We were Governors together and Senators together. I miss George every day, but you have more than filled his shoes, my friend, and I salute you for your leadership.

KYRSTEN SINEMA is relatively new here, but she has really, really impressed a lot of people, taken the bull by the horns, never gave up, just wouldn't give up. And because of her efforts and the partnership she has with Senator PORTMAN, we are here today.

I quoted a couple of times during debate the words of Winston Churchill. Winston Churchill, when he was thrown out of office at the end of World War II, was asked as he left 10 Downing Street: Is this the end?

He replied, famously: This is not the end. This is not the beginning of the end. This is the end of the beginning. The end of the beginning. And so it is here with us today.

We are nearing the end of a debate and the final vote on the Infrastructure Investment and Jobs Act of 2021. And before we take a vote on the adoption of this measure, I just want to take a moment to reflect briefly on how this bipartisan infrastructure bill came to be.

Senator CAPITO has already referred to this, but I wanted to reinforce it. In February of this year, at my encouragement, President Biden invited Senator CAPITO, Senator CARDIN, Senator INHOFE, and me—all senior members of the Environment and Public Works Committee—to the White House to discuss the need to make bold investment in our Nation's crumbling infrastructure. He asked us, the Environment and Public Works Committee, to lead the effort to address that need; to get to work in our committee by crafting and reporting to the full Senate, to this body, surface transportation legislation—roads, highways, bridges—as well as drinking water and water sanitation infrastructure, climate change legislation by springtime. That was the request.

In the weeks that followed, working together with all 22 members—20 members, rather, of the Environment and Public Works Committee, that is exactly what we did—10 Democrats, 10 Republicans working together. In May, we reported out of our committee a 5-year transportation bill with a unanimous bipartisan vote of 20 to 0.

By more than a third, we increased investments in our roads, our highways, and our bridges, with a historic climate title to help address the most serious challenge facing our planet, and that is the threat of global warming.

That Transportation bill is at the core of the legislation we consider today, along with the drinking water and wastewater infrastructure legislation that was also reported unanimously out of the Committee on Environment and Public Works earlier this year and passed by the full Senate right here, earlier this year, by an 89-to-2 vote.

That bill targets the most impoverished communities across America to help them meet their drinking and wastewater treatment needs.

I am proud—we are proud—of the work that our committee has done, made possible by the partnership that we enjoy. I think of the work that we did—I think of it as laying the foundation. Clean drinking water, wastewater sanitation, roads, highways, bridges, climate really are the foundation on which this package was built.

And we tried to provide an example to the rest of the Senate and the other committees of jurisdiction, and I like to think that maybe we did that.

Leadership is all about leading, and the President sought and encouraged us to try to lead earlier this year, and I think we have met that request and then some. I want to thank him. He didn't give up either. And he has been negotiating with Senator CAPITO and negotiating with the team, the gang of 22. He never gave up. A lot of people said this was a fool's errand. He never gave up. I am proud of him and the leadership that he has provided.

The bill that is before this body today builds on the strong bipartisan work of our committee, Environment and Public Works, as well as the good work done by our colleagues on other committees—the Commerce Committee and the Energy and Natural Resources Committee among them. My appreciation to all who worked so tirelessly on this Herculean undertaking.

Now, let me be clear. This legislation isn't perfect. It has been said before. You will hear that again. I have never written a bill that was perfect, and this certainly, even though we had a fair hand in writing a lot of it, is not perfect. In spite of making real progress, it doesn't go as far as we would like to go in advancing equity, the way we treat other people—the Golden Rule, treating other people the way we want to be treated—in tackling the existential crisis of our time, and that is climate change.

There is much more work to do on these issues—issues that, in my mind, we have a moral obligation to address. So rest assured I will be joining my colleagues in fighting for progress on these fronts in the days and weeks ahead.

But let's not make the perfect the enemy of the good. And make no mistake, the bill before us does a whole lot of good. It is the largest long-term investment in our Nation's infrastructure in almost a century—almost a century—and the largest Federal investment in history when it comes to public transit, clean energy transmission, climate resiliency, clean drinking water, and wastewater infrastructure.

Now, on this day, the American people are looking for us to strengthen our economy and support our communities and build for our future. On this day, we have a President dedicated to moving past partisan divides and meeting

the moment for our Nation. And on this day, leaders in this body from across the political spectrum have come together in shared purpose, in common cause, and commitment to find a way forward.

I want to close with the thought that there is a lot of bridge money in here, a lot of money to fix bridges all over: West Virginia, Delaware, Ohio, Maine. You name it. There is a lot of troubled water in our country, troubled water. And I would like to think, with this legislation, crafted together across the aisle, bipartisan, with the administration, we have created a bridge over troubled waters. Think about that: a bridge over troubled waters—and right at a time when we really needed one. And we could use a few more as we go along.

Sometimes when I travel people ask me—they say: What do you do? What do you do anyway?

They don't know what I do, on the airplane or whatever. I say: I help people.

They say: How do you help them?

I think the best way we can help people is help them find a job, have a job where they can support themselves and their families. We can help make sure that they have clean water to drink. We can help make sure they have clean air to breathe.

Those are ways that we are helping people with this legislation—big time, big time—and we will be doing it for a long time.

Colleagues, on this day, we can vote to make a downpayment on a brighter future for our country. I want to ask you to join me in seizing the day in voting to advance this legislation together. On this day, let us seize the day. Carpe diem. Carpe diem.

I yield the floor.

RECOGNITION OF THE MAJORITY LEADER

The PRESIDING OFFICER. The majority leader is recognized.

Mr. SCHUMER. Mr. President, first let me, before I begin, thank Senators CARPER and CAPITO for managing this bill and doing it in such a fine way—and their staffs as well.

Now, Mr. President, it has been a long and winding road, but we have persisted, and now we have arrived. There were many logs in our path, detours along the way, but the American people will now see the most robust injection of funds into infrastructure in decades.

In a few moments, the Senate will pass the bipartisan infrastructure bill, dedicating over a trillion dollars to strengthen every major category of our country's physical infrastructure. It has been a long time in coming. Our economy is No. 1 in the world, but infrastructure ranks No. 13. You will find better roads, bridges, airports, and broadband in the United Arab Emirates than in the United States of America.

Today, the Senate takes a decades-overdue step to revitalize America's infrastructure and give our workers, our businesses, and our economy the tools

to succeed in the 21st century. The bill will make large and significant differences in both productivity and job creation in America for decades to come.

To my colleagues, particularly the group of 10, then 11, then 22 who worked so hard in a bipartisan way, congratulations. Congratulations on a job well done. Thank you to our committee chairs and ranking members whose expertise was required at several stages. And to the staff who sacrificed weekends, family gatherings, and most often sleep in order to finish this bill, thank you.

Thank you to President Biden and his team at the White House. President Biden has been in office for only 7 months, and already the Senate is about to pass the first major infrastructure package in over a decade, on a bipartisan basis, with his complete and total involvement.

Throughout the process, I have tried to prod the negotiators along when they have needed it and given them space when they have asked for it. At times, it took a deadline to kick negotiations into high gear; other times it required a few extra days to allow compromise to gel. But when the Senate is run with an open hand rather than a closed fist, Senators can accomplish big things.

So despite this long road we have taken, we have finally, finally reached the finish line.

Of course, we Democrats believe we need to do much more. The bipartisan infrastructure bill is a very significant bill, but our country has other very significant, very important challenges. Working families need help. Small businesses need a leg up. Climate change threatens the future of our planet. Our Tax Code needs to be straightened out. Other parts of our infrastructure not addressed in this bipartisan bill still need focus, attention, and help.

So to my colleagues who are concerned that this does not do enough on climate, for families, and making corporations and the rich pay their fair share, we are moving on to a second track, which will make generational transformation in these areas.

Once this bill is complete, the Senate will immediately turn to the second track in our two-track strategy, passing a budget resolution that will unlock historic investments in American jobs, American families, and the fight against climate change. The two-track strategy is proceeding full steam ahead.

At its core, the Democratic budget—both parts—is about restoring the middle class in the 21st century and giving more Americans the opportunity to get there. Too many in the middle class are worried about their future. The sunny American optimism has turned into a sourness, an anger, a divisiveness in the land.

Bold, transformative action on both traditional infrastructure and on help-

ing families—middle-class families—cope and on climate will restore that bright, sunny optimism that has been part of this American psyche for centuries.

At its core, what we want to do is this: We want to cut taxes for families.

We want to create millions of jobs while tackling the climate crisis, and we want to pay for it by making corporations and the wealthy finally pay their fair share.

After we pass the bipartisan infrastructure bill this morning, Senators should expect to vote to proceed to the budget resolution, and we will begin the process for debating amendments shortly thereafter.

Democrats are prepared to move quickly and decisively through the amendment process so we can finish what we set out to do before the end of the work period. The longer it takes to finish, the longer the Senate will be in session.

At the start of July, I set two ambitious goals for this Chamber before our August recess. One was to pass a bipartisan infrastructure bill to boost our economy, something the Senate has not achieved in many years, and this is a strong and bold accomplishment. The second was to pass a budget resolution with the kinds of transformative changes I have mentioned. Pundits called it wishful thinking in a Chamber known for unhurried deliberation.

Well, we are moments away from achieving the first goal, and I am confident that very soon the Senate will take the first major step toward achieving our second goal. The Senate is on track to finish both tracks and deliver an outstanding result for the American people.

SETTING FORTH THE CONGRESSIONAL BUDGET FOR THE UNITED STATES GOVERNMENT FOR FISCAL YEAR 2022 AND SETTING FORTH THE APPROPRIATE BUDGETARY LEVELS FOR FISCAL YEARS 2023 THROUGH 2031

The PRESIDING OFFICER (Mr. PETERS). The clerk will report the resolution by title.

The senior assistant legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 14) setting forth the congressional budget for the United States Government for fiscal year 2022 and setting forth the appropriate budgetary levels for fiscal years 2023 through 2031.

The PRESIDING OFFICER. The Senator from Vermont.

ORDER OF BUSINESS

Mr. SANDERS. Mr. President, I ask unanimous consent that for the duration of the Senate's consideration of S. Con. Res. 14, the budget resolution for fiscal year 2021, the majority and the Republican managers of the resolution, while seated or standing at the managers' desks, be permitted to deliver floor remarks, retrieve, review, and edit documents, and send email and other data communications from text displayed on wireless personal digital assistant devices and tablet devices.

I further ask unanimous consent that the use of calculators be permitted on the floor during consideration of the budget resolution; further, that the staff be permitted to make technical and conforming changes to the resolution, if necessary, consistent with the amendments adopted during Senate consideration, including calculating the associated change in the net interest function and incorporating the effect of such adopted amendments on the budgetary aggregates for Federal revenues, the amount by which the

Federal revenue should be changed, new budget authority, budget outlays, deficits, public debt, and debt held by the public.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. SANDERS. Mr. President, I ask unanimous consent that there be 2 minutes for debate, equally divided, prior to each vote during consideration of S. Con. Res. 14.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. SANDERS. Mr. President, let me begin by thanking President Biden and Majority Leader SCHUMER for their leadership in the arduous process which has gotten us to where we are right now.

I do understand that many of my Republican colleagues are in a bit of shock. They are in a bit of shock now. They are finding it hard to believe that the President and the Democratic Caucus are prepared to go forward in addressing the long, neglected needs of working families and not just the 1 percent and wealthy campaign contributors. That is not the way things usually happen around here.

Usually, it is the big money interests, the campaign contributors, and the lobbyists who call the tunes. But not today. Today, we move this country in a very different direction.

The American people are sick and tired of growing income and wealth inequality in our country, where two people now own more wealth than the bottom 40 percent, where the top 1 percent owns more wealth than the bottom 92 percent, and where 45 percent of all new income has gone to the top 1 percent since 2009.

In other words, the people on top are doing phenomenally well.

Meanwhile, while the very rich have become much richer, the gross unfairness of our current tax system has allowed, in a given year, some of the wealthiest people in our country and some of the largest and most profitable corporations to not pay a nickel in a given year in Federal income tax—not one penny.

Well, that is about to change. The American people want a government which represents all of us and not just the few. And this legislation is going to ask the wealthiest people in our country to start paying their fair share of taxes so that we can address the needs of working families, the elderly, the children, the sick, and the poor.

And despite what some of my Republican colleagues may be saying, no one in America who makes less than \$400,000 a year will pay a nickel more in Federal taxes. In fact, what we are looking at in this budget proposal is a historic tax cut for working families and the middle class.

Further, and importantly, at a time when California is on fire, when Oregon is on fire, when Greece is burning, and when countries throughout the world

are experiencing unprecedented drought, which will clearly impact food production, this legislation begins the process of combating climate change so that our kids and grandchildren can live in a country and on a planet which is healthy and habitable. It would be immoral and an absolute dereliction of our responsibilities as elected officials to do anything less. We cannot ignore climate change any longer. Now is the time for our great country to lead the world out of this existential crisis.

And, by the way, as we address the long neglected needs of working families and as we combat climate change, we are going to create millions of good-paying jobs, many of them union jobs.

Let me very briefly take this opportunity to describe some of what is in this budget proposal. First, we are going to address the disgrace of the United States having the highest rate of childhood poverty of almost any major country on Earth. This is the wealthiest country on Earth, and we should not have millions of our children living in poverty.

This budget is going to provide the long-awaited-for help that working parents all over this country desperately need, and when we do that, we will substantially reduce childhood poverty in America. And we are going to do that by extending the child tax credit so that families continue to receive monthly direct payments of up to \$300 per child.

We began that process in the American Rescue Plan. It has been enormously successful in Vermont and all over this country as parents finally get the help that they need to raise their kids, and, in fact, it has helped reduce childhood poverty in our country by 61 percent. And we are going to extend those child tax credits.

Further, we are going to help working parents by addressing the crisis in childcare by making sure that no working family in our country pays more than 7 percent of their income for childcare. And all over this country, in talking to parents in Vermont and elsewhere, people are paying 20 percent, 25 percent of their income for childcare so that they can go to work. That makes no sense at all. Under our proposal, no working family will pay more than 7 percent. And when we do that, when we make childcare more affordable and accessible, it will allow over a million women who are now home with their kids to reenter the workforce and improve our economy.

Further, in terms of addressing the needs of our working parents and their kids, we will expand public education by providing universal pre-K to every 3- and 4-year-old in the country.

This budget proposal is going to end the international disgrace of the United States being the only major country on Earth not to guarantee paid family and medical leave as a right. Somebody who is sick today should not be forced to go to work and maybe, by expanding their illness by contagion,

make other people sick. Parents should be able to stay home with their sick children. When a woman has a baby, she should not be forced back into work a week after giving birth simply because she has no income to stay home.

Yes, in America, we will join every other major country and guarantee paid family and medical leave.

We will begin to address the crisis in higher education by making community colleges in America tuition-free, and this will give millions of young people and working people the opportunity to get the education they need to acquire the skills so they can go out and get the good-paying jobs that are out there. It will also give people the opportunity to transfer the 2 years of credits earned at a community college to a 4-year school. Now, I hope in years to come we will go further, but 2 years of free community college is no small thing.

This budget proposal begins the process of taking on the greed of the pharmaceutical industry and saving taxpayers hundreds of billions of dollars by requiring that Medicare negotiate prescription drug prices with the pharmaceutical industry. It is not acceptable to me and to the American people that we continue to pay, by far, the highest prices in the world for prescription drugs. Medicare must negotiate prescription drug prices, and this budget sets the stage for that to happen.

And we will use the savings acquired by negotiating prescription drug prices in Medicare by expanding Medicare. We are going to use those savings to expand Medicare to cover the dental care, the hearing aids, and the eyeglasses that seniors desperately need. This is the wealthiest country on Earth, and yet we have millions of senior citizens who lack teeth in their mouth. They need dentures; they can't afford to get them. They need hearing aids in order to communicate with their grandkids; can't afford to do that. They need a decent pair of glasses; can't afford that.

And in terms of healthcare, we will also substantially increase the number of doctors, nurses, and dentists who practice in underserved areas and expand the Community Health Centers Program into new areas as well.

This budget proposal will combat homelessness in America and address the reality that nearly 18 million households are paying over 50 percent of their limited incomes for housing through an unprecedented investment in affordable housing. We will ensure, further, that people in an aging society—we are getting older as a society, and we will ensure that those people can receive the healthcare they need in their own homes instead of being forced into expensive and inadequate nursing homes and that the workers who provide that important care to the elderly and the disabled are not forced to exist on starvation wages. This is such important work and such emotionally draining work; those folks deserve a decent paycheck.

We will bring undocumented people out of the shadows and provide them with a pathway to citizenship, including those very brave workers who have courageously kept our economy going in the middle of a deadly pandemic.

As I mentioned earlier, we will take on the existential threat of climate change by transforming our energy system toward renewable energy and energy efficiency. Among many other provisions in terms of climate change, we will establish a Civilian Climate Corps which will give hundreds of thousands of young people good-paying jobs and educational benefits as they roll up their sleeves and get to work to help us save the planet.

This budget proposal will make it easier, not harder, for workers to join unions in America.

My Republican colleagues are upset that we are using the reconciliation process and only 50 votes to pass this budget. They are very upset about that. But let us be clear. This idea of using reconciliation is certainly not a new idea. When Republicans controlled the Senate, they used reconciliation to pass trillions of dollars in tax breaks to the top 1 percent and large corporations.

When Republicans controlled the Senate, they used reconciliation to make climate change worse by opening up the Arctic National Wildlife Refuge for oil drilling.

When Republicans controlled the Senate, they tried to use reconciliation to repeal the Affordable Care Act and throw 32 million Americans off of the healthcare they had.

Well, today, it is true we will also use reconciliation, but we will do it in a different way. We will use it to help the working families of our country and not just the wealthy and the powerful.

It is no great secret that millions of Americans are giving up on democracy, are moving toward authoritarianism, and are losing faith in their government. Many of those people are working longer hours for lower wages; they can't afford healthcare; they can't afford to send their kids to college; and they worry very much about the future of their kids and the future of this country.

This legislation will not only provide enormous support—unprecedented in recent American history—to the children in our country, to the parents in our country, to the elderly people in our country, to the working families of our country, but it will also, I hope, restore the faith of the American people in the belief that we can have a government that works for all of us and not just the few.

Thank you.

The PRESIDING OFFICER (Ms. SINEMA). The Senator from South Carolina.

Good to see you back.

Mr. GRAHAM. It is good to be back. Thank you for the inquiries about my well-being.

To all my colleagues, I appreciate the good wishes and the phone calls and the food.

I made it. I think the worst is behind me.

I want to reinforce a simple message: If you haven't been vaccinated regarding the COVID problem, get vaccinated. I have been vaccinated, and I got COVID anyway; a couple of really bad days, but I am doing better and I feel on the mend. And I am confident that, if I hadn't had the vaccine, it would have been a lot worse.

So in my State, about 50 percent of the people are still unvaccinated. Just for your own good and the good of our State, I would urge you to consider getting vaccinated. I think the vaccine is safe, and it works. I am glad I had it. And the sooner we can get to herd immunity through vaccinations and other means, the better off we will be.

To all my colleagues and people back home, thank you for the kind words and inquiries.

We are back at work, and I am glad I was able to make this debate. I think this debate is worth having. We just passed a \$1 trillion infrastructure bill. The Presiding Officer, Senator SINEMA, from Arizona, was one of the architects of the bill.

Congratulations.

I voted for it because it made sense to me. We have been talking about infrastructure here for 5 or 10 years. In this \$1 trillion package, 550 of new spending, which I believe will be paid for, goes into ports, roads, and bridges, and rural broadband; and 19 Republicans voted for it.

I am hoping we can make it reality and get it to President Biden's desk because I think infrastructure is much-needed, and we were finding bipartisanship in that space.

Now we are moving on to something completely different—I dare say radical. Right after the majority was seized by the Democratic Party, they pushed through a \$1.9 trillion package that had a lot of talk about COVID—but most of it wasn't related to COVID as we know it—after we had worked together on \$4 trillion of spending.

Now, this budget resolution is proposing \$3½ trillion of additional spending, and we will talk about how that affects you, the public, here in a minute. But the first thing I want you to know is it is not \$3½ trillion. That is not accurate.

When you look at the increase in public debt and the authorization of new discretionary spending, it is at least \$4.2 trillion. So it is not \$3½ trillion; it is over \$4 trillion. The first thing you have to do is be honest with the product you are selling. This will cost well over \$4 trillion if fully implemented.

What else does this bill do that people in this body need to know about?

It changes the rule regarding emergency spending. Right now, we can spend, through an emergency, basically, unlimited money and not have to worry about offsets and all that good stuff because there is truly an emergency. But you need 60 votes to declare

something an emergency. This budget resolution will change that rule so that a simple majority of Senators can determine anything they would like to be an emergency and spend without any accountability.

I think that is a bad idea for the body because anything you can do, we can do, and it really is an assault on the idea of minority rights. I think it is the biggest blow to the institution yet. It is buried in this bill, but it eliminates the 60-vote requirement to declare items emergency spending, replace it with a simple majority, allowing a majority—a single party—to spend without restriction in the name of emergency.

So to my friends on the other side, you need to look at what is in this bill, and I hope you will find that to be an unacceptable change to the U.S. Senate because, when it comes to spending, it guts the idea that the minority matters because all you have to do, if this budget resolution is implemented the way they have written it, is to declare something an emergency, get 50 votes, and spend. Very bad idea. We are going to try to change that, and we are hoping we can find some bipartisan support.

Let me tell you about this bill. I am going to ask some questions. On the immigration side, Senator SANDERS said that this bill creates millions of new green cards for people here illegally.

So here is a question: If we told the world that in the budget reconciliation we are going to increase millions of green cards for people here illegally, do you think that would entice more people to come here illegally?

Here is what I think. I think that is the dumbest idea I could think of. In the middle of an invasion of this country by illegal immigrants, the Democratic Party, through budget reconciliation, is going to authorize millions of new green cards for people here illegally. It is in your document. Senator SANDERS admitted that.

Here is what is happening as I speak: These statements are being translated into Spanish and every other language, and human traffickers all over the world are going to let the word get out that, Hey, the Senate is about to increase the number of green cards available for illegal immigrants; why don't you go and get in line?

Nobody has asked the Border Patrol: How do you think this would affect our illegal immigration problem?

Have you spent 15 minutes talking to anybody at the border about what this policy change would do to a broken immigration system?

I guarantee you haven't, because if you talked to anybody with common sense on the border, they would tell you the last thing you need to do right now is incentivize more illegal immigration by allocating green cards to people who are here already illegally.

What has happened in the last 6 months?

A 262-percent increase compared to last year.

Does any Democrat have any idea what is happening here? Have any of you come to the floor to explain to the American people what the hell is going on at the border?

You don't have a clue; you don't care.

The same people who are writing this budget resolution to spend \$4 trillion on liberal wish lists are the same people in charge of the border. They haven't asked one Border Patrol professional the effect of this bill on a broken immigration system.

We have had 1.2 million people come to the country illegally already. Let's compare that to last year—a 262-percent increase.

Illegal crossings by unaccompanied minors have surged 186 percent compared to last year. Why? The Biden administration has kept the COVID deportation title 42 law in place, but it has made exception by unaccompanied minors. If you are a certain age, you can stay. Guess what. The human traffickers have found that out, and word is out all over the Northern Triangle countries—but, really, the world.

And we have had a 186-percent increase in unaccompanied minors because of policy changes made by the Biden administration. Twenty-seven percent of unaccompanied minors recently deported tested positive for COVID-19.

How many of the unaccompanied minors have been released into the country? Of the 1.2 million people who have come here illegally: How many of them have been released? How many have them been tested? How many are positive for COVID?

Nobody knows these numbers because nobody seems to have a clue of what to do about it.

So what are the trends?

Look at this chart. Look at 2020 compared to '18, '19, and '20—an explosion of illegal immigrants, 1.2 million, almost. Year to date, in 2020, we had 458,000. A 260-percent increase in illegal crossings at the border because the Biden administration did away with the "Remain in Mexico" policy.

So asylum claims went through the roof. We are allowing unaccompanied children to stay as an exception to title 42, along with families. And guess what. You have an explosion of illegal immigrant crossings in this country.

If you pass this budget resolution the way Senator SANDERS described, you are going to throw jet fuel on this. This number will go through the friggin' roof.

Every human trafficker in the world is going to get the word out throughout the world that they are increasing the number of green cards made available to illegal immigrants to America: Come now, the time is right.

What a dangerous idea, but it is part of this grand, new vision for America. Let me tell you about this vision for America: open borders; dropping people by the thousands off into the interior

of the United States, not adequately tested; enticing young people to take a very dangerous journey; destroying all of the gains we had; stopping a wall that was almost built. That is the vision being created by the budget resolution and then some.

The idea of increasing green cards for illegal immigrants already here will make these numbers explode beyond what they already exploded. Only God knows.

Has anyone told you the price at the pump? Has anybody mentioned to you on the other side what is the cost of this bill when we implement change reforms to you as a consumer?

Senator MARKEY, who is a very passionate believer in climate change, said the Green New Deal is part of the DNA of this bill.

Senator SANDERS is an avowed socialist, one of the most honest people in this building. Senator SANDERS' vision for the last 20 and 30 years is in this budget resolution. This budget resolution is a dream for those who want to socialize America; it is a nightmare for working people.

How much have gas prices gone up in the last 6 months?

A dollar.

Here is what I think: If you implement the provisions of this budget resolution regarding climate change, you are declaring war on the internal combustion engine; you are going to shut out coal-fired plants in rural America.

The question I have for my Democratic colleagues: How much will gas prices go up if this bill becomes reality? How much will your heating bill go up because you shut down supply? How has there been an increase of a dollar at the pump? Policy matters.

I dare say that, if this bill is ever implemented, you are going to double gas prices.

I hope you are listening out there, America. If they implement this radical transformation of our energy economy, you are going to have a dramatic increase of gas prices and heating prices.

This is the worst thought-out idea I have ever seen. They are just throwing every liberal idea and hope it sticks to the wall, and their whole reason for being on the left is in this bill.

There is a border-adjusted carbon tax proposal floating around out there. What does that mean to you? What the hell is a border-adjusted carbon tax?

The best I can understand is it is going to be a tax on products coming into the country because the way the product was made is not sufficiently green enough. So they are going to charge for that product, put a tax on it at the border. Guess what. That is going to increase the cost of whatever good we are talking about.

And where do you think that cost goes?

It goes to you.

This is the most inflationary idea I have ever seen. We have had 5.4-percent increase in inflation recently, wiping out all the gains in the economy.

How could that be?

You are spending money like drunk-en sailors. And if this bill ever becomes law, if it is ever implemented and there is a border-adjusted carbon tax, it is going to be passed onto the consumer.

If you are on a fixed income, this whole idea is a nightmare for you because your gas prices are going to go up, your heating bill is going to go up, and all of the things that they are going to make for free will create an inflationary effect.

The size of the government is going to increase dramatically. Interest rates will have to go up. So if you own a home, you drive a car, you breathe air, get ready for more taxes and more spending.

All I can say is that I believe in climate change, and I would like to have a rational approach to solving the problem. But this is not rational; this is partisan. And this \$4.2 trillion bill—it is not three and a half—is going to lead a wave of illegal immigration, the likes of which you have never seen before; a 262-percent increase in the last 6 months. If this bill, this idea, ever becomes reality, you can double that. If this bill ever becomes reality, a dollar increase in gas prices is going to be the good old days.

If they shut down all the coal-fired plants without any way to replace them, other than a bunch of BS, good luck with the heating bill.

They are going to change your country. It is going to be more like Venezuela and less like America.

This idea that it is going to be paid for by taxing the rich is a bunch of BS. If you took the entire wealth of the 1 percent, including their cars and their dogs, it is less than half of what we need to deal with the entitlement problems we already have.

And you are growing exponentially the size of government—more government to pay for. Eventually interest rates are going to have to go up.

You are putting in motion, I think, the demise of America as we know it. You are putting in motion a government that nobody's grandchild could ever afford to pay. You are putting in motion the destruction of energy independence. You have declared war on the fossil fuel industry in this country, and you have not done a damn thing about China, India, Russia, or Iran.

The bottom line here is, if you believe in energy independence, then you need to vote against this budget resolution because we will lose it. If you believe that inflation is the death blow to the middle class, you need to vote against this budget resolution. If you don't know how much gas prices are going to be increased, they owe you an answer.

So I am going to ask this question for the next 15 hours: Do you have any idea, if all this becomes reality, how much increase at the pump will be affected by the average consumer the next year? How much will our heating bills go up? As to the border-adjusted

carbon tax, will it be inflationary? Where does the money go from the tax? Who gets it? Little details like this.

All I can say is that everybody has a dream in America. There is the American dream and the American socialist dream for America. This budget resolution sets in motion an assault on free enterprise, the destruction of energy independence, incentivizing illegal immigration at a time we can afford it the least.

If you don't believe these things, then you haven't read what is in this blueprint. Have you ever asked yourself the question: What the hell has happened in the last 6 months; why are we up \$1 a gallon at the pump? Because they declared a war on fossil fuels made in America.

Why do we have a 262-percent increase in illegal immigration? Because they changed all the policies that worked at the border.

Why is inflation rising? Because the fiscal policies of the Biden administration and our friends on the left are driving up prices.

The worst is yet to come. If this budget resolution becomes a reality, God help the American middle class. We will be less energy independent. Our money will go not nearly as far.

You are going to have to automatically raise taxes if you intend to pay for this monstrosity. And some Democrats say it has to be paid for. There is no way in hell to pay for this bill unless you fundamentally raise taxes across the board—at a time when we are struggling to get back on our feet.

This is why we have elections. In 2022, this idea will be on the ballot. My goal and my Republican colleagues' is to fight like hell to stop the increase at the pump, stop the increase of the heating bills, and to stop an invasion in our country by illegal immigrants all driven by bad policy choices.

But everything they have done in the last 6 months pales in comparison with what they are going to do to this country if this budget resolution ever becomes a reality.

Yes, sir, we are going to have one hell of a fight. I don't know how long we are going to be here, but as long as it takes. America is worth fighting for. And America, we know, is at risk with this budget resolution.

Thank you.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Madam President, I ask unanimous consent that it be in order to call up the following amendments, that they be reported by number, and that the Senate vote in relation to the amendments in the order listed with no amendments in order prior to a vote: Barrasso No. 3055, Carper No. 3330, Thune No. 3106, and Cortez Masto No. 3317.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GRAHAM. I yield the remaining Republican time on the resolution.

The PRESIDING OFFICER. The Senator has that right.

Mr. SANDERS. I yield the majority's remaining time on the resolution.

The PRESIDING OFFICER. The Senator has that right.

All time on the resolution has been yielded back.

The Senator from Wyoming.

AMENDMENT NO. 3055

Mr. BARRASSO. Madam President, I call up my amendment No. 3055 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Wyoming [Mr. BARRASSO] proposes an amendment numbered 3055.

The amendment is as follows:

(Purpose: To prohibit enactment of the Green New Deal)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND TO PROHIBIT THE GREEN NEW DEAL.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to Federal greenhouse gas restrictions, which may include limiting or prohibiting legislation or regulations to implement the Green New Deal, to ship United States companies and jobs overseas, to impose soaring electricity, gasoline, home heating oil, and other energy prices on working class families, or to make the United States increasingly dependent on foreign supply chains, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. There will now be 2 minutes of debate equally divided.

The Senator from Wyoming.

Mr. BARRASSO. Madam President, I am offering this amendment to spare the Country from the so-called Green New Deal. The Green New Deal is not about protecting the environment. It is about making Big Government even bigger.

This socialist scheme would destroy jobs. It will reduce the quality of life for the American people. Millions and millions of Americans will suffer. It would worsen already high inflation. It will drive a stake through the economy and eventually bankrupt the Nation.

Senate Democrats have made it clear that they want to use this reckless tax-and-spending spree to implement the Green New Deal. Just last night, Senator MARKEY of Massachusetts made this statement, he said: "Without question, the Green New Deal is in the DNA of this budget resolution."

Let me repeat. He said: "Without question, the Green New Deal is in the DNA of this budget resolution."

Instead of raising the costs of energy, we should be working to lower the costs of alternative technologies and

fuels through innovation, not taxation and resolution.

I would encourage a “yes” vote on the Barrasso amendment and reject the job-killing Green New Deal.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Madam President, Mr. BARRASSO's amendment is interesting, when he talks about the Green New Deal. The only problem is what he is talking about has nothing to do with the Green New Deal.

Despite what Senator BARRASSO says, the Green New Deal would not ship jobs overseas. In fact, it will create millions of good-paying jobs in the United States of America. It will not raise electricity prices. It will not make the United States dependent on dirty sources of energy from other countries.

In case the Senator from Wyoming has missed it, Oregon is burning, California is burning, Greece is burning. There is a drought hitting virtually every country on Earth. News flash: Climate change is real and the United States and other countries have got to address it.

Madam President, as a supporter of the Green New Deal, I have no problem voting for this amendment because it has nothing to do with the Green New Deal.

AMENDMENT NO. 3330

Mr. CARPER. Madam President, I call up my amendment No. 3330 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Delaware [Mr. CARPER] proposes an amendment numbered 3330.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to addressing the crisis of climate change)

At the end of title III, add the following:

SEC. 3. RESERVE FUND RELATING TO ADDRESSING THE CRISIS OF CLIMATE CHANGE.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to addressing the crisis of climate change through new policies that create jobs, reduce pollution, and strengthen the economy of the United States by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. There are now 2 minutes of debate equally divided.

The Senator from Delaware.

Mr. CARPER. Madam President, the amendment that I have called up is clear, it is simple, and it is straightforward. It makes clear that we are going to address the climate crisis. We are going to do it through policies that do several things: one, create jobs; two, create jobs here in the United States; policies that strengthen our economy—all while reducing the pollution that hurts our health and our environment.

We are in a code red situation. This is all hands on deck when it comes to the climate crisis. We don't have a moment to waste. We need to put politics aside and act now on climate change.

The budget resolution should allow us to develop legislation that can respond to the urgent challenge of climate change.

I ask my colleagues to join me in supporting this amendment.

I yield the floor.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. BARRASSO. Madam President, I rise to oppose the Carper amendment.

Let's be clear. We all want to address climate change, period. Now, this amendment does much more than that. Just because you say you want to ad-

dress climate change does not mean every policy that you propose is a good idea. There can be disagreement. And I disagree strongly with the Green New Deal policies in this \$4.2 trillion bill that wastes taxpayer dollars. It costs hundreds of jobs, and it hurts our economy.

Our economy should be a priority here. It should be the priority. We can protect the environment without punishing the economy, and this bill and amendment fail that test.

I yield the floor.

The amendment (No. 3330) was agreed to.

The PRESIDING OFFICER. The Senator from South Dakota.

AMENDMENT NO. 3106

Mr. THUNE. Madam President, I rise in support of amendment No. 3106, which would preserve the longstanding step-up in basis for family-owned businesses, farms, and ranches.

For decades, the Tax Code has allowed family-run businesses to be handed down without imposing capital gains taxes on the appreciation in value from the prior generation.

Changing this would hit generationally owned enterprises hard, particularly in rural communities. And it could force families to sell off part of the farm or business just to pay the new tax.

Congress tried something similar before and had to repeal the tax before it took effect because it was unworkable.

Unlike amendment No. 3317, which is a side-by-side the Democrats will be offering here temporarily, which would simply delay the tax, my amendment would provide permanent relief by preserving step-up in basis for all family-owned businesses, farms, and ranches.

I encourage my colleagues to support it and would add that I have letters of support from the National Association of Manufacturers, NFIB, Family Business Estate Tax Coalition, Taxpayers Protection Alliance, Council for Citizens Against Government Waste, Americans for Tax Reform, National Taxpayers Union, Center for a Free Economy, Family Business Coalition, Small Business and Entrepreneurship Council, and CASE.

Madam President, I urge the adoption of this amendment.

The senior assistant legislative clerk read as follows:

The Senator from South Dakota [Mr. THUNE] proposes an amendment numbered 3106.

The amendment is as follows:

(Purpose: To protect owners of generationally-owned businesses, farms, and ranches so that they may continue to transfer ownership or operations to family members or others based upon the same tax principles that existed when they began operations and under which they currently operate, including the full benefit of the step-up in basis)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO SUPPORTING PRIVATELY-HELD BUSINESSES, FARMS, AND RANCHES.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to protecting privately-held businesses, farms, and ranches, which may include—

(1) preserving the tax principles in effect as of the date of the adoption of this resolution which are applicable to owning, operating, or transferring such businesses, farms, and ranches,

(2) preserving the full benefit of the step-up in basis for assets acquired from a decedent, or

(3) extending tax relief for such businesses, farms or ranches, provided that such legislation would not increase the deficit over either the period of

the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Madam President, Senate Democrats take a backseat to no one in standing up for family farmers, ranchers, and small businesses. In fact, President Biden has made it clear that any changes to stepped-up basis will provide durable protection for family farmers, ranchers, and small businesses.

Speaking for myself, Senator CORTEZ MASTO and Senator TESTER, we are following through on that Biden pledge because it is both fair and common sense.

Now, capital gains reform is about ensuring that the wealthiest pay their fair share. On our watch, multibillionaires cannot plant a few tomatoes and call themselves a family farmer.

I will vote for the Thune amendment as well as the important Cortez Masto-Tester-Wyden amendment that will be taken up next.

AMENDMENT NO. 3317

Ms. CORTEZ MASTO. Madam President, I call up my amendment, No. 3317, and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Nevada [Ms. CORTEZ MASTO], for herself and others, proposes an amendment numbered 3317.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to protecting family farms, ranches, and small businesses while ensuring the wealthy pay their fair share)

At the end of title III, add the following:

SEC. 3 _____. RESERVE FUND RELATING TO PROTECTING FAMILY FARMS, RANCHES, AND SMALL BUSINESSES.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to protecting family farms, ranches, and small businesses while ensuring the wealthy pay their fair share, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

Ms. CORTEZ MASTO. Madam President, I am joined on this amendment by Senators TESTER, WYDEN, and WARNOCK.

Our amendment will protect family farms, ranches, and small businesses while ensuring that the wealthy pay their fair share. Family-owned businesses, farms, and ranches are the backbone of the American economy. Many of these family-owned businesses have held their assets for generations and have a deep connection to the land they inherit. They are essential for feeding America.

Congress should protect these multigenerational, hard-working families who have spent a lifetime creating jobs, building businesses, and serving their communities. We are committed to protecting these family-owned businesses while ensuring that the top 1

percent of corporations pay their fair share.

Madam President, I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays are ordered.

The Senator from South Dakota.

Mr. THUNE. Madam President, I appreciate the support of my colleagues in acknowledging the full benefit of step-up in basis for all businesses.

This amendment proposed by the Senator from Nevada dilutes that support.

As I previously described, the administration's proposal would end the existing step-up in basis tax treatment that protects generationally owned businesses from tax liability when a business is passed on to the next generation.

And I might add—I said this earlier—this was tried once in the 1970s. CHUCK GRASSLEY was here, and he was the guy who helped end this because it was unworkable. So here we are trying to do this all over again.

The administration suggested it might include arbitrary exemptions to this ill-advised idea, which I think is what the Cortez Masto amendment speaks to. But, unfortunately, these so-called protections for family-owned operations would not provide sustained relief and, in practice, would be incredibly difficult to implement—the reason they didn't do it in the 1970s.

We have never taxed unrealized gains in this country. This proposal is a half measure that would still punish hard-working families and businesses in this country, and I urge my colleagues to oppose it.

AMENDMENT NO. 3104

Ms. LUMMIS. Madam President, I call up my amendment No. 3104 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The senior assistant bill clerk read as follows:

The Senator from Wyoming [Ms. LUMMIS] proposes an amendment numbered 3104.

The amendment is as follows:

(Purpose: To cancel the Biden Administration's ban on oil and gas leasing on Federal land to help lower gasoline prices and reduce energy dependence on the Organization of Petroleum Exporting Countries)

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO OIL AND GAS LEASING ON FEDERAL LAND.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to Federal environmental and energy policy, which may include prohibiting any Federal environmental permitting or regulatory action that would prohibit or substantially delay new oil and gas, coal, hard rock, or critical mineral development or requiring the Secretary of the Interior to make additional areas of Federal land available for oil and gas leasing to help lower gasoline prices for consumers and to reduce United States energy dependence on the Organization of Petroleum Exporting Countries, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Ms. LUMMIS. Madam President, as Americans are trying to enjoy their last month of summer vacation before the kids go back to school, they are facing gasoline prices at a near 7-year high.

What is the Biden administration doing about this? They are begging Russia and the OPEC oil cartels to pump more oil so that U.S. gasoline prices don't rise any more than they already have under his watch. Meanwhile, through various Executive actions, such as the Biden ban on new oil and gas industry drilling and development and canceling pipelines, this President is attacking American workers and American energy independence.

The oil and natural gas industry supports 11.3 million jobs across the country and contributes nearly \$1.7 trillion to the American economy. It makes no sense to send production to other countries when we could be doing it here, produced cleaner, more efficiently.

The PRESIDING OFFICER. The Senator's time has expired.

Ms. LUMMIS. I yield back.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. MANCHIN. Madam President, Senator LUMMIS's amendment targets new oil and gas leases that the administration instituted while the Department of Interior reviews our Federal and oil gas leasing program. I, too, am eager to see the results of that review and was hoping we would have received it by now.

I will continue to be vocal on my advocacy for American energy independence and addressing climate change through innovation, not elimination. However, drilling continued on existing leases throughout the time, and Secretary Haaland testified before the Energy Committee that the Department is in compliance with the recent court order, which still allows leasing.

I believe the administration has the responsibility to evaluate these programs and to make sure that we are getting a reasonable return for the taxpayers, while using our abundant resources in the most responsible way. For that reason, I urge my colleagues to reject the amendment.

The PRESIDING OFFICER. The Senator from New Hampshire.

AMENDMENT NO. 3278

Ms. HASSAN. Madam President, I call up my amendment No. 3278 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from New Hampshire [Ms. HASSAN], for herself and Mr. YOUNG, proposes an amendment numbered 3278.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to promoting US competitiveness and innovation by supporting research and development)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROMOTING US COMPETITIVENESS AND INNOVATION BY SUPPORTING RESEARCH AND DEVELOPMENT.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to supporting United States economic competitiveness and innovation, which may include expanding the research and development tax credit for small businesses and preserving full expensing for research and development investments, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Ms. HASSAN. Madam President, I rise today to offer a bipartisan amendment to promote U.S. competitiveness and support American innovation.

The R&D tax credit provides critical support and tax relief to the small businesses and startups that power our economy. These businesses are job creators, helping spur innovation in New Hampshire and across the country.

This bipartisan amendment with Senator YOUNG would build on efforts to expand the R&D tax credit for startups, while protecting the tax incentives that allow U.S. companies, startups, and small businesses to stay competitive in our global marketplace and out compete China.

I urge my colleagues to support this amendment and yield my time to the Senator from Indiana.

The PRESIDING OFFICER. The Senator from Indiana.

Mr. YOUNG. Madam President, now more than ever, we must find bipartisan solutions wherever possible to stimulate our economy, get Americans back to work, and ensure we maintain our position on the world stage as the leader in scientific and technological innovation.

This amendment would preserve funding related to U.S. competitiveness and innovation by retaining the full expensing for research and development and expanding tax incentives for small businesses. Immediate R&D expensing incentivizes long-term investments in innovation and technological breakthroughs.

By passing this amendment, we can make sure that the United States continues to be the world leader in this space.

I understand we are prepared to pass this by voice vote.

The PRESIDING OFFICER (Mr. MURPHY). If there is no further debate, the question is on agreeing to the amendment.

The amendment (No. 3278) was passed.

The PRESIDING OFFICER. The Senator from Idaho.

AMENDMENT NO. 3099

Mr. CRAPO. Mr. President, I call up my amendment No. 3099 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Idaho [Mr. CRAPO] proposes an amendment numbered 3099.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to preventing the monitoring and reporting of sensitive American taxpayer information to the Internal Revenue Service by financial institutions about deposits and withdrawals made by any individual or business in savings, checking, or other accounts of as little as \$600)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PREVENTING MONITORING AND REPORTING OF SENSITIVE AMERICAN TAXPAYER INFORMATION TO THE INTERNAL REVENUE SERVICE BY FINANCIAL INSTITUTIONS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to strengthening Federal tax administration, which may include prohibiting the Internal Revenue Service from using funds to monitor inflows and outflows of deposits or withdrawals in financial accounts of American taxpayers, as well as other protections to ensure the privacy of taxpayer information, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. CRAPO. Mr. President, the IRS financial institution reporting requirement forces financial institutions to turn over detailed bank account information to the IRS based on vague and flexible criteria, such as a \$600-threshold, and account inflows and outflows would be covered—this all to be determined by the IRS.

Think about that. It subjects every law-abiding American who has a bank account or a credit union account in which they transact more than \$600 worth of transactions to have that information monitored and reported to the IRS.

This is an outrageous violation of the privacy of American citizens, and we should reject it.

The community banks and credit unions support this amendment, and I thank the ICBA, CUNA, the ABA, and the NAFCU for their support, as well as the Americans for Tax Reform and the Center for a Free Economy.

My amendment prevents the undue monitoring and reporting of sensitive financial information on law-abiding Americans.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Colleagues, a decade of Republican budget cuts to the IRS has resulted in rampant tax cheating at the top. Tax enforcement is going to require new resources and new tools to crack down on the high-flying tax cheats.

The Crapo amendment would, for all practical purposes, preserve the status quo—the status quo that has contributed to the trillion-dollar tax cap mushrooming and growing bigger.

This amendment would make it harder to root out tax cheating, and it is unfair to working Americans who pay their taxes automatically out of each paycheck.

Shortly—and we are going to reject the Crapo amendment—I will offer an alternative that will protect the little guy without forfeiting the chance to go after the big tax cheats, the wealthiest.

I urge the vote.

AMENDMENT NO. 3365

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. I call up my amendment No. 3365 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment.

The legislative clerk read as follows:

The Senator from Oregon [Mr. WYDEN] proposes an amendment numbered 3365.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to protecting the privacy of American taxpayer and small business tax information while only reporting large financial account balances to the Internal Revenue Service, to ensure those evading the tax system pay what they owe)

At the end of title III, add the following:

SEC. 3 _____. RESERVE FUND RELATING TO PROTECTING TAXPAYER PRIVACY WHILE ENSURING THOSE EVADING THE TAX SYSTEM PAY WHAT THEY OWE.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to strengthening Federal tax administration, which may include requiring reporting on large financial account balances to ensure those evading the tax system pay what they owe while protecting the privacy of American taxpayer and small business tax information, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, the IRS Commissioner told the Senate Finance Committee that, in his judgment, the tax gap—the difference between taxes paid and taxes owed—is as much as \$1

trillion a year. Current tax gap estimates likely miss a large number of the high flyers who clearly are driving this tax gap up and up.

Taxpayers acting to conceal this income from tax authorities are going to have a much tougher time if the Congress requires that financial institutions take practical and reasonable steps to require that financial institutions report on financial accounts.

Our interest on our side is to go after the big guys who generate significant inflows and outflows of cash and other assets, and we do it in a way that protects privacy and sensitive taxpayer and small business tax information. And this privacy issue has been one of the most important issues in my time in public service. And we are going to make sure that you can get the high flyers, the wealthy tax cheats, without forfeiting the rights of the little guy.

The PRESIDING OFFICER. The Senator's time has expired.

The Senator from Idaho.

Mr. CRAPO. Mr. President, this is one of the biggest violations of the privacy of American citizens to come to the floor of the Senate in a long time.

This amendment would require reporting of—and I quote—“large” financial account balances to the IRS. So now, instead of \$600, they are going to say that whatever the IRS says is large is what they will require every single American, whether they are an individual, a small business, or a corporation owner. Everyone is going to be subject to reporting on whatever the IRS says is “large.”

And this comes after another proposal that is coming down the pike to double or triple the funding to the IRS, so they can monitor the financial transactions of American citizens.

This amendment should be rejected.

AMENDMENT NO. 3105

Mr. CRAMER. Mr. President, I call up Cramer amendment No. 3105 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from North Dakota [Mr. CRAMER], for himself and Mr. BRAUN, proposes an amendment numbered 3105.

The amendment is as follows:

(Purpose: To prohibit the Council on Environmental Quality and the Environmental Protection Agency from promulgating rules or guidance that bans hydraulic fracturing in the United States)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND TO PROHIBIT THE COUNCIL ON ENVIRONMENTAL QUALITY AND ENVIRONMENTAL PROTECTION AGENCY FROM PROMULGATING RULES OR GUIDANCE THAT BANS FRACKING IN THE UNITED STATES.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to the National Environmental Policy Act of 1969 and environmental laws and policies, which may include limiting or prohibiting the Chair of the Council on Environmental Quality and the Administrator of the Environmental Protection Agency from proposing, finalizing, or implementing a rule or guidance that bans fracking in the United States by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. CRAMER. Mr. President, this amendment would simply prohibit any ban on hydraulic fracturing. Such a ban would raise Americans' cost of living, weaken our national security, and, of course, actually enhance greenhouse gas emissions.

Thanks to the technology of fracking, since 2007, U.S. oil production

has doubled, and natural gas production has increased by 60 percent. That is helping States like Colorado, New Mexico, Pennsylvania. And it rids us of our reliance on nations like Saudi Arabia and Russia.

And, by the way, banning fracking would lead to triple-digit oil prices and possible global economic shock as per the University of Chicago.

Ironically, a ban on fracking would also increase global greenhouse gas emissions. Energy Secretary Granholm just recently said that the Russian gas is “the dirtiest form of natural gas on Earth.” And she is right. Emissions from Russian natural gas are over 40 percent higher than ours.

Democrats’ fracking ban would be bad for North Dakota and our Nation and the environment, and I urge my colleagues to vote yes.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Mr. President, I would urge my Republican colleagues to read the recent IPCC report. And if they did, they would find that it is now unequivocal that climate change is caused by human activity.

We are seeing what climate change is doing with our own eyes. We can no longer be blind to this reality. We are seeing the intensity and the increase in forest fires. We are seeing more extreme weather disturbances. We are seeing rising sea levels that will soon threaten the habitability of great American cities like Miami, New York, and Charleston. We are seeing the acidification of the oceans that threaten fishing and marine life. And we are seeing an increase in disease.

We have got to move away from fossil fuel. We have got to end fracking.

I urge a “no” vote on this amendment.

Mr. SCOTT of South Carolina. Mr. President, I call up my amendment No. 3073 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

The Senator from South Carolina [Mr. SCOTT] proposes an amendment numbered 3073.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to helping students, particularly students who are low-income or minorities or who have special needs, that suffered from school closures pushed by teacher labor organizations that ignored the science and ensuring that all schools should be open for in-person learning 5 days a week for the 2021-2022 school year)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO ELEMENTARY AND SECONDARY SCHOOLS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to elementary schools and secondary schools, which may include ensuring that all elementary schools and secondary schools are open full-time for in person learning for 100 percent of students, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from South Carolina.

Mr. SCOTT of South Carolina. Mr. President, in over a year of uncertainty and the pain of living through a pandemic, I have to admit I am shocked that I have to come down here to talk about the importance of quality, in-person education.

Today, we are debating a \$4 trillion tax-and-spending bill, and that is on top of the \$2 trillion we spent in March and the \$4 trillion we spent last year. How insane is it that with all that spending, there is still no guarantee that our kids will be back in school this fall?

The sad reality is, more than 1 million kids did not enroll in their local schools during the pandemic. Thanks to labor union bosses and their unneeded and damaging school shutdowns, kids have been kept out of school, and many—far too many—have suffered psychologically.

For our children’s sake, I urge all my colleagues to vote yes on my amendment and to join me in ensuring our children are no longer confined to virtual learning.

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, I urge my colleagues to oppose this amendment. We all agree that in-person learning is a top priority this school year. Democrats actually passed the American Rescue Plan without a single Republican vote so schools have the resources to make safe, in-person learning possible. The CDC also updated its guidance on reopening, and State school districts and schools are working towards that goal.

But in addition to ensuring in-person learning, we need to encourage adherence to public health guidance, especially as this Delta variant is surging. We also need to support learning and the mental health needs of our students and much more. There is no disagreement on in-person learning, but the Scott amendment falls short on these very important points.

By the way, we need to stop politicizing this issue.

So I encourage a “no” vote on this amendment.

The PRESIDING OFFICER. The Senator from South Carolina.

Mr. SCOTT of South Carolina. I agree with my colleague that we should stop politicizing this issue. All we have done for the last several months of this year is politicize this issue and every other major issue.

Mr. RUBIO. Mr. President, I call up my amendment No. 3097 and ask that it be reported by number.

The bill clerk read as follows:

The Senator from Florida [Mr. RUBIO], for himself and the Senator from Florida, Mr. SCOTT, proposes an amendment numbered 3097.

The amendment is as follows

(Purpose: To establish a deficit-neutral reserve fund relating to facilitating the provision of internet service to the citizens of Cuba, who have been deprived of the free flow of information by the illegitimate communist Cuban regime)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO FACILITATING IMPROVED INTERNET SERVICE FOR CUBAN CITIZENS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to improving the National Telecommunications and Information Administration, which may include ensuring that the internet is an engine for innovation and economic growth for the Cuban people, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years

2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. RUBIO. Mr. President, we witnessed about a month ago historic and unprecedented protests in Cuba as the people took to the streets. One of the things that has been untold and I think now is a greater realization is that one of the reasons that is now possible is because Cubans had a limited access to the internet, which allowed them to then go on social media, communicate with each other and communicate with the world. As a result, they were able also to share with the world the true brutality of that regime by posting videos of what was happening. It was the first time that people had ever seen it.

What this amendment does is it creates a reserve fund within the National Telecommunications and Information Administration to help ensure that we are doing all we can to provide internet access that is unfettered, uncontrolled by the regime in Cuba, which actually cuts off that access, as it did in the middle of these protests—by the way, using Chinese technology.

So this would allow us to pursue how we can provide unfettered internet access to the people of Cuba. It is something that I understand has broad support in this Chamber, even in the administration, and I hope we can pass this.

The PRESIDING OFFICER. The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I strongly support the gentleman's amendment. In fact, the Biden administration is in the midst of trying to find out what is the greatest technological ability to create internet access for the people of Cuba and limiting the ability of the regime to jam that internet access, and I hope that we will see this shortly.

This reserve fund would be in good order and in line with what the administration is seeking to do as well.

VOTE ON AMENDMENT NO. 3097

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 3097) was agreed to.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. LEAHY. Mr. President, I have a unanimous consent request, if I might—

The PRESIDING OFFICER. If the Senator from Alabama would withhold, the Senator from Vermont is recognized.

Mr. LEAHY. Mr. President, I voted for the Rubio amendment because, like others here and in Cuba, I believe the Cuban people have as much right to access to the internet as anyone else. No government should prevent that access, or access to other sources of information, whether in Cuba or any other country. It is a universal right.

However, we have only the vaguest idea of what this amendment envisions, how it would be implemented without violating Cuba's territorial sov-

ereignty, or how much it would cost. These are important questions that need answers.

I also note that the "purpose" of the amendment refers to the "illegitimate communist Cuba regime." We are all familiar with that kind of rhetoric, and no one who believes in democracy would argue that the Cuban Government is legitimate, since its leaders were not elected in a free and fair multi-party election. Cuba is a one-party state where political opposition is not tolerated. Presumably, that is because the Cuban authorities are afraid that if they allowed political opposition parties to operate and a free and fair election were held, they might be voted out of office. In that sense, it is similar to pariah states like Iran and Syria, as well as U.S. allies and partners like Egypt and Saudi Arabia, neither of which permits opposition parties to operate and both of which engage in repression on a scale far larger than in Cuba.

I mention this because when it comes to principles of freedom of speech and association, we should at least try to be consistent. We have an economic embargo against Cuba, a tiny impoverished country that poses no credible threat to us, while we sell billions of dollars in weapons to Saudi Arabia, home to most of the 9/11 terrorists, and the perpetrators of the assassination of Jamal Khashoggi and the disastrous war in Yemen. Saudi women are routinely discriminated against and imprisoned for acts that are protected by international law. The death penalty is carried out after sham trials.

None of this is to excuse or justify the actions of the Cuban Government. But it is interesting that many of those who focus their wrath on Cuba and support a policy of sweeping sanctions that is contributing to the misery of the Cuban people, support a very different approach toward other repressive governments when it suits them.

The PRESIDING OFFICER. The Senator from Alabama.

AMENDMENT NO. 3293

Mr. SHELBY. Mr. President, I call up my amendment No. 3293 and ask that it be reported by number. This is an amendment by SHELBY, INHOFE, WICKER, and others, dealing with defense infrastructure.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Alabama [Mr. SHELBY], for himself and others, proposes an amendment numbered 3293.

The amendment is as follows

(Purpose: To provide funds available to the Department of Defense to implement the 2018 National Defense Strategy)

On page 48, strike line 6 and insert the following:

(m) COMMITTEE ON ARMED SERVICES.—The Committee on Armed Services of the Senate shall report changes in laws within its jurisdiction that increase the deficit by not more than \$50,200,000,000 for the period of fiscal years 2022 through 2031.

(n) SUBMISSIONS.—In the Senate, not later than

The PRESIDING OFFICER. The Senator from Alabama.

Mr. SHELBY. Mr. President, this amendment provides \$50.2 billion to meet defense infrastructure needs across this Nation. I believe we need to modernize our shipyards, our test ranges, our depots, ammunition plants, install 5G technology at military bases, support our nuclear defense infrastructure, and so much more.

These infrastructure projects are absolutely critical to our national security. They impact millions of jobs across the country, both military and civilian. We are talking about projects not just in my home State of Alabama but in Arizona, Georgia, Virginia, Rhode Island, Connecticut, Maine, California, Hawaii, Maryland, Nevada, New Mexico, and many more—actually, all of us.

My Democratic colleagues inexplicably blocked a vote on a related amendment in the infrastructure bill that just passed the Senate. Now it is time, I believe, to stand up and be counted for America, for national security.

Will my Democratic colleagues now support this multitrillion-dollar social spending binge while continuing to turn a blind eye to the military infrastructure needs in their own States? I certainly hope not.

This reflected neglect of our national security and the millions of jobs that support it is reckless. It must stop. I urge my colleagues to support our military and vote yes on this amendment.

The PRESIDING OFFICER. The Senator from Rhode Island.

Mr. REED. Mr. President, this is well-intended because there are always needs for national defense, but I would like to point out that the Armed Services Committee, on a bipartisan basis, raised the top line of the Defense bill this year by \$25 billion, allowing us to cover the unfunded requirements of the Department of Defense. This was not only a bipartisan effort; it was overwhelmingly approved by the committee. So we are not reneging on a commitment to fully fund the Department of Defense.

I know this amendment originated as an attempt to amend the infrastructure bill, but as it is written, this amendment would provide over \$50 billion in funding for unspecified uses—it could be infrastructure; it could be military platforms; it could be a host of things—and the fund would extend from 2022 to 2031, which is beyond this Congress and beyond the current administration.

I think we should adhere to the rules, the regular order, which has been conducted in the Armed Services Committee. I think we have well-positioned ourselves for an adequate budget and determination of spending this year.

For that reason, I would urge my colleagues to oppose this amendment.

The PRESIDING OFFICER (Mr. PETERS). The Senator from Iowa.

Mr. GRASSLEY. I call up amendment No. 3251, and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

The Senator from Iowa, [Mr. GRASSLEY] proposes an amendment numbered 3251.

The amendment is as follows:

(Purpose: To prevent changes to the State and local tax (SALT) deduction that mainly benefit the wealthy)

On page 52, strike lines 2 through 12 and insert the following:

SEC. 3001. RESERVE FUND FOR LEGISLATION THAT WON'T RAISE TAXES ON PEOPLE MAKING LESS THAN \$400,000 AND WON'T MAKE CHANGES TO THE STATE AND LOCAL TAX DEDUCTION THAT MAINLY BENEFIT THE WEALTHY IN THE SENATE.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills,

joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to changes in revenues, without raising taxes on people making less than \$400,000 or making changes to the Federal tax deduction for State and local taxes which results in a tax cut for those earning over \$1,000,000, by the

Mr. GRASSLEY. Now hear me. You will be shocked what the Democrats want to do in their budget. They want to use reconciliation to provide a \$120 billion tax cut to the wealthy through SALT relief. The nonpartisan Joint Committee on Taxation estimates 51 percent of the benefit from that repeal would go to those making over \$1 million, while those with incomes under \$50,000 wouldn't see any benefit.

The liberal Tax Policy Center says the top one-tenth of 1 percent of households would receive an average tax cut of \$144,000 a year.

Democrats cry the wealthy are not paying their fair share, at the same time proposing to give billionaires six-figure tax cuts. If my Democratic colleagues are genuine in their concern about the wealthy paying too little taxes, their budget is not the way to do it.

So vote to support my amendment to impose restrictions on repealing and modifying the SALT cap that would result in tax cuts for the wealthy.

I reserve my time.

Mr. WYDEN. Mr. President.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, colleagues, our tax bill will be progressive, even though my friend from Iowa told you just the opposite.

Now, the 2017 Trump tax laws specifically targeted families in the middle with tax hikes to pay for some of the handouts that Republican colleagues wanted to give corporations and the megawealthy.

Over here, on our side, we want to fix that mistake, but my friend from Iowa is offering an amendment to lock in those tax hikes on families in the middle.

Democrats are proposing very substantial tax cuts for working-class folks, for the middle class, and what we are going to be doing in our tax bill is working to make the Tax Code more progressive by ensuring that the megawealthy pay their fair share.

I mean, we have all seen—and this has been documented for quite some time—and my colleague from Iowa knows that we have exposed these mega-IRAs that billionaires have.

So I just hope my colleagues will reject the Grassley amendment, and when we do, I will offer what is truly a progressive alternative.

AMENDMENT NO. 3569

Mr. WYDEN. Mr. President, I call up my amendment No. 3569 and ask it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The senior assistant legislative clerk read as follows:

The Senator from Oregon [Mr. WYDEN] proposes an amendment numbered 3569.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to increasing the progressivity of the tax code)

At the end of title III, add the following:

SEC. 3. RESERVE FUND RELATING TO INCREASING THE PROGRESSIVITY OF THE TAX CODE.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to changes in Federal tax law, which may include raising taxes on the wealthiest 0.1 percent of taxpayers while reducing taxes on low- and middle-income taxpayers, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the def-

icit over the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, it takes extraordinary chutzpah for Senate Republicans to claim the Democrats want to make the Federal Tax Code less progressive. The Trump 2017 tax law was a huge giveaway to the biggest corporations and the wealthiest individuals.

Senate Democrats are going to fix that in our tax bill. We are going to have tax cuts for working people. For example, we are going to have tax cuts for middle-income people with kids, and we are going to make sure that those at the top, those multinational corporations and the wealthiest individuals, are going to pay their fair share.

That is going to make the Tax Code more progressive and fairer. To vote for a progressive fair tax system, you have got to support our amendment 3569.

The PRESIDING OFFICER. The Senator from Iowa.

Mr. GRASSLEY. Mr. President, the Senator from Oregon should have read the 2017 tax bill, and he wouldn't give a speech like that. The Wyden amendment is an example of Democrats on the one hand complaining the wealthy pay too little tax while supporting massive tax cuts for the rich.

Nothing in my amendment prevents changes to the Tax Code that would make it more progressive. Capping the SALT deduction as part of the 2017 tax bill increases the progressivity of the Tax Code and allowed for larger tax cuts to the middle class. Undoing the SALT cap would make the Tax Code less progressive and jeopardize middle-class tax cuts that it helped enable.

Anyone who supports the wealthy paying their fair share should have supported my amendment and vote no on the Wyden amendment.

AMENDMENT NO. 3113

Mr. TUBERVILLE. Madam President, I call up my amendment, No. 3113, and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant bill clerk read as follows:

The Senator from Alabama [Mr. TUBERVILLE] proposes an amendment numbered 3113.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to decreasing Federal funding for local jurisdictions that defund the police)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO ADJUSTING FEDERAL FUNDING FOR LOCAL JURISDICTIONS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to adjustments to Federal funds for local governments within the jurisdiction of the committees receiving reconciliation instructions under section 2001 of this resolution, which may include limiting or eliminating Federal payments, other than grants under subpart 1 of part E of title I of the Omnibus Crime Control and Safe Streets

Act of 1968 (34 U.S.C. 10151 et seq.) (commonly known as the “Byrne JAG grant program”) or section 1701 of title I of such Act (34 U.S.C. 10381) (commonly known as the “COPS grant program”), to local governments that defund the police, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. TUBERVILLE. Madam President, believe it or not, people back home actually listen sometimes to what we say here.

To some local leaders across the country, the far-left rally cry of “defund the police” is not just DC rhetoric; they are actually acting on it.

More than 80 percent of law enforcement in America is conducted by State and local police departments—80 percent. These men and women are community heroes. We should invest in all of them. But local leaders across the country have decided the “woke” thing to do is cancel their city’s police force.

My amendment is pretty simple. If your city council wants to defund their police, don’t expect the Federal Government to make up the difference.

The American taxpayers in Alabama shouldn’t have to pick up the tab for local leaders in Oregon and Minnesota who value the “woke” “defund the police” movement over their own community’s safety.

I call on my colleagues to support our law enforcement by voting yes for this amendment. Opposing my amendment is a vote in support of defunding the police and against the men and women in blue.

The PRESIDING OFFICER. The gentleman’s time has expired.

The Senator from New Jersey.

Mr. BOOKER. Madam President, I am so excited. This is perhaps the highlight of this long and painful and tortuous night.

Again, if it wasn’t complete abdication of Senate procedures and esteem, I would walk over there and hug my colleague from Alabama.

And I will tell you right now—thank God—because there are some people who have said that there are Members of this deliberative body that want to defund the police, to my horror. And now this Member has given us the gift that finally—once and for all—we can put to bed this scurrilous accusation that somebody in this great, esteemed body would want to defund the police.

So let’s all of us—100 people—not walk but sashay down there and vote for this amendment and put to rest the lies. I am sure I will see no political ads attacking anybody here over “defund the police.”

And I would ask unanimous consent to add something else to this obvious bill. Can we add also that every Senator here wants to fund the police, believes in God, country, and apple pie. Thank you.

tions of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to honoring the United States Capitol Police, the District of Columbia Metropolitan Police, and all other first responders, who fought and died protecting Congress and the United States Capitol from the mob of insurrectionists on January 6th, 2021, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

Ms. KLOBUCHAR. Madam President, this amendment, which I am introducing with Senators BOOKER, WARNOCK, and SCHATZ, would allow the Budget Committee to reallocate funding for the Capitol Police; Washington, DC; and Metropolitan Police and all first responders who defended the Capitol on January 6.

The insurrection at the Capitol was more than an assault on democracy; it was an actual life-or-death situation for the many brave law enforcement officers who show up here to work every single day.

Last week, we unanimously passed legislation, which Senator BLUNT and I led, to award the Congressional Gold Medal to honor these officers. I was proud to stand with President Biden when he signed it into law.

This amendment shows our continued commitment to remembering the heroism and the sacrifice of the first responders who risk their lives to protect this Capitol.

Before I came to the Senate, I saw firsthand the vital role that law enforcement officers play in keeping our citizens safe. That is why I am not surprised by the last vote and the nature of the last vote.

I thank Senator BOOKER for his response to Senator TUBERVILLE’s amendment. We also must ensure that the officers in this place have the resources they need to do their jobs.

The Senator from West Virginia [Mrs. CAPITO] proposes an amendment numbered 3284.

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO SUPPORTING OR EXPEDITING THE DEPLOYMENT OF CARBON CAPTURE, UTILIZATION, AND SEQUESTRATION TECHNOLOGIES.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to Federal environmental and energy policies, which may include supporting or expediting the deployment of carbon capture, utilization, and sequestration technologies (including technologies that may be used on coal- and natural gas-fired power plants) in the United States to lower emissions and to increase the use of captured carbon dioxide for valuable products and enhanced oil recovery, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mrs. CAPITO. Madam President, I am a strong supporter of carbon capture, utilization, and sequestration, otherwise known as CCUS. This technology allows us to turn carbon dioxide into a valuable product. Some anti-fossil fuel, "keep it in the ground" advocates only support CCUS when it has nothing to do with fossil fuels, and I believe that is a misguided approach.

If we are serious about supporting and increasing the number of CCUS projects, which I am and many of us are, we need to support projects of all types of facilities, including on our coal- and gas-fired powerplants. We also need to support the use of carbon dioxide to produce oil through a process called enhanced oil recovery.

I encourage my colleagues to vote yes on amendment No. 3284 and recognize that smart CCUS policies and fossil fuel use can go hand in hand.

I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. MANCHIN. Madam President, I rise also in support of my colleague's amendment.

Climate change is a global issue. We need to deploy all the climate solutions that we can if we are going to meet our global climate goals. That includes coupling the use of our abundant resources with technologies like CCUS that will ensure that we can use them in the cleanest way possible. We need to continue to do more to bring down the cost of these critical technologies and expedite the wide-scale deployment both domestically and abroad, including in countries like China and India, that are aggressively expanding their fossil fuel fleets as we speak.

If the United States of America gets out of fossil fuels, I will guarantee you there won't be another country to step up to the plate to do the research and development it takes to combat climate change. So I urge all my colleagues to support this legislation.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Arkansas [Mr. BOOZMAN] proposes an amendment numbered 3103.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to policies or legislation to prohibit the Department of Agriculture from making ineligible for financing fossil fuel-burning power plants)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO POLICIES OR LEGISLATION TO PROHIBIT THE DEPARTMENT OF AGRICULTURE FROM MAKING INELIGIBLE FOR FINANCING FOSSIL FUEL-BURNING POWER PLANTS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to agriculture policy, which may include prohibiting or limiting the Department of Agriculture from making ineligible for financing the construction, maintenance, or improvement of fossil fuel-burning power plants by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. BOOZMAN. Madam President, my amendment will establish a deficit-neutral reserve fund to ensure rural electric cooperatives remain eligible for USDA financing for the construction, maintenance, or improvement of fossil fuel burning plants.

I ask my colleagues to support this commonsense approach to ensure that the electricity needs of rural America continue to be met and, in the future, are affordable and reliable.

The amendment ensures that rural Americans continue to have accessible, affordable, reliable energy to power their farms, their businesses, and broadband networks in the 21st-century economy.

In order to achieve net zero emissions by 2050, the Department of Agriculture has proposed the retirement of fossil fuel-burning powerplants in rural America.

So this amendment would protect rural America and make sure they have reliable and affordable energy.

I ask my colleagues for a “yea” vote.
The PRESIDING OFFICER. The Senator from Michigan.

Ms. STABENOW. Madam President, unfortunately, I cannot support the amendment offered by my good friend and ranking member.

This amendment would restrict the USDA's ability to support a transition to clean fuel economies. Rural communities, especially rural utilities and rural electric co-ops, can help lead the transition to clean energy and create good-paying, clean energy jobs at the same time. We know that. We need to provide the USDA with the tools and the resources and the flexibility to make that happen.

It is important to know that our rural partners are asking to be a part of this transition. They don't want an amendment that locks them from being able to do that.

We all know that tackling the climate crisis is imperative. Just yesterday, the U.N. put out another report showing that the climate crisis is spiraling out of control.

Our budget will ensure that the United States will not only compete but lead the world's race toward a clean energy future, and certainly rural America is an important part of that.

So I would urge a “no” vote.

AMENDMENT NO. 3114

Mr. BRAUN. I call up my amendment No. 3114 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

The Senator from Indiana [Mr. BRAUN] proposes an amendment numbered 3114.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to removing the prohibition on States and territories against lowering their taxes)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO THE PROVISIONS OF THE AMERICAN RESCUE PLAN ACT.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to limitations on Federal relief funds for State or local governments, which may include lifting or prohibiting restrictions related to modifications to a State's or territory's tax revenue source, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. BRAUN. Mr. President, in the 11th hour, Democrats added a provision in the American Rescue Plan that this body did not have time to vet. Under this provision, if States took the money, they cannot lower their taxes in any way through 2024.

Six Federal lawsuits have already been filed, including States like Louisiana, Ohio, and Arizona. West Virginia is leading a lawsuit with an additional 13 States, including New Hampshire and Montana.

States are not happy with this overreach. We can fix this mistake now. States have the right to cut their own taxes, and we have no right to get in their way.

I introduced the Let States Cut Taxes Act with DAN BISHOP, of North Carolina, to repeal this overstep in the American Rescue Plan. A vote for this amendment is a vote to protect States' power to impose or cut their own taxes.

Please join me on this bill across the board, and I ask for the yeas and the nays.

Mr. WYDEN. Mr. President, I will be very brief.

Democratic and Republican Governors want this. Certainly, on the Democratic side, they have expressed an interest in expanding tax cuts for working families and vulnerable people who are still feeling the economic pain. Some are interested in expanding low-income housing. This helps accomplish the goals.

I support this, and if it is acceptable, maybe we can even do it by voice vote. (Chorus of “No”.)

Mr. BRAUN. No. It is a rollcall vote.

The PRESIDING OFFICER. The yeas and nays were previously ordered.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. MANCHIN. Mr. President, I rise in opposition.

This makes no sense whatsoever. First of all, our friends—no one voted on that side for the ARP. Next of all, this was done to help people with the programs that were going, who needed help. It was not intended to use people's tax dollars to regive them to the States so the States could look like they were reducing the taxes by not using the money. That's ridiculous. We should not be supporting this whatsoever. It makes no sense at all.

AMENDMENT NO. 3128

Mrs. FISCHER. Mr. President, I call up my amendment No. 3128, and I ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows: The Senator from Nebraska [Mrs. FISCHER] proposes an amendment numbered 3128.

The amendment is as follows:

(Purpose: To means-test electric vehicle tax credits to ensure high-income individuals do not get government subsidies to buy expensive luxury cars)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO MEANS-TESTING ELECTRIC VEHICLE TAX CREDITS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to means-testing electric vehicle tax credits, which may include limiting eligibility of individuals with an adjusted gross income of greater than \$100,000 or setting maximum car values allowed for eligible purchases at \$40,000, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Nebraska.

Mrs. FISCHER. Mr. President, Americans making over \$100,000 a year claimed nearly 80 percent of electric vehicle tax credits in 2016.

According to the National Resource Defense Council, a leftwing environmental advocacy group, EVs cost \$19,000 more than gas-powered vehicles.

My colleagues on the other side of the aisle like to say wealthy Americans should pay their fair share in taxes. Yet they want to expand the tax credit to disproportionately benefit even more people with six-figure salaries.

Everyday Americans are living paycheck to paycheck because of the sharp rise in costs due to inflation, but my colleagues on the other side want to subsidize luxury vehicles only the rich can afford using money from hard-working taxpayers, and my amendment would put a stop to that.

It simply prohibits individuals from claiming the tax credit if they make over \$100,000 a year or if the car they are buying costs over \$40,000. There is nothing wrong with the well-off buying fancy cars. I just don't think America's hard-earned taxpayer dollars should help to pay for it.

While I question why we are subsidizing this industry at all, the least

we can do is to show bipartisan support for denying taxpayer subsidies for the rich.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, we are strongly opposed. Senator STABENOW will speak for us.

The PRESIDING OFFICER. The Senator from Michigan.

Ms. STABENOW. Mr. President, first, this amendment is just plain anti-pickup trucks. Let's start there. When our farmers and small businesses and families are buying their next pickup truck or SUV, we want them to have the incentive to purchase a new all-electric truck like we have seen now being produced by the companies.

With the price ceiling in this amendment—there is a price ceiling—they would not be allowed to receive the incentive that consumers buying small cars would receive.

The fact is, more people buy pickup trucks and large vehicles than people who buy small vehicles. So we eliminate more carbon pollution when people who drive trucks and SUVs choose all-electric vehicles like the great ones that are now coming out into the marketplace.

So I would ask you to vote no and stand with pickup truck owners across the country.

(Applause.)

The PRESIDING OFFICER. The Senator from Nebraska.

Mrs. FISCHER. Mr. President, we have a pickup truck.

AMENDMENT NO. 3115

Ms. ERNST. Madam President, I call up my amendment, No. 3115, and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Iowa [Ms. ERNST], for herself and Mr. THUNE, proposes an amendment numbered 3115.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to prohibiting or limiting the issuance of costly Clean Air Act permit requirements on farmers and ranchers in the United States or the imposition of new Federal methane requirements on livestock)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROHIBITING OR LIMITING THE ISSUANCE OF COSTLY CLEAN AIR ACT PERMIT REQUIREMENTS ON FARMERS AND RANCHERS IN THE UNITED STATES OR THE IMPOSITION OF NEW FEDERAL METHANE REQUIREMENTS ON LIVESTOCK.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to Federal environmental policies under the Clean Air Act (42 U.S.C. 7401 et seq.), which may include prohibiting or limiting the issuance of costly permit requirements under that Act on farmers and ranchers in the United States or the imposition of any new Federal methane requirements on livestock that would have the effect of increasing the cost of beef and other critical products, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Ms. ERNST. Madam President, I grew up on a farm in Southwest Iowa, where we took extraordinary pride in the work we did and the livestock and crops we raised.

Our hard-working livestock producers should not have to worry about being subject to onerous regulations and increased production costs due to Federal permits or regulations.

My amendment would prohibit or limit any new Federal methane requirements on livestock that would increase the cost of beef or other critical

products. This “cow tax” will just result in higher food costs for Americans at the grocery store at a time when inflation has already caused prices to skyrocket.

This “cow tax” could put our local farms out of business. They could devastate our rural communities, which are continuing to feed and fuel the world.

I won't stand by while the Democrats force Iowa farmers and ranchers and American consumers to pay for their over-the-top regulations.

I urge my colleagues to support my amendment and keep America's farming and ranching operations going and food prices affordable for our hard-working families.

The PRESIDING OFFICER. The Senator from Delaware.

Mr. CARPER. Madam President, I would like to speak in opposition to the amendment. Let me be clear. Colleagues, let me be clear. Let me be clear.

The EPA is not acting to regulate methane from cows or any other farm animals. This amendment is designed as a messaging amendment to suggest that the Agency is undertaking actions that it is not considering.

Democrats are working to advance policies that assist farmers and ranchers in participating in efforts to address greenhouse gas emissions in ways that inure to their bottom line.

Methane is a super climate pollutant. It is at least 80 times more powerful than carbon dioxide in terms of global warming. In order to stem the tide of climate change, we must reduce methane emissions.

The Biden administration and my Democratic colleagues are laser-focused on making sure our Nation's largest source of methane—the oil and gas sector—is doing all it can to reduce or eliminate methane emissions.

The American people should rest assured that no one is focused on regulating cow emissions, as this amendment would suggest.

I recommend a “no” vote. Thank you.

The Senator from Florida [Mr. SCOTT] proposes an amendment numbered 3383.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to preventing terrorist actions against the United States and its allies, and to ensure that United States tax dollars do not benefit terrorist organizations such as Hamas or the Palestinian Islamic Jihad)

At the end of title III, add the following:

SEC. 3004. DEFICIT-NEUTRAL RESERVE FUND RELATING TO FUNDING OF THE OFFICE OF FOREIGN ASSETS CONTROL.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to funding of the Office of Foreign Assets Control, which may include additional resources for enforcement activities or additional sanctions against terrorist organizations, including those in the Gaza Strip and their members, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. SCOTT of Florida. Madam President, earlier this year, we saw Hamas rockets rain down on Israel for 11 straight days. Children, like 5-year-old Ido Avigal, died in these attacks.

Following these attacks on Israel, President Biden's State Department

said it couldn't guarantee that funding wouldn't go to Hamas. That is unacceptable.

We have seen horrible anti-Israel sentiment permeate the Halls of Congress. But we cannot, and I will not, accept the ignorance of some of my colleagues to the evil and devastation Hamas terrorists bring to Israel.

My amendment will ensure that any money authorized to the territory of Gaza will not end up in the hands of Hamas terrorists and allows for further sanctions against these terrorist groups.

This amendment is a commonsense way to protect American tax dollars, stand with our great ally Israel, and to continue our fight against the evils of Hamas terrorism.

I hope all of my colleagues will vote for this amendment.

The PRESIDING OFFICER. The Senator from New Jersey is recognized.

Mr. MENENDEZ. Mr. President, the U.S. Government already has laws in place to prevent U.S. taxpayer dollars from going to terrorist organizations and laws that specifically prevent funds from going to Hamas and Palestinian Jihad.

So this is purely a messaging amendment that does absolutely nothing in practice, but it is a message we can all get behind. And because Democrats stand against terrorist organizations that threaten innocent civilians in Israel and anywhere else in the world, we support the amendment, and we would urge the Senator to take a voice vote.

AMENDMENT NO. 3444

Mr. YOUNG. Madam President, I call up Young amendment No. 3444 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Indiana [Mr. YOUNG] proposes an amendment numbered 3444.

The amendment is as follows:

(Purpose: To prevent tax increases that would violate President Biden's repeated promise to not impose a single penny in tax increases on people making less than \$400,000 per year)

On page 53, line 8, strike the period and insert “, except that no adjustment shall be made pursuant to this subsection if such legislation raises taxes on people making less than \$400,000.”.

Mr. YOUNG. Madam President, over 60 times during their campaign and since taking office, President Biden and Vice President HARRIS have pledged not to raise one single penny in taxes—not one single penny—on anyone making less than \$400,000 a year.

Today, my Democratic colleagues are using this budget to try to pull a fast one on the American taxpayers by giving lip service to this pledge while proposing tax hikes that will largely be borne by middle- and working-class Americans. For example, it is well-understood that a significant portion of corporate tax hikes are borne by American workers in the form of fewer job opportunities and reduced wage growth.

Now, while my colleagues included a nominal mention of the tax pledge in the underlying budget, importantly, the budget's reserve fund for the upcoming \$3½ trillion reckless tax-and-spend bill is not conditioned on that pledge. So this amendment will prevent Congress from breaking the Biden-Harris tax promise to pay for reconciliation.

As President Biden said:

Not one penny. It's a guarantee.

I urge my colleagues to support this amendment.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Madam President, President Biden did, in fact, make it clear there would be no tax increase for

anybody who makes up to \$400,000 a year, and Democrats are going to stand by that commitment. In fact, Democrats are proposing tax cuts for working-class and middle-class families, along with changes to make sure that corporations and the very wealthy finally pay their fair share. This amendment is in line with that approach.

I am voting aye.

Mr. SANDERS. Mr. President, I ask unanimous consent that following the Lankford amendment, the following amendments be in order; that the amendments be reported by number, with no amendments in order prior to a vote in relation to the amendment: Sullivan, No. 3627; Paul, No. 3150.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 3792

Mr. LANKFORD. Mr. President, I call up my amendment No. 3792 and ask it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Oklahoma [Mr. Lankford], for himself and others, proposes an amendment numbered 3792.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to abortion funding)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO ABORTION FUNDING.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to improving health programs, which may include prohibiting funding for abortions consistent with the Hyde amendment or limitations on Federal funding to State or local governments that discriminate against entities who refuse to participate in abortion consistent with the Weldon amendment, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Oklahoma.

Mr. LANKFORD. Mr. President, this amendment would add language to prohibit funding for abortions consistent with the longstanding Hyde amendment, which has been the law of the land since 1976.

The Hyde amendment has enjoyed decades of bipartisan support, including from then-Senator Joe Biden, and it has been signed into law by Democratic and Republican Presidents alike.

The Hyde amendment reflects a decades-long consensus that millions of Americans who are profoundly opposed to abortion should not be forced to pay for the taking of human lives of children or incentivize it with their taxpayer dollars. A 2020 Marist poll found that 60 percent of Americans, including 37 percent of people who identify as pro-choice, oppose the use of their taxpayer dollars to pay for abortions.

Similarly, the Weldon amendment has been in law since 2004. It protects individuals from being forced to participate in abortion if it would violate their conscience.

Millions of Americans of faith and of no faith know that the only difference between a child in the womb and outside the womb is time. Just because they are smaller people doesn't mean they should be any less protected by law.

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, this amendment is a serious threat to women's safety that would allow someone else's personal beliefs rather than a patient's best interests determine a patient's care.

No healthcare provider should be able to refuse to give lifesaving information about where to get care to someone who is miscarrying. No healthcare provider should be able to refuse to transfer a patient who needs an abortion. No healthcare provider should be able to turn patients away in an emergency situation for purely ideological reasons. Everyone should be able to make their own choices about pregnancy and parenting and exercise their constitutionally protected right to an abortion.

This amendment would vastly expand abortion restrictions on Federal funding.

I urge my colleagues to oppose this amendment.

The PRESIDING OFFICER. The Senator from Oklahoma.

Mr. SANDERS. Mr. President, I ask unanimous consent that following the

AMENDMENT NO. 3627

Mr. SULLIVAN. Mr. President, I call up my amendment No. 3627 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The senior assistant legislative clerk read as follows:

The Senator from Alaska [Mr. SULLIVAN] proposes an amendment numbered 3627.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to prohibiting renewable energy projects receiving Federal funds and subsidies from purchasing materials, technology, and critical minerals produced in China)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO ENSURING ROBUST, SECURE, AND HUMANE SUPPLY CHAINS, SOURCED BY THE UNITED STATES AND ALLIES OF THE UNITED STATES, FOR RENEWABLE ENERGY MATERIALS, TECHNOLOGY, AND CRITICAL MINERALS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments reports relating to Federal energy policy, which may include ensuring robust, secure, and humane supply chains for renewable energy products and critical minerals and prohibiting or limiting renewable energy projects funded or subsidized by Federal funds from purchasing materials, technology, and critical minerals produced in China, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. SULLIVAN. Mr. President, my amendment would ensure that Federal funds used toward the technology and materials we need to advance our renewable energy sector is made and mined in the United States and by our allies, not by the Chinese Communists.

We are currently dangerously reliant on China for roughly 80 percent of materials and minerals vital to the U.S. renewable energy sector and to our national security.

It is not only dangerous to our national security to be so reliant on China, but it is also inhumane. China is using Uyghur forced labor to source many of America's alternative energy imports.

We have these resources right here in the United States, and by developing our national supply chains, we can create thousands of good-paying jobs, pro-

tect our national interests, and deny support to the Chinese Communist Party.

However, far too often, extreme environmental groups seek to block domestic critical mineral production right here at home.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. SULLIVAN. We need to produce these materials here, not in China, and I ask my colleagues to vote yes for this amendment.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, this is a challenging amendment that deals with unfair competition from China.

I am going to vote yes, and when we are done with this amendment, I will offer a more targeted approach to restrict the purchase with Federal funds from any country of products produced with forced labor.

AMENDMENT NO. 3805

Mr. WYDEN. Mr. President, I call up my amendment No. 3805 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Oregon [Mr. WYDEN] proposes an amendment numbered 3805.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to ensuring robust, secure, and humane supply chains by prohibiting the use of Federal funds to purchase materials, technology, and critical minerals produced, manufactured, or mined with forced labor)

At the end of title III, add the following:

SEC. 3. RESERVE FUND RELATING TO ENSURING ROBUST, SECURE, AND HUMANE SUPPLY CHAINS BY PROHIBITING THE USE OF FEDERAL FUNDS TO PURCHASE MATERIALS, TECHNOLOGY, AND CRITICAL MINERALS PRODUCED, MANUFACTURED, OR MINED WITH FORCED LABOR.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to ensuring robust, secure, and humane supply chains by prohibiting the use of Federal funds to purchase materials, technology, and critical minerals produced, manufactured, or mined with forced labor by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

Mr. WYDEN. Colleagues, I am going to be very brief.

This amendment prohibits the use of Federal funds to purchase materials, technology, and critical minerals produced, manufactured, or mined with forced labor from any country.

All supply chains need to be robust, secure, and free from these horrendous labor practices, like the genocidal forced labor practices in the Uighur region of China.

It is not enough, colleagues, to ban China alone, while forced labor continues to be a problem in many nations around the world. For this reason, I urge the support of this amendment to ensure that our supply chains align with these American values.

And I am willing to do a voice vote, Mr. President.

Mr. SULLIVAN. Mr. President.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. SULLIVAN. Mr. President, I also urge adoption of the Wyden amend-

ment, when he is talking about forced labor. But I want to point out one important issue.

The amendment that we just voted on, my amendment, which bans the use of Federal funds on renewable projects, critical minerals from all of China, was opposed by the vast majority of the far-left environmental groups in America.

They want to be able to import these products from China, even though we have them and we have the minerals. So there is a difference between the Wyden amendment and the Sullivan amendment. I urge its adoption, but let's not be fooled here. The far-left, green agenda is to import products from China and not allow mining and critical mineral production in America. That is wrong.

I am glad my amendment just passed, but I urge adoption of the Wyden amendment as well.

(Purpose: In the nature of a substitute.)

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Kentucky [Mr. PAUL] proposes an amendment numbered 3150.

(The amendment is printed in today's RECORD under "Text of Amendments.")

Mr. PAUL. Isn't it ironic that during today's long debate, we have not heard a word of the actual subject at hand: the budget?

The budget presented by the Democrats has been entirely ignored by both parties. But if you read it, the Democrat budget before us is a blueprint for bankruptcy. The Democrat budget never balances and spends and borrows \$15 trillion over 10 years. Already, our national debt exceeds \$28 trillion. We borrow \$2 million a minute.

Now, Republicans have largely been united in believing in a constitutional amendment to balance our amendment in 5 years. In fact, many of the Members have voted for that.

What I have presented today is an alternative to the Democrat budget. This is a budget that balances in 5 years, and I recommend a "yes" vote.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Mr. President, Senator PAUL's amendment would slash Federal spending by trillions of dollars. It would mean massive cuts to Medicare, to Medicaid, to food stamps, to

virtually every Federal program that impacts working people and low-income people. It would cause massive suffering.

I urge a "no" vote.

AMENDMENT NO. 3648

Ms. BALDWIN. Mr. President, I call up my amendment No. 3648 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Wisconsin [Ms. BALDWIN], for herself and others, proposes an amendment numbered 3648.

The amendment is as follows:

(Purpose: To establish a reserve fund relating to Great Lakes ice breaking operational improvements)

At the end of title III, add the following:

SEC. 3004. RESERVE FUND RELATING TO GREAT LAKES ICE BREAKING OPERATIONAL IMPROVEMENTS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to improving Coast Guard operations, which may include funding for the acquisition, design, and construction of a Great Lakes heavy icebreaker, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over the period of the total of fiscal years 2022 through 2031.

Ms. BALDWIN. Mr. President, I rise to speak in support of the BALDWIN, SMITH, GILLIBRAND, PETERS, and DURBIN amendment that will help support good-paying union jobs, address the impacts of climate change on the Great Lakes, and support billions of dollars in revenue and wages.

The U.S. Great Lakes waterborne commerce supports more than 147,000 jobs in eight Great Lakes States. This is made possible by the Coast Guard's Great Lakes icebreakers that ensure ships can safely transit in and out of our ports in the winter. Unfortunately, the number of icebreaking vessels on the Great Lakes has declined, resulting in economic loss, including an estimated 5,400 jobs in the 2018–2019 winter season.

Additionally, climate change is resulting in more heavy-ice winters and increasing intensity and frequency of extreme storms that are impacting ice cover thickness and unpredictable ice floes.

My amendment would ensure that the Great Lakes has sufficient icebreaking capacity and keep our Nation's economy moving forward. Chair CANTWELL supports the Great Lakes icebreaker, and I urge my colleagues to vote in favor of this amendment and ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

The Senator from Mississippi.

Mr. WICKER. Mr. President, I rise in support of the Baldwin amendment. I appreciate Senator BALDWIN's interest in making sure that the Coast Guard has adequate icebreaking in the Great Lakes.

I will note that there is currently no funding for the Coast Guard in the Democrats' budget resolution, and I hope that the vote we are about to have will show support for icebreakers. And perhaps Democrats will regret their decision to exclude the Coast Guard from the Commerce Committee's allocation of over \$80 billion.

But I do support the amendment. The ranking member of the Budget Committee also supports the amendment.

The amendment is as follows:

(Purpose: To prevent reconciliation legislation from including trillions of dollars in job-killing tax hikes)

On page 46, strike lines 17 through 21.

Mr. ROMNEY. Mr. President, my amendment is very simple. It eliminates the instruction to the Senate Finance Committee whereupon people would be able to have their taxes increased.

If you want to have taxes go up in this country on corporations or people, vote against my amendment. If, instead, you want to make sure taxes are

not raised on corporations or people, vote for my amendment. Simple as that.

I ask people in this audience who want to keep taxes down, vote yes.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. This amendment strikes the Finance Committee's entire reconciliation instructions from the budget resolution.

Colleagues, this would prevent the Senate from lowering the cost of prescription medicine for all Americans. It would prevent fighting the climate crisis with clean energy tax cuts, providing home and community-based services for the elderly and disabled, prevent us from creating a national paid leave program, and cutting taxes for working families. It would also make it impossible for the subsequent reconciliation bill to be paid for.

I will just wrap up. I urge strongly that we oppose this measure because it would stop cold the effort to support policies crucial to the American family, and I urge its rejection.

AMENDMENT NO. 3795

Mr. MORAN. Mr. President, I call up my amendment No. 3795, and I ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Kansas [Mr. MORAN] proposes an amendment numbered 3795.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to immigration enforcement and addressing the humanitarian crisis at the southern border)

At the end of title III, add the following:
SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO IMMIGRATION ENFORCEMENT AND ADDRESSING THE HUMANITARIAN CRISIS AT THE SOUTHERN BORDER.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to immigration enforcement, which may include strengthening enforcement of immigration laws to address the humanitarian crisis at the southern border, dramatically increasing funding for smart and effective border security measures, improving asylum processing, and reducing immigration court backlogs, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. MORAN. Mr. President, there is no denying that we have a humanitarian crisis at the southern border. I have witnessed this personally. Just last month, Customs encountered 200,000 individuals attempting the dangerous and deadly trek across the southern border. At least tens of thousands of these individuals have been released into our country without an official court date.

The Biden administration's rollback of immigration laws has not only magnified the humanitarian crisis, but it has left our law enforcement with the impossible task of trying to slow the flow of illegal crossings while also attempting to stop drugs, weapons, and human trafficking entering our country.

My amendment simply states that we must enforce our existing immigration laws to address the humanitarian crisis and to increase resources for smart and effective border security, improve asylum processing, and reduce immigration court backlogs.

Voting no on this amendment signals a refusal to acknowledge we have a humanitarian crisis on our southern border and an unwillingness to support our existing immigration laws.

I urge my colleagues to vote yes on this straightforward amendment.

The PRESIDING OFFICER. The Senator from Illinois.

Mr. DURBIN. Mr. President, at my request this amendment incorporates language reflecting Democratic priorities funded by the budget resolution, including smart and effective border security measures like nonintrusive inspection systems, hiring additional Customs officers for screening at lawful ports of entry, hiring additional immigration judges and asylum officers to reduce backlogs and enhance the efficiency and fairness of the asylum system.

I thank the Senator from Kansas for accepting these changes, and I support his amendment.

Mr. COTTON. Mr. President, I call up my amendment No. 3680 and ask that it be reported by number.

The Senator from Arkansas [Mr. COTTON] proposes an amendment numbered 3680.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to prohibiting the teaching of critical race theory in pre-kindergarten programs and elementary and secondary schools)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROVIDING QUALITY EDUCATION FOR CHILDREN.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to providing quality education for the children of the United States, which may include prohibiting or limiting Federal funding from being used to promote critical race theory or compel teachers or students to affirm critical race theory in prekindergarten programs, elementary schools, and secondary schools, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. COTTON. Mr. President, growing up I was taught, as I suspect most of you were, that America is a great, noble nation, in large part because, as Lincoln put it, it is "dedicated to the proposition that all men are created equal."

In America, our rights have no color, our law and society should be color-blind, and as Dr. Martin Luther King said, we should not be judged by the color of our skin, but by the content of our character.

Sadly, today, some want to replace our founding principles with an un-American ideology called critical race theory. They want to teach our children that America is not a good nation but a racist nation. Those teachings are wrong, and our tax dollars should not support them.

My amendment will ensure that Federal funds are not used to indoctrinate kids as young as pre-K to hate America. Our future depends on the next generation of kids loving America and loving each other as fellow citizens, no matter their race.

I urge my colleagues to vote yes on the amendment.

Mrs. MURRAY. Mr. President.

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, you know, this amendment is simply an attempt to force the Federal Government to interfere with local school district decisions about curriculum and academic instruction.

There are several longstanding provisions in Federal education law that prohibit the Federal Government from mandating or directing school curriculum. This amendment would contradict that bipartisan consensus and allow the Federal Government to have a say over what schools can and cannot teach our children.

I oppose this amendment because I believe States, local school districts, and educators should be in the driver's seat when making decisions about curriculum, and I urge my colleagues to vote no.

The amendment (No. 3680) was agreed to.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Mr. President, I ask unanimous consent that following the Cruz amendment, the following amendments be in order, that the amendments be reported by number with no amendments in order prior to a vote in relation to the amendment: Hawley 2734; Booker 3823; Hoeven 3243; Marshall 3797; Kennedy 3758.

Without objection, it is so ordered.

AMENDMENT NO. 3062

Mrs. BLACKBURN. Mr. President, I ask unanimous consent that my amendment No. 3062 be called up and reported by number.

The PRESIDING OFFICER. The clerk will report.

The senior assistant legislative clerk read as follows:

The Senator from Tennessee [Mrs. BLACKBURN] proposes an amendment numbered 3062.

The amendment is as follows:

(Purpose: To strike the Senate emergency legislation provision)

On page 55, strike line 24 and all that follows through page 58, line 13.

Mrs. BLACKBURN. Mr. President, this amendment maintains what has been the existing right of any Senator to weigh in on the special treatment we give to designated funds.

As it stands, this current budget resolution would destroy that right and allow a simple majority of Senators free rein to declare anything and everything an emergency. Without this amendment, fiscal discipline will go out the window, along with the rules laid out in the Budget Act and any chance of countering the Biden administration's reckless socialist agenda.

The existing rule worked for bipartisan COVID relief, and it will continue to work for this body. There is nothing broken here to fix.

The PRESIDING OFFICER. The Senator from Vermont.

Mr. SANDERS. Mr. President, I rise in opposition to this amendment that makes it more difficult for Congress to respond to an emergency when one occurs.

Let us be clear. There is no reason to hold up Federal dollars to help people recover from a natural disaster while Congress searches for revenue or spending cuts to pay for emergency assistance.

This amendment would create a supermajority hurdle for the Senate to declare something an emergency. When people are suffering after a hurricane or a wildfire, we should not be creating additional barriers to them getting the help they need.

Congress has provided exemptions for emergency spending ever since the

budget process started a pay-as-you-go system. This helps Federal dollars respond to emergencies in a more timely manner.

Importantly, the 60-vote threshold still exists for emergency legislation, meaning any bill that includes emergency spending will still face a 60-vote hurdle. There is simply no need to make getting urgently needed money out of the door one step harder. I urge my colleagues to vote no on this amendment.

The PRESIDING OFFICER. The Senator from Tennessee.

The PRESIDING OFFICER. The Senator from Texas.

AMENDMENT NO. 3781

Mr. CRUZ. Mr. President, I call up my amendment No. 3781 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment.

The senior assistant legislative clerk read as follows:

The Senator from Texas [Mr. CRUZ] proposes an amendment numbered 3781.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to ensuring that the Department of Homeland Security, pursuant to title 42, United States Code, conducts expulsions of illegal immigrants who may contribute to the spread of COVID-19, including any of the dangerous variants originating overseas, in order to protect the public health of the American people, save American lives, and assist in eradicating the COVID-19 pandemic in the United States)

At the end of title III, add the following:

SEC. 3004. DEFICIT-NEUTRAL RESERVE FUND RELATING TO SECURING THE BORDER, INCLUDING BY PREVENTING OR LIMITING THE DEPARTMENT OF HOMELAND SECURITY FROM DEPARTING FROM THE MARCH 20, 2020, ORDER ISSUED BY THE CENTERS FOR DISEASE CONTROL.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to securing the border and public health, which may include preventing or limiting the Department of Homeland Security from departing from the March 20, 2020, order issued by the Centers for Disease Control under sections 362 and 365 of the Public Health Service Act, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. CRUZ. Mr. President, I rise today to urge my colleagues to support my amendment ensuring that the Department of Homeland Security continues to have the legal authority to expel illegal immigrants who may have COVID-19 under title 42 of the U.S. Code to protect Americans from the spread of this deadly pandemic.

There is a crisis at our border caused by this administration's policies, and the fact is that our open borders and unlimited illegal immigration coming into this country are contributing to the spread of COVID-19 and to the dangerous Delta variant. For example, McAllen, TX, one city in the Rio Grande Valley, has a population of 141,000 people. But this year alone, the Biden administration has released more than 7,000 illegal aliens who have been positive for COVID-19. In fact, this week alone, 1,315 illegal aliens were released positive with COVID-19.

This is a serious public health crisis. Title 42 gives the administration the authority to protect public health against this pandemic.

The PRESIDING OFFICER. The Senator from Michigan.

Mr. PETERS. Mr. President, the Biden administration inherited both the COVID-19 public health crisis and the dismantling of the immigration system from the previous administration.

This amendment would tie the Biden administration's hands in addressing arrivals at our southern border. It would prevent adapting to changes in public health needs and making security-based decisions related to protecting our homeland.

Forcing the indefinite preservation of title 42 authorities raises both security and humanitarian concerns. This would prevent the imposition of the consequence-delivery system that cracks down on individuals who attempt to cross the border repeatedly. We should not have to expel the same person for illegally crossing the border six or seven times. We need to expel them once and use tools like removal and prosecution to limit their ability to keep crossing the border illegally.

This amendment also reduces the administration's ability to appropriately care for unaccompanied minors.

We need to ensure that the administration has every tool at their disposal as they work to tackle the pandemic and keep our Nation secure.

I urge my colleagues to reject this amendment.

AMENDMENT NO. 2734

Mr. HAWLEY. Mr. President, I ask that my amendment be called up, No. 2734, and that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Missouri [Mr. HAWLEY] proposes an amendment numbered 2734.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to hiring 100,000 new police officers nationwide to combat the crime wave in the United States)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO HIRING 100,000 NEW POLICE OFFICERS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to public safety, which may include funding the hiring of 100,000 new police officers nationwide, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. HAWLEY. Mr. President, I rise today in support of hiring more law enforcement officers across this country—100,000 more, to be precise. And here is why. We are in the midst of an unprecedented crime wave in this country, a crime wave of violent crime, and our families and our children are in the crosshairs.

This past year, the murder rate in this country rose, year over year, higher than anytime in six decades. This past year, the FBI reports that fatal felony attacks on law enforcement officers spiked by over 50 percent. In St. Louis, MO, my home State, 262 residents were killed in 2020. That is the highest number in over half a century.

Cops are being targeted. Families are being targeted. Children aren't safe on the streets. We need to take action now to put more law enforcement officers on our streets to protect our families.

Now, I recognize that my friends across the aisle say they don't want to defund the police. That is outstanding. Let's go a step further. Let's fund them. Let's put 100,000 new cops on the streets right now to protect our families, to protect our children.

I urge a "yes" vote on this amendment, and I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays are ordered.
The Senator from Illinois.

Mr. DURBIN. Mr. President, this has been a historic day in the U.S. Senate. We started by passing a bipartisan infrastructure bill that made history, and now the Senator from Missouri is finally coming around to supporting the COPS Hiring Program that was created by Senator Joe Biden in 1994.

Since its creation, the COPS Program—listen to this—has helped over 13,000 local police departments hire over 134,000 officers. We believe in it on the Democratic side. We are glad you have come around.

We sent a letter to the Appropriations Committee, signed by 37 Democrats, for the COPS Program. Do you know how many Republicans signed the letter? None. But with your amendment tonight, clearly you have come around. The Republicans are joining the Democrats in supporting Joe Biden's COPS Program. You are right: We need 100,000 more police. And we stand with Joe Biden's program and are glad that you have joined us.

AMENDMENT NO. 3243

Mr. HOEVEN. I call up my amendment No. 3243 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:
The Senator from North Dakota [Mr. HOEVEN] proposes an amendment numbered 3243.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to preventing electricity blackouts and improving electricity reliability)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PREVENTING ELECTRICITY BLACKOUTS AND IMPROVING ELECTRICITY RELIABILITY.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to Federal environmental and energy policies, which may include promoting the increased deployment and use of, or supporting the expansion of, baseload power resources in the United States, including coal-fired and natural gas-fired power plants with carbon capture, utilization, and sequestration technologies and nuclear power to prevent blackouts and improve electric reliability, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. HOEVEN. This amendment ensures we continue to support policies that make our country an economic powerhouse, as well as keeping heating and cooling costs low for Americans, and that means protecting access to reliable, affordable energy.

The North American Electric Reliability Corporation recently warned that numerous areas of the country are at an elevated or high risk of experiencing blackouts or brownouts. This warning is not limited only to California and Texas; it also included most of the West, New England, and the upper Midwest.

My amendment promotes more baseload power, specifically from coal-fired and natural gas power plants with carbon capture, as well as nuclear power.

Instead of new taxes or the Green New Deal, we should be expanding access to power generation from resources available 24/7, regardless of weather conditions.

We are the world's leading economy with vast energy resources, and blackouts and brownouts are simply not acceptable.

I urge my colleagues to vote yes on this amendment to keep the lights on,

energy costs low, and harness our abundant baseload resources with improved environmental stewardship.

I urge a "yes" vote.

The PRESIDING OFFICER. The Senator from Rhode Island.

Mr. WHITEHOUSE. Mr. President, just yesterday, the world's scientists offered an unequivocal warning to us about the condition of our planet. Every single one of us has a home State university that teaches climate science, and if we ask them, they will confirm that warning; and yet we relentlessly subsidize the fossil fuel industry, which floats already on a \$600 billion annual subsidy in this country, according to the International Monetary Fund.

Enough is enough. Our grid operators almost everywhere do a good job with reliability, and we have just added billions of dollars to improve grid reliability.

There is no reason whatsoever to put another thumb on the scales for this already heavily subsidized industry when most of these blackouts and brownouts are driven by extreme weather caused by the climate change from their pollution.

I urge a "no" vote.

Mr. HOEVEN. Mr. President, I would note that I referenced carbon capture, as well as other environmental practices that we are taking, to lead the world in producing not only abundant, affordable baseload energy, but also with the latest, greatest technology in an environmentally friendly way. I would note the good Senator has joined with me on legislation to do that.

The bill clerk read as follows:

The Senator from Kansas [Mr. MARSHALL], for himself and others, proposes an amendment numbered 3797.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to protecting migrants and local communities against COVID-19)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROTECTING MIGRANTS AND LOCAL COMMUNITIES AGAINST COVID-19.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to protecting migrants and local communities against COVID-19, which may include resources for testing and treatment of migrants at the United States border, resources for quarantining migrants who test positive, or prohibiting migrants who have not received a negative COVID-19 test from being transported elsewhere, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

The PRESIDING OFFICER. The Senator from Kansas.

Mr. MARSHALL. Mr. President, as we all work to address vaccine hesitancy and anxiously await full approval of the COVID-19 vaccines, open border policies undermine these efforts. Americans can travel to Mexico City but not return to America without a COVID test, while an illegal immigrant has no test requirements, and in just a few days, it will be easier to illegally cross our southern border than go to a restaurant or a bar in New York City.

Some estimates would suggest hundreds or, perhaps, even thousands of COVID-positive illegal immigrants enter our Republic every day. That means we have a superspreader event at our southern border every single day, and Americans are watching this public healthcare crisis. In McAllen, TX, almost 1,500 new infected migrants were released into their communities this past week alone.

There is a healthcare crisis at our southern border, and it is unacceptable for the government to be transporting illegal migrants who pose a grave risk of transmitting COVID across our Nation.

My amendment would ensure resources are provided for testing and treatment of migrants at the border and for quarantining those who test positive for COVID as well as prohibiting the transportation of migrants who have not received a negative test.

The PRESIDING OFFICER. The Senator's time has expired.

The Senator from Illinois.

Mr. DURBIN. Mr. President, imagine it is 3 in the morning, in a desert, on our border, and the Border Patrol is out there and finds a family—a mother and a father and two small children.

What do they do when they are 50 miles away from a port of entry?

They obviously take them to that port of entry, but according to the Marshall amendment, they can't do it.

Listen to his language: “[p]rohibiting migrants—who have not received a negative COVID-19 test from being transported.”

They can't be transported out of the desert because they don't have a negative COVID-19 test? And what if they show up at the detention center—and I have mentioned this to Dr. MARSHALL already—and there is a new person walking in who happens to be a mother who is in labor and needs to go to a hospital immediately?

According to your language, they cannot be transported unless they have a negative COVID-19 test.

I would say to you, Doctor, that is not good medicine; that is not humane. I asked you to change those provisions. I gave you language to do that. I am sorry you didn't.

AMENDMENT NO. 3758

Mr. KENNEDY. Mr. President, I call up my amendment 3758 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Louisiana [Mr. KENNEDY], for himself and others, proposes an amendment numbered 3758.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to improving health care by establishing penalties for providers performing elective abortions when the post-fertilization age of the unborn child is 20 weeks or greater)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO IMPROVING HEALTH PROGRAMS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to improving health programs, which may include establishing penalties for providers who perform elective abortions on an unborn child at 20 weeks gestation or greater, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. KENNEDY. Mr. President, after 20 weeks of gestation, medical science has determined that children in their mother's womb feel pain. To channel my good friend and the distinguished Senator from Rhode Island, you can go to the appropriate professor at any of the universities in your State, and they will tell you that is so.

This amendment will allow for penalties for those who perform elective—elective—abortions on unborn children who are at least 20 weeks in gestation. This amendment would not apply to abortions in the case of rape, of incest, or when the life of the mother is in danger.

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, even in the midst of a pandemic, a climate crisis, a childcare crisis, so many issues facing our working families, it is so disappointing but not surprising that Republicans continue to focus on restricting access to abortion care.

Let's be perfectly clear about this amendment. It is a clear attempt to undermine Roe v. Wade. It would impose a 20-week abortion ban with no exception for rape or incest, and it would harm women and families across the country.

In fact, leading medical groups like the American Medical Association and the American College of Obstetricians

and Gynecologists oppose policies like this because they interfere with doctors' and patients' ability to make decisions based on science and based on what is best for their patients' healthcare.

Everyone has the right to make their own decisions about their own reproductive healthcare.

I urge a "no" vote on the amendment.

AMENDMENT NO. 3141

Mr. LEE. Mr. President, I call up my amendment No. 3141 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Utah [Mr. LEE] proposes an amendment numbered 3141.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to studying and providing for tax equivalency under the payments in lieu of taxes program)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO STUDYING AND PROVIDING FOR TAX EQUIVALENCY UNDER THE PAYMENTS IN LIEU OF TAXES PROGRAM.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to studying and providing for tax equivalency under the payments in lieu of taxes program established under chapter 69 of title 31, United States Code, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. LEE. Mr. President, States and localities are not allowed to tax land held by the Federal Government. As a result of this, Congress created the PILT Program to reimburse States for that lost revenue.

Now, PILT payments are determined by a complex formula, a formula that unfortunately is far lower than it would be under a tax equivalency. Twenty-one years ago, the USDA concluded that PILT payments needed to be increased by 3½ times. On certain Federal lands, the number is much larger. A Utah study showed that for lands held in Utah cities, it needed to be 262 times larger.

My amendment would help correct this inaccuracy. It would direct the Secretary of the Interior to conduct a study on the true taxable value of PILT land and treat it as if it were owned by anyone else other than the Federal Government and therefore subject to taxation. It would reform the program to more accurately compensate States for the revenue that they lose simply by virtue of the fact that they have Federal land in them.

The PRESIDING OFFICER. Who yields time?

The Senator from West Virginia.

Mr. MANCHIN. Mr. President, Senator LEE's amendment sets up a deficit-neutral reserve fund to change the payment formula for the Payments in Lieu of Taxes Program.

While I share a desire to revisit the PILT formula and to ensure that payments to counties are fair, I have concerns with this amendment.

The administration has testified that trying to incorporate a system into the PILT formula that involves appraising every parcel of Federal land and tracking every local tax rate would prove nearly impossible to administer.

I urge my colleagues to vote no on this amendment.

The PRESIDING OFFICER. The Senator from Oklahoma.

AMENDMENT NO. 3331

Mr. INHOFE. Mr. President, I call up my amendment No. 3331 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The bill clerk read as follows:

The Senator from Oklahoma [Mr. INHOFE], for himself and others, proposes an amendment numbered 3331.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to relating to improving health programs, which may include prohibiting funding for abortions of unborn children with Down syndrome or other chromosomal conditions)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROTECTING UNBORN CHILDREN FROM ABORTION ON THE BASIS OF DOWN SYNDROME.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, agree-

gates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to improving health programs, which may include prohibiting funding for abortions of unborn children with Down syndrome or other chromosomal conditions, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. INHOFE. My friends, the amendment—my amendment—is designed to protect a very small population but a very significant population: the babies with Down syndrome.

Over two-thirds of the unborn babies diagnosed with Down syndrome in the United States are aborted. Some countries, like Iceland, are eradicating their entire population of individuals with Down syndrome through abortion.

Now, I think we agree that an individual should not be discriminated against due to his or her chromosome count.

This is not partisan. It is not extreme. Seventy percent of Americans, including 56 percent of pro-choice Americans, oppose abortion on the basis of a Down syndrome diagnosis.

This amendment uses the budget mechanism to help protect the most vulnerable among us and who are being systematically targeted through abortion.

The PRESIDING OFFICER. The gentleman's time is expired.

Mr. INHOFE. I urge my colleagues to lay aside their party differences and think about the lives and the lives—

The PRESIDING OFFICER. The Senator's time has expired.

Who seeks time?

Mr. BLUMENTHAL. Mr. President.

The PRESIDING OFFICER. The Senator from Connecticut.

Mr. BLUMENTHAL. Mr. President, the stated purpose of this amendment is a pretext. It is a pretext for restricting reproductive rights and interfering with women's decisions about whether to have an abortion.

For all of us who care about people with Down syndrome, we ought to listen to the National Down Syndrome Society and devote more resources to research at NIH, to funding better settings and care for people with Down syndrome, and better opportunities for their employment. There are ways to serve that community without this pretextual restriction of reproductive rights.

I urge my colleagues to oppose the amendment.

AMENDMENT NO. 3292

Mr. DAINES. Mr. President, I call up my amendment No. 3292 and ask that it be called up by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Montana [Mr. DAINES] proposes an amendment numbered 3292.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to prohibiting tax increases on small businesses, as defined by the Small Business Administration but generally 500 employees or less)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PREVENTING TAX INCREASES ON SMALL BUSINESSES.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to preventing tax increases on small businesses by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or

the period of the total of fiscal years 2022 through 2031.

Mr. DAINES. Mr. President, Montana small businesses are critically important for our jobs; for local economies; and, really, to bring our communities together. And through no fault of their own, many were hit very hard by the pandemic.

Unfortunately, some Members on the other side of the aisle have put forth some very misguided efforts to raise taxes on these small businesses, attempting to redefine what constitutes a small business.

Thankfully, we already have an agreed-upon definition that was set by the Small Business Administration, which defines a small business as one with fewer than 500 employees.

Efforts to end tax relief, such as to limit the 20-percent small business tax deduction passed in the Tax Cuts and Jobs Act based on arbitrary income thresholds, should be called out for what they are: These are small business tax hikes.

For this reason, I am offering an amendment to create a deficit-neutral reserve against prohibiting tax increases on small businesses, as defined by the Small Business Administration.

I urge my colleagues who believe in the importance of small businesses—

The PRESIDING OFFICER. The Senator's time is expired.

Mr. DAINES.—to join me in voting for this amendment.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, our core belief is that taxes should not be raised on small businesses and that the wealthiest and the biggest corporations should pay their fair share.

This amendment is consistent with that. I am going to support it.

AMENDMENT NO. 3742

Mr. HAGERTY. Madam President, I call up my amendment No. 3742 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The legislative clerk read as follows:

The Senator from Tennessee [Mr. HAGERTY] proposes an amendment numbered 3742.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to providing sufficient resources to detain and deport a higher number of illegal aliens who have been convicted of a crime)

At the end of title III, add the following:

SEC. 3. DEFICIT-NEUTRAL RESERVE FUND RELATING TO PROVIDING SUFFICIENT RESOURCES TO DETAIN AND DEPORT A HIGHER NUMBER OF ALIENS WHO HAVE BEEN CONVICTED OF A CRIME.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to ensuring that U.S. Immigration and Customs Enforcement has sufficient resources to detain and deport a higher number of illegal aliens who have been convicted of a criminal offense in the United States, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. HAGERTY. Madam President, my amendment provides for ensuring that U.S. Immigration and Customs Enforcement, which is charged by Congress with enforcing immigration laws in the United States, has sufficient resources to deport illegal aliens who have been convicted of crimes in the United States.

According to ICE's website, 92 percent of the illegal aliens that ICE deports have been convicted or charged with crimes. Yet despite the border crisis and record border crossings, the Biden administration has drastically reduced deportations to roughly one-quarter of what they were last fiscal year, reaching the lowest levels on record this spring, from over 28,000 in October of 2019 to less than 3,000 in April of 2021.

That means the administration is allowing thousands of criminal illegal aliens per month to remain in American communities and potentially commit more crimes.

I ask for your support for enforcing our immigration laws and deterring illegal immigration and criminal activity by providing the resources necessary to remove criminal illegal aliens from our streets.

Thank you, and I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays are ordered.

The Democratic whip.

Mr. DURBIN. Madam President, we all agree on one basic thing: No one who is dangerous to the United States should be allowed to come to this country. And those who are here and not citizens who are guilty of a serious crime should be removed from this country.

That is the highest law enforcement priority not only of those gathered

here but also of the Biden administration.

The Hagerty amendment, though, makes it clear that he is seeking to increase funding for detention and deportation of more undocumented immigrants who have been convicted of any crime in the United States—not a serious crime, not a violent crime, any crime—including nonviolent misdemeanors.

The ICE Agency has sufficient funds to carry out its law enforcement function, with a total budget of over \$8 billion. This overly broad amendment does not distinguish between the crimes committed by individuals, the serious ones versus those that are not.

It would divert ICE from focusing its resources on the truly serious public safety and national security threats. I urge my colleagues to vote against this amendment.

AMENDMENT NO. 3568

Mrs. HYDE-SMITH. Madam President, I call up my amendment No. 3568 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The senior assistant legislative clerk read as follows:

The Senator from Mississippi [Mrs. HYDE-SMITH] proposes an amendment numbered 3568.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to adjustments to Federal funds for certain local jurisdictions)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO ADJUSTMENTS TO FEDERAL FUNDS FOR CERTAIN LOCAL JURISDICTIONS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to adjustments to Federal funds for local governments within the jurisdiction of the committees receiving reconciliation instructions under section 2001, which may include limiting or eliminating Federal payments, other than funding under subpart 1 of part E of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10151 et seq.) (commonly known as the “Byrne JAG grant program”) or section 1701 of title I of such Act (34 U.S.C. 10381) (commonly known as the “COPS grant program”), to a local government whose district attorney directs its prosecutors to not prosecute certain violent offenses or serious offenses that result in damage or injury to the property of any other person, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mrs. HYDE-SMITH. Madam President, our Nation's communities and small businesses have had it rough these past 18 months as they struggle with the lasting effects of the pandemic. Today, they are also being victimized amid surging violent crime rates and progressive prosecutors who adopt nonprosecution policies. And, as a result, small businesses are left vulnerable and unassisted as they are burglarized, defaced, and destroyed.

It is understandable for victimized small businesses, law enforcement, and the public to be dispirited as they are left to pick up the pieces while rogue prosecutors ignore their constitutional duty by refusing to prosecute violent crimes that affect the health, safety, or economy of our communities.

Defying the rule of law and endangering the public has Mississippians and Americans across the country saying enough is enough.

My amendment is simple and straightforward. Any city that purposely obstructs the rule of law by refusing to prosecute—

The PRESIDING OFFICER. The Senator's time has expired.

Mrs. HYDE-SMITH.—certain violent crimes will not be subsidized by the American taxpayers.

I urge my colleagues to vote yes.

The PRESIDING OFFICER. The Democratic whip.

Mr. DURBIN. Madam President, the Senator from Mississippi has stated her case explicitly: If a prosecutor fails to prosecute a case, the town or community that he represents as prosecutor—the town or community—will be denied Federal funds. Think about this. Under the Senator's amendment, if a district attorney decides not to charge a certain property offense, even in just one case, the whole town will lose its eligibility for Federal funding under programs like the Violence Against Women Act—we know what that is; it is certainly a refuge for many people who are victims of domestic violence—or the Bulletproof Vest Grant Act to protect law enforcement in that same community. They would lose their opportunity for Federal grants under the Senator's amendment that she is offering.

I think we ought to think carefully about this. Prosecutors decide whether to proceed with a case or not proceed based on the amount of evidence, the likelihood of conviction, the possibility of securing a plea bargain for a lesser offense. To deny a community Federal funds—

The PRESIDING OFFICER. The Senator's time has expired.

AMENDMENT NO. 3650

Mr. GRASSLEY. Madam President, I call up my amendment No. 3650 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Iowa [Mr. GRASSLEY] proposes an amendment numbered 3650.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to prohibiting illegal aliens with criminal records from receiving conditional or lawful permanent resident status in the United States)

At the end of title III, add the following:

SEC. 3 _____. DEFICIT-NEUTRAL RESERVE FUND RELATING TO THE ENFORCEMENT OF IMMIGRATION LAWS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to enforcing immigration laws, which may include preventing aliens who are unlawfully present in the United States and have been convicted of a crime or have pending criminal charges from being granted conditional or lawful permanent resident status in the United States, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. GRASSLEY. This amendment creates a deficit-neutral reserve fund for legislation that would prevent illegal immigrants with criminal records from obtaining lawful permanent resident status in our country. It is pretty simple. Prohibiting illegal immigrants with criminal convictions or pending criminal charges from receiving legal status in the United States should be a very easy call and shouldn't be very controversial. I urge my colleagues to support it.

I reserve my time.

The PRESIDING OFFICER. The Democratic whip.

Mr. DURBIN. Madam President, the Grassley amendment would exclude from a path to citizenship any undocumented immigrant who has been convicted of any crime or who has been merely charged with a crime. This is a broad exclusion, applies to any criminal conviction no matter how long ago it took place, how minor the crime, and to any criminal charge even if the individual is ultimately exonerated.

This exclusion is also unnecessary because every legalization bill pending in the Senate requires a criminal background check and excludes individuals convicted of a serious crime. For example, the bipartisan House-passed Dream and Promise Act would bar an immigrant from receiving legal status if they have been convicted of any felony, any drug offense, or any crime of domestic violence.

Also, we have to accept the obvious: Crossing the border illegally can be a crime, if one wants to be charged with that. This amendment is inconsistent with due process and does nothing to increase public safety.

I urge my colleagues to vote no.

The Senator from Alaska [Mr. SULLIVAN] proposes an amendment numbered 3626.

The amendment is as follows:

(Purpose: To establish a deficit-neutral reserve fund relating to restricting United States funding to international organizations, such as the United Nations Human Rights Council, until the Department of State certifies that no members of the organization are state sponsors of terrorism, which may include a report from the Department of the Treasury on the prevalence of sanctioned entities in the organization)

At the end of title III, add the following:

SEC. 3004. DEFICIT-NEUTRAL RESERVE FUND RELATING TO RESTRICTING UNITED STATES FUNDING TO INTERNATIONAL ORGANIZATIONS, SUCH AS THE UNITED NATIONS HUMAN RIGHTS COUNCIL, UNTIL THE DEPARTMENT OF STATE CERTIFIES THAT NO MEMBERS OF THE ORGANIZATION ARE STATE SPONSORS OF TERRORISM, WHICH MAY INCLUDE A REPORT FROM THE DEPARTMENT OF THE TREASURY ON THE PREVALENCE OF SANCTIONED ENTITIES IN THE ORGANIZATION.

The Chairman of the Committee on the Budget of the Senate may revise the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution, and make adjustments to the pay-as-you-go ledger, for one or more bills, joint resolutions, amendments, amendments between the Houses, motions, or conference reports relating to restricting United States funding to international organizations, such as the United Nations Human Rights Council, until the Department of State certifies that no members of the organization are state sponsors of terrorism, which may include a report from the Department of the Treasury on the prevalence of sanctioned entities in the organization, by the amounts provided in such legislation for those purposes, provided that such legislation would not increase the deficit over either the period of the total of fiscal years 2022 through 2026 or the period of the total of fiscal years 2022 through 2031.

Mr. SULLIVAN. Madam President, my amendment would withhold American taxpayers' support to the United Nations Human Rights Council until the Department of State certifies that no members of the organization are state sponsors of terrorism and the Treasury Department reports on the prevalence of American sanctioned countries within the organization.

Right now, Cuba, which is designated by the State Department as a state sponsor of terrorism, serves on the U.N. Human Rights Council alongside authoritarian regimes and human rights abusers, Russia, and Communist China.

Recently, the Biden administration asked this very flawed international organization to investigate our own country's record on human rights. This is an outrage, and the Congress should respond by defunding the Human Rights Council until all of its member countries actually respect human rights.

I urge my colleagues to support my amendment.

The PRESIDING OFFICER. The senior Senator from New Jersey.

Mr. MENENDEZ. Madam President, it is past 3 a.m., and we are dealing with another messaging amendment. Like the junior Senator from Alaska, we all oppose terrorism; we condemn state sponsors of it. But this amendment goes well beyond that and is drafted so broadly, whether intentionally or not, that it signals a cutoff of funding to every international organization—every single one—including the United Nations because some members are bad actors.

Now, our Republican colleagues are well aware that adversaries such as China are expanding their influence at some of the most important international organizations. They are calling the shots because we are not there. This amendment would cede the field to the Chinese so we can sit on the sidelines and watch them make the rules.

When Israel is wrongly signaled out at the U.N. Human Rights Commission, we will not be there to defend her. And when international standards are being created for high-tech issues, we will not lead the world, as we should. That is why this amendment should be defeated.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. SULLIVAN. Mr. President, do I have any time to respond?

The PRESIDING OFFICER. There is no time remaining.

The PRESIDING OFFICER. The Senator from Texas.

AMENDMENT NO. 3681

Mr. CRUZ. Madam President, I call up my amendment No. 3681 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Texas [Mr. CRUZ] proposes an amendment numbered 3681.

The amendment is as follows:

(Purpose: To create a point of order against legislation that would provide funding or subsidize the import from the Xinjiang Uyghur Autonomous Region of the People's Republic of China of items relating to electric cars)

At the appropriate place in title IV, add the following:

SEC. 4 _____. POINT OF ORDER AGAINST PROVIDING FUNDING OR SUBSIDIZING THE IMPORT FROM THE XINJIANG UYGHUR AUTONOMOUS REGION OF THE PEOPLE'S REPUBLIC OF CHINA OF ITEMS RELATING TO ELECTRIC CARS.

(a) POINT OF ORDER.—It shall not be in order in the Senate to consider any bill, joint resolution, motion, amendment, amendment between the Houses, or conference report that would provide funding to or subsidize the import of—

(1) significant goods, wares, articles, or merchandise mined, produced, or manufactured wholly, or in part, in the Xinjiang Uyghur Autonomous Region of the People's Republic of China to be used for the production of electric vehicles; and

(2) electric vehicles that incorporate or are otherwise produced using goods, wares, articles, or merchandise described in paragraph (1).

(b) WAIVER AND APPEAL.—Subsection (a) may be waived or suspended in the Senate only by an affirmative vote of three-fifths of the Members, duly chosen and sworn. An affirmative vote of three-fifths of the Members of the Senate, duly chosen and sworn, shall be required to sustain an appeal of the ruling of the Chair on a point of order raised under subsection (a).

Mr. CRUZ. Madam President, I rise today to urge my colleagues to support this amendment to create a point of order against any legislation that would fund or subsidize the import of electric vehicles with supply lines that run through Xinjiang.

Right now, the Chinese Communist Party is committing genocide against millions of Uighurs in Xinjiang. They are being tortured, murdered, and forced into slave labor. The CCP has exploited that slave labor to ensure that much of the world's EVs are made in Xinjiang and have parts produced in Xinjiang.

Our Nation is in perilous risk of becoming complicit in these atrocities as

part of the massive rush to import EVs. This amendment would prohibit our bringing in EVs that are made with slave labor. We cannot and should not fund slave labor in communist China.

The PRESIDING OFFICER. The senior Senator from Oregon.

Mr. WYDEN. Madam President, I have been advised that inclusion of this amendment in the budget resolution would be corrosive to the privileged status of the resolution. Since this amendment contains material inappropriate for inclusion in the budget resolution, its adoption could jeopardize the privilege of this resolution, which would completely halt our efforts to consider a reconciliation bill later this year.

Additionally, this amendment is not germane as required by law. Accordingly, I raise a point of order that the pending amendment violates section 305(b)(2) of the Congressional Budget Act of 1974, and I would urge a vote against a motion to waive.

The PRESIDING OFFICER. The junior Senator from Texas.

MOTION TO WAIVE

AMENDMENT NO. 3815

Mr. LEE. Madam President, I call up my amendment No. 3815 and ask it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment.

The senior assistant legislative clerk read as follows:

The Senator from Utah [Mr. LEE] proposes an amendment numbered 3815.

The amendment is as follows:

(Purpose: To create a point of order against legislation that would cause a net increase in outlays unless the Director of the Congressional Budget Office certifies that inflation is below 3 percent)

At the appropriate place in title IV, add the following:

SEC. 4 _____. POINT OF ORDER AGAINST LEGISLATION THAT WOULD CAUSE A NET INCREASE IN OUTLAYS UNLESS THE DIRECTOR OF THE CONGRESSIONAL BUDGET OFFICE CERTIFIES THAT INFLATION IS BELOW 3 PERCENT.

(a) POINT OF ORDER.—It shall not be in order in the Senate to consider any bill, joint resolution, motion, amendment, amendment between the Houses, or conference report that would cause a net increase in outlays relative to the most recently published Congressional Budget Office baseline unless the Director of the Congressional Budget Office certifies (based on the most recent data available to the Director) that inflation, as measured in either the average of the annualized changes in the 3 most recently published monthly reports on the consumer price index for all-urban consumers published by the Bureau of Labor Statistics of the Department of Labor, or the previous year's unadjusted annual change in that index, is below 3 percent.

(b) WAIVER AND APPEAL.—Subsection (a) may be waived or suspended in the Senate only by an affirmative vote of three-fifths of the Members, duly chosen and sworn. An affirmative vote of three-fifths of the Members of the Senate, duly chosen and sworn, shall be required to sustain an appeal of the ruling of the Chair on a point of order raised under subsection (a).

Mr. LEE. Madam President, inflation is out of control. Very few seem to be willing to talk about it, much less address it.

Now, look, it hasn't been this bad since the great recession. Even then, only two of the months out of that entire crisis were as bad or worse than inflation is right now, and it is showing up in every consumer product Americans buy. Everything from groceries to gasoline, to housing, to healthcare is getting more expensive. Every dollar that we churn into the economy, that we print out when we don't have it, makes these and all other products more expensive.

Let's be clear. The spending is facilitated by this budget resolution, and that same spending will exacerbate inflation. It will worsen the pain that

Americans are feeling as they are filling their gas tanks and stocking their pantries and refrigerators.

When inflation is surging, we can't be piling onto the problem. We are not elected to make life worse. We need to get inflation back under our control.

This simple amendment would empower Congress to do that by making it harder for Congress to increase spending whenever inflation is above 3 percent.

The PRESIDING OFFICER. The junior Senator from Vermont.

Mr. SANDERS. Madam President, this amendment is a poison pill that would defeat everything that many of us are trying to accomplish tonight in this historic budget: no reduction in childhood poverty; no expansion in childcare, pre-K, or Medicare; no investment in affordable housing or home healthcare; no paid family and medical leave; no effort to combat the existential threat of climate change; no creation of millions of good-paying jobs. Using an arbitrary inflation number, it would end all of that. This amendment must be defeated.

The **PRESIDING OFFICER**. The majority leader.

Mr. **SCHUMER**. Madam President, now, Senate Democrats have just taken a massive step toward restoring the middle class in the 21st century, giving more Americans the chance to get there.

Teddy Roosevelt said:

Nothing in [the] world is . . . worth doing unless it means effort, pain, [and] difficulty.

What we are doing here is not easy. Democrats have labored for months to reach this point, and there are many labors to come, but I can say with absolute certainty that it will be worth doing.

The Democratic budget will bring a generational transformation to how our economy works for average Americans. It will cut taxes for American families; it will lower costs for everyone; it will create good-paying jobs while tackling climate change; and it will be paid for by making our Tax Code more progressive and more fair:

asking corporations and the wealthy to pay their fair share; it will help middle-class Americans stay in the middle class; and it will build ladders into the middle class.

It will restore the basic social contract in America: If you work hard, you can do better and pass on even greater opportunities for your children.

And, in doing so, my friends, it will restore something in the American character that we have nearly lost: that hopeful optimism; that can-do attitude; that frontier spirit—eyes fixed on the horizons; the kindness and decency and faith in the future that is fundamental not only to the American spirit but to American democracy. I can think of no more worthy pursuit.

RECOGNIZING U.S. SENATE COMMITTEE ON THE BUDGET STAFF

Mr. **GRAHAM**. Mr. President, I want to say a quick thank you to my Budget Committee staff who have worked very hard over the past couple of weeks. They worked late nights, crunched the numbers, provided support to Republican offices on amendment drafting and more.

Starting with our support staff, who help both sides of the aisle on committee: chief clerk Katie Smith, staff assistants Ben Mason and Maeve Poulson, and computer systems administrator George Woodall.

Our senior staff, who manage an excellent team and keep everyone on track: staff director Nick Myers, who worked up until the buzzer, but couldn't be here for vote-arama as he and his wife, Christine, welcomed their first child.

Deputy staff director and chief counsel Joe Keeley, deputy staff director Matt Giroux, and budget policy director Becky Cole.

Executive assistant Katherine Rossi is an invaluable member of our team and helps to keep our team organized and operating at our best.

Our team of analysts who dig into the numbers of the budget resolution and interpret what it means for the country, they also do important work coordinating with other offices on amendments:

Professional Staff Members: Kevin Dawson, Chris Devine, Derek Gondek, Chad Miller, Alyssa Palisi, and John Stout; along with economist Eric Hartman, senior policy adviser Walker Truluck, and general counsel Krisann Pearce.

Our director of coalitions and outreach Blair Bjellos did an excellent job communicating with outside groups and stakeholders to keep them informed and involved throughout the process. She also makes sure Republican Senate offices are plugged in on amendment order and details during vote-arama.

My committee communications team, communications director Taylor Reidy and senior communications adviser Joe Brenckle help to translate

the sometimes not-so-exciting budget materials into content that is easier to digest and understand.

And finally, our intern Eleanor Clark was a great help to all our staff during this time as well.

FOR THE PEOPLE ACT OF 2021— MOTION TO DISCHARGE

Mr. SCHUMER. Now, even at this late hour, and before the conclusion of the session, this Chamber is going to take one more step in the fight to protect voting rights in this country.

In a moment, I will move to discharge the Rules Committee from further consideration of the For the People Act, a vehicle for the Senate to have a debate on voting rights.

It is my intention that the first amendment to the bill would be the text of a compromise bill that a group of Senators are working on.

Let me be very clear. This is a debate the Senate must have. In America today, we are witnessing the most sweeping and coordinated attacks on voting rights since the era of Jim Crow.

Reactionary Republican legislatures are making it harder for poorer, younger, and non-White Americans to vote, while at the same time making it easier for partisan actors to steal an election.

Senate Democrats are not going to stand by while this happens. We are going to fight to protect the sacred right to vote.

Now, before I make my motion, I yield to my colleague and friend from West Virginia.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. MANCHIN. Madam President, I have made it crystal clear that I do not support the For the People Act.

Over the past few months, I have worked to eliminate the far-reaching aspects of that bill and amend the legislation to make sure our elections are fair, accessible, and secure.

In June, I voted to begin debate in the Senate on my amended voting rights legislation, not For the People Act. Tonight, I am again voting to move that process forward because I believe that we need to come together to restore people's faith in the integrity of our elections.

But I do make it very clear that I will not support the For the People Act. For example, I firmly believe that we need commonsense voter ID requirements, just like we have in West Virginia, that strengthen the security of our elections without making it harder for Americans to vote.

I also firmly believe that we shouldn't politicize the Federal Election Commission, prohibit any guardrails on vote by mail, or prevent local election officials from doing basic maintenance of voter rolls.

The compromise bill we voted on in June included all of these important provisions, and I urge my colleagues,

Democrats and Republicans, to allow us to debate this critical issue and come up with a bipartisan solution that protects every American's right to vote.

Mr. SCHUMER. Madam President, I thank my friend for his dedication to finding a way forward on this critical issue.

And now, pursuant to S. Res. 27, the Rules Committee being tied on the question of reporting, I move to discharge the Rules Committee from further consideration of S. 1, For the People Act of 2021.

And for the information of the Senate, it is my intention the first amendment to the bill would be the text of a compromise bill that a group of Senators are working on.

The PRESIDING OFFICER. Under the provisions of S. Res. 27, there will now be up to 4 hours of debate on the motion equally divided between the two leaders or their designees with no motions, points of order, or amendments in order.

The Republican leader.

Mr. MCCONNELL. Madam President, well, here we go again, colleagues. We have seen this once before, and I think it is fitting that after passing this budget resolution full of reckless taxing and spending, we end the evening with an effort to Federalize—take over all elections all across America by the Federal Government.

Now, we are hearing it is going to be a substitute, but what is technically before us is as follows: After ramming through this reckless taxing-and-spending spree here in the dead of night, they also want to start tearing up the ground rules of our democracy and writing new ones, of course, on a purely partisan basis.

I suppose the timing actually makes sense, given the terrible votes that every Democratic Senator has just cast here tonight. I can understand why their thoughts have turned so quickly to their next elections and why they might be feeling especially anxious to tilt the playing field in their direction.

This ridiculous, go-nowhere bill that is stuck in the Rules Committee would let Washington Democrats take over 50 State election laws, completely Federalize how we handle elections in this country.

It would attack popular safeguards, like voter ID. It would turn the Federal Election Commission into a partisan body. It would even spend public funds on our political companies. Four-plus trillion dollars in new spending actually wasn't enough tonight. It wasn't enough.

The preference of at least 49 out of 50 of them is to spend public money on our own elections; have public money finance the attack ads of people you disagree with.

So, look, my view is that maybe this is just concluding the night with a little comic relief. S. 1 is an absurd and clumsy effort by one political party to literally rewrite the ground rules of

our democracy to try to advantage them and disadvantage the other side.

It is always a temptation when the majority wants to write the rules to make it more likely you can get the outcome you want.

This isn't going to work. It isn't going to work tonight, and it isn't going to work when we get back.

VOTE ON MOTION

Mr. SCHUMER. Madam President, I ask unanimous consent to yield all remaining time on both sides.

The PRESIDING OFFICER (Mr. KAINE). On this vote, the yeas are 50, the nays are 49. The motion to discharge is agreed to, and the bill will be placed on the calendar.

The motion was agreed to.

UNANIMOUS CONSENT REQUEST—S. 2093

Mr. SCHUMER. Now, Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of S. 2093, the For the People Act of 2021.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, this bill would constitute a Federal Government takeover of elections. It would constitute a massive power grab by Democrats. It would disenfranchise millions of Americans. It would do precisely the opposite of its nominal title, "For the People." It is, instead, for the politicians because it entrenches politicians and ensures that the people cannot vote them out of office.

It would strike down virtually every reasonable voter integrity law in the country, including voter ID laws supported by the overwhelming majority of this country; including prohibitions on ballot harvesting—again, widely supported by people in this country. It would mandate that felons be allowed to vote, and it would automatically register millions of illegal aliens to vote. It would profoundly undermine democracy in this country, and for that reason, I object.

The PRESIDING OFFICER. Objection is heard.

UNANIMOUS CONSENT REQUEST—S. 2670

The PRESIDING OFFICER. The majority leader.

Mr. SCHUMER. The Republican minority has just prevented the Senate from even having a debate—a debate; just that—on voting rights in this country.

I understand my Republican colleagues don't approve of every aspect of the Democratic bill to protect voting rights, but surely there are areas where our two parties can find some agreement. Partisan gerrymandering, for instance, has plagued our country for too long. It skews our democracy towards the extremes. It strips the American people of their right to have a truly representative government.

Voters ought to pick their politicians, not the other way around. But in so many States, partisan legislators draw maps that artificially maximize the number of seats that the majority party will win. Some districts are so safe that the most extreme candidates can run and win with hardly any competition.

Surely my Republican colleagues would agree that partisan gerrymandering deserves a debate on the Senate floor. It is a small part of S. 1 but one that has broad universal support—and the support, by the way, of all 49 of my Democratic colleagues.

So I ask unanimous consent that the Senate proceed to the immediate consideration of S. 2670, Calendar No. 119, the Redistricting Reform Act of 2021.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, the text of the Constitution explicitly assigns power to engage in redistricting to elected State legislatures in the States. There is a reason for that. That ensures that redistricting is controlled by the people.

We have an unfortunate pattern in today's Congress, which is today's

Democrats no longer believe in democracy. Their bill, S. 1—what many call the Corrupt Politicians Act—is designed to prevent the voters from voting Democrats out of office.

This bill, the bill to remove the State legislatures from their constitutionally appointed responsibility of being in charge of redistricting, would instead assign that to commissions and ultimately to the Federal courts, to unelected Federal judges.

Now, redistricting and gerrymandering can lead to ugly consequences. This is not new. The Founders were well aware of the ugly consequences of gerrymandering. Indeed, the very word "gerrymander" comes from Elbridge Gerry, one of the Founders whose district was so contorted, it looked like a salamander. That is where the district came from.

The Founders knew that if you give redistricting to elected politicians, they will act based on political concerns. The reason the Founders did so is, even with those down sides, it keeps the process accountable to the people. If you instead hand it over to unelected commissions or to unelected Federal judges, the people are disenfranchised. That is a serious mistake.

I would note, over a decade ago, I defended the constitutionality and the constitutional assignment of that responsibility to the State legislatures before the U.S. Supreme Court in the Texas redistricting case, and we won a landmark 5-to-4 victory where the Supreme Court upheld the clear constitutional authorization of legislatures to engage in redistricting even if they engaged in political concerns because the check on that is not unelected judges second-guessing the people; rather, the check on that is democracy and the people engaging in their own check and balance.

Accordingly, I object.

Mr. SCHUMER. Mr. President.

The PRESIDING OFFICER. Objection is heard.

The majority leader.

Mr. SCHUMER. So the American people should understand, Republicans just blocked the Senate from even debating legislation to end partisan gerrymandering and make our Congress more representative of the people.

UNANIMOUS CONSENT REQUEST—S. 2671

Mr. President, surely our Republican colleagues, however, would agree that billions of dollars in anonymous campaign donations every year is not a function of a healthy democracy. Surely they must agree that America's representatives should have only one boss—the people, not the special interests.

So I am going to ask the Senate now to debate a simple measure to bring a much needed transparency to campaign donations—just transparency, not even limits, although I would certainly support those. At the very least, the American people deserve to know who is trying to influence their representatives and how strenuously.

So I ask unanimous consent that the Senate proceed to the immediate consideration of S. 2671, Calendar No. 120, the DISCLOSE Act of 2021, which has the support of our entire caucus.

The PRESIDING OFFICER. Is there objection?

Mr. CRUZ. Mr. President.

The PRESIDING OFFICER. The Senator from Texas.

Mr. CRUZ. Reserving the right to object, you know, I would note there is a long history of government trying to force the disclosure of the identity of political contributions, and much of that history is sordid.

Indeed, in a landmark case before the U.S. Supreme Court, racist southern Democratic politicians tried to force the NAACP to hand over their donor list, and they wanted to do so for reasons that were not difficult to discern, because they intended to persecute those who dare contribute to the NAACP.

And the Supreme Court, in a landmark decision, concluded that the Constitution protects against that forced disclosure. But I will say, the majority leader said just a few minutes ago that surely there must be some area of common ground, and indeed there is on this issue.

I think all of us, if we were speaking in a moment of candor, if we were not engaged in our typical partisan battle on the floor, would acknowledge the current system is stupid. The current system makes no sense. Super-PACs make no sense. Why is that? Because in all of our elections—every one of us has run for election—there are super-PACs, which are independent groups. It is illegal for us, as candidates, to speak with those independent groups. And in every one of our races—I see the Senator from Arizona. He is going to have a hotly contested race. It wouldn't surprise me to see \$100 million or more spent in his race, perhaps on both sides. Much of that will be spent in super-PACs.

It is illegal for us, as candidates, to communicate with those super-PACs. So we are left with the bizarre situation where there is millions or sometimes tens of millions of dollars being spent on behalf of us; millions, sometimes tens of millions of dollars, spent attacking us; and we can't communicate with them. We hope it has some bearing or relevance to what we believe.

Every Congress, since I have been here, I have introduced legislation to end this. This is legislation called the SuperPAC Elimination Act. This act does two very simple things. No. 1, it allows unlimited individual contributions to Federal campaigns, not from unions, not from corporations but from real human beings, from people—unlimited contributions.

I would note this is the way the State of Texas handles State elections.

No. 2, my legislation, the SuperPAC Elimination Act, requires immediate 24-hour disclosure. So if an individual

writes a check to a campaign, that gets disclosed immediately, and you can debate about whether that contribution was corrosive or not.

This legislation would not prohibit super-PACs, but, as a practical matter, super-PACs would fade from relevance because every candidate would much prefer money given to their campaign, where you can spend on your own message. It would make far more sense to have an open, transparent system.

Accordingly, I ask unanimous consent that the Senate proceed to the immediate consideration of a bill at the desk that would protect freedom of speech in America's electoral process and ensure transparency in campaign finance. I ask unanimous consent that the bill be considered read a third time and passed, and that a motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER. The majority leader.

Mr. SCHUMER. Mr. President, I object to the Senator from Texas's legislation. It is obvious to just about every American that it would make a bad situation even worse. So I object.

The PRESIDING OFFICER. The objection is heard.

Is there objection to the original request from the Senator of New York?

Mr. CRUZ. I object.

The PRESIDING OFFICER. The objection is heard.

The majority leader.

Mr. SCHUMER. Mr. President, in conclusion, before I turn it over to some of my colleagues, Democrats have tried to do something very simple. We asked the Senate to start debate—just debate—on legislation to protect voting rights and strengthen our democracy. Republicans said no. Democrats have asked to debate a measure just to prevent partisan gerrymandering, and, then, frankly, in my colleague's response, he was all over the lot: It is good to have politicians do it; it is not good to have politicians do it; it is not good to have judges do it; it is good to have judges do it; it is not good to have judges do it.

We would set standards to make sure that in a State like Wisconsin, where 53 percent of the people voted for a Democratic member of the State assembly, only a third of the districts were Democratic, drawn by a Republican legislature.

So Republicans have said no. They don't even want to debate these issues.

Democrats have asked to debate the measure to bring much needed transparency to campaign donations and get special interest dark money out of politics. Republicans still said no.

So let there be no mistake about what is going on here. We have reached a point in this Chamber where Republicans appear to oppose any measure—any measure—no matter how common sense, to protect voting rights and strengthen our democracy.

Let there be no mistake. Both inside this Chamber and outside of it, Republicans have formed a wall—a total

wall—of opposition against progress on voting rights in the U.S. Senate. Even on an issue as sacred as the right to vote, Senate Republicans refuse to allow even a debate. They are afraid to debate.

Yesterday morning, we saw what it looks like when the Senate comes together. This is what it looks like when it doesn't. Apparently, there are very serious and important limits to bipartisanship. There are some issues where Republicans refuse to join us, in good faith, to make progress for our country.

I never thought I would see the day when voting rights, which used to be supported in a bipartisan way as recently as 2006, would be one of those issues. But that is what we have come to—total Republican intransigence when it comes to simple measures to make our democracy more perfect and strengthen the hand of the individual voter.

Now, let me be clear. Republicans refusing to support anything on voting rights is not an excuse for Democrats to do nothing. In recent weeks, I met with a number of Democratic Senators: Senators KLOBUCHAR and MERKLEY, MANCHIN and WARNOCK and PADILLA, KAINE, KING, and TESTER to discuss a compromise voting rights bill. We have made a great deal of progress on that legislation. We had a very good meeting as late recently as yesterday afternoon, and we intend to rally around it.

So, tonight, I am filing cloture on a vehicle to allow the Senate to take up the compromise voting rights bill. Voting rights—voting rights—will be the first matter of legislative business when the Senate returns to session in September. Our democracy demands no less.

I yield the floor. I yield to my colleague from Oregon and then my colleague from Rhode Island.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. MERKLEY. Mr. President, we have the privilege to come to this floor and examine issues important to every American. And what could be more important than the fundamental right to participate in the guidance of our country and to be able to cast a ballot. And that ballot box, it is the pulsating heart of our Republic.

In fact, it is 56 years ago, just a couple of days ago, that President Johnson signed the Voting Rights Act of 1965. And what did he say? He said it is wrong—deadly wrong—to deny any American the opportunity to vote. Well, what was deadly wrong in 1965 is deadly wrong in 2021.

It is hard to believe that over 50 years—over half a century—has passed, and we are reverting to that period before 1965, where there was a systematic effort to target specific groups of voters and prevent them from going to the poll.

And we all know how this worked. On election day, there would be fewer precinct voting locations in those areas

that you didn't want to vote, and they would be understaffed so there would be long lines, or their voting machines would be out of order, or they would change the location every 2 years so people would be confused about where to go, or they would locate them where there was no parking—all of these things deliberately aimed at preventing Black Americans from voting and preventing other communities of color from voting.

Well, today, we are seeing in State after State after State an expanded version of this, not just targeting Black Americans and other communities of color but also targeting poor communities and college students. And we see these laws unfolding in just the recent months.

I would expect 100 of our colleagues here to stand up and defend the ballot box. Aren't we long removed from those days of that racist past? But apparently not.

So some of us have to stand up and say: We are going to stand up to the vision of our Constitution where all men and women are created equal and every man and woman has the right to participate in the guidance of this country.

You know, we know that in the founding of our country, we had a beautiful vision, imperfectly formed, that Black Americans, Native Americans, and women were not allowed to vote. We fixed those things over time. We progressed in an arc to full opportunity, and that is what we are fighting for now—full opportunity of every citizen to have a full measure of what it means to be a participant in a Republic.

Well, there is much more in this bill to mend the assault on equal representation through the diabolical gerrymandering denied to bias the outcome from one party over the other, and certainly to keep billionaires from buying elections.

And when we ask people around the country—Independents, Democrats, Republicans—they all say: We do not want billionaires to buy elections. We do not want equal representation destroyed by diabolical gerrymandering, and we want every citizen to have access to the ballot box.

But in this Chamber, suddenly, the views of the Republicans across this country are forgotten by my Republican colleagues across the aisle. In that thirsty quest for power, they are willing to violate the fundamental principles that inspire our Nation, and it is wrong—deadly wrong—today as it was in 1965.

The PRESIDING OFFICER. The Senator from Rhode Island.

Mr. WHITEHOUSE. Mr. President, a short word on dark money. When the Republican justices on the Supreme Court opened the floodgates of unlimited money in the disgraceful Citizens United decision, that suddenly made something new very important, and that was to hide who you are when you are spending the money.

If the biggest check you can write is \$5,000, there is no great premium in hiding who you are. When you can write a \$5 million check to back a candidate, suddenly hiding who you are becomes extremely valuable and salient.

So, suddenly, this became very real. But those Justices who had opened the door to unlimited money, when they made that decision, in order to justify that decision, they had to say that the spending had to be transparent. Otherwise, the Citizens United decision would not have worked in the constitutional scheme. They had to say that.

But for the next decade, what did they do about it? Case after case came before them where the dark money problem was raised. We rode through a billion dollars in dark money being spent in our elections. This was on the front page of the newspaper. This was being done in plain view. And what did the Republican Justices on the Supreme Court do to enforce their own stated requirement of transparency? Not one thing.

And so we have had a decade of corruption of government by billionaire interests who can hide who they are and operate through an enormous phalanx of phony front groups whom they have stood up. And if you want to know how real this is, look at what we have had to do in the reconciliation measure to address climate change—because when I got here, there were Republicans willing to address climate change.

We had bill after bill in the Senate that were bipartisan and serious and sincere. That stopped dead in January of 2010. When Citizens United was decided, the dark money spigots opened, and the fossil fuel industry behind them enforced compliance across the entire Republican Party. If you crossed the fossil fuel industry on climate change, if you are Bob Inglis, you were out, you were done. If you lined up with them and did what they said, in came tens of millions of dollars in dark money to support you.

It was a devil's bargain, and it cost us a lost decade on climate change. And now we have to go forward, sadly, in a partisan way to solve this problem. That is the pressure of dark money in our politics. It is behind the capture of the Supreme Court. It is behind voter suppression. This is demonstrable stuff, and we have got to put an end to it. And it is a tragedy and a disgrace that we can't go to cleaning up the dark money mess.

My Republican colleagues and their dark money groups are actually at the point now where they are accusing us of taking dark money. They are accusing Democrats of being the dark money party. Well, we just settled that question tonight. Democrats want to clean it up. They want to protect it. It is as simple as that. That is all you need to know.

I yield the floor.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MENENDEZ. Mr. President, I know the hour is late, but we have nearly 30 highly qualified Foreign Affairs and Development nominees who are languishing on the Senate floor. We have to confirm these nominees to fully equip the United States to pursue our foreign policy objectives, and I will be asking unanimous consent to confirm each one.

My distinguished colleague from Connecticut, Senator MURPHY, a member of the committee, is here to join with me in this effort. I know the Presiding Officer is also a distinguished member of the committee.

In the nearly 30 years that I have been working on foreign policy, we have never faced such a confluence of global challenges: a once-in-a-century global pandemic; climate change threatening stability, health, and safety across the world; fueling displacement and resource-driven conflicts; great power competition from an increasingly emboldened China and Russia.

We have the tools to confront these challenges; to promote American values and interests around the world to advance the safety, health, and economic well-being of all Americans. But we cannot do that when we do not have empowered diplomats and development professionals in place to do so.

So I call on this body to confirm these nominees—all of whom the Foreign Relations Committee has moved

with bipartisan support—to put the United States in the best position to advance our foreign policy, development, and national security priorities.

I am calling for confirmation of all of these nominees: those up for Ambassadorships, senior State Department, and USAID positions. We need them in place.

Now, the Trump administration had its first Ambassador confirmed on day 62 of the Trump Presidency. The Obama administration had its first Ambassador confirmed at day 73. The George W. Bush administration had its first Ambassador confirmed at day 75. For the Clinton administration, it was day 75. For the George H. W. Bush administration, it was day 83.

We are now more than 200 days into the Biden administration, and as of this moment, there is not a single confirmed State Department country Ambassador—not one. And going back four administrations, there is a precedent of moving a package of nominees before the August recess.

Under George W. Bush, the Senate confirmed a package of 81 nominees. During the Obama administration, the Senate confirmed a package of 104 nominees. And during the Trump administration, we confirmed a package of 75 nominees.

We should be ashamed of holding the record for the longest delay in fully equipping the State Department and USAID to pursue the foreign policy, development, and national security interests of the United States.

Now, some Members of this body call on one hand for assertive American leadership on the global stage, and, at the same time, they hold up these critical positions. Many of these nominees are career diplomats, public servants who have dedicated their lives to advancing U.S. interests. They have served under the Trump administration in the same way they will serve in the Biden administration: on behalf of the American people.

Many of my colleagues are readily focused on effectively confronting Chinese malign influence. Well, a fundamentally critical element of confronting China is empowered leadership in our diplomatic corps, across the world. So let me be clear. Holding up diplomats to posts across Africa and the Western Hemisphere is effectively ceding influence to China and actively undermining U.S. national security interests.

I recently heard an anecdote from a diplomat in Cameroon. When he travels outside the capital city, Cameroonians will greet him with a “ni hao,” assuming that if he isn’t Cameroonian, he must be Chinese.

Meanwhile, we haven’t had an American Ambassador in Cameroon in more than a year, and the Foreign Relations Committee approved a career diplomat for the post by voice vote nearly a month ago. What could possibly be the rationale for holding him up?

Lastly, looking at the Department itself, critical leadership positions remain held up.

Now, I know many of my colleagues have dedicated a significant amount of their time over the past few years to combating the flow of fentanyl into the United States, but here we have a hold on a career Foreign Service officer nominated to be Assistant Secretary for International Narcotics and Law Enforcement, who would be leading the Department's efforts to combat the flow of fentanyl.

So which one do you want? The American people deserve better than this.

Now, I know we are all tired of being here, and I want to salute and thank the different—the reading clerks, the Parliamentarian, the Democrat and Republican staff who are still here, but we feel compelled to go through and ask UC for each of these nominees. They all deserve to be confirmed tonight. So let me start off.

I ask unanimous consent that the Senate proceed to executive session to consider the following nomination: Calendar No. 233, Larry Edward Andre, Jr., of Texas, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to Somalia; that the nomination be confirmed, the motion to reconsider be considered made and laid upon the table with no intervening action or debate; that no further motions be in order to the nomination; that the President be immediately notified of the Senate's action and the Senate then resume legislative session.

The PRESIDING OFFICER. Is there objection? The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, the Senator from New Jersey and, indeed, all of the Senators in this Chamber know precisely why these nominees have not moved forward, and the reason is because the Biden administration is currently engaged in open defiance of the U.S. Congress and is doing so in a way that is working serious and material harm to the United States national security.

Over a year ago, December of 2019, this Senate and, indeed, the full Congress passed legislation imposing strong sanctions on the Nord Stream 2 Pipeline. The Nord Stream 2 Pipeline is a pipeline between Russia and Germany designed to carry natural gas. It is a deep sea pipeline.

Vladimir Putin desperately wants this pipeline completed. If the pipeline is completed, it will give billions of dollars to Putin to use for malign efforts in Europe and throughout the world.

This Congress is overwhelmingly convinced that completing the Nord Stream 2 pipeline is terrible policy. It is bad for the United States; it is bad for Europe; and it is good for Russia and Putin. Accordingly, the Congress passed overwhelmingly bipartisan sanctions legislation that I authored, along with Democratic Senator JEANNE

SHAHEEN, and that legislation proved tremendously successful.

How successful was it? When the President signed it into law, if my memory serves correctly, at 7 p.m. on a Thursday, construction on the pipeline halted at 6:45 p.m. on that Thursday. Fifteen minutes before the sanctions went into law, they ceased building the pipeline. And for a year the pipeline lay dormant. It lay as a hunk of metal at the bottom of the ocean.

We had succeeded together. This body had won a bipartisan national security victory for the United States.

Then, in November of last year, Joe Biden was elected. When Joe Biden was elected, President Biden and his foreign policy team immediately began signaling weakness on Nord Stream 2 to Putin, and that signal was heard. Putin commenced preparatory efforts to begin building the pipeline again within days of the Presidential election in November. And Russia began building the pipeline again in January, just days after Joe Biden was sworn in.

Existing laws that this body has passed, not once but twice, mandate sanctions to stop the Nord Stream 2 Pipeline. Unfortunately, the Biden administration decided to waive those sanctions. Waiving those sanctions, I believe, will prove to be a generational geopolitical mistake. If we continue on the current pace set out by President Biden, Putin will complete the Nord Stream 2 Pipeline.

If that happens, for decades, Putin and the next dictator in Russia and the next dictator in Russia will get billions of dollars every year from this pipeline. They will use it for military aggression. They will use it for spying on America. They will use it for attacking their enemies.

Not only that, Europe will be captive to Russian natural gas. It will be subject to energy blackmail. We don't have to hypothesize this because Putin has demonstrated his willingness to use energy blackmail on Europe going forward. This undermines the interests of Europe. It undermines the interests of America. And by the way, it also hurts jobs in the United States of America.

I have made clear to every State Department official, to every State Department nominee, that I would place holds on these nominees unless and until the Biden administration follows the law and stops this pipeline, imposes the sanctions.

As the Senator from New Jersey knows well—he and I worked together closely on these sanctions legislation that the Biden administration is refusing to follow—I have been negotiating with the Biden administration in good faith for a month, months, laying out a path to move these nominees forward. But unfortunately, to date, President Biden has insisted on giving a multibillion-dollar gift to Joe Biden benefiting Russia, hurting America, and hurting our national security interests.

That being said, there is a path where I would readily lift these holds,

and it is a path I am in a moment going to propound a unanimous consent resolution—a unanimous consent request to take up and pass legislation that I have introduced that would impose the sanctions that are already required by law that the Biden administration refuses to follow. This legislation is legislation that both of the Democratic members of the Foreign Relations Committee have voted for substantially similar legislation in the past.

If this legislation passes the Senate, if it passes the House and is signed by the President, the day it is signed by the President, I will lift these holds. But given that the President and the White House have indicated they intend to defy the law, I am not going to lift the holds unless and until they relent in their effort to give this gift to Vladimir Putin.

UNANIMOUS CONSENT REQUEST

Mr. President, accordingly, I ask unanimous consent that the Senate proceed to the immediate consideration of a bill at the desk that would require the imposition of sanctions with respect to Nord Stream 2. I ask unanimous consent that the bill be considered read a third time and passed and that the motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER (Mr. KELLY). Is there objection?

Mr. MENENDEZ. Mr. President, reserving the right to object, and I will be brief for the sake of everybody here. There is a lot more to be said. But, look, first of all, this legislation was just introduced today—today.

It has not been brought before the committee. It has not had a full vetting. And it is not quite fair to say that it is exactly the same. It isn't. I was just looking through it.

Secondly, I know that the Senator believes that he can dictate to the President of the United States, duly elected by the American people, what the foreign policy should be. I believe we should have a role in foreign policy. I share that with the Senator. But you can't say: If it passes the Senate, if it passes the House, signed by the President, then I will release my hold.

I mean, I guess that would be nice if the Senator could accomplish it for his goals, but it is not the way the system ultimately works.

And I would just say President Trump, for the longest period of time, did not issue the sanctions that were necessary because he was so cozy with Vladimir Putin, and the result was that the pipeline was almost finished by the time President Biden came to office. And had he done what the Senator wishes, we wouldn't be in this position today.

So for all of those reasons, I object to the Senator's unanimous consent request.

The PRESIDING OFFICER. Objection is heard.

Is there objection to the request from the Senator from New Jersey?

Mr. CRUZ. Reserving the right to object, I will respond briefly to the Senator from New Jersey.

The talking point from the Biden administration as to why they have given this gift to Vladimir Putin is they say the pipeline is almost completed; that it is over 90 percent complete. The problem with that argument is it is demonstrably false because it was equally true in December of 2019. In December of 2019, the pipeline was over 90 percent complete. And, indeed, at that time, there was a massive Russian disinformation campaign throughout Europe, where the Russian Government was putting out: These sanctions will never pass, and if they pass, they will never work.

Why? Because the pipeline is over 90 percent complete. Well, a pipeline that is 90 percent complete is a pipeline that is zero percent complete. Until it is 100 percent complete, it transmits zero natural gas. The pipeline doesn't work until you finish it, and that Russian disinformation we discovered the day the sanction legislation was signed was exactly that, was utterly false, nonsense.

Why? Because the day it was signed they stopped construction, and they stopped it for a year. And Putin only began construction after Joe Biden was elected, after he was sworn into office, and after his team indicated weakness, that they wouldn't enforce the sanctions against Russia.

So their talking point that it was 90 percent complete, that was true a year ago. And we knew we could stop it then. We can stop it now. The only reason Putin is building this pipeline is because the Biden administration is unwilling to stand up to Russia. Accordingly, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, one thing that is demonstrably true is that Donald Trump did nothing as it relates toward this pipeline, and there wasn't much effort to try to get them to stop the pipeline at the time.

And while I disagreed with President Trump on a whole host of foreign policy issues, I did not hold up all his nominees just to get my view to be the order of the day.

UNANIMOUS CONSENT REQUEST—EXECUTIVE CALENDAR

Mr. President, therefore, I ask that it be in order to make the same request that I made previously with respect to Executive Calendar No. 234, Elizabeth Moore Aubin, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to Algeria.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object, I would note, as the Senator from New Jersey knows well, that I pressed President Trump vigorously on this topic, engaged aggressively with the Trump administration, with the Treas-

ury Department, with the State Department, with the National Security Council, and we prevailed in those battles. The Trump administration issued a series of sanctions, and they worked. They stopped the pipelines.

So I have demonstrated a perfect willingness to stand up to a President of my own party on this issue, and we succeeded in stopping the pipeline. Now, when there is a Democratic President, we have yet to see Democratic Members of this body willing to stand up as vigorously to their own party's President, who is actively and eagerly facilitating the building of this pipeline.

I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I would just simply say that the Senator from Texas did not hold up any of the nominees of President Trump as it relates to this.

I ask that it be in order to make the same request with respect to Executive Calendar No. 235, Maria E. Brewer, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to the Kingdom of Lesotho.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because it is a generational geopolitical mistake to give a multibillion-dollar gift to Vladimir Putin to strengthen Russia and to undermine national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar, No. 236, Christopher John Lamora, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to Cameroon.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because it is a massive strategic error, one that weakens our allies, that endangers our allies, and makes Russia more dangerous, more aggressive, more willing to attack and undermine U.S. national security, and because Joe Biden and the Biden administration are defying U.S. law passed with overwhelming bipartisan support from Congress, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 237, Tulinabo S. Mushingi, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to Angola and to serve concurrently as the Ambassador to the Democratic Republic of Sao Tome and Principe.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because the Biden administration should not be giving a massive multibillion-dollar gift to Putin, strengthening Russia, and weakening America and U.S. national security interests, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 238, Eugene S. Young, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to the Republic of Congo.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object, because I think it is a generational mistake, one that will harm U.S. nationality security interests, will endanger U.S. service men and women, will weaken America, will weaken our allies, and will strengthen our enemies and our adversaries, because I believe that Joe Biden giving a massive multibillion-dollar gift to Vladimir Putin to make him stronger and more aggressive is enormously harmful to America, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 239, Michele Jeanne Sison, a Career Member of the Senior Foreign Service, to be Assistant Secretary of State for International Organization Affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden should not be giving a multibillion-dollar gift to Vladimir Putin, strengthening Russia, and undermining U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, here is one where it is a monumental mistake to not permit this person to be confirmed when we want to stop fentanyl from coming into our country.

I ask that it be in order to make the same request with respect to Executive Calendar No. 240, Todd D. Robinson, of New Jersey, a Career Member of the Senior Foreign Service, to be Assistant Secretary of State for International Narcotics and Law Enforcement Affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden

has made the decision to give a massive multibillion-dollar gift to Vladimir Putin, because that weakness toward Russia empowers our enemies, endangers our service men and women, weakens our national security, and destroys jobs here at home, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 241, Daniel J. Kritenbrink, a Career Member of the Senior Foreign Service, to be the Assistant Secretary of State for East Asian and Pacific affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden should not be defying U.S. law, disregarding the overwhelming bipartisan consensus of both Houses of Congress, because Joe Biden should not be giving a massive multibillion-dollar gift to Vladimir Putin that constitutes unilateral surrender to Russia in a way that strengthens Russia, weakens America, and endangers our Nation, undermining U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 317, Marc Evans Knapper, a Career Member of the Senior Foreign Service, to be Ambassador of the United States to Vietnam; and that the Senator from Texas' remarks, which he has made repeatedly, be inserted each and every time after the motion that I have made.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, I appreciate my friend from New Jersey's attempt to abbreviate this, and I am endeavoring to be concise but nonetheless lay out the factual predicate, because it was a mistake for Joe Biden to give a multibillion-dollar gift to Vladimir Putin, to disregard U.S. law, to weaken U.S. national security interests and to strengthen Russia at our expense, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, now is here one where we heard a lot even during the debate we just had about the United Nations and the need for reform. Well, here is an opportunity. I ask that it be in order to make the same request with respect to Executive Calendar No. 318, Christopher P. Lu, to be Representative of the United States of America to the United Nations for U.N. Management and Reform, with the rank of Ambassador.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden is giving a multibillion-dollar gift to Vladimir Putin, in defiance of U.S. law, in contravention of the overwhelming bipartisan consensus of Congress, which hurts America, strengthens Russia, and endangers the people of this Nation, I object.

The PRESIDING OFFICER. Objection is heard.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 319, Christopher P. Lu, to be an Alternate Representative of the United States of America to the General Assembly of the United Nations.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving my right to object, because Joe Biden is giving a multibillion-dollar gift to Vladimir Putin, which weakens America's, strengthens Russia, and endangers our national security, I object.

The PRESIDING OFFICER. Objection is heard.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 320, Rufus Gifford, to be Chief of Protocol, with the rank of Ambassador.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because it is a generational geopolitical mistake for Joe Biden to give a multibillion-dollar gift to Vladimir Putin, because that mistake weakens America, strengthens Russia, and endangers our national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, now, here is a generational mistake if we do not confirm the next person. We are in the midst in Latin America and the Caribbean of turmoil all around. We have the challenges of Venezuela, the Cuban people crying out for change, the situation in Haiti after the assassination, Nicaragua becoming a new dictatorship. We need to have the Assistant Secretary of State for Western Hemisphere be out there helping us in the hemisphere.

So I ask that it be in order to make the same request with respect to Executive Calendar No. 322, Brian A. Nichols, a Career Member of the Senior Foreign Service, to be Assistant Secretary of State for Western Hemisphere Affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Utah.

Mr. LEE. Mr. President, reserving the right to object, I can't agree to move forward with this nominee today. I think this is really unfortunate. We could have avoided this. This could

have been avoided altogether if the Senate Foreign Relations Committee would simply disclose the responses to the questions for records to Members directly. Then Senators could review the nominees more quickly.

Unfortunately, the Senate Foreign Relations Committee has refused to do that, and so I have been forced to go to the State Department to get this information. I received those responses on Monday evening.

Just a few hours ago, I sent some additional questions to the nominee. They would have been easy to respond to. I still await those responses, and I expect that I will receive them soon. But until then, I can't do my job right. My advice and consent role can't adequately be performed without having the information.

I am not going to relinquish that duty to represent the people of Utah on all matters and not just on those matters as to which I enjoy a seat on a committee.

There is one type of Constitutional amendment that is preemptively unconstitutional. All Senators are equal; you can't treat them unequally. I deserve to have access to these answers, and they are not giving them to me. That is why we are here. That is why I can't agree to this tonight, and I am not going to do that. I am not going to be bullied into it. They need to share this information. I therefore object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I don't get to serve on every committee, and I don't have the questions for the record of every committee hearing. Eventually, they get printed, and they are available to all Senators. But the suggestion that the Senator is being denied something when he is not a member of the committee is a unique one, to say the least. But nonetheless, I think there would have been another objection even if his interests were answered.

I ask that it be in order to make the same request with respect to Executive Calendar No. 323, Marcela Escobari, to be an Assistant Administrator of the United States Agency for International Development.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object—and I would note something to my friend from New Jersey, as the Senator from New Jersey knows—with respect to the previous nominee, I do not have a hold on the previous nominee. I have lifted my hold pursuant to discussions and negotiations. The same is true with respect to former Senator Ken Salazar, who has been nominated to be Ambassador to Mexico. My understanding is he is going to be confirmed momentarily. I don't have a hold, and I don't believe there are any other holds or blocks to his confirmation. So that will occur momentarily.

And, indeed, there have been several other nominees at the State Department where I have lifted the holds in negotiations, including at the request of the Senator from New Jersey. I have worked with my colleagues, but at the same time used the leverage that we have as Senators to try to pressure the Biden administration to follow the law and to defend U.S. national security interests.

With regard to this particular unanimous consent request, because Joe Biden is giving Vladimir Putin a multi-billion-dollar gift, which is a generational geopolitical mistake, because it strengthens Russia at the expense of America and it undermines U.S. national security interests, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 324, Monica P. Medina, to be the Assistant Secretary of State for Oceans and International Environmental and Scientific Affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because it is a generational geopolitical mistake for Joe Biden to give Vladimir Putin a multi-billion-dollar gift that will continue for decades into the future, because that mistake strengthens Russia at the expense of America and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, before I yield, finally, to my colleague from Connecticut, a member of the committee, I just want to say that in 30 years of doing foreign policy between the House and the Senate, sitting on both the House and Senate Foreign Relations Committee, God forbid that something happens in one of these countries or in these regions where we do not have a confirmed Ambassador, Assistant Secretary of State, or Development Official to promote our interests, to respond to it, to be able to deal with it. I wouldn't want to be the Senator who held up that person when that happens at some point. I wouldn't want to be the Senator who held up that person when that happens at some point in the world.

I yield to the Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE CALENDAR

Mr. MURPHY. Thank you very much, Mr. Chairman.

I am going to continue to propound these unanimous consent requests in the same form as the chairman of the Committee, but before I do, just a few brief remarks. I know the hour is late.

First of all, it is wonderful to hear this revisionist history about the Trump administration's disposition to-

wards Russia. Everybody knows what was going on. This was an administration that was practically sycophantish towards the Russian regime, refused over and over again to stand up in any meaningful way.

That is why the pipeline got so far along. It was the eleventh hour when the Trump administration, at the very last minute, decided to move forward on sanctions.

We are not here to paint the merits of the Trump administration's decisionmaking on Russia policy. But suffice it to say, Russia did very well expanding its influence around the region during the 4 years that Donald Trump was in office.

Second, the effects of holding up all of these nominees is to kneecap American national security. Never, ever before has a President had so few nominees confirmed to key national security posts than this President. It has never happened before.

It is true that there is a history in this body of individual Senators placing a temporary hold on one or maybe two officials relevant to the policy over which they are having a disagreement with the administration. Probably many Members of this body have done that. But at least in the time that I have been here and from what I have heard, never before has an individual Senator held up this many nominees for key national security posts over a disagreement on one specific policy.

And if every single Senator did that—because every Senator here has a policy disagreement that they believe is significant with the Secretary of State, with the Secretary of Housing and Urban Development, with the Secretary of Defense—then the business of nominations and confirmations would grind to an absolute halt in this body.

I had deep disagreements with President Trump, but never did I endeavor to hold up every single nominee to State Department posts, because I came to the conclusion that that would do much, much more harm to American national security than whatever concession I might get from the administration would provide a benefit to American national security.

So I share this just, really, paralyzing fear that Senator MENENDEZ expressed, that something awful is going to happen without the kind of personnel that every President needs on post to do the job. We could probably get by if this was a hold of one or two or three individuals. We are talking about dozens of key national security posts that are left vacant because of the decision of one Senator.

UNANIMOUS CONSENT REQUEST—EXECUTIVE CALENDAR

Mr. President, I will continue to propound these requests. I imagine the decision will not be different.

I ask that it be in order to make the same request as those Senator MENENDEZ was making with respect to Executive Calendar No. 327, Anne A. Witkowski, to be Assistant Secretary

of State for Conflict and Stabilization Operations.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object. The Senator of Texas spoke of revisionist history. Perhaps it was fitting that he did so because we proceeded to hear quite a bit of revisionist history.

The unfortunate reality is the Democratic Party in this Chamber has been reluctant to stand up to Russia and reluctant to stand up to the Soviet Union before that, for decades. The Democratic Party consistently has embraced weakness on Russia and the Soviet Union.

I am old enough to remember President Barack Obama in debate with Republican nominee MITT ROMNEY when MITT ROMNEY said we need to stand up to Russia. And President Obama stood up and said: MITT, the 1980s called and they want their foreign policy back because the Democratic Party position was weakness to Russia.

I am old enough to remember President Obama leaning over to Medvedev caught on a hot mic saying: Tell Vladimir—that would be Putin—I'll have more flexibility after the election.

It was only when Donald Trump was elected that the Democratic Party suddenly discovered Russia is a menace. I welcome that. I welcome that sudden discovery. I think Russia was a menace before and after.

But for too many Senate Democrats, it is purely political. Russia, Russia, Russia was a stick to beat up on Donald Trump and the substance of it didn't matter.

So the Senator from Connecticut said: Well, gosh, Donald Trump—he thinks—was terrible on Russia.

Here is a simple fact. Under President Trump, we stopped the pipeline the day this sanctions legislation was signed into law.

Under President Biden, Putin began building the pipeline again. Those are facts. You want to talk about who is weak on Russia? Those are simple facts, and those facts are dangerous.

Because Joe Biden giving a multi-billion-dollar gift to Vladimir Putin was a generational geopolitical mistake because it strengthens Russia and it weakens America because it endangers U.S. national security interests, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE CALENDAR

Mr. MURPHY. Because American national security is gravely compromised by the inability of a President to have his national security team in place at a time of crisis, I would ask that it be in order to make the same request with respect to Executive Calendar No. 328, Anne A. Witkowski, to be Coordinator for Reconstruction and Stabilization.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object. Just a few moments ago, the Senator from Connecticut said something bad is going to happen. Let me tell you, he is right. Something bad is going to happen, and there is a reason for it.

The Biden foreign policy, in just 7 months, has been the most disastrous foreign policy we have seen of any administration since Jimmy Carter. To every enemy of America, they have projected weakness.

On Russia, Joe Biden has given Vladimir Putin what he wanted most: A multibillion-dollar pipeline to let him extort Europe.

On China, the Biden administration has been projecting weakness over and over and over again, including kowtowing to China and reversing the State Department policy on Taiwan, prohibiting Taiwan from displaying their flag or wearing military uniforms on U.S. Government property; kowtowing to the Communist Party of China.

On Iran, the Biden administration said their top foreign policy objective is sending billions of dollars to the Ayatollah Khomeini, even as he is the leading state-sponsor of terrorism to the world and chants, "Death to America."

And on Hamas, the Biden administration has sent hundreds of millions of dollars to the Palestinian Authority, much of which has found its way to Hamas and has been materialized in rockets raining down on Israel.

So is something bad going to happen?

Yes, because when you show weakness to our enemies, it encourages our enemies and they get more and more aggressive.

Where I differ with the Senator from Connecticut is I don't think the way to avoid something bad is to keep showing weakness and give Putin what he wants. The way to stand up to our enemies is to demonstrate strength, not weakness. I believe in peace through strength. I think appeasement invites conflict.

Because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and because it undermines U.S. national security interests, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, because every single day that the President doesn't have his team in place to protect this Nation, our Nation is under more serious threat.

I ask that it be in order to make the same request with respect to Calendar No. 329, Mary Catherine Phee, a career member of the Senior Foreign Service to be a Member of the Board of Directors of the African Development Foun-

dation, for a term expiring September 27, 2026.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object. I would note one of the efforts that the State Department has endeavored to do to try to force these nominations through is planning a whole series of articles in papers, which they somehow believe would pressure me. The most abusing of which was an article, I believe, in *POLITICO*, if I remember correctly, that began ominously: The mansions in Europe where our ambassadors reside are sadly empty due to this one Senator's objections.

I will confess, my heart is not broken that some rich Democratic donor is not wining and dining people in a grand ambassadorial mansion. I am sure that is an enormous crisis in Georgetown.

What I think is a crisis is making Putin stronger and Russia stronger and weakening Europe, weakening our allies, and weakening America.

And because Biden's multibillion-dollar gift to Putin weakened America, strengthened Russia, and undermined our U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS REQUEST CONSENT—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, because China is absolutely celebrating every single day that our Corps of diplomats is dramatically and dangerously understaffed because of these holds on the President's nominees, I ask that it be in order to make the same request with respect to Executive Calendar No. 330, Mary Catherine Phee, a career member of the Senior Foreign Service to be a Member of the Board of Directors to the African Development Foundation, for a term expiring September 27, 2021.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object. I would note there is irony in the Senator from Connecticut expressing deep concern about China just an hour or 2 after this Chamber voted on an amendment I introduced that said we should not be importing electric vehicles that were made in China using slave labor in concentration camps. The Senator from Connecticut and every single Democratic Senator, save one, voted to reject that amendment.

The consequence is that the Biden administration is preparing to import millions of dollars of electric vehicles that were built—or parts of them were built—using slave labor in concentration camps in China.

You want to talk about what is encouraging and empowering the Chinese Communist regime?

It is the willingness of the Democratic Party to overlook their murder, torture in concentration camps because of their commitment to the Green New Deal.

Because Joe Biden giving a multibillion-dollar gift to Vladimir Putin strengthens Russia at the expense of America and it undermines U.S. national security interests, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, similarly, because without an ability to have U.S. diplomats on posts, to have our most important leadership positions staffed, we make ourselves intentionally, deliberately unable to be able to manage crises across the world.

I would ask that it be in order to make the same requests with respect to Executive Calendar No. 331, Mary Catherine Phee, a career member of the Senior Foreign Service to be Assistant Secretary of State for African Affairs.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object. Because Joe Biden's multibillion-dollar gift of this pipeline in defiance of U.S. law and contravention of the overwhelming bipartisan consensus of Congress, because it strengthens Russia at the expense of America and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, I would ask that it be in order to make the same request with respect to Executive Calendar No. 332, Lee Satterfield, to be an Assistant Secretary of State for Educational and Cultural Affairs.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake that strengthens Russia at the expense of America and undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, I would ask that it be in order to make the same request with respect to Executive Calendar No. 333, Karen Erika Donfried, to be an Assistant Secretary of State for European Affairs and Eurasian Affairs.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 334, Jessica Lewis, to be an Assistant Secretary of State for Political-Military Affairs.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 335, Donald Lu, a Career Member of the Senior Foreign Service, to be Assistant Secretary of State for South Asian Affairs.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE

Mr. MURPHY. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 336, Paloma Adams-Allen, to be a Deputy Administrator of the United States Agency for International Development.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. MURPHY. Mr. President, I ask that it be in order to make the same request with respect to Executive Calendar No. 337, Isobel Coleman, to be a Deputy Administrator of the United

States Agency for International Development.

The PRESIDING OFFICER. Is there an objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, because Joe Biden's multibillion-dollar gift to Vladimir Putin is a generational geopolitical mistake, because it strengthens Russia at the expense of America, and it undermines U.S. national security, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

Mr. MURPHY. Mr. President, I am at the final unanimous consent request, and I will make it in a moment.

Just to note, as we are wrapping up here, this has taken a while, and this list of pending nominees is going to grow. It is going to get longer and longer. There are going to be more key posts that are going to go unfilled.

I understand Senator CRUZ's desire to use his power to hold these nominees in order to get a change in policy from this administration. I doubt that the administration, which has already set a clear direction and has executed an agreement with the Germans, is going to abide.

My worry, though, is that this won't be the end, that this is not going to be the last foreign policy decision that the Senator from Texas or other Republican Senators will disagree with, nor will it likely be the last decision that any high-profile Cabinet member makes that finds disagreement from my Republican colleagues.

And so I end where I began, which is to say that Senator CRUZ and I have a difference of opinion with respect to Nord Stream and the gravity of the moment that we find ourselves in. But this place just becomes unworkable if every single Senator holds up this many nominees over one particular policy disagreement.

This tactic will be utilized by Democrats when there is a Republican in the White House. It might not be me, because I find this objectionable, but it will be copied, and you will find the same thing happening to a Republican President and their administration grinding to a halt in whatever Department finds itself the object of this tactic.

So I continue to express this deep worry about what it means to not have individuals in place in Somalia overseeing the Western Hemisphere and to not have someone overseeing our counternarcotics operations, but this list will get longer and longer and longer, and the risk to American security will be greater.

Again, I will just suggest that the harm being done here to U.S. security is much greater than the benefit that the Senator believes will be gained through negotiation over these posts with the administration.

So, at the risk of inspiring another very long speech from the Senator from Texas, I make those remarks.

UNANIMOUS CONSENT REQUEST—EXECUTIVE
CALENDAR

Mr. President, I ask, finally, that it be in order to make the same request, as I have and Senator MENENDEZ has, with respect to Executive Calendar No. 150, Brett Holmgren to be an Assistant Secretary of State for Intelligence and Research.

The PRESIDING OFFICER. Is there objection?

The Senator from Texas.

Mr. CRUZ. Mr. President, reserving the right to object, you know, the Senator from Connecticut is correct in that, if a Senator were to halt a large number of nominations for an idiosyncratic concern, for a concern unique to that Senator that was not widely shared, that could constitute an abuse of power, and I am going to suggest some aspects of this situation that make it quite different and that, in a subsequent administration, if there were a comparable situation, would make these same levers appropriate.

No. 1, the Biden administration is defying three separate Federal laws: two different Nord Stream 2 sanctions, both of which I authored, along with Democratic Senator JEANNE SHAHEEN, both of which passed the Senate and the House and were signed into law, both of which enjoyed massive, near-unanimous bipartisan support. In addition to that is CAATSA—strong Russia sanctions that are mandatory, that are designed to force a President to sanction Russia even if they are reluctant to do so like Joe Biden is.

Right now, the administration is defying the law, and so the message that I have conveyed to the administration repeatedly is, follow the law. I am not asking for a change in the law; I am saying follow the law. That is No. 1, if you have an administration that is openly defying the law, but No. 2, that is openly defying an overwhelming bipartisan consensus of Congress.

This is not a narrow partisan issue. And I would note, after Joe Biden waived the sanctions on Nord Stream 2, in the Senate Foreign Relations Committee, I introduced an amendment to reverse his decision. Every single Senator but one on that committee voted in favor of my amendment. The Senator from Connecticut voted in favor of my amendment. The Senator from New Jersey voted in favor of my amendment.

The Biden administration is telling all of Congress, essentially: Jump in a lake. We don't care that every Democrat and virtually every Republican has a dramatically different assessment of this situation than they do.

Third is the national security magnitude of this issue. This was a major national security victory.

When I met with the Biden administration, with each of their successive national security officials, I said: Look, I understand the instinct of any new administration to say, "Whatever the old guys did must be wrong." I get that the Biden guys want to say,

“Whatever Trump did must be wrong.” And by the way, the Trump guys, by and large, said, “Whatever Obama did must be wrong.” That is not a new thing. Whenever you have a change in an administration, that tends to be a default position. But what I urged them to do is, just because that is your knee-jerk instinct, this was a massive bipartisan victory for America, a national security victory that we won that Joe Biden is on the verge of throwing away.

The Secretary of State sat in my office and promised to fight to sanction Nord Stream 2. The Deputy Secretary of State sat in my office and promised to fight to sanction Nord Stream 2. The Under Secretary of State sat in my office and promised to fight to sanction Nord Stream 2. They did, in fact, fight to sanction Nord Stream 2, but unfortunately they were overruled by the White House, which made a political decision to give in to Putin.

In those circumstances, when you are defying explicit U.S. law, when you are defying the overwhelming bipartisan consensus of Congress, and when you are endangering U.S. national security and, indeed, turning a victory into a loss, I think it is appropriate to use the tools we have in front of us.

That being said, I have engaged in active negotiation with the Biden administration. In the past week, I have had conversations on this topic with the Secretary of the Treasury, with the Deputy Secretary of the Treasury, with the National Security Advisor. I have had conversations with multiple Democratic Senators about a path forward.

But I will tell you what the path forward is not going to be. It is not going to be, let's roll over, give Putin his pipeline, and accept a massive national security loss for America. If that is where Joe Biden and KAMALA HARRIS want to go, they can go there, but they are not going to go there with my acquiescence, and I am going to use every tool I have as a Senator, elected by the people of Texas, to prevent that outcome.

Accordingly, because Joe Biden's decision to defy U.S. law; to defy the overwhelming bipartisan consensus of Congress; to surrender to Vladimir Putin; to give him his No. 1 priority—a multibillion-dollar pipeline that will provide billions of dollars of rewards for Russia for decades to come—because that decision is a generational geopolitical mistake on the order of magnitude of Jimmy Carter giving away the Panama Canal—that even 50 years later, the consequences of that geopolitical mistake still reverberate—50 years from now, Russian dictators will benefit from Joe Biden's weakness on Russia.

Because that strengthens Russia, because it empowers Russia to attack our enemies, to extort our enemies, to engage in economic blackmail against our enemies—our allies, rather—because our allies are begging us not to do this—I have met with senior offi-

cials of the Ukraine. The Ukrainians are begging us not to do this, and the Biden White House is threatening Ukraine: Keep your mouth shut because we have a political objective here.

Because that strengthens Russia at the expense of the United States, at the expense of Europe, at the expense of our allies, because it destroys jobs in America, and because it endangers U.S. national security, I emphatically object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Connecticut.

Mr. MURPHY. Mr. President, I understand the Senator believes he has such a serious objection to administration policy that it merits this exceptional tactic. I would submit, as I move into closing business, that it is not the biggest disagreement that a Senator has had with an administration. It is not the biggest disagreement that a group of Senators has had with an administration. To believe that would be to elevate this dispute beyond its merits. That is not to suggest it isn't significant, but it is not the most significant disagreement that an individual Senator has ever had with an administration.

What is exceptional is his tactic. Never before has a U.S. Senator used their power in this way to hold up this many nominees at such a critical moment. That is what is exceptional. That is what makes this moment so dangerous. That is why Senator MENENDEZ and I came down to the floor to try to unlock some of these nominees toward confirmation, because it is the tactic, not the disagreement, that is the exception.

EXECUTIVE SESSION

EXECUTIVE CALENDAR

Mr. MURPHY. Mr. President, I ask unanimous consent that the Senate proceed to executive session to consider the following nominations en bloc: Calendar Nos. 268, 321, 189, 247, 267, 270, 344, 301, 295, 296, 297, 298, and 299; that the Senate vote on the nominations en bloc without intervening action or debate; that the motions to reconsider be considered made and laid upon the table with no intervening action or debate; that any statements related to the nominations be printed in the Record; that the President be immediately notified of the Senate's action; and that the Senate resume legislative session.

MORNING BUSINESS

BUDGET RECONCILIATION

Mr. GRASSLEY. Mr. President, yesterday, the Democrats unveiled their reckless tax and spend budget plan.

With our country experiencing the highest inflation it has seen in decades and our national debt approaching an alltime high, common sense would dictate that we ought to use the budget process to get our fiscal house in order.

Instead, my Democrat colleagues are intent on using the budget to embark on a liberal wish list spending spree.

My Democrat colleagues' budget calls for over \$4 trillion in new spending over the next decade and annual deficits would average \$1.6 trillion over that period. As a result, the national debt would reach 119 percent of our economy, shattering the World War II record of 106 percent.

Much of this new spending, ballooning the debt and deficits, is the product of a single bill Democrats hope to pass before the end of the year under the guise of so-called "human infrastructure."

Infrastructure is popular and needed. It helps keep our economy competitive over the long run. That is why Democrat leaders initially wanted their multitrillion dollar wish list to ride

along on an infrastructure package. That plan fell apart when a bipartisan group was able to agree on a separate bill with just real infrastructure.

This new spending spree, far from being an infrastructure bill like the bipartisan bill, has nothing to do with building roads or bridges. Instead, it would create massive new entitlements and impose massive new tax increases.

This mishmash of massive new spending and job-killing tax hikes would act as a double whammy on middle-income Americans, small business owners, and farmers.

Trillions of dollars in new spending is likely to set inflation ablaze. Inflation is a stealth tax that steals the value of the dollars Americans already earned. Hard-working Americans are already paying the price of excessive spending in the form of inflation with prices rising throughout the economy.

As a result, while wages increased at a pace of 3.6 percent last month, Americans found themselves struggling to keep their heads above water with prices soaring 5.4 percent.

Now, Democrats want to add tax hikes on top of this, which will slow economic growth, reduce business investment, and result in lower wages and fewer jobs over the long-run.

What is more, the tax hikes that are being discussed take direct aim at family run business and farms.

This includes raising their income taxes, their capital gains taxes, and imposing a confiscatory new death tax when operations are passed to the next generation.

Higher taxes, excessive spending, and escalating debt are not a prescription for prosperity. They are instead are a recipe for fiscal disaster.

I urge my Democrat colleagues to tap the brakes before it is too late.

Please think about the future and abandon your reckless tax and spend agenda.

EVICTION MORATORIUM

Mr. TOOMEY. Mr. President, I ask unanimous consent that the following notice from the Centers for Disease Control and Prevention related to an eviction moratorium be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention
Temporary Halt in Residential Evictions in Communities With Substantial or High Transmission of COVID-19 To Prevent the Further Spread of COVID-19

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Agency Order.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces a new Order under Section 361 of the Public Health Service Act to temporarily halt residential evictions in

communities with substantial or high transmission of COVID-19 to prevent the further spread of COVID-19.

DATES: This Order is effective August 3, 2021 through October 3, 2021.

SUPPLEMENTARY INFORMATION:

Background

On September 4, 2020, the CDC Director issued an Order temporarily halting evictions in the United States for the reasons described therein. That Order was set to expire on December 31, 2020, subject to further extension, modification, or rescission. Section 502 of Title V, Division N of the Consolidated Appropriations Act, 2021 extended the Order until January 31, 2021, and approved the Order as an exercise of the CDC's authority under Section 361 of the Public Health Service Act (42 U.S.C. 264). With the extension of the Order, Congress also provided \$25 billion for emergency rental assistance for the payment of rent and rental arrears. Congress later provided an additional \$21.55 billion in emergency rental assistance when it passed the American Rescue Plan. The Order was extended multiple times due to the changing public health landscape and expired on July 31, 2021 after what was intended to be the final extension. Absent an unexpected change in the trajectory of the pandemic, CDC did not plan to extend the Order further.

Following the recent surge in cases brought forth by the highly transmissible Delta variant, the CDC Director now issues a new Order temporarily halting evictions for persons in counties or U.S. territories experiencing substantial or high rates of transmission, for the reasons described herein. It is more limited in scope than prior orders, intended to target specific areas of the country where cases are rapidly increasing, which likely would be exacerbated by mass evictions.

Accordingly, subject to the limitations listed in the new Order, a landlord, owner of a residential property, or person with a legal right to pursue eviction or possessory action, shall not evict any covered person from any residential property in any county or U.S. territory while the county or territory is experiencing substantial or high levels of community transmission levels of SARS-CoV-2. This Order will expire on October 3, 2021, but is subject to further extension, modification, or rescission based on public health circumstances.

A copy of the Order is provided below. A copy of the signed Order and Declaration form can be found at <https://www.cdc.gov/coronavirus/2019-ncov/covid-eviction-declaration.html>.

Centers for Disease Control and Prevention,
Department of Health and Human Services

Order Under Section 361 of the Public Health Service Act (42 U.S.C. 264) and 42 Code of Federal Regulations 70.2

Temporary Halt in Residential Evictions in Communities With Substantial or High Levels of Community Transmission of COVID-19 To Prevent the Further Spread of COVID-19

Summary

The U.S. Centers for Disease and Control (CDC) is issuing a new order temporarily halting evictions in counties with heightened levels of community transmission in order to respond to recent, unexpected developments in the trajectory of the COVID-19 pandemic, including the rise of the Delta

variant. It is intended to target specific areas of the country where cases are rapidly increasing, which likely would be exacerbated by mass evictions. Accordingly, subject to the limitations under “Applicability,” a landlord, owner of a residential property, or other person with a legal right to pursue eviction or possessory action, shall not evict any covered person from any residential property in any county or U.S. territory while the county or territory is experiencing substantial or high levels of community transmission of SARS-CoV-2.

Definitions

“Available government assistance” means any governmental rental or housing payment benefits available to the individual or any household member.

“Available housing” means any available, unoccupied residential property, or other space for occupancy in any seasonal or temporary housing, that would not violate federal, state, or local occupancy standards and that would not result in an overall increase of housing cost to such individual.

“Covered person” means any tenant, lessee, or resident of a residential property who provides to their landlord, the owner of the residential property, or other person with a legal right to pursue eviction or a possessory action, a declaration under penalty of perjury indicating that:

(1) The individual has used best efforts to obtain all available governmental assistance for rent or housing;

(2) The individual either (i) earned no more than \$99,000 (or \$198,000 if filing jointly) in Calendar Year 2020 or expects to earn no more than \$99,000 in annual income for Calendar Year 2021 (or no more than \$198,000 if filing a joint tax return), (ii) was not required to report any income in 2020 to the U.S. Internal Revenue Service, or (iii) received an Economic Impact Payment (stimulus check).

(3) The individual is unable to pay the full rent or make a full housing payment due to substantial loss of household income, loss of compensable hours of work or wages, a lay-off, or extraordinary out-of-pocket medical expenses;

(4) The individual is using best efforts to make timely partial rent payments that are as close to the full rent payment as the individual’s circumstances may permit, taking into account other nondiscretionary expenses;

(5) Eviction would likely render the individual homeless—or force the individual to move into and reside in close quarters in a new congregate or shared living setting—because the individual has no other available housing options; and

(6) The individual resides in a U.S. county experiencing substantial or high rates of community transmission levels of SARS-CoV-2 as defined by CDC.

“Evict” and “Eviction” means any action by a landlord, owner of a residential property, or other person with a legal right to pursue eviction or possessory action, to remove or cause the removal of a covered person from a residential property. This definition also does not prohibit foreclosure on a home mortgage.

“Residential property” means any property leased for residential purposes, including any house, building, mobile home or land in a mobile home park, or similar dwelling leased for residential purposes, but shall not include any hotel, motel, or other guest house rented to a temporary guest or seasonal tenant as defined under the laws of the state, territorial, tribal, or local jurisdiction.

“State” shall have the same definition as under 42 CFR 70.1, meaning “any of the 50 states, plus the District of Columbia.”

“U.S. territory” shall have the same definition as under 42 CFR 70.1, meaning “any territory (also known as possessions) of the United States, including American Samoa, Guam, the Northern Mariana Islands, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands.”

Statement of Intent

This Order shall be interpreted and implemented in a manner as to achieve the following objectives:

- Mitigating the spread of COVID-19 within crowded, congregate or shared living settings, or through unsheltered homelessness;

- Mitigating the further spread of COVID-19 from one state or territory into any other state or territory;

- Mitigating the further spread of COVID-19 by temporarily suspending the eviction of covered persons from residential property for nonpayment of rent; and

- Supporting response efforts to COVID-19 at the federal, state, local, territorial, and tribal levels.

Background

COVID-19 in the United States

Since January 2020, the respiratory disease known as “COVID-19,” caused by a novel coronavirus (SARS-CoV-2), has spread globally, including cases reported in all fifty states within the United States, plus the District of Columbia and U.S. territories. As of August 3, 2021, there have been almost 200 million cases of COVID-19 globally, resulting in over 4,240,000 deaths. Almost 35,000,000 cases have been identified in the United States, with new cases reported daily, and almost 610,000 deaths have been attributed to the disease. A renewed surge in cases in the United States began in early July 2021; case counts rose from 19,000 cases on July 1, 2021 to 103,000 cases on July 30, 2021. Forecasted case counts predict that cases will continue to rise over the next four weeks.

The virus that causes COVID-19 spreads very easily and sustainably between people, particularly those who are in close contact with one another (within about 6 feet, but occasionally over longer distances), mainly through respiratory droplets produced when an infected person coughs, sneezes, or talks. Individuals without symptoms can also spread the virus. Among adults, the risk for severe illness from COVID-19 increases with age, with older adults at highest risk. Severe illness means that persons with COVID-19 may require hospitalization, intensive care, or a ventilator to help them breathe, and may be fatal. People of any age with certain underlying medical conditions (e.g., cancer, obesity, serious heart conditions, or diabetes) are at increased risk for severe illness from COVID-19.

New variants of SARS-CoV-2 have emerged globally, several of which have been identified as variants of concern, including the Alpha, Beta, Gamma, and Delta variants. These variants of concern have evidence of an increase in transmissibility, which may lead to higher incidence.

Currently, the Delta variant is the predominant SARS-CoV-2 strain circulating in the United States, estimated to account for over 82% of cases as of July 17, 2021. The Delta variant has demonstrated increased levels of transmissibility compared to other variants. Furthermore, early evidence suggests that people who are vaccinated and become infected with the Delta variant may transmit the virus to others.

Transmission of the Delta variant has led to accelerated community transmission in the United States. CDC recommends assessing the level of community transmission using, at a minimum, two metrics: new COVID-19 cases per 100,000 persons in the last 7 days and percentage of positive SARS-

CoV-2 diagnostic nucleic acid amplification tests in the last 7 days. For each of these metrics, CDC classifies transmission values as low, moderate, substantial, or high. As of August 1, 2021, over 80% of the U.S. counties were classified as experiencing substantial or high levels of community transmission. In areas of substantial or high transmission, CDC recommends community leaders encourage vaccination and universal masking in indoor public spaces in addition to other layered prevention strategies to prevent further spread.

COVID-19 vaccines are now widely available in the United States, and vaccination is recommended for all people 12 years of age and older. Three COVID-19 vaccines are currently authorized by the U.S. Food and Drug Administration (FDA) for emergency use: Two mRNA vaccines and one viral vector vaccine, each of which has been determined to be safe and effective against COVID-19. As of July 28, 2021, over 163 million people in the United States (57.6% of the population 12 years or older) have been fully vaccinated and over 189 million people in the United States (66.8% of the population 12 years or older) have received at least one dose. Changes in vaccine uptake and the extreme transmissibility of the Delta variant have resulted in rising numbers of COVID-19 cases, primarily and disproportionately affecting the unvaccinated population.

The COVID-19 vaccination effort has a slower rate of penetration among the populations most likely to experience eviction. In combination with the continued underlying COVID-19 spread, and the overlapping factors described above, this creates considerable risk for rapid transmission of COVID-19 in high-risk settings.

In the context of a pandemic, eviction moratoria—like quarantine, isolation, and social distancing—can be an effective public health measure utilized to prevent the spread of communicable disease. Eviction moratoria facilitate self-isolation and self-quarantine by people who become ill or who are at risk of transmitting COVID-19.

Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act (Pub. L. 116-136) to aid individuals and businesses adversely affected by COVID-19 in March 2020. Section 4024 of the CARES Act provided a 120-day moratorium on eviction filings as well as other protections for tenants in certain rental properties with federal assistance or federally related mortgage financing. These protections helped alleviate the public health consequences of tenant displacement during the COVID-19 pandemic. The CARES Act eviction moratorium expired on July 24, 2020. The protections in the CARES Act supplemented temporary eviction moratoria and rent freezes implemented by governors and other local officials using emergency powers.

Researchers estimated that this temporary federal moratorium provided relief to over one-quarter a material portion of the nation’s roughly 43 million renters. The CARES act also provided funding streams for emergency rental assistance; surveys estimate that this assistance became available to the public through rental assistance programs by July 2020.

The Federal moratorium provided by the CARES Act, however, did not reach all renters. Many renters who fell outside the scope of the Federal moratorium were instead protected under state and local moratoria. In early March 2021, the Census Household Pulse Survey estimated that 6.4 million households were behind on rent and just under half fear imminent eviction. In 2016, research showed that there were 3.6 million eviction filings and 1.5 million eviction judgments over the span of a whole year, meaning that the pandemic would cause a wave of

evictions on a scale that would be unprecedented in modern times. A large portion of those who are evicted may move into close quarters in shared housing or, as discussed below, become homeless, thus becoming at higher risk of COVID-19.

On September 4, 2020, the CDC Director issued an Order temporarily halting evictions in the United States for the reasons described therein. That Order was set to expire on December 31, 2020, subject to further extension, modification, or rescission. Section 502 of Title V, Division N of the Consolidated Appropriations Act, 2021 extended the Order until January 31, 2021, and approved the Order as an exercise of the CDC's authority under Section 361 of the Public Health Service Act (42 U.S.C. 264). With the extension of the Order, Congress also provided \$25 billion for emergency rental assistance for the payment of rent and rental arrears. Congress later provided an additional \$21.55 billion in emergency rental assistance when it passed the American Rescue Plan Act of 2021. The Order was extended multiple times due to the changing public health landscape and expired on July 31, 2021 after what was intended to be the final extension. Absent an unexpected change in the trajectory of the pandemic, CDC did not plan to extend the Order further.

Following the recent surge in cases brought forth by the highly transmissible Delta variant, the CDC Director now issues a new Order temporarily halting evictions for persons in counties experiencing substantial or high rates of transmission, for the reasons described herein. This Order will expire on October 3, 2021, but is subject to further extension, modification, or rescission based on public health circumstances.

Researchers estimate that, in 2020, Federal, state, and local eviction moratoria led to over 1.5 million fewer evictions filings than the previous year. Additional research shows that, despite the CDC eviction moratorium leading to an estimated 50% decrease in eviction filings compared to the historical average, there have still been over 450,000 eviction filings during the pandemic just within approximately 31 cities and six states with more readily available data. This data covers approximately 1 in 4 renter households in the country, suggesting high demand and likelihood of mass evictions nationwide.

Eviction, Crowding, and Interstate Transmission of COVID-19

By February 10, 2021, the U.S. Department of the Treasury had paid all of the \$25 billion made available by the Consolidated Appropriations Act, 2021 to states, territories, localities and tribes for the purpose of providing emergency rental assistance to eligible households in their jurisdictions. Additionally, as directed in the Act, Treasury has also made available 40 percent—more than \$8.6 billion—of the additional funding to states, territories and localities for emergency rental assistance provided in the American Rescue Plan Act of 2021. While some emergency rental assistance programs were slow to open, every State program had opened by early June. Based on data collected from grantees, Treasury reports that over 85,000 renter households received rental and utility assistance to support their housing stability by the end of March and this number increased to more than 100,000 in April, more than 156,000 in May and over 290,000 in June. Though emergency rental assistance has clearly started to reach increasing numbers of families over recent months, state and local agencies have hundreds of thousands of applications for assistance that currently remain outstanding as programs accelerate their activity. The level of assist-

ance continued to increase in June, with nearly 300,000 households served. Based on analysis of grantee reporting, Treasury believes that the monthly deployment of rental assistance by state and local emergency rental assistance programs will continue to increase from the significant deployment in June. In addition to Emergency Rental Assistance, there are coordinated efforts across Federal agencies to—in partnership with states and localities—promote eviction prevention strategies.

Recent data from the U.S. Census Household Pulse Survey demonstrates that just under half of households behind on rent believe that an eviction is likely in the next two months. A surge in evictions could lead to the immediate and significant movement of large numbers of persons from lower density to higher density housing at a time in the United States when the highly transmissible Delta variant is driving COVID-19 cases at an unprecedented rate.

Evicted renters must move, which leads to multiple outcomes that increase the risk of COVID-19 spread. Specifically, many evicted renters move into close quarters in shared housing or other congregate settings. These moves may require crossing state borders. According to the 2017 Census Bureau American Housing Survey, 32% of renters reported that they would move in with friends or family members upon eviction, which would introduce new household members and potentially increase household crowding. Studies show that COVID-19 transmission occurs readily within households. The secondary attack rate in households has been estimated to be 17%, and household contacts are estimated to be 6 times more likely to become infected by an index case of COVID-19 than other close contacts. A study of pregnant women in New York City showed that women in large households (greater number of residents per household) were three times as likely to test positive for SARS-CoV-2 than those in smaller households, and those in neighborhoods with greater household crowding (>1 resident per room) were twice as likely to test positive. Throughout the United States, counties with the highest proportion of crowded households have experienced COVID-19 mortality rates 2.6 times those of counties with the lowest proportion of crowded households.

Shared housing is not limited to friends and family. It includes a broad range of settings, including transitional housing and domestic violence and abuse shelters. Special considerations exist for such housing because of the challenges of maintaining social distance. Residents often gather closely or use shared equipment, such as kitchen appliances, laundry facilities, stairwells, and elevators. Residents may have unique needs, such as disabilities, chronic health conditions, cognitive decline, or limited access to technology, and thus may find it more difficult to take actions to protect themselves from COVID-19. CDC recommends that shelters provide new residents with a clean mask, keep them isolated from others, screen for symptoms at entry, or arrange for medical evaluations as needed depending on symptoms. Accordingly, an influx of new residents at facilities that offer support services could potentially overwhelm staff and, if recommendations are not followed, lead to exposures.

Modeling studies and observational data from the pre-vaccine phase of the COVID-19 pandemic comparing incidence between states that implemented and lifted eviction moratoria indicate that evictions substantially contribute to COVID-19 transmission. In mathematical models where eviction led exclusively to sharing housing with friends or family, lifting eviction moratoria led to a

30% increased risk of contracting COVID-19 among people who were evicted and those with whom they shared housing after eviction. Compared to a scenario where no evictions occurred, the models also predicted a 4%–40% increased risk of infection, even for those who did not share housing, as a result of increased overall transmission. The authors estimated that anywhere from 1,000 to 100,000 excess cases per million population could be attributable to evictions depending on the eviction and infection rates.

An analysis of observational data from state-based eviction moratoria in 43 states and the District of Columbia showed significant increases in COVID-19 incidence and mortality approximately 2–3 months after eviction moratoria were lifted. Specifically, the authors compared the COVID-19 incidence and mortality rates in states that lifted their moratoria with the rates in states that maintained their moratoria. In these models, the authors accounted for time-varying indicators of each state's test count as well as major public-health interventions including lifting stay-at-home orders, school closures, and mask mandates. After adjusting for these other changes, they found that the incidence of COVID-19 in states that lifted their moratoria was 1.6 times that of states that did not at 10 weeks post-lifting (95% CI 1.0, 2.3), a ratio that grew to 2.1 at ≥16 weeks (CI 1.1, 3.9). Similarly, they found that mortality in states that lifted their moratoria was 1.6 times that of states that did not at 7 weeks post-lifting (CI 1.2, 2.3), a ratio that grew to 5.4 at ≥16 weeks (CI 3.1, 9.3). The authors estimated that, nationally, over 433,000 cases of COVID-19 and over 10,000 deaths could be attributed to lifting state moratoria.

Although data are limited, available evidence suggests evictions lead to interstate spread of COVID-19 in two ways. First, an eviction may lead the evicted members of a household to move across state lines. Of the 35 million people in America who move each year, 15% move to a new state. Second, even if a particular eviction, standing alone, would not always result in interstate displacement, the mass evictions that would occur in the absence of this Order would inevitably increase the interstate spread of COVID-19. This Order cannot effectively mitigate interstate transmission of COVID-19 without covering intrastate evictions (evictions occurring within the boundaries of a state or territory), as the level of spread of SARS-CoV-2 resulting from these evictions can lead to SARS-CoV-2 transmission across state borders.

Moreover, intrastate spread facilitates interstate spread in the context of communicable disease spread, given the nature of infectious disease. In the aggregate, the mass-scale evictions that will likely occur in the absence of this Order in areas of substantial or high transmission will inevitably increase interstate spread of COVID-19.

Eviction, Homelessness, and COVID-19 Transmission

Evicted individuals without access to support or other assistance options may become homeless, including older adults or those with underlying medical conditions, who are more at risk for severe illness from COVID-19 than the general population. In Seattle-King County, 5–15% of people experiencing homelessness between 2018 and 2020 cited eviction as the primary reason for becoming homeless. Additionally, some individuals and families who are evicted may originally stay with family or friends, but subsequently seek homeless services. Data collection by an emergency shelter in Columbus, Ohio, showed that 35.4% of families and 11.4% of single adults reported an eviction as the primary or secondary reason for their seeking shelter.

Extensive outbreaks of COVID-19 have been identified in homeless shelters. In Seattle, Washington, a network of three related homeless shelters experienced an outbreak that led to 43 cases among residents and staff members. In Boston, Massachusetts, universal COVID-19 testing at a single shelter revealed 147 cases, representing 36% of shelter residents. COVID-19 testing in a single shelter in San Francisco led to the identification of 101 cases (67% of those tested). Data from 634 universal diagnostic testing events at homeless shelters in 21 states show an average of 6% positivity among shelter clients. Data comparing the incidence or severity of COVID-19 among people experiencing homelessness directly to the general population are limited. However, during the 15-day period of the outbreak in Boston, MA, researchers estimated a cumulative incidence of 46.3 cases of COVID-19 per 1000 persons experiencing homelessness, as compared to 1.9 cases per 1000 among Massachusetts adults (pre-print).

Among other things, CDC guidance recommends increasing physical distance between beds in homeless shelters, which is likely to decrease capacity, while community transmission of COVID-19 is occurring. To adhere to this guidance, shelters have limited the number of people served throughout the United States. In many places, considerably fewer beds are available to individuals who become homeless. Shelters that do not adhere to the guidance, and operate at ordinary or increased occupancy, are at greater risk for the types of outbreaks described above.

Application of COVID-19 Prevention Strategies Based on Community Transmission

CDC recommends strengthening or adding effective COVID-19 mitigation strategies in communities with considerable transmission risk. As discussed above, CDC guidance specifies that everyone, regardless of vaccination status, should wear masks in indoor and public settings in communities experiencing substantial or high rates of community transmission. Similarly, CDC guidance for homeless shelters recommends maintaining layered COVID-19 precautions as long as community transmission is occurring and provides options for scaling back precautions when community transmission is low.

Eviction moratoria represent a COVID-19 transmission prevention measure that can similarly be applied when the epidemiological context is appropriate, for example in communities with substantial or high transmission of COVID-19. Prevention strategies like these should only be relaxed or lifted after two weeks of continuous sustained improvement in the level of community transmission. In areas with low or no SARS-CoV-2 transmission and with testing capacity in place to detect early introduction or increases in spread of the virus, layered prevention strategies might be removed one at a time while monitoring closely for any evidence that COVID-19 cases are increasing. Decisions to add or remove prevention strategies should be based on local data and public health recommendations. The emergence of more transmissible SARS-CoV-2 variants, including Delta, increases the urgency for public health agencies and other organizations to collaboratively monitor the status of the pandemic in their communities and continue to apply layered prevention strategies.

Persons at Higher Risk of Eviction May Also Be at Higher Risk of Being Unvaccinated

Communities with high rates of eviction have been shown to have lower coverage of COVID-19 vaccination—a focus for current vaccination campaigns. A study in the spring of 2021 showed that counties with high social

vulnerability (i.e., social and structural factors associated with adverse health outcome inclusive of socioeconomic indicators related to risk of eviction) had lower levels of COVID-19 vaccination.

CDC Eviction Moratorium

The Department of the Treasury has made funding available to states, territories, localities, and Tribal governments, which continue to distribute emergency rental assistance funds that may help mitigate spikes in COVID-19 transmission due to increases in evictions. Alongside other federal and state efforts to prevent evictions, these funds are expected to make a meaningful difference for hundreds of thousands of people who are expected to receive the rental assistance.

On September 4, 2020, the CDC Director issued an Order temporarily halting evictions in the United States for the reasons described therein. That Order was set to expire on December 31, 2020, subject to further extension, modification, or rescission. Section 502 of Title V, Division N of the Consolidated Appropriations Act, 2021 extended the Order until January 31, 2021. With the extension of the Order, Congress also provided \$25 billion for emergency rental assistance for the payment of rent and rental arrears. Congress later provided an additional \$21.55 billion in emergency rental assistance when it passed the American Rescue Plan.

On January 29, 2021, following an assessment of the ongoing pandemic, the CDC Director renewed the Order until March 31, 2021. On March 28, the CDC Director renewed the Order until June 30, 2021. On June 24, the CDC Director renewed the Order until July 31, 2021 (July Order). The CDC Director indicated that the July Order would be the final extension of the nationwide eviction moratorium absent an unexpected change in the trajectory of the pandemic. Unfortunately, the rise of the Delta variant and corresponding rise in cases in numerous counties in the United States have altered the trajectory of the pandemic. As a result, CDC is issuing this narrower, more targeted Order to temporarily halt evictions in the hardest hit areas. Without this Order, evictions in these areas would likely exacerbate the increase in cases. To the extent any provision of this Order conflicts with prior Orders, this Order is controlling.

Applicability

This Order applies in U.S. counties experiencing substantial and high levels of community transmission levels of SARS-CoV-2 as defined by CDC, as of August 3, 2021. If a U.S. county that is not covered by this Order as of August 3, 2021 later experiences substantial or high levels of community transmission while this Order is in effect, then that county will become subject to this Order as of the date the county begins experiencing substantial or high levels of community transmission. If a U.S. county that is covered by this Order no longer experiences substantial or high levels of community transmission for 14 consecutive days, then this Order will no longer apply in that county, unless and until the county again experiences substantial or high levels of community transmission while this Order is in effect.

This Order does not apply in any state, local, territorial, or tribal area with a moratorium on residential evictions that provides the same or greater level of public-health protection than the requirements listed in this Order or to the extent its application is prohibited by Federal court order. In accordance with 42 U.S.C. 264(e), this Order does not preclude state, local, territorial, and tribal authorities from imposing additional requirements that provide greater public-health protection and are more restrictive than the requirements in this Order.

This Order is a temporary eviction moratorium to prevent the further spread of COVID-19. This Order does not relieve any individual of any obligation to pay rent, make a housing payment, or comply with any other obligation that the individual may have under a tenancy, lease, or similar contract. Nothing in this Order precludes the charging or collecting of fees, penalties, or interest as a result of the failure to pay rent or other housing payment on a timely basis, under the terms of any applicable contract.

Nothing in this Order precludes evictions based on a tenant, lessee, or resident: (1) Engaging in criminal activity while on the premises; (2) threatening the health or safety of other residents; (3) damaging or posing an immediate and significant risk of damage to property; (4) violating any applicable building code, health ordinance, or similar regulation relating to health and safety; or (5) violating any other contractual obligation, other than the timely payment of rent or similar housing-related payment (including non-payment or late payment of fees, penalties, or interest).

Any evictions for nonpayment of rent initiated prior to issuance of this Order but not yet completed, are subject to this Order. Any tenant, lessee, or resident of a residential property who previously submitted a Declaration, still qualifies as a “Covered Person” and is still present in a rental unit is entitled to protections under this Order. Any eviction that was completed before issuance of this Order including from August 1 through August 3, 2021 is not subject to this Order, as it does not operate retroactively.

Under this Order, covered persons may be evicted for engaging in criminal activity while on the premises. But covered persons may not be evicted on the sole basis that they are alleged to have committed the crime of trespass (or similar state-law offense) where the underlying activity is a covered person remaining in a residential property for nonpayment of rent. Permitting such evictions would result in substantially more evictions overall, thus increasing the risk of disease transmission as otherwise covered persons move into congregate settings or experience homelessness. This result would be contrary to the stated objectives of this Order, and therefore would diminish their effectiveness. Moreover, to the extent such criminal trespass laws are invoked to establish criminal activity solely based on a tenant, lessee, or resident of a residential property remaining in a residential property despite the nonpayment of rent, such invocation conflicts with this Order and is pre-empted pursuant to 42 U.S.C. 264(e).

Individuals who are confirmed to have, who have been exposed to, or who might have COVID-19 and take reasonable precautions to not spread the disease may not be evicted on grounds that they may pose a health or safety threat to other residents.

This Order is in effect through October 3, 2021, based on the current and projected epidemiological context of SARS-CoV-2 transmission throughout the United States. This timeframe will allow the assessment of natural changes to COVID-19 incidence, the influences of new variants, additional distribution of emergency rental assistance funds, and the expansion of COVID-19 vaccine uptake.

Declaration Forms

To qualify for the protections of this Order, a tenant, lessee, or resident of a residential property must provide a completed and signed copy of a declaration with the elements listed in the definition of “Covered person” to their landlord, owner of the residential property where they live, or other person who has a right to have them evicted

or removed from where they live. To assist tenants and landlords, the CDC created a standardized declaration form that can be downloaded here: <https://www.cdc.gov/coronavirus/2019-ncov/downloads/declaration-form.pdf>.

Tenants, lessees, and residents of residential property are not obligated to use the CDC form. Any written document that an eligible tenant, lessee, or resident of residential property presents to their landlord will comply with this Order, as long as it contains the required elements of “Covered person” as described in this Order. In they meet the elements of “Covered person” in other languages.

All declarations, regardless of form used, must be signed, and must include a statement that the tenant, lessee, or resident of a residential property understands that they could be liable for perjury for any false or misleading statements or omissions in the declaration. This Order does not preclude a landlord challenging the truthfulness of a tenant's, lessee's, or resident's declaration in court, as permitted under state or local law.

In certain circumstances, such as individuals filing a joint tax return, it may be appropriate for one member of the residence to provide an executed declaration on behalf of the other adult residents party to the lease, rental agreement, or housing contract. The declaration may be signed and transmitted either electronically or by hard copy.

As long as the information in a previously signed declaration submitted under a previous order remains truthful and accurate, covered persons do not need to submit a new declaration under this Order. However, eligibility for protection will be based on the terms of this Order.

Determination, Findings and Action

For the reasons described herein, I have determined based on the information below that issuing a temporary halt in evictions in counties experiencing substantial or high levels of COVID-19 transmission constitutes a reasonably necessary measure under 42 CFR 70.2 to prevent the further spread of COVID-19 throughout the United States. I have further determined that measures by states, localities, or territories that do not meet or exceed these minimum protections are insufficient to prevent the interstate spread of COVID-19.

State and local jurisdictions continue to distribute emergency rental assistance funds, provided by the Department of Treasury, that will help avert a spate of evictions and thus mitigate corresponding spikes in COVID-19 transmission. Trends have dramatically worsened since June 2021 and transmission is rapidly accelerating in the United States.

Congress has appropriated approximately \$46 billion—of which almost three-quarters is currently available to state and local grantees—to help pay rent and rental arrears for tenants who may otherwise be at high risk of eviction. According to estimates based on the U.S. Census Household Pulse Survey, approximately 6.9 million renter households were behind on their rent in late June. At that time, about 4.6 million renter households were concerned that they could not pay next month's rent. The successful delivery of those funds by states and localities should greatly reduce the incidence of eviction that would occur in the absence of that support. However, many states and localities are still ramping up the collection and processing of applications and the delivery of assistance and putting in place other eviction prevention strategies. It was only in the beginning of June that all state-run emergency rental assistance programs had opened for applications. If the moratorium is not in

place, a wave of evictions, on the order of hundreds of thousands, could occur in late summer and early fall, exacerbating the spread of COVID-19 among the significant percentage of the population that remains unvaccinated. In appropriating these emergency rental assistance funds, Congress intended that the funding would work in concert with the eviction moratorium, providing time for rental assistance to reach eligible tenants and landlords to sustainably reduce the threat of an eviction wave after an eviction moratorium was no longer in effect. While the pace of assistance is continuing to increase, without additional time for states and localities to deliver this needed relief and engage in other efforts to prevent evictions, a surge of evictions would occur upon the conclusion of the national moratorium. A surge in evictions would lead to immediate movement, crowding, and increased stress on the homeless service system. In combination with surging COVID-19 rates across the country, and the overlapping factors described above, this would create considerable risk for the rapid transmission of COVID-19 in high-risk settings.

Based on the convergence of these issues, I have determined that issuing a new Order temporarily halting evictions is appropriate.

Accordingly, a landlord, owner of a residential property, or other person with a legal right to pursue eviction or possessory action shall not evict any covered person from any residential property in any county or U.S. territory while COVID-19 transmission is substantial or high and the relevant state, county, locality, or territory has provided a level of public-health protections below the requirements listed in this Order.

This Order is not a rule within the meaning of the Administrative Procedure Act (APA) but rather an emergency action taken under the existing authority of 42 CFR 70.2. The purpose of section 70.2, which was promulgated through notice-and-comment rulemaking, is to enable CDC to take swift steps to prevent contagion without having to seek a second round of public comments and without a delay in effective date.

Good Cause

In the event this Order qualifies as a rule under the APA, there is good cause to dispense with prior public notice and comment and a delay in effective date. See 5 U.S.C. 553(b)(B), (d)(3). Good cause exists, in sum, because the public health emergency caused by the COVID-19 pandemic and the unpredictability of the trajectory of the pandemic make it impracticable and contrary to the public health, and by extension the public interest, to delay the issuance and effective date of this Order.

I have determined that good cause exists because the public health emergency caused by COVID-19 makes it impracticable and contrary to the public health, and by extension the public interest, to delay the issuance and effective date of the Order. A delay in the effective date of the Order would permit the occurrence of evictions—potentially on a mass scale—that would have potentially significant public health consequences. I conclude that the delay in the effective date of the Order would defeat the purpose of the Order and endanger the public health and, therefore, determine that immediate action is necessary.

The rapidly changing nature of the pandemic requires not only that CDC act swiftly, but also deftly to ensure that its actions are commensurate with the threat. This necessarily involves assessing evolving conditions that inform CDC's determinations. Despite promising trends in the spring of 2021, the surge of cases spurred by the Delta variant has confirmed that the fundamental pub-

lic health threat—of the risk of large numbers of residential evictions contributing to the spread of COVID-19 throughout the United States—continues to exist. Without this Order, there is every reason to expect that evictions will increase dramatically at a time when COVID-19 infections in the United States are increasing sharply. It is imperative that public health authorities act quickly to mitigate such an increase of evictions, which could increase the likelihood of new spikes in SARS-CoV-2 transmission. Such mass evictions and the attendant public health consequences would be very difficult to reverse.

For all of these reasons, I hereby conclude that immediate action is again necessary and that notice-and-comment rulemaking and a delay in effective date would be impracticable and contrary to the public interest.

Miscellaneous

Similarly, if this Order qualifies as a rule under the APA, the Office of Information and Regulatory Affairs (OIRA) has determined that it would be an economically significant regulatory action pursuant to Executive Order 12866 and a major rule under Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (the Congressional Review Act or CRA), 5 U.S.C. 804(2). Thus, this action has been reviewed by OIRA. CDC has determined that for the same reasons given above, there would be good cause under the CRA to make the requirements herein effective immediately. 5 U.S.C. 808(2).

If any provision of this Order, or the application of any provision to any persons, entities, or circumstances, shall be held invalid, the remainder of the provisions, or the application of such provisions to any persons, entities, or circumstances other than those to which it is held invalid, shall remain valid and in effect.

This Order shall be enforced by federal authorities and cooperating state and local authorities through the provisions of 18 U.S.C. 3559, 3571; 42 U.S.C. 243, 268, 271; and 42 CFR 70.18. However, this Order has no effect on the contractual obligations of renters to pay rent and shall not preclude charging or collecting fees, penalties, or interest as a result of the failure to pay rent or other housing payment on a timely basis, under the terms of any applicable contract.

Criminal Penalties

Under 18 U.S.C. 3559, 3571; 42 U.S.C. 271; and 42 CFR 70.18, a person violating this Order may be subject to a fine of no more than \$100,000 or one year in jail, or both, if the violation does not result in a death, or a fine of no more than \$250,000 or one year in jail, or both if the violation results in a death, or as otherwise provided by law. An organization violating this Order may be subject to a fine of no more than \$200,000 per event if the violation does not result in a death or \$500,000 per event if the violation results in a death or as otherwise provided by law. The U.S. Department of Justice may initiate criminal proceedings as appropriate seeking imposition of these criminal penalties.

Notice to Cooperating State and Local Officials

Under 42 U.S.C. 243, the U.S. Department of Health and Human Services is authorized to cooperate with and aid state and local authorities in the enforcement of their quarantine and other health regulations and to accept state and local assistance in the enforcement of Federal quarantine rules and regulations, including in the enforcement of this Order.

Notice of Available Federal Resources

While this Order to prevent eviction is effectuated to protect the public health, the

states and units of local government are reminded that the Federal Government has deployed unprecedented resources to address the pandemic, including housing assistance.

The Department of Housing and Urban Development (HUD), the Department of Agriculture, and the Department of the Treasury have informed CDC that unprecedented emergency resources have been appropriated through various Federal agencies that assist renters and landlords during the pandemic, including \$46.55 billion to the Treasury through the Consolidated Appropriations Act of 2021 and the American Rescue Plan (ARP). Furthermore, in 2020 44 states and 310 local jurisdictions allocated about \$3.9 billion toward emergency rental assistance, largely from funds appropriated to HUD from the Coronavirus Aid, Relief, and Economic Security (CARES). These three rounds of federal appropriations also provided substantial resources for homeless services, homeowner assistance, and supplemental stimulus and unemployment benefits that low-income renters used to pay rent.

Visit <https://covid.cdc.gov/coviddata-tracker/#county-view> for an integrated, county view of levels of community transmission for monitoring the COVID-19 pandemic in the United States. Visit <https://home.treasury.gov/policy-issues/cares/state-and-localgovernments> for more information about the Coronavirus Relief Fund and <https://home.treasury.gov/policy-issues/cares/emergency-rental-assistance-program> for more information about the Emergency Rental Assistance Program. Visit www.consumerfinance.gov/renthelp to access the Rental Assistance Finder that connects renters and landlords with the state and local programs that are distributing billions of dollars in federal assistance. Relevant agencies have informed CDC that forbearance policies for mortgages backed by the federal government provide many landlords, especially smaller landlords, with temporary relief as new emergency rental assistance programs are deployed.

Treasury, HUD, and USDA grantees and program participants play a critical role in prioritizing efforts to support this goal. All communities should assess what resources have already been allocated to prevent evictions and homelessness through temporary rental assistance and homelessness prevention, particularly to the most vulnerable households.

Treasury, HUD, and USDA stand at the ready to support American communities in taking these steps to reduce the spread of COVID-19 and maintain economic prosperity.

For program support, including technical assistance, please visit www.hudexchange.info/programsupport. For further information on HUD resources, tools, and guidance available to respond to the COVID-19 pandemic, state and local officials are directed to visit <https://www.hud.gov/coronavirus>. These tools include toolkits for Public Housing Authorities and Housing Choice Voucher landlords related to housing stability and eviction prevention, as well as similar guidance for owners and renters in HUD-assisted multifamily properties. Furthermore, tenants can visit www.consumerfinance.gov/housing for up-to-date information on rent relief options, protections, and key deadlines.

Effective Date

This Order is effective on August 3, 2021 and will remain in effect through October 3, 2021, subject to revision based on the changing public health landscape.

Authority: The authority for this Order is Section 361 of the Public Health Service Act (42 U.S.C. 264) and 42 CFR 70.2.

Chief of Staff, Centers for Disease Control
and Prevention.

BILLING CODE 4163-18-P

NICARAGUA

Mr. MENENDEZ. Mr. Speaker, I rise today to discuss the accelerating political crisis in Nicaragua and the Ortega regime's anti-democratic efforts to hold illegitimate elections in November.

On November 7, Daniel Ortega will attempt to deny the Nicaraguan people their most basic right: the right to choose their country's leaders in free and fair elections. This grave restriction on basic democratic freedoms confirms that the Ortega regime is consolidating the Western Hemisphere's third dictatorship. In the lead up to these elections and in response to unrestrained assaults against democracy, the U.S. Senate unanimously passed my legislation entitled the "Reinforcing Nicaragua's Adherence to Conditions for Electoral Reform (RENACER) Act." This bipartisan legislation, taken together with the Biden administration's additional imposition of visa restrictions against individuals affiliated with the regime, demonstrates the United States is firmly committed to the restoration of democracy to Nicaragua.

The legislation is also consistent with our commitments to promote and defend democracy in the Americas. As the 20th anniversary of the Inter-American Democratic Charter approaches next month, we must recognize that a growing trend of deeply flawed and fraudulent electoral processes jeopardizes regional consensus in support of free, fair, and transparent elections across the Americas. Whether in Nicaragua in 2016, Honduras in 2017, Bolivia in 2019, Guyana in 2020, or Venezuela in 2017, 2018, and 2020, democratic elections are under attack by autocrats and populists alike. Regrettably, the Ortega regime is taking steps to continue this trend.

Today, Daniel Ortega and Rosario Murillo hold more than 140 political prisoners, including eight opposition candidates for President and Vice President. These individuals represent a broad political spectrum and include Arturo Cruz, Félix Maradiaga, Juan Sebastián Chamorro, Medardo Mairena, and Miguel Mora. Three more contenders, Berenice Quezada, Cristiana Chamorro, and Noel Vidaurre, are under house arrest.

On July 27, the regime incarcerated the country's 76-year-old former Minister of Foreign Affairs, Francisco Aguirre Sacasa, under bogus charges of treason and without regard for his health or well-being. The regime is holding Sacasa and many others at El Chipote detention center: a facility infamous for acts of torture and ill-treatment, according to the United Nations Human Rights Commission. The re-

gime continues to deny prisoners due process, access to family contact, and legal counsel. Essentially, many of them have been disappeared.

On Friday, Ortega cancelled the registration of the last remaining opposition political party that was positioned to participate in the November elections, Ciudadanos por la Libertad—Citizens for Freedom. The regime went as far as to strip the head of that party of her Nicaraguan citizenship. These are not actions that would be tolerated in any democratic system in the world; these are the actions of a tin-pot dictator.

The events since June are the culmination of the Ortega regime's years-long process to dismantle democracy in Nicaragua. When Nicaraguans took to the streets to protest their living conditions in 2018, the regime responded with a brutal campaign of violence. Over 330 protesters were killed. Today, the number of Nicaraguans fleeing the country is on the rise, increasing the complexity and reach of the challenge.

The Ortega-Murillo regime's authoritarian power grab poses a direct challenge to U.S. national security and regional stability. I am proud to have authored the RENACER Act and to lead the bipartisan, bicameral effort to send a clear message to Daniel Ortega and Rosario Murillo: Reverse course now and the international community stands ready to support the restoration of democracy; or continue down the current path and face consequences.

The RENACER Act requires the United States, working with our partners in the European Union, Canada, and Latin America and the Caribbean, to align our diplomatic efforts and sanctions tools to push for one goal, democratic elections. The bill requires increased intelligence reporting on the regime's corruption and its malign partnership with Russia. This legislation will provide for better documentation of human rights violations and guarantee that the regime and its enablers are held accountable.

The law further calls for the President to review Nicaragua's participation in the Central America Free Trade Agreement—CAFTA. The United States would never sign a free trade agreement with Belarus given the authoritarian conditions that exist in the country. And the United States should not turn a blind eye if one of our free trade partners becomes the Belarus of Central America.

In closing, let there be no doubts—the United States will continue to support defenders of democracy in Nicaragua, condemn violence and intimidation, and hold accountable the Ortega regime and those who support it. If Daniel Ortega assumes a fourth consecutive term via sham elections, he will rule without a shred of legitimacy.

I urge my colleagues in the House of Representatives to pass the RENACER Act so that we can speak with a single voice and make it clear that Daniel Ortega's paranoia of losing at the ballot box is no excuse for his systematic

dismantling of Nicaragua's democratic system.

RECOGNIZING FL-1 URBAN SEARCH AND RESCUE TASK FORCE

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who responded to the building collapse in Surfside, FL, on June 24, 2021.

I want to thank the FL-1 Urban Search and Rescue Task Force—FL-

TF1—for responding when the Champlain Towers South condo building in Surfside, FL, suddenly collapsed in the middle of the night. They swiftly heeded the call of duty to provide search, rescue, and recovery efforts following the collapse. In the face of tremendous tragedy, they ran into danger. They are heroes.

FL-TF1 is one of 28 Federal search and rescue task forces overseen by FEMA, and its capabilities include search and rescue, emergency care, engineering expertise, and logistics. When they are not being dispatched to countries in crisis, many of them work for Miami-Dade Fire Rescue as local firefighters.

FL-TF1 has responded to some of the world's most notable disasters, including earthquakes, terrorist attacks, and plane crashes, among others. They responded once before in their own community, when Hurricane Andrew hit south Florida in 1992. Their expertise and range of skills has made them invaluable in disasters and well-known internationally. These brave men and women dropped everything to selflessly assist in Surfside, a particular challenge since the tragedy affected their own community, and some had missing friends or loved ones.

FL-TF1 worked nonstop and with heavy hearts following the collapse in Surfside to provide comfort and closure for the families. They worked tirelessly, even when smoke and heat from a fire inside the building's standing portion hampered their efforts. They persisted when the temperatures escalated so much that some needed IVs to replenish fluids. They continued on when Tropical Storm Elsa passed nearby and dumped torrential rain. They left the pile only when they absolutely had to. They braved conditions the likes of which we could never imagine.

I also want to thank FL-TF1 dogs for their hard work to support search, rescue, and recovery efforts. We cannot thank these brave men and women of the FL-TF1 enough. They are heroes who stepped up to serve the community in the wake of an unprecedented and unimaginable disaster. Not only did they help lead the search, rescue, and recovery operation, they also provided endless care and compassion to the families of Surfside and did everything they could to bring closure to those who lost loved ones.

We are incredibly grateful to these heroes and their families for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING FLORIDA'S FIRST RESPONDERS

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who

responded to the building collapse in Surfside, FL, on June 24, 2021.

I want thank all of Florida's first responders who responded when the Champlain Towers South condo building in Surfside, FL, suddenly collapsed in the middle of the night. They immediately answered the call to serve, and firefighters, law enforcement officers, search and rescue crews, emergency medical technicians, physicians, nurses, and others from across the State of Florida came rushing in to try to save lives. In the face of tremendous tragedy, they ran into danger. They are heroes.

Some of these responders lost family in the collapse; yet they still answered the call. Rescue crews worked tirelessly, even when smoke and heat from a fire inside the building's standing portion hampered their efforts. They persisted when the temperatures escalated so much that some needed IVs to replenish fluids. They continued on when Tropical Storm Elsa passed nearby and dumped torrential rain. They conducted their searches with enormous care and diligence and closely worked with faith leaders to make sure that rescue and recovery efforts were done with the respect. They left their families and faced dangerous and life-threatening conditions, and they never gave up hope. Their work to recover victims gave closure to so many families, and I am so proud of these Florida heroes.

We can never thank them and their families enough for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

all of the families that were impacted by this tragedy. The chaplains were a source of comfort and ensured that the emotional and religious needs of families and first responders were met.

The chaplains were instrumental in making sure families were constantly updated and that all of their questions were answered in both a timely and efficient manner, to the greatest extent possible. They provided as much transparency and kindness as they could during this unimaginable tragedy. We cannot thank them enough.

Law enforcement teams worked to recover personal property and religious artifacts and followed careful collection protocols. They worked around the clock to ensure all recovered personal property and family heirlooms were treated with the utmost respect and with great consideration for faith traditions when recovering items of religious significance. So many came together, as one, in the relentless pursuit to save lives. We honor the precious lives lost and pay homage to loved ones and all those that have suffered immensely.

Our law enforcement officers put their lives on the line every day to keep Floridians, and this was no exception. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING FLORIDA'S URBAN SEARCH AND RESCUE TASK FORCE TEAMS

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who responded to the building collapse in Surfside, FL, on June 24, 2021.

I want to thank all eight of Florida's Urban Search and Rescue Task Force teams from Miami-Dade County, the city of Miami, Hillsborough County, Central Florida, Northeast Florida, Southwest Florida, North Florida, and North Central Florida for responding when the Champlain Towers South condo building in Surfside, FL, suddenly collapsed in the middle of the night. They swiftly heeded the call of duty to assist in search, rescue, and recovery efforts following the collapse. In the face of tremendous tragedy, they ran into danger. They are heroes.

Florida's Urban Search and Rescue Task Force teams are deployed to aid communities following a natural or manmade disaster, and all eight deployed to Surfside to aid in the search, rescue, and recovery efforts. Nearly 370 urban search and rescue members worked on-site, making this the largest nonhurricane deployment in Florida's history.

Some of these responders lost family in the collapse; yet they still answered

the call. Rescue crews worked tirelessly, even when smoke and heat from a fire inside the building's standing portion hampered their efforts. They persisted when the temperatures escalated so much that some needed IVs to replenish fluids. They continued on when Tropical Storm Elsa passed nearby and dumped torrential rain. They left their families and faced dangerous and life-threatening conditions, and they never gave up hope. Their work to recover victims gave closure to so many families, and I am so proud of these Florida heroes.

I also want to thank Florida's Urban Search and Rescue Task Force teams dogs for their hard work to support search, rescue, and recovery efforts. Florida's Urban Search and Rescue Task Force teams are heroes who stepped up to serve the community in the wake of unprecedented and unimaginable disaster. Not only did they help lead the search, rescue, and recovery operation, they provided endless care and compassion to the families of Surfside and did everything they could to bring closure to those who lost loved ones.

We can never thank them and their families enough for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING HATZALAH OF SOUTH FLORIDA

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the first responders and community members who responded to the horrific tragedy in Surfside, FL, on June 24, 2021, when the Champlain Towers South condo building suddenly collapsed in the middle of the night.

Our Jewish Community, particularly Orthodox Jews, have been especially affected by this tragedy. Hatzalah is a volunteer emergency medical service organization serving Jewish communities around the world. We are incredibly grateful to Hatzalah of South Florida for immediately rushing in to try to save lives following the building collapse. They swiftly heeded the call of duty to aid in rescue and recovery efforts. In the face of tremendous tragedy, they ran into danger. They are heroes, and we can never thank them enough for their bravery and determination in the face of this terrible tragedy.

Hatzalah of South Florida had a steady presence in Surfside, helping with the search, rescue, and recovery operation. They offered resources, support, and comfort to the survivors, families of the victims, and the entire community in Surfside. They provided medical services to evacuees, families of missing persons, and personnel involved in the search and rescue operations. They worked tirelessly and re-

lentlessly to make sure that the needs of the community were met. Ann and I continue to pray for the Surfside community, our Jewish community, the families and loved ones of the lost and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING ISRAEL'S AID DELEGATION

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who responded to the horrific tragedy in Surfside, FL, on June 24, 2021, when the Champlain Towers South condo building suddenly collapsed in the middle of the night.

Our Jewish Community, particularly Orthodox Jews, have been especially affected by this tragedy, and immediately following the collapse, Israel mobilized resources and personnel to help in the response. We are incredibly grateful to Israeli Prime Minister Naftali Bennett for deploying the joint Israel Defense Forces—IDF—and Ministry of Foreign Affairs delegation to Surfside following the collapse. I want to thank commander of IDF's National Rescue Unit in the Home Front Command, Colonel Golan Vach, for leading the search and rescue delegation and Israeli Diaspora Affairs Minister, Nachman Shai, who helped to make sure the needs of the Surfside community were addressed. I am eternally grateful for their hard work and quick response to this terrible tragedy.

I also want to thank Israel's Consul General, Maor Elbaz-Starinsky, and his team, who were on site working tirelessly to address the needs of the community and who worked alongside first responders and rescue crews to respond to the collapse.

Israel Defense Forces Home Front Command operates search and rescue missions in Israel and around the world, aiding in rescue and recovery efforts for disasters. Using building information modeling tools and technologies and careful measurements taken on site, the Home Front Command was able to generate 3D digital models of the building before and after its collapse. This, combined with information gathered from surviving family members and friends, produced highly accurate information to help the search, rescue, and recovery efforts. Their efforts gave search teams from across the United States and around the world the most accurate and up-to-date information on where they should target their search efforts.

Israel responds immediately to emergencies around the world, and our gratitude is immense. Israel is a partner in every sense of the word. Their presence was greatly appreciated by the people of Surfside, the State of Florida, and the entire Nation. The Israeli rescue team demonstrated once again the kindness and strength that Israel provides. They swiftly heeded the call of duty to help local, State, Federal, and

international counterparts with rescue and recovery efforts. In the face of tremendous tragedy, they ran into danger. They are heroes. They worked tirelessly and relentlessly to make sure that the needs of the community were met. We can never thank them enough for their bravery and determination.

The Israeli delegation succeeded in alleviating suffering and demonstrated what the Jewish state can mean to people thousands of miles away during the worst moment of their lives. The tragedy in Surfside shows the strength of the connection between American Jews and the Jewish state and that Israel is a great ally and friend to the United States. Ann and I continue to pray for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the first responders who responded to horrific tragedy in Surfside, FL, on June 24, 2021, when the Champlain Towers South condo building suddenly collapsed in the middle of the night.

We are incredibly grateful to Mexico for sending its search and rescue specialists to aid in the response, including the "Go Team" of Cadena International, a Jewish nonprofit which has responded to more than 1,000 natural disasters and humanitarian crises since 2005. The Mexico-based team worked tirelessly in Surfside with search, rescue, and recovery efforts. We cannot thank them enough for their willingness to risk their lives for others in this incredibly dangerous work. They are heroes. Their commitment and willingness to serve will never be forgotten.

In the face of tremendous loss, the Cadena International team heeded the call to action, and for that, we will be eternally grateful. We are incredibly grateful to these heroes and their families for their bravery and determination in the face of this terrible tragedy. Ann and I continue to pray for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING OUT-OF-STATE URBAN SEARCH AND RESCUE TASK FORCES

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who responded to the building collapse in Surfside, FL, on June 24, 2021.

I want to thank the out-of-State Urban Search and Rescue—USAR—teams from Virginia, Indiana, Ohio, Pennsylvania, New Jersey, and emer-

gency specialists from California for responding when the Champlain Towers South condo building in Surfside, FL, suddenly collapsed in the middle of the night. They swiftly heeded the call of duty to provide search, rescue, and recovery efforts following the collapse. In the face of tremendous tragedy, they ran into danger. They are heroes.

More than 440 USAR members from New Jersey, Ohio, Virginia, Pennsylvania, and Indiana were on the ground in Surfside to help supplement the search and rescue efforts. Florida is grateful for the outpouring of support from our fellow Americans. We are grateful for the task force teams that came from all over the country, traveling thousands of miles to work alongside local, State, Federal, and international counterparts in the relentless search for survivors. Their presence and efforts brought great comfort to the community and helped provide closure to the families of the victims.

Rescue crews worked tirelessly following the collapse, even when smoke and heat from a fire inside the building's standing portion hampered their efforts. They persisted when the temperatures escalated so much that some needed IVs to replenish fluids. They continued on when Tropical Storm Elsa passed nearby and dumped torrential rain. They left the pile only when they absolutely had to. They left their families back home and put it all on the line for the Surfside community. They braved conditions that the likes of us couldn't ever imagine.

I also want to thank the search and rescue dogs for their hard work to support search, rescue and recovery efforts. We cannot thank these brave men, women, and canine units enough. They are heroes who stepped up to serve the community in the wake of unprecedented and unimaginable disaster. Not only did they help lead the search, rescue, and recovery operation, they provided endless care and compassion to the families of Surfside and did everything they could to bring closure to those who lost loved ones.

We are incredibly grateful to these heroes and their families for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

Miami-Dade Fire Rescue responded within minutes of the collapse, and their rapid response saved lives. They worked around the clock, and they were tireless in their pursuit to try and find survivors. These first responders braved extremely dangerous conditions to find those missing and to bring comfort and closure to the families of the victims.

Many of these responders had friends or family lost in the collapse; yet they still answered the call. Miami-Dade Fire Rescue never quit, even when smoke and heat from a fire inside the building's standing portion hampered their efforts. They persisted when the temperatures escalated so much that some needed IVs to replenish fluids. They continued on when Tropical Storm Elsa passed nearby and dumped torrential rain. I also want to thank the search and rescue dogs that helped this mission, along with the therapy dogs from Miami-Dade Fire Rescue, who worked in shifts to provide relief and comfort to the victims and to their loved ones.

We can never thank them and their families enough for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

RECOGNIZING THE MIAMI-DADE POLICE DEPARTMENT

Mr. SCOTT of Florida. Mr. President, I rise today to honor the bravery and selfless service of the individuals who responded to the building collapse in Surfside, FL, on June 24, 2021.

I want to thank the Miami-Dade Police Department—MDPD—for responding when the Champlain Towers South condo building in Surfside, FL, suddenly collapsed in the middle of the night. In the face of tremendous tragedy, they ran into danger. They are heroes.

The MDPD responded within minutes of the collapse and their rapid response saved lives. These brave men and women worked around the clock to support search and rescue efforts and provide protection and comfort to the entire Surfside community. They worked tirelessly, and they never gave up hope.

We are grateful for the MDPD's efforts to lead the investigation into the collapse and the challenging work of sifting through millions of pounds of

debris, searching for remains and personal items to bring closure to families. They worked closely with faith leaders to ensure search and rescue efforts were done with respect.

I also would like to personally thank MDPD Director Alfredo Ramirez III, Chief Rosanna Cordero-Stutz, Officer Deborah Valdes, as well as every law enforcement officer, victim advocate, and individual at the MDPD for heeding the tremendous call of duty to assist with missing persons reports and identification and notification processing for the victims and their families. This was an extremely difficult task, and they worked around the clock to bring order, comfort, and often closure to the families. Our hearts go out to all of those that lost loved ones.

I would also like to thank the MDPD chaplains who did everything they could to support the needs of those responding to the collapse and to all of the families that were impacted by this tragedy. The chaplains were a source of comfort and ensured that the emotional and religious needs of the families and first responders were met.

The MDPD also offered countless resources to the community, ensuring that short-term and long-term needs were met, including counseling and comfort, shelter, and assistance to all who needed it. They were instrumental in making sure that families were constantly updated and that all of their questions were answered in a timely and efficient manner, to the greatest extent possible. They provided as much transparency and kindness as they could during this unimaginable tragedy.

The MDPD teams worked to recover personal property and religious artifacts and followed careful collection protocols. They worked around the clock to ensure all recovered personal property and family heirlooms were treated with the utmost respect and with great consideration for faith traditions when recovering items of religious significance. So many came together, as one, in the relentless pursuit to save lives. We honor the precious lives lost and pay homage to loved ones and all those that have suffered immensely.

Our law enforcement officers put their lives on the line every day to keep Floridians safe, and this was no exception. We can never thank them enough for their bravery, self-sacrifice, and determination in the face of this terrible tragedy. Ann and I are praying for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

Mr. SCOTT of Florida. Mr. President, I rise today to honor the selfless service of the individuals who responded to

horrific tragedy in Surfside, FL, on June 24, 2021, when the Champlain Towers South condo building suddenly collapsed in the middle of the night.

Our Jewish Community, particularly Orthodox Jews, have been especially affected by this tragedy. We are incredibly grateful for the service and compassionate care of Rabbi Sholom Lipskar, Rebbetzin Chani Lipskar, Rabbi Schneur Lipskar, community leaders, The Shul members, volunteers, and all of those who worked selflessly to support our Jewish community and provided comfort during this time of need.

In the days following the Surfside tragedy, the world watched as our Jewish community united to assist and console friends, neighbors, and the countless families and individuals affected by the collapse. The outpouring of love and support was absolutely incredible, even amidst such tragedy. Hundreds gathered every day at The Shul of Bal Harbour to pray that survivors would be found.

The Surfside Jewish community has always held service and generosity to others in high regard and practiced giving daily. When the tragic collapse took place, the community quickly sprang into action. The Shul became a resource center for survivors, family members of victims, as well as first responders and rescue teams.

Hundreds were hosted by The Shul for Shabbat meals. Folding tables set up in The Shul were piled high with clothing, toys, food, electronics, and household goods for those who lost everything in the collapse. An emergency fund set up by The Shul raised funds to be disbursed directly to the victims and families. The Surfside Jewish community was a vital lifeline of support and comfort in the midst of unimaginable pain and tragedy.

There were numerous members of the synagogue that were victims of this terrible tragedy, and our hearts are heavy for them. We pray for those who were unexpectedly lost. They had great faith and served their synagogue faithfully. They will be missed greatly. Let us pray that their memory be a blessing. Ann and I continue to pray for the Surfside community, our Jewish community, the families and loved ones of the lost, and all of those who worked tirelessly to serve the Surfside community.

ADDITIONAL STATEMENTS

TRIBUTE TO TYLER BLANCHETTE

• Ms. HASSAN. Mr. President, I am honored to recognize Tyler Blanchette of Hudson as August's Granite Stater of the Month. Tyler has helped run an annual fundraiser outside his family's home in the middle of the winter to raise money for the Alzheimer's Association and has continued this effort even as he faces his own brain cancer diagnosis.

The yearly fundraiser began on a chilly day in the winter of 2009 when Tyler's older brother Brandon decided to sell hot chocolate on his front lawn to raise money to support Alzheimer's research. The inspiration behind the fundraiser stemmed from their great-grandfather, nicknamed "Big Papa," who was diagnosed with the disease and died from it when Brandon and Tyler were young.

Once Brandon grew older and moved out of the Blanchette's home, Tyler eagerly took over running the event—making the signs, brewing the hot chocolate, and getting the word out to the community.

The fundraiser, named Big Papa's Cocoa Stand in honor of Tyler's great-grandfather, sells hot chocolate for \$1 to friends, neighbors, and community members who come by for a hot drink and a good cause. All of the sales go to the Massachusetts/New Hampshire chapter of the Alzheimer's Association, and since its founding, Tyler's family has raised approximately \$30,000 for the organization.

Four years ago, Tyler was diagnosed with brain cancer, a diagnosis he is living with today. Yet he was determined to continue helping others by running the cocoa stand. Tyler never let his diagnosis stand in the way of his goal to raise money for the organization that is working to find a cure for the disease that took his great-grandfather's life.

Despite incredible adversity, Tyler has exemplified the spirit of the Granite State by forging on and serving his community no matter the circumstances. It is a mark of Tyler's compassion and grit that he continues to operate this fundraiser as he battles his own health challenges. I am proud to honor Tyler for his efforts and will pray for him and his family during this difficult time.●

RECOGNIZING BAXTER'S COFFEE

• Mr. PAUL. Mr. President, as ranking member of the Senate Committee on Small Business and Entrepreneurship, each week I recognize an outstanding Kentucky small business that exemplifies the American entrepreneurial spirit. This week, it is my privilege to recognize a family-owned small business

and beloved staple, Baxter's Coffee of Somerset, KY, as the Senate Small Business of the Week.

In 2001, Terri Tuttle opened Baxter's Coffee in Somerset, KY. After running a successful ice cream store, Terri decided to pursue a different business venture. She noticed an opportunity to fill a gap in the Somerset market since there were no coffee shops in town. As Terri brainstormed business names, she was inspired by her family's dog, Baxter. When Baxter's Coffee first opened in 2001, it was an instant hit. Along with delicious coffee, Terri and her team provided family-friendly service and a welcoming atmosphere. To meet growing demand, the original Baxter's Coffee shop soon moved to a new location on Ogden Street and opened a second location in 2005.

In 2021, Baxter's Coffee continues serving some of the best coffee in Pulaski County. As the business grew, so did the Tuttle family's involvement. Today, Terri's children, Jay, Lauren, and Ann, are actively involved in every facet of the business, from coffee roasting, to marketing, and bookkeeping. They continue welcoming customers from all over Kentucky and have expanded to four locations in Somerset, including a kiosk at Lake Cumberland Regional Hospital. Notably, since 2009, Baxter's Coffee has roasted its own coffee. Their newest location, which opened in 2016, includes a drive-thru, as well as a roasting and warehouse facility. Baxter's Coffee proudly offers its signature blends at all four locations and also sells its coffee wholesale and online. Baxter's Coffee also features baked goods and treats from local small businesses.

Like many small business owners, Terri is actively involved in her community. Baxter's Coffee is a member of the Somerset Pulaski Chamber of Commerce and regularly partners with them to hire local community members. For years, Baxter's Coffee has contributed to a wide range of local philanthropic organizations, including God's Food Pantry, and supported events such as charity golf tournaments, walks, and runs. They regularly support local school district events and organizations, including PTA fundraisers. To demonstrate appreciation for first responders, Baxter's Coffee provides free coffee to all on-duty police officers.

Baxter's Coffee is a remarkable example of the critical role small businesses play in uplifting and building community. Family-owned small businesses like Baxter's Coffee form the heart of towns across Kentucky, regularly stepping up to support their communities. Congratulations to Terri and the entire team at Baxter's Coffee. I wish them the best of luck and look forward to watching their continued growth and success in Kentucky.●

RECOGNIZING THE FLORIDA CHAPTER OF THE ALS ASSOCIATION

• Mr. SCOTT of Florida. Mr. President, ALS, or amyotrophic lateral sclerosis, is a progressive neurodegenerative disease that affects nerve cells in the brain and the spinal cord. ALS causes progressive degeneration of these motor neurons leading to their death. There is no cure for ALS, and although the mean survival time with ALS is 3 to 5 years, some people live 5, 10, or more years. While ALS is considered a "rare" disease, the reality is that 500,000 people alive today will eventually die from the disease.

I have seen how devastating and heartbreaking an ALS diagnosis is for families. Over time, this disease robs people of the ability to walk, talk, move, and breathe. In most cases, members of a patient's family eventually need to become full-time caregivers to help navigate all the challenges that ALS creates.

I want to commend the Florida chapter of the ALS Association for their work to fight ALS on all fronts and support the 1,300 families in Florida who are battling this disease each day. They work closely with a network of 10 ALS multidisciplinary clinics in the State to ensure those families have access to critical support as they fight this disease. Additionally, they provide a variety of programs and services that are designed to help ease the burden of ALS.

I want to thank the ALS staff and their many volunteers for their service to the community. I want to specifically recognize three individuals who are battling ALS.

John Robinson is a recently retired, 32-year veteran of the U.S. Army. Most recently, he served as the chief warrant officer of the Army's field artillery branch. In the same way that he served in the military to protect our freedom here at home, he serves in the ALS community to help those coming along behind him with ALS. Just as John protected our freedom, he is a staunch protector of hope in the ALS community. John wants the next generation of those diagnosed with this dreadful disease to have better care, more effective treatments, and the possibility of improved prognosis and quality of life.

Troy Fields is a husband and father of four living with ALS in Tampa, FL. Prior to his diagnosis, Troy worked at a global financial technology company for 26 years. Troy believes acceptance never means that having ALS is okay. It simply means one is willing to deal with it. Whether he is talking about advocacy with the ALS community and encouraging others to take action or talking one on one with a chapter board member about outlining strategic goals, Troy's strategy for coping is to live in the moment, accept what he cannot control, and work to change what he can.

Diane Mummaw is from Deltona, FL, and is the mother of two children and a recently retired small business

owner. Despite battling ALS, she considers herself lucky because she is one of the precious few who has survived more than 5 years since her diagnosis. ALS affected her ability to function but it did not take away her ability to work for improvement. As an entrepreneur, she took on living with ALS with the very same grit, fortitude, and determination that she used to build and grow her business.

These three Floridians show so much strength and hope in the face of adversity, and I thank them for their many contributions to the ALS community and to our State.

Last year, Congress passed the ALS Disability Insurance Act to eliminate the 5-month waiting period for Social Security Disability Insurance benefits for disabled workers with ALS. I was proud to support this important legislation and will keep working to support Floridians with ALS and help to fight this horrible disease on all fronts.●

TRIBUTE TO BISHOP DOUGLAS MILES

● Mr. VAN HOLLEN. Mr. President, I rise to pay tribute to a beloved pastor, an inspirational leader, and a lion for justice: Bishop Douglas Miles. He passed away on August 3 of this year at the age of 72, and I would like to take this time to honor his life and his legacy.

Bishop Miles was a lifelong Marylander, born in Baltimore City and raised in Lafayette Courts in East Baltimore. By the time he entered Johns Hopkins University as an undergraduate, he had determined that he would become a doctor and set out to earn his medical degree. He wanted to serve the weak and heal the sick. It was an auspicious career choice because, while he eventually switched majors and earned his degree in humanistic studies, Bishop Miles would commit five decades of his life to serving and to healing communities across Baltimore.

He first embarked on that mission by helping to found the organization Baltimoreans United in Leadership Development, or BUILD, where he served as cochair. In this role, Bishop Miles fought to build a better and stronger Baltimore for all by expanding job opportunities, supporting schools, strengthening neighborhoods, and improving housing. His efforts to force real action on housing at BUILD resulted in the construction of at least 767 affordable homes throughout the city over a 14-year span, and his leadership was pivotal in revitalizing the Oliver neighborhood in East Baltimore after a tragic fire that claimed seven lives.

When he wasn't pushing for progress with BUILD and the many other organizations he helped lead, including the Industrial Areas Foundation, the College Bound Foundation, and the Johns Hopkins BLocal initiative, he was run-

ning his beloved Koinonia Baptist Church, which he founded in 1992. As pastor, he used his gift for oratory and his deep religious faith to guide his congregation with spirit and grace. He was a titanic force, who could command an audience with equal vigor at the pulpit, the podium, and the policy table.

But regardless of whether he was delivering a sermon on the scriptures or leading a rally for social change, Bishop Miles always spoke his mind and lived his values fully. Just a few weeks ago, I met with him and a group of advocates about how to close the racial homeownership gap in this country and help every American achieve their full potential. He dedicated his life to holding the powerful to account and raising the voices of those who had too often been left out and left behind. I was honored to work with him over the years to strengthen our healthcare system, expand access to affordable housing, and prevent teen tobacco use, and I am forever grateful for his leadership on a host of other issues from gun violence to education to public safety to immigration. His dedication to the causes he held dear left an indelible mark on our communities, and you can find proof of his lifelong service in the countless lives he changed for the better throughout Baltimore City.

He is gone too soon, but his legacy and his spirit live on in all the Marylanders he helped shape and inspire, both as a faith leader and as an advocate for justice. Bishop Miles taught all of us what it means to live a life dedicated to serving your community, and it is a lesson we must never forget. In living, he inspired a generation to fight harder for those in need. In passing, his memory will continue to push future generations to serve and to heal, as he did.●

Whereas, Harriet Tubman returned to Maryland approximately 13 times to rescue as many as 70 enslaved people through the Underground Railroad, which was a network of escape routes and safe houses organized by Black and white abolitionists; she claimed she never lost a passenger; she gave instructions to 70 others who found their own way to freedom; and

Whereas, If Harriet Tubman had been caught, she would have faced physical punishment and been sold back into slavery in the Deep South due to the 1850 Fugitive Slave Law; and

Whereas, During the Civil War, Harriet Tubman worked for the Union Army as a scout, spy, guerrilla soldier, and nurse; this makes her one of the first Black women to serve in the military; and

Whereas, After the war, Harriet Tubman became involved in the campaign for women's suffrage along with Elizabeth Cady Stanton and Susan B. Anthony; in 1859, she purchased a home in Auburn, New York and established it as a home for the elderly; and

Whereas, Harriet Tubman died in 1913 and was buried with military honors at Fort Hill Cemetery; and

Whereas, In 2014, President Barack Obama launched the effort to get Harriet Tubman

on the \$20 bill after receiving a letter from a girl from Massachusetts saying women should appear on currency; and

Whereas, In April of 2016, President Obama announced that Harriet Tubman would be replacing President Andrew Jackson on the \$20 and that Jackson would be moved into a scene of the White House on the reverse side; and

Whereas, For years, critics have called for Jackson to be removed from the \$20 bill because of his legacy of supporting the institution of slavery, having owned 95 enslaved people months before he became president and bringing 14 of them to the White House, and for his role in the forced, violent transfer of tens of thousands of Native Americans from the South on what became known as the Trail of Tears; and

Whereas, The new design was initially scheduled for 2020 but stalled under President Trump who called the move "pure political correctness" and said that Jackson "had a great history"; and

Whereas, No women or people of color have ever been pictured on a denomination of currency still in circulation; therefore, be it

Resolved, by the House of Representatives of the One Hundred Second General Assembly of the State of Illinois, that we urge the federal government to replace Andrew Jackson with Harriet Tubman on the \$20 bill; and be it further

Resolved, That suitable copies of this resolution be sent to President Joe Biden, Vice President Kamala Harris, the Majority Leader and Minority Leader of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and all members of the Illinois Congressional delegation.

POM-71. A joint memorial adopted by the Legislature of the State of Idaho opposing the removal or breaching of the dams on the Columbia-Snake River System and its tributaries; to the Committee on Environment and Public Works.

SENATE JOINT MEMORIAL NO. 103

Whereas, the Idaho Legislature recognizes the Columbia-Snake River System as part of the United States Marine Highway network; and

Whereas, the Columbia-Snake River System and its tributaries, collectively and in its entirety, are a multiuse system providing navigation, transportation, fish and wildlife habitat, recreation, hydropower generation, flood control, and irrigation to the citizens and industry of the Pacific Northwest; and

Whereas, the Columbia-Snake River System and its tributaries provide a vital contribution to the well-being of the State of Idaho and to the quality of life of its citizens, being among the most operationally important and cost-effective projects in the Federal Columbia River Power System; and

Whereas, a balanced river system produces economic benefits like jobs, trade, and renewable electricity while caring for environmental values through good management practices and reinvestment in our natural resources; and

Whereas, no amount of money can replace the lifestyle and economies of the communities that depend upon the Columbia-Snake River System's hydropower, navigation, irrigation, flood risk management, recreation, and municipal and industrial water supply benefits; and

Whereas, the State of Idaho reasserts and confirms sovereign control over all water resources within the state; and

Whereas, the decline of anadromous fish is due to many factors, including increased predation, unfavorable ocean conditions, and harvest levels; and

Whereas, breaching the four lower Snake River dams is an idealistic, single variable model to Pacific salmon recovery that flies in the face of reality for salmon, is illogical from an environmental perspective, hurts industry and communities, puts politics over science and local jobs, and may neither restore Idaho salmon nor prevent their extinction; and

Whereas, only four of the thirteen Endangered Species Act-listed salmon runs swim past the lower Snake River dams, and they do so with over 95% survival at each of the dams; and

Whereas, breaching the four lower Snake River dams would be a drastic measure that would forever alter our way of life in the Pacific Northwest; and

Whereas, breaching the lower Snake River dams is an outdated argument that is not supported by current dam passage survival studies of juvenile Pacific salmon; and

Whereas, in 2008, 2014, and 2020 the National Oceanic and Atmospheric Administration produced biological opinions that stated breaching the four lower Snake River dams was not necessary action for salmon recovery; and

Whereas, the governor of Idaho commissioned the Governor's Salmon Workgroup, a diverse group of stakeholders that worked for 18 months to study the issue of salmon recovery, representing for the first time broad interests working collaboratively to help shape the state's salmon and steelhead policy; and

Whereas, that workgroup developed many practical recommendations to address the issue of improved river systems and habitat conditions for healthy salmon populations, specifically excluding any recommendations for removing dams; and

Whereas, due to the efforts of the state, the Nez Perce Tribe, and Idaho water users in entering into the 2004 Snake River Water Rights Agreement, up to 487,000 acre-feet of Idaho's water is used for flow augmentation for salmon and steelhead in the lower Snake and Columbia rivers, with water being released through willing-buyer, willing-seller arrangements. In return for flow augmentation, the 2004 agreement provides protections to Idaho water users in the form of a 30-year biological opinion; and

Whereas, agricultural and industrial applications of water have a legal priority within the state; and

Whereas, the Port of Lewiston, Idaho's only seaport, is part of the collective Columbia-Snake River System and is an asset to the State of Idaho and an asset to the Inland Northwest region, providing global competitiveness and connectivity for regional products, economic development investment, and multimodal transportation; and

Whereas, the State of Idaho supports the Port of Lewiston activities and believes that reservoir drawdowns or removal of the dams on the lower Snake and Columbia rivers would inflict on the citizenry a loss of recreation, an increase in electric rates, a loss of navigation, a risk of floods, economic hardship, and an impaired quality of life; and

Whereas, cruise boat traffic to the Port of Lewiston has steadily increased over the last 10 years and is projected to increase from 19,000 passengers in 2019 to over 33,000 passengers in 2022, a growth of 76%, bringing much financial growth to the entire Snake River area; and

Whereas, the Columbia-Snake River System acts as a top wheat export gateway in the United States, with approximately 10% of all United States wheat exports barged through the four dams on the Snake River and about 50% of all Idaho-grown wheat barged from Lewiston to Portland and then onto export markets around the world; and

Whereas, barging on the Columbia and Snake rivers is the safest, most fuel-efficient means of transporting cargoes in the Northwest, being 40% more fuel-efficient than freight trains and 270% more fuel-efficient than semitrucks; and

Whereas, without the ability to barge goods down the river, diesel fuel consumption would increase by nearly 5 million gallons per year as barges would be replaced by less efficient truck-to-rail shipments, resulting in increases in carbon dioxide and other harmful emissions by over 1.2 million tons per year; and

Whereas, the Columbia-Snake River System is also highly valued on the west coast for forest product exports and mineral exports, is second in the nation for soy exports, and is a major gateway for auto imports and exports. Each year, around 250,000 tons of wood chips are barged from the Lower Granite Pool to be turned into pulp for paper production at mills on the lower Columbia River; and

Whereas, hydroelectric power is one of the best energy sources we have, with clean, reliable, renewable baseload generation that is more valuable than ever as the four lower Snake River dams produce thousands of megawatts of low-cost, affordable electricity, which is renewable energy that provides power to 22 rural Idaho utilities serving tens of thousands of Idahoans, numerous Idaho cities, farmers, and industries, while acting as a battery to integrate other intermittent renewable energy resources on the system; and

Whereas, the Idaho Legislature believes that any actions to degrade the functionality, in whole or in part, or to remove or breach dams on the Columbia-Snake River System or its tributaries, or to take water from the state for anadromous fish enhancement efforts would inflict on the citizenry of the state a loss in economic and trade opportunities, a loss of recharge waters for the state's aquifers, a loss of navigation and transportation, an increased risk of floods, an increase in electrical rates, a shortfall in power generation, a loss of recreational opportunities, and a threatened quality of life for Idaho citizens. Now, therefore, be it

Resolved, By the members of the First Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho opposes the removal or breaching of the dams on the Columbia-Snake River System and its tributaries, has sovereignty of its water resources, prohibits contributions of water from Idaho's reservoirs for flow augmentation except those expressly authorized by state law, contends that efforts for further recovery of anadromous fish must be based on sound science, and supports maintenance and multiple-use benefits of the Columbia-Snake River System. Additionally, the Idaho Legislature recognizes and supports the international competitiveness, multimodal transportation, and economic development benefits provided by the Port of Lewiston. Be it further

Resolved, That the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegations representing the states of Idaho, Montana, Washington, and Oregon in the Congress of the United States.

POM-72. A resolution adopted by the Senate of the State of Hawaii urging statewide implementation of the United Nations universal periodic review recommendations; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 157

Whereas, the United Nations (UN) established the Universal Periodic Review (UPR) in 2006 to review the human rights records of all one hundred ninety-three UN member states, with the goal of improving human rights; and

Whereas, every UN member state appears and actively participates in the UPR hosted by the UN Human Rights Council Working Group in Geneva twice a decade, with each review cycle lasting four and a half years; and

Whereas, the United States appeared at the UPR in 2010, 2014, and most recently on November 9, 2020; and

Whereas, hundreds of recommendations have been suggested to improve and produce a positive impact in Hawai'i and the United States; and

Whereas, Hawai'i is an island state with a multicultural population from around the world, recognizing the ancestral wisdom of our host culture, cherishing our natural environment, and recognizing our unique role in the United States and global community; and

Whereas, Hawai'i was considered in 1944 by President Franklin D. Roosevelt as a potential host for the UN headquarters, to serve as a global diplomatic hub; and

Whereas, Hawai'i has had civil society and community associations participate in all three UPR cycles and found that the stakeholder submissions and recommendations issued provided a heightened awareness among state legislators of the significance of promoting and protecting human rights at home in Hawai'i; and

Whereas, Hawai'i hosts an annual Human Rights Day to illuminate important and imminent issues at the international and island levels and to review the recommendations provided in the UPR; and

Whereas, Hawai'i was designated as America's first Human Rights state by House Resolution No. 194, which was adopted by the House of Representatives of the State of Hawaii, Regular Session of 2014; and

Whereas, Hawai'i was the first state to conduct a Voluntary Local Review at the UN, sharing our local strategies regarding the UN's 17 Sustainable Development Goals through our Aloha+ Challenge; and

Whereas, the Office of Planning has supported the UN's 17 Sustainable Development Goals and the 2030 Agenda for Sustainable Development, and it has aligned them with the Hawai'i State Planning Act, the Hawai'i 2050 Sustainability Plan, and the State of Hawai'i's Aloha+ Challenge; and

Whereas, Hawai'i continues to bring together civil society to review the UPR recommendations and to discuss innovative initiatives to realize human rights at home; and

Whereas, in spring 2021, the UN Office of the High Commissioner for Human Rights will issue a report connecting the third UPR human rights recommendations with the 17 Sustainable Development Goals, which can be used as a guide to achieve the 2030 Agenda for Sustainable Development in Hawai'i; and

Whereas, civil society can generate solutions and share templates that provide concise, complete contributions about how to realize human rights on every Hawaiian island; and

Whereas, Hawai'i continues to be pioneer in peace, sustainability, human rights, and global justice, partnering with city and county councils, as well as leadership from state agencies and elected public officials, to maintain the human rights movement in Hawai'i; and

Whereas, Hawai'i continues to participate in all phases of the UN processes, and it will

continue to organize community conversations and commemorations for upcoming global events such as the Paris Agreement, using a locally determined contribution (LDC) to supplement the nationally determined contribution (NDC) and future reports to the United Nations Human Right Core Treaty Bodies; now, therefore, be it

Resolved, By the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2021, that the Office of Planning is requested to implement the recommendations of the third Universal Periodic Review statewide across all executive departments in furtherance of the State's Planning Act; and be it further

Resolved, That certified copies of this Resolution be transmitted to the UN Secretary General, UN High Commissioner for Human Rights, President of the United States, Vice President of the United States, Speaker of the U.S. House of Representatives, Majority Leader of the U.S. Senate, Hawai'i's congressional delegation, U.S. Department of State, Special Presidential Envoy for Climate, Governor, and Director of Planning.

POM-73. A concurrent resolution adopted by the General Assembly of the State of Ohio urging the United States Congress not to adopt H.R. 1 of the 117th Congress; to the Committee on Rules and Administration.

HOUSE CONCURRENT RESOLUTION NO. 5

Whereas, House Resolution 1, a sweeping federal bill that would usurp the power of states to conduct elections as they see fit, against the intentions of our nation's founders, is currently under consideration by Congress; and

Whereas, Article I, section 4 of the United States Constitution grants the legislative branch of each state the authority to prescribe the "Times, Places and Manner of holding Elections for Senators and Representatives," an authority the United States Congress should only supersede in "extraordinary circumstances" according to Alexander Hamilton in Federalist Number 59; and

Whereas, Voting laws have evolved across the 50 states over time, providing more and more access, security, and accuracy. But most importantly, each of those same 50 states have created their own unique election systems. From who administers the elections, to how votes are cast, to how a vote is protected—each unique system was born of federalism; and

Whereas, The imperfection of voting laws across the country is not proof that H.R. 1 is necessary or appropriate, but rather evidence that United States citizens are continuing to strive toward a more perfect union; and

Whereas, Forcing completely new standards, procedures, and expectations into state election systems, which are not built for those requirements, as is the case under H.R. 1, would bring chaos to those election systems, and that chaos would bring with it a lack of trust by the people in the results of those elections; and

Whereas, In Ohio, a state whose elections have long been under the watchful eye of the nation, we have developed a system that has ensured voters have confidence in the outcome of our elections. Voter fraud and voter suppression are exceedingly rare. Our efforts to strengthen the security of our elections have become a national model. States are even coming to us to learn our best election practices so they can mirror them back home; Now therefore be it

Resolved, That we, the members of the 134th General Assembly of the State of Ohio, affirm our belief in the federal structure of the United States government and declare

current voting laws a credit to the design of federal government to allow for democratic experimentation throughout the several states; and be it further

Resolved, That we urge the United States Congress not to adopt H.R. 1 of the 117th Congress; and be it further

Resolved, That the Clerk of the House of Representatives transmit a duly authenticated copy of this resolution to the Speaker and Clerk of the United States House of Representatives, the President Pro Tempore and Secretary of the United States Senate, the members of the Ohio Congressional delegation, and the news media of Ohio so they may be apprised of the sense of the General Assembly of the State of Ohio in this matter.

POM-74. A concurrent resolution adopted by the Legislature of the State of North Dakota clarifying the 1975 ratification by the 44th Legislative Assembly of the proposed 1972 Equal Rights Amendment to the Constitution of the United States only was valid through March 22, 1979; to the Committee on the Judiciary.

SENATE CONCURRENT RESOLUTION NO. 4010

Whereas, the 92nd Congress of the United States of America, during its second session, with the constitutionally required vote of two-thirds of both houses, on March 22, 1972, gave final approval to House Joint Resolution No. 208, commonly referred to as the Equal Rights Amendment, to propose the amendment to the Constitution of the United States, pursuant to Article V of the Constitution of the United States; and

Whereas, in offering the proposed federal constitutional amendment to America's state lawmakers, the 92nd Congress chose a deadline of 7 years, or until March 22, 1979, for the constitutionally mandated ratification of the amendment by three-fourths of the country's state legislatures; and

Whereas, in Senate Concurrent Resolution No. 4007, the regular session of the 44th Legislative Assembly in 1975, responded by ratifying the proposed 1972 Equal Rights Amendment to the Constitution of the United States; Now, therefore, be it

Resolved by the Senate of North Dakota, the House of Representatives concurring therein: That the 67th Legislative Assembly deems that the vitality of Senate Concurrent Resolution No. 4007 of the 44th Legislative Assembly by which North Dakota lawmakers ratified the 1972 Equal Rights Amendment, officially lapsed at 11:59 p.m. on March 22, 1979; and be it further

Resolved, That, after March 22, 1979, the Legislative Assembly, while in agreement women and men should enjoy equal rights in the eyes of the law, should not be counted by Congress, the Archivist of the United States, lawmakers in any other state, any court of law, or any other person, as still having on record a live ratification of the proposed Equal Rights Amendment to the Constitution of the United States as was offered by House Joint Resolution No. 208 of the 92nd Congress on March 22, 1972; and be it further

Resolved, That the 67th Legislative Assembly respectfully requests the full and complete verbatim text of this resolution be duly published in the United States Senate's portion of the Congressional Record, as an official memorial to the United States Senate, and that this resolution be referred to the committee of the United States Senate with appropriate jurisdiction over its subject matter; and be it further

Resolved, That the 67th Legislative Assembly respectfully requests the substance of this resolution be duly entered in the United States House of Representatives' portion of the Congressional Record, as an official me-

morial to the United States House of Representatives, and that this resolution be referred to the committee of the United States House of Representatives with appropriate jurisdiction over its subject matter; and be it further

Resolved, That the Secretary of State forward copies of this resolution to the Vice President of the United States, the secretary and parliamentarian of the United States Senate; the Speaker, clerk, and parliamentarian of the United States House of Representatives; each member of the North Dakota Congressional Delegation; and the Archivist of the United States at the National Archives and Records Administration in Washington, D.C.

STATEMENTS ON INTRODUCED
BILLS AND JOINT RESOLUTIONS

By Ms. HIRONO (for herself, Mr. SULLIVAN, Ms. DUCKWORTH, and Ms. CORTEZ MASTO):

S. 2688. A bill to require consultations on reuniting Korean Americans with family members in North Korea; to the Committee on Foreign Relations.

Ms. HIRONO. Mr. President, I rise today to introduce the “Korean War Divided Families Reunification Act” with my colleague Senator SULLIVAN. This bipartisan piece of legislation would open opportunities for Korean Americans to be included in reunions with their relatives who remain in North Korea. Many first generation Korean Americans, now in their 80’s and 90’s, are waiting to be reunited with their parents, spouses, children, siblings, and cousins. They should not have to wait any longer.

One of the tragic legacies of the Korean War is the permanent separation of Korean families. Sixty-eight years ago, the United States, People’s Republic of China, North Korea, and South Korea agreed to an armistice which drew a new border between North Korea from South Korea. Since then, there has been little contact between South Koreans and their family members who remained in North Korea, and almost no contact between Korean Americans and their loved ones in North Korea.

North and South Korea first agreed to hold reunions of divided families in 1985. There have been 21 face-to-face reunions and multiple video-link reunions, which have given approximately 24,500 Koreans the opportunity to briefly reunite with loved ones. There is no official channel, however, for Korean Americans to participate in these reunions.

Many Korean Americans long for an opportunity to meet their North Korean relatives. My constituent, Carol Li from Honolulu, wants to reconnect with her family’s past and learn more about where her grandparents were from. Carol’s maternal grandparents fled from North Korea to the South during the Korean War, leaving behind their siblings. Unfortunately, her grandparents passed away before they were able to reconnect with their siblings who remained in North Korea. While she was teaching English in South Korea, she grew more curious about her North Korean relatives and the war that divided them. With passage of this legislation, Carol hopes she can participate in future reunions to meet her North Korean relatives. She deserves the opportunity to do so.

The legislation I am introducing would open official channels between Korean Americans and their families in North Korea by directing the U.S. Secretary of State to consult with his counterpart in South Korea to identify opportunities for Korean Americans to participate in future family reunions. It also directs the State Department’s

Special Envoy on North Korean Human Rights Issues to consult the Korean American community on efforts to reunite families, including opportunities for video reunions.

Time is of the essence for those who have been seeking the opportunity to reconnect with their loved ones for nearly seven decades. Thanks to the leadership of Rep. GRACE MENG of New York, the House of Representatives passed this legislation on July 19, 2021 by a vote of 415 to 0. It is time for the Senate to act. I call on my Senate colleagues to swiftly pass this bill. Thank you.

By Mr. REED (for himself and Mrs. CAPITO):

S. 2691. A bill to amend title XIX of the Social Security Act to ensure adequate access to vaccines under the Medicaid program and the Vaccines for Children program, and for other purposes; to the Committee on Finance.

Mr. REED. Mr. President, today I am pleased to introduce the Strengthening the Vaccines for Children Program Act of 2021 with Senator SHELLEY MOORE CAPITO. This bill seeks to protect children and their communities from preventable illness during the pandemic and for the long term by making vaccines more accessible. Similar bipartisan legislation has been introduced in the House of Representatives by Representatives KIM SCHRIER, JOHN JOYCE, G.K. BUTTERFIELD, and DAVID MCKINLEY.

Due to the COVID-19 pandemic, routine childhood vaccination rates are down, as parents have sought to avoid visits to the doctor and other medical care for their children for fear of catching or spreading COVID-19. These lower immunizations rates raise the very real possibility of a secondary outbreak of an infectious disease such as measles, mumps, or whooping cough. The Vaccines for Children (VFC) program provides federally purchased vaccines to approximately half of all children in the United States, including children who are enrolled in Medicaid or who are uninsured or underinsured, and plays a critical role in ensuring high rates of childhood vaccination. As children return to school in person this fall, the VFC program will be critical to helping children catch up on their routine immunizations to prevent outbreaks of vaccine-preventable diseases. However, much more must be done to update and improve the VFC program to better reflect the challenges of administering vaccines today.

Our bipartisan legislation would modernize the VFC program, addressing barriers to participation among families and their pediatricians. As such, this bill would extend eligibility to children enrolled in the Children’s Health Insurance Program, streamlining and filling a gap in program administration. The bill would also ensure that Medicaid can pay appropriately for the administration and counseling of modern, multicomponent

vaccines, helping to address vaccine hesitancy. Lastly, the bill includes new reporting requirements to identify disparities and pockets of low vaccination rates.

This legislation has already passed unanimously in the House Energy and Commerce Committee, demonstrating broad, bipartisan support for improving the VFC program and addressing lagging childhood vaccination rates. I look forward to working with Sen. CAPITO, as well as Representatives SCHRIER, JOYCE, BUTTERFIELD, and MCKINLEY towards passage of this legislation in both chambers in the near future.

By Mr. PADILLA (for himself and Mrs. FEINSTEIN):

S. 2693. A bill to amend the Reclamation Projects Authorization and Adjustment Act of 1992 to authorize additional projects related to the Salton Sea, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. PADILLA. Mr. President, I rise to introduce the bipartisan “Salton Sea Projects Improvement Act” to expand the Bureau of Reclamation’s ability to participate and invest in projects at the Salton Sea.

This legislation would ensure Reclamation can meaningfully partner with state, local, and Tribal governments to address both the public health and environmental crises at the Salton Sea.

Under current law, the Bureau of Reclamation is only able to engage in projects that have a research focus. This means that Reclamation can only engage in projects to research how to protect habitat, enhance fisheries, enhance recreational opportunities, or control salinity. Reclamation also operates under a \$10 million authorization.

This effectively prohibits Reclamation from participating in the Salton Sea Management Program run by California.

This legislation would expand Reclamation’s authority so they can participate in large-scale projects, even if they don’t have a research focus. Projects could improve air and water quality, restore fish and wildlife habitat, and improve public health at the Salton Sea. It would also increase Reclamation’s authorization for Salton Sea efforts from \$10 million to \$250 million.

The Salton Sea, located in southern Riverside and northern Imperial counties, is California’s largest inland body of water. It formed after Colorado River floodwater breached an irrigation canal and flowed into the Salton Sink.

The current Salton Sea maintains water levels from irrigation runoff but has been shrinking for many years. The water has become increasingly salty, so much so that its salinity is 50% higher than the Pacific Ocean. This has led to major water quality issues with

devastating impacts to the Salton Sea's ecosystem, which serves as critical habitat for migratory waterfowl and other species.

But this ecological crisis has even more widespread impacts. The declining water levels have also exposed wide swaths of lakebed at the Salton Sea, polluting the air with dust and pesticides. The largely disadvantaged communities who live nearby suffer from toxic, poisonous air and experience higher levels of related health conditions like asthma.

It is an environmental and public health crisis, and we need to ensure that the Bureau of Reclamation has the authority it needs to partner with the State of California, Tribal and local governments, and nonprofits to adequately address these crises.

I thank Senator FEINSTEIN for co-leading this bill with me, and for her decades of efforts at the Salton Sea. I also thank Congressmen RUIZ and VARGAS for their relentless leadership to address this environmental hazard.

I look forward to working with my colleagues to pass the bipartisan "Salton Sea Projects Improvements Act" as quickly as possible.

Thank you, Mr. President. I yield the floor.

(a) **DEFINITION.**—In this section—

(1) the term “covered bill or joint resolution” means a bill or joint resolution of a public character reported by any committee of Congress (including the Committee on Appropriations and the Committee on the Budget of either House);

(2) the term “Director” means the Director of the Congressional Budget Office;

(3) the term “existing duplicative or overlapping feature” means an element of the Federal Government previously identified as an area of duplication, overlap, or fragmentation in a GAO duplication and overlap report;

(4) the term “GAO duplication and overlap report” means each annual report prepared by the Comptroller General under section 21 of Public Law 111-139 (31 U.S.C. 712 note); and

(5) the term “new duplicative or overlapping feature” means a new Federal program, office, or initiative created under a covered bill or joint resolution that would duplicate or overlap with an existing duplicative or overlapping feature.

(b) **DUPLICATION DETERMINATIONS.**—For each covered bill or joint resolution—

(1) the Comptroller General of the United States shall, to the extent practicable—

(A) determine the extent to which the covered bill or joint resolution creates a risk of a new duplicative or overlapping feature and, if the risk so warrants, identify—

(i) the name of the new Federal program, office, or initiative;

SEC. 4006. BREAKDOWN OF COST ESTIMATES BY BUDGET FUNCTION.

Any cost estimate prepared by the Congressional Budget Office shall specify the percentage of the estimated cost that is within each budget function.

SEC. 4007. SENSE OF THE SENATE ON TREATMENT OF REDUCTION OF APPROPRIATIONS LEVELS TO ACHIEVE SAVINGS.

(a) **FINDINGS.**—Congress finds the following:

(1) H. Con. Res. 448 (96th Congress), the concurrent resolution on the budget for fiscal year 1981, gave authorizing committees reconciliation instructions which amounted to approximately two-thirds of the savings required under reconciliation.

(2) The language in H. Con. Res. 448 resulted in a debate about how reconciling discretionary spending programs could be in order given that authorizations of appropriations for programs did not actually change spending and the programs authorized would be funded through later annual appropriation. The staff of the Committee on the Budget of the Senate and the counsel to the Majority Leader advised that upon consultation with the Parliamentarian, the original instructions on discretionary spending would be out of order because of the phrase, “to modify programs”. This was seen as too broad and programs could be modified without resulting in changes to their future appropriations.

(3) To rectify this violation, the Committee on the Budget of the Senate reported S. Con. Res. 9 (97th Congress), revising the congressional budget for the United States Government for fiscal years 1981, 1982, and 1983, to include reconciliation, which revised the language in the reconciliation instructions to change entitlement law and “to report changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings”.

(4) This was understood to mean changes in authorization language of discretionary programs would be permissible under reconciliation procedures provided such changes in law would have the result in affecting a change in later outlays derived from future appropriations. Further it was understood that a change in authorization language that caused a change in later outlays was considered to be a change in outlays for the purpose of reconciliation.

(5) On April 2, 1981, the Senate voted 88 to 10 to approve S. Con. Res. 9 with the modified reconciliation language.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that committees reporting changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings shall be considered to be changes in outlays for the purpose of enforcing the prohibition on extraneous matters in reconciliation bills.

SEC. 4008. PROHIBITION ON PREEMPTIVE WAIVERS.
